The accompanying Notes to the Financial Statements are an integral part of this statement.

MADISON COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Madison County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are ten elected Constitutional Officers: Assessor, Circuit Clerk, Collector, Treasurer, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Recorder and Sheriff.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Madison County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

### C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

### D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law. No formal budget was adopted in 2021 for the ARPA Fund or in 2022 for the Court Annex Project Fund.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets. Actual expenditures exceeded budgeted amounts for the following funds:

	2022	2021
Special Road & Bridge Fund	N/A	✓
Assessment Fund	N/A	✓
E-911 Fund	✓	✓
Law Enforcement Fund	✓	N/A
Sheriff's Revolving Fund	N/A	✓
Prosecuting Attorney Training Fund	N/A	✓
Election Services Fund	✓	✓
CARES Act Fund	N/A	✓

Senate Bill 40 Board sets budget thresholds on a fiscal year ending June 30 each year. Budgets included in the financial statements present the fiscal year budget amounts. However, actual cash balances, receipts and disbursements are presented for the calendar year. Actual expenditures of the Senate Bill 40 Board Fund did not exceed the budgeted amounts for either fiscal year, 2021 or 2022.

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2022 and 2021, for purposes of taxation were:

	2022	2021
Real Estate	\$ 95,790,279	\$ 94,701,740
Personal Property	44,355,256	34,187,895
Railroad and Utilities	5,959,925	5,856,716
Total	<u>\$ 146,105,460</u>	<u>\$ 134,746,351</u>

For calendar years 2022 and 2021, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2022	2021
General Revenue	\$ 0.1545	\$ 0.1340
Special Road & Bridge	0.2900	0.2900
Senate Bill 40 Board	0.1967	0.1967

#### F. Cash Deposits and Cash Equivalents

Deposits and Cash Equivalents are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the

United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and Cash Equivalents balances are presented in Note 2.

#### G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

## 2. CASH AND CASH EQUIVALENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Cash Equivalents" caption.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2022, the County had the following cash and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 3,858,487	\$ 3,840,869	\$ 750,000
Cash and Cash Equivalents - Fiduciary Funds	\$ 7,140,821	\$ 6,822,759	\$ 650,664

At December 31, 2021, the County had the following cash and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 3,493,552	\$ 3,430,751	\$ 750,000
Cash and Cash Equivalents - Fiduciary Funds	\$ 6,706,341	\$ 5,949,840	\$ 650,664

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2022 and 2021 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

### 3. COUNTY EMPLOYEES' RETIREMENT PLANS

#### A. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

##### 1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

##### 2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

##### 3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, a contribution to CERF of 2% of annual salary is required for eligible employees hired before February 2002, while a contribution of 6% of annual salary is required of employees hired after February 2002. During 2022 and 2021, the County collected and remitted to CERF employee withholdings of \$90,951 and \$81,958, respectively for the years then ended.

## B. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$3,366 and \$3,366, respectively, for the years ended December 31, 2022 and 2021.

## C. Other Retirement Plan

Effective January 1, 2000, CERF also administers a defined contribution plan that qualifies under the Internal Revenue Code as a Section 457 tax exempt deferred compensation plan. CERF members are eligible to participate in the voluntary plan which is paid by a deduction from employee's salary.

Each year CERF's Board of Directors determines if matching contributions from the pension plan trust funds will be made to the 457 plan for those who have met the applicable service criteria during the plan year. The matching contribution is limited to 50% of a member's voluntary contributions to the 457 plan, to a maximum of 3% of the member's compensation. Members vest in the matching portion of contributions allocated to their respective accounts after five years of creditable service.

Employee contributions collected and remitted by the County for the years ended December 31, 2022 and 2021 were \$34,439 and \$37,446, respectively.

## 4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

## 5. CLAIMS, COMMITMENT AND CONTINGENCIES

### A. Compensated Absences

The County provides full-time employees with either 42 hours or 48 hours of sick leave per year for employees who work 35 hours, or 40 hours per week, respectively. There is no maximum amount of sick time than can be accrued. Sick leave is earned after 90 days of full-time employment. Upon termination, employees will not be compensated for any unused sick time.

Vacation time is made available in whole on the employee's anniversary date. Vacation time is five days for employees with one year of service; ten days for employees with two to fifteen years of service; 15 days for employees with sixteen to twenty years of service; and 20 days for employees with 20 or more years of service. Employees are allowed to carry over up to 30 days of vacation into a new employment year. Upon termination, employees are compensated for any unused vacation time up to the maximum amount of vacation time allotted.

## B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

## C. Litigation

The County was involved in pending litigation as of the audit report date. The County's management and legal counsel anticipate that potential claims, if any, against the County resulting from such litigation would not have a material effect on the financial position of the County.

## 6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body. The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections which are intended to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

## 7. LONG-TERM DEBT

The County had the following long-term debt outstanding as of December 31, 2022:

- A. On December 12, 2013 the County authorized issuance of the Tax Increment Finance Note, Series 2013. The Note was issued as a "draw down loan," in an aggregate principal amount not to exceed \$5,000,000 at an interest rate of 2.99%. This was originally financed through the Missouri Department of Transportation, Division of Finance. In December 2016, the Note was transferred to First State Bank and the principal amount of the note was modified with a total credit limit not to exceed \$7,000,000. The debt is repaid through annual principal payments and semi-annual interest payments. As of December 31, 2022, the unpaid principal balance for the Tax Increment Note was \$1,070,261.

The following schedule shows changes in long-term debt during the year ended December 31, 2021:

	Balance			Balance	Interest
Description	12/31/2020	Additions	Payments	12/31/2021	Paid
2013 TIF	\$ 2,461,140	\$ -	\$ (685,507)	\$ 1,775,633	\$ 65,514

The following schedule shows changes in long-term debt during the year ended December 31, 2022:

	Balance			Balance	Interest
Description	12/31/2021	Additions	Payments	12/31/2022	Paid
2013 TIF	\$ 1,775,633	\$ -	\$ (705,372)	\$ 1,070,261	\$ 45,650

- B. In January 2022, the County issued Certificates of Participation (COPS) in the amount of \$1,525,000. The Series 2022 COPS were issued on behalf of the County to pay the cost of acquiring, constructing, renovating, and installing the Madison County Courthouse Annex Project. The Certificates mature February 15, 2037, but are subject to early redemption and payment at a 100% redemption price of the principal amount plus accrued interest. The tax-exempt COPS were issued at a fixed interest rate of 2.25%. The debt is repaid through annual payments and semi-annual interest payments.

The future payments for the County's long-term debts as of December 31, 2022 are as follows:

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 811,082	\$ 58,053	\$ 869,135
2024	433,936	36,529	470,465
2025	90,000	29,363	119,363
2026	90,000	27,338	117,338
2027	95,000	25,256	120,256
2028-2032	505,000	93,094	598,094
2033-2036	570,000	32,625	602,625
Totals	<u>\$ 2,595,018</u>	<u>\$ 302,258</u>	<u>\$ 2,897,276</u>

## 8. CAPITAL LEASES

- A. In April 2017, the County entered into two capital leases with Caterpillar Financial Services Corporation for two 120M2AWD Motor Graders for a total of \$210,975 each. The leases called for five annual payments of \$26,118 each and a final payment of \$107,760 each, in May 2023 at an interest rate of 3.77%.

- B. In May 2018, the County entered into a 62 month capital lease with FS Leasing LLC to purchase two Ford F-150's for the sheriff's department, for a total of \$60,752 at an interest rate of 3.62%. The lease requires 20 quarterly payments of \$3,357 with a final payment due July 2023.
- C. In April 2019, the County entered into a capital lease with First State Community Bank to purchase a John Deere Motor Grader 662G for \$200,000. The lease calls for five annual payments of \$44,681 at an interest rate of 3.75% beginning April 2020 and a final payment due April of 2024.
- D. In May 2021, the County entered into a capital lease with Tag Truck Center of Sikeston, MO to purchase a 2021 Freightliner Dump Truck for \$100,120. The lease calls for three annual lease payments of \$34,736 with and interest rate of 2.00%. The first payment due May 2022 and the final payment due May 2024.
- E. In September 2022, the County entered into a capital lease with First State Community Bank to purchase two Ford Explorer SUV's for a total of \$87,676 at an interest rate of 3.74%. The lease calls for five annual lease payments of \$19,581 with payments beginning September 2023 and the final payment in September 2027.

The future payments for the County's capital leases as of December 31, 2022 are as follows:

Fiscal Year Ending December 31,	Principal	Interest	Total
2023	\$ 302,076	\$ 21,258	\$ 323,334
2024	93,401	5,388	98,789
2025	17,733	1,848	19,581
2026	18,396	1,185	19,581
2027	18,866	715	19,581
Totals	<u>\$ 450,472</u>	<u>\$ 30,394</u>	<u>\$ 480,866</u>

## 9. OPERATING LEASES

In August of 2019, the Assessor's office entered into a 63-month lease with Canon Financial Services, Inc. to purchase a copier with a final payment due November 1, 2024 with a monthly payment of \$107. The lease has an end-of-term purchase option for \$1.

In December of 2019 the County Clerk's office entered into a 60-month lease with Quadient Leasing, USA to lease a postage machine through December of 2024 at a monthly payment of \$349.

The future payments for the County's operating leases as of December 31, 2022 are as follows:

Fiscal Year Ending December 31,	Amount
2023	\$ 5,472
2024	5,365

## 10. CHANGE IN REPORTING ENTITY

The County has changed the definition of the reporting entity at January 1, 2021 to exclude Madison County Services Coordination, Inc (MCSC) – Targeted Case Management which was a portion of Senate Bill 40 Board Fund, This change had the effect of decreasing the County’s cash balances at January 1, 2021 by \$365,612.

The County has changed the definition of fiduciary funds at January 1, 2021 to include funds controlled by the Public Administrator. This change had the effect of increasing the fiduciary cash balance at January 1, 2021 by \$288,134.

## 11. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2022 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through September 27, 2023, the date the financial statements were available to be issued.

## McBRIDE, LOCK & ASSOCIATES, LLC

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the County Commission and  
Officeholders of Madison County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Madison County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2021 and 2022, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise Madison County, Missouri's basic financial statements and have issued our report thereon dated September 27, 2023.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Madison County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Madison County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Madison County, Missouri's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control described in the accompanying schedule of findings and questioned

costs as items 2022-001, 2022-002, 2022-003, 2022-004, and 2022-007 that we consider to be significant deficiencies.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Madison County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed two instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and are described in the accompanying schedule of findings and questioned costs as item 2022-005 and 2022-006.

## **Madison County, Missouri's Response to Findings**

Madison County, Missouri's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. Madison County, Missouri's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**CERTIFIED PUBLIC ACCOUNTANTS**

### **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the County Commission and  
Officeholders of Madison County, Missouri

#### **Report on Compliance for Each Major Federal Program**

##### ***Opinion on Each Major Federal Program***

We have audited Madison County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Madison County, Missouri's major federal programs for the years ended December 31, 2021 and 2022. Madison County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Madison County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2021 and 2022.

##### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Madison County, Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Madison County, Missouri's compliance with the compliance requirements referred to above.

##### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Madison County, Missouri's federal programs.

## ***Auditor's Responsibilities for Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Madison County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Madison County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Madison County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Madison County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Madison County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2022-007 to be a significant deficiency.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards required the auditor to perform limited procedures on the County's response to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**MADISON COUNTY, MISSOURI**  
**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**YEARS ENDED DECEMBER 31, 2021 AND 2022**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of Madison County, Missouri for the years ended December 31, 2022 and 2021. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance.

MADISON COUNTY, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEARS ENDED DECEMBER 31, 2021 AND 2022

**SECTION I – SUMMARY OF AUDITOR’S RESULTS**

**Financial Statements:**

Type of Auditor’s Report Issued: Unmodified

Internal Control Over Financial Reporting:

- Material weakness(es) identified?      Yes   X   No
- Significant deficiencies identified that are not considered to be material weaknesses?   X   Yes      None Reported
- Noncompliance material to financial statements noted?   X   Yes      No

**Federal Awards:**

Internal Control Over Major Programs:

- Material weakness(es) identified?      Yes   X   No
- Significant deficiencies identified that are not considered to be material weaknesses?   X   Yes      None Reported

Type of Auditor’s Report Issued on Compliance For Major Programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with Uniform Guidance section 200.516?   X   Yes      No

Identification of Major Programs:

21.019	COVID-19 – Coronavirus Relief Fund
21.027	COVID-19 – Coronavirus State and Local Fiscal Recovery Funds

Dollar Threshold Used to Distinguish Between Type A and Type B Programs: \$750,000

Auditee Qualified as low-risk:      Yes   X   No

## **SECTION II – FINANCIAL STATEMENTS FINDINGS**

### **MATERIAL WEAKNESSES IN INTERNAL CONTROL**

None

### **SIGNIFICANT INTERNAL CONTROL DEFICIENCIES**

#### **2022-001: Documentation of Internal Control Procedures**

Criteria: Statement on Auditing Standards (SAS) No. 115, *Communicating Internal Control Related Matters Identified in an Audit*, which is effective for periods ending on or after December 15, 2009, as amended by SAS No. 122, *Statements on Auditing Standards: Clarification and Recodification*, considers inadequate documentation of the components of internal control to be at least a significant deficiency.

Condition: Documentation of the County's internal controls has not been prepared for the Sheriff and Assessor.

Cause: The County did not prepare the required documentation for the Sheriff and Assessor.

Effect: Without adequate documentation of internal controls, the County may not be able to ensure controls are in place, communicated and operating effectively.

Recommendation: We recommend the County develop the required internal control documentation. In addition, we recommend studying the COSO (Committee of Sponsoring Organizations) internal control guidance and tools as a means to begin the process. Once this documentation is complete, those charged with governance have a responsibility to understand the controls and ensure they are operating effectively.

County's Response: We were previously uncertain of how to correct this.

Auditor's Evaluation: The response is not sufficient to correct the concern. The County should develop the required internal control documentation.

#### **2022-002: Documentation of Fraud Risk Assessment**

Criteria: Antifraud programs and controls are the policies and procedures put in place by an organization to help ensure that management directives are carried out. They are part of the overall system of internal control established to achieve reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.

Condition: There is no formal fraud risk assessment in place for the Sheriff and Assessor.

Cause: The County is not performing the necessary risk assessments or documenting those assessments.

Effect: A lack of an appropriate risk assessment process may result in certain risks not being identified by the County's management. Opportunities to commit and conceal a fraud or irregularity may go undetected by management without proper assessment procedures.

Recommendation: We recommend the County address various risks in the environment, including the risk of fraud occurring by performing assessments to identify, analyze and manage these risks.

County's Response: We were previously uncertain of what was required.

Auditor's Evaluation: The response is not sufficient to correct the concern. A risk assessment process should be performed and documented.

### **2022-003: Cash Disbursement Procedures**

Criteria: A system of proper internal controls requires a segregation of duties of physical custody of assets, recording transactions, and authorizing transactions.

Condition: The County Treasurer has administrative access to the QuickBooks system, enters expenditures into the QuickBooks system, receives all revenue and enters the revenues into the QuickBooks system, prepares and signs checks, attaches the check stub to the cancelled invoice as evidence of payment, as well as completes all bank reconciliations. The County Commission does approve the invoices prior to disbursement. The County Clerk has access to QuickBooks and does receive a check stub for record keeping of every expenditure.

Cause: The Treasurer enters receipts into QuickBooks, processes invoices, enters disbursements into QuickBooks, issues checks and reconciles bank accounts.

Effect: A lack of segregation of duties and adequate oversight may result in errors or fraud that might not be recognized and resolved in a timely manner.

Recommendation: We recommend the Treasurer and County Clerk improve the segregation of duties and internal controls with the disbursement process, thereby reducing the chance errors or fraud will go undetected.

County's Response: We are inquiring of other counties to determine how best to comply with this requirement. We will make changes with this feedback.

Auditor's Evaluation: The response is appropriate to correct the concern.

### **2022-004: Pay Rate Approval and Documentation**

Criteria: A proper system of internal controls dictates that rates of pay, and any changes to the rate of pay, be properly documented and approved by an appropriate official.

Condition: The pay rate for one person from the pay period March 11, 2021, was not supported by an approved Pay Raise Form. The last approved pay rate documented was from October 21, 2020, which was \$.50 (approximately 5%) less per hour than the March 11, 2021 rate being paid. Additionally, three timesheets lacked evidence of supervisory approval. This occurred for pay period October 7, 2021 for two 911 employees and one Sheriff's Office employee.

Cause: The County's internal controls over the payroll process were not consistently followed during the audit period or were not sufficiently designed to prevent errors.

Effect: The lack of documented approved rates of pay could lead to unauthorized changes in employee pay rates. Additionally, the lack of supervisory approval of timesheets could lead to errors in reporting and abuse of County employee policies.

Recommendation: We recommend the County improve the documentation of employee pay rates and ensure that pay rate changes for employees are approved and documented. Additionally, we recommend the County ensure all timesheets are reviewed prior to payroll distribution.

County's Response: This was done by the former Deputy Clerk. The current Deputy Clerk ensures required documentation is completed and maintained.

Auditor's Evaluation: The response is appropriate to correct the concern.

## **ITEMS OF NONCOMPLIANCE**

### **2022-005: Collector's Annual Settlements**

Criteria: Section 139.190, RSMo requires the Collector to submit an annual settlement to the County Commission, and upon examination and approval by the Commission, the annual settlement is to be certified by the Clerk and filed with the Missouri Department of Revenue.

Condition: The Collector submitted a monthly register of tax collections to the Clerk and Treasurer. However, Form 205, Collector's Annual Settlement was prepared, but not filed with the Missouri Department of Revenue as required for the years ended February 28, 2021, and February 28, 2023.

Cause: The Collector completed the Forms and submitted them to the Treasurer but did not ensure the Treasurer submitted them to the Missouri Department of Revenue.

Effect: The Collector was not in compliance with state statutes.

Recommendation: We recommend the Collector ensure all required forms, such as Form 205, Collector's Annual Settlement, are filed with the Missouri Department of Revenue as prescribed by state statute.

County's Response: The former Treasurer failed to send the 2021 Form 205 and the current Treasurer was not aware of the requirement. This will be completed going forward.

Auditor's Evaluation: The response is appropriate to correct the concern.

### **2022-006: Budgetary Compliance**

Criteria: Section 50.540, RSMo, requires the preparation of a budget for all County funds. Section 50.740, RSMo prohibits expenditures in excess of the approved budget.

Condition: A budget was not prepared for the Court Annex Project Fund in 2022 or the ARPA Fund in 2021. Expenditures exceeded budgeted appropriations for three funds in 2022 and seven funds in 2021. The detailed list of funds can be found in Notes 1.D.7 and 1.D.10 to the financial statements.

Cause: The County did not prepare formal budgets for all County funds and did not adequately review and amend budgeted expenditures of each fund to ensure actual expenditures did not exceed the budget amounts.

Effect: In order to ensure the integrity of the budgeting process, a budget must be adopted for each County fund and the spending limits should be adhered to.

Recommendation: We recommend the County ensure compliance with state statutes by adopting a budget for each County fund and by refraining from approving expenditures in excess of budgeted amounts. In the event that the originally adopted budget is inadequate to finance the current-year unforeseen expenditures, budgetary amendments should be discussed in a public meeting and formally adopted by the County Commission.

County's Response: Sometimes bills for these departments come at the last minute and need paid, too late for a budget amendment.

Auditor's Evaluation: The response is not sufficient to correct the concern. The County should ensure compliance with state statutes by adopting a budget for each County fund and by refraining from approving expenditures in excess of budgeted amounts.

### **SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

#### **2022-007: Internal Control Over Schedule of Expenditures of Federal Awards**

Federal Grantor: U.S. Department of Agriculture, U.S. Department of the Interior, U.S. Department of Transportation, U.S. Department of Treasury, Environmental Protection Agency, Election Assistance Commission, Election Assistance Commission, U.S. Department of Health and Human Services, and U.S. Department of Homeland Security

Pass-Through Grantor: Missouri Office of Administration, Missouri Department of Transportation, Missouri State Treasurer, Southeast Missouri Regional Planning & Economic Development Commission, Missouri Secretary of State and Missouri Department of Public Safety

Federal Assistance Listing Number: 10.665, 15.226, 15.438, 20.205, 20.616, 20.703, 21.019, 21.027, 66.039, 66.802, 90.401, 97.036 and 97.067

Program Title: Schools and Roads – Grants to States; Payment in Lieu of Taxes, National Forest Acquired Lands; Highway Planning and Construction; National Priority Safety Programs; COVID-19 - Coronavirus Relief Fund; COVID-19 – Coronavirus State and Local Fiscal Recovery Funds; Diesel Emissions Reduction Act; Superfund State, Political Subdivision and Indian Tribe Site-Specific Cooperative Agreement; Help America Vote Act Requirement Payments; Homeland Security Grant Program

Pass-through Entity Identifying Number: BRO-B062(011), EPA-OAP-OTAQ-20-02, DE-97784601-0, 97750001, #4317, 2017-PF-37(PWSD#1)

Award Year: 2021 and 2022

Questioned Costs: None

Criteria: 2 CFR 200.510(b) requires auditees to prepare a schedule of expenditures of federal awards which must report total federal awards expended during the audit period. At a minimum, the schedule must include expenditures by individual federal program, name of the pass-through entity and identifying number for awards not received directly from the federal government, and the total amount provided to subrecipients from each federal program. The County has not implemented proper internal controls to ensure the completeness and accuracy of the SEFA.

Condition: The schedules of expenditures of federal awards (SEFA) reported by the County in the 2022 and 2023 annual budget documents contained errors in amounts of federal expenditures reported. Discrepancies in amounts reported on the 2021 SEFA and amount supported by underlying accounting records are summarized as follows:

<b>Federal Agency</b>	<b>ALN</b>	<b>Program</b>	<b>Original SEFA</b>	<b>Supported</b>	<b>Difference</b>
USDA	10.665	Schools and Roads - Grants to States	\$ -	\$ 27,341	\$ (27,341)
DOI	15.226	Payments in Lieu of Taxes	-	108,449	(108,449)
DOI	15.438	National Forest Acquired Lands	-	13,153	(13,153)
DOT	20.616	National Priority Safety Programs	74,925	-	74,925
DOT	20.703	State Grant - Deputy Supplementary Salary	10,129	-	10,129
DOT	20.703	MODOT State Grant -DWI	7,050	-	7,050
Treasury	21.019	COVID-19 - Coronavirus Relief Fund	-	978,563	(978,563)
Treasury	21.027	COVID-19 - Coronavirus State and Local Fiscal Recovery Funds	1,173,976	-	1,173,976
EPA	66.039	Diesel Emissions Reduction Act	-	39,846	(39,846)
HHS	93.991	Preventative Health and Health Services Block Grant	1,205	-	1,205
DHS	97.067	Homeland Security Grant Program	20,802	173,422	(152,620)

Discrepancies in amounts reported on the 2022 SEFA and amount supported by underlying accounting records are summarized as follows:

<b>Agency</b>	<b>ALN</b>	<b>Program</b>	<b>SEFA</b>	<b>Supported</b>	<b>Difference</b>
USDA	10.665	Schools and Roads - Grants to States	\$ -	\$ 33,641	\$ (33,641)
DOI	15.226	Payment in Lieu of Taxes	-	110,789	(110,789)
DOI	15.438	National Forest Acquired Lands	-	19,812	(19,812)
DOT	20.205	Highway Planning and Construction	-	1,910	(1,910)
Treasury	21.027	COVID-19 - Coronavirus State and Local Fiscal Recovery Funds	-	1,164,340	(1,164,340)
EPA	66.802	Superfund State, Political Subdivision and Indian Tribe Site-Specific Cooperative Agreement	96	17,457	(17,361)
EAC	90.401	Help America Vote Act Required Payments	1,638	-	1,638

Cause: The County has not implemented a proper system of internal control over SEFA preparation, such as a reconciliation to underlying accounting records or having a separate individual review the SEFA for clerical accuracy after it has been prepared. Reasons for discrepancies in individual programs varied.

Effect: The SEFA presented for audit did not accurately reflect the County's actual expenditures of federal awards for both the years ended December 31, 2022 and 2021.

Recommendation: We recommend that the County implement internal controls to ensure that the SEFA completely and accurately states the expenditures of federal awards of the County each year.

County's Response: The County Clerk takes responsibility. COVID-19 money and ARPA money had me confused. It will be corrected.

Auditor's Evaluation: The response is appropriate to correct the concern.

**MANAGEMENT'S RESPONSE TO AUDITOR'S FINDINGS:**

- **Summary Schedule of Prior Audit Findings**
  - **Corrective Action Plan**

**MADISON COUNTY, MISSOURI  
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS**

In accordance with the Uniform Guidance, this section reports the follow-up on action taken by Madison County, Missouri on the applicable findings in the prior audit report issued for the year ended December 31, 2020.

**Schedule of State Findings:**

**I:** Actual expenditures exceeded budgeted expenses in the Special Road and Bridge Fund, 911 Fund, Law Enforcement Sales Tax Fund, Law Enforcement Training Fund, Tax Increment Fund and Madison County Sheriff's Office Fund.

Status: Not resolved, see finding 2022-006.

**Compliance Findings and Schedule of Findings over Federal Awards:**

**2020-001:** Documentation of the County's internal controls has not been prepared for the Treasurer, Recorder of Deeds, Sheriff, Assessor and Prosecuting Attorney.

Status: Not resolved, see finding 2022-001.

**2020-002:** There is no formal fraud risk assessment in place for the Treasurer, Recorder of Deeds, Sheriff, Assessor and Prosecuting Attorney.

Status: Not resolved, see finding 2022-002.

**MADISON COUNTY, MISSOURI  
CORRECTIVE ACTION PLAN**

**Finding Reference Number:** 2022-001

**Federal Agency:** N/A

**Program Name:** N/A

**ALN Number:** N/A

**Responsible Official:** Katy McCutchen, Sheriff; Paula Francis, Assessor;

**Views of Responsible Individuals:** The Prosecuting Attorney and Sheriff plans were sent late for verification.

**Finding Reference Number:** 2022-002

**Federal Agency:** N/A

**Program Name:** N/A

**ALN Number:** N/A

**Responsible Official:** Katy McCutchen, Sheriff; Paula Francis, Assessor; Michael Ligons, Prosecuting Attorney

**Views of Responsible Individuals:** See above. These offices were not sure of what was needed to do a plan that fulfills the requirement.

**Finding Reference Number:** 2022-003

**Federal Agency:** N/A

**Program Name:** N/A

**ALN Number:** N/A

**Responsible Official:** Jessica Stevens, County Treasurer; Donal Firebaugh, County Clerk

**Views of Responsible Individuals:** We are working on the issue. I am requesting how other counties abide by the requirement.

**Finding Reference Number:** 2022-004

**Federal Agency:** N/A

**Program Name:** N/A

**ALN Number:** N/A

**Responsible Official:** County Commission; Donal Firebaugh, County Clerk

**Views of Responsible Individuals:** This was done by the former Deputy Clerk. The current Deputy Clerk that does the payroll function assures that the Department supervisor signs the timesheet and the Commissioners approve the action.

**Finding Reference Number:** 2022-005

**Federal Agency:** N/A

**Program Name:** N/A

**ALN Number:** N/A

**Responsible Official:** Sarah Stephens, County Collector

**Views of Responsible Individuals:** The former Treasurer failed to send in the 2021 Form 205 and the current (new) Treasurer was unaware of the requirement. The County Clerk failed to notice the omission.

**Finding Reference Number:** 2022-006

**Federal Agency:** N/A

**Program Name:** N/A

**ALN Number:** N/A

**Responsible Official:** Donal Firebaugh, County Clerk

**Views of Responsible Individuals:** Sometimes the bills for these departments come at the last minute and need paid, too late for a budget amendment. E-911 is always needing money in their account at the last minute to meet payroll. Road and Bridge blacktop bills come in unexpectedly with no time to

amend their budget. The County Clerk failed to show the appropriations part of the Election Services Fund, being a new fund this year.

**Finding Reference Number:** 2022-007

**Federal Agency:** U.S. Department of Agriculture, U.S. Department of the Interior, U.S. Department of Transportation, U.S. Department of the Treasury, Environmental Protection Agency, U.S. Department of Health and Human Services, and U.S. Department of Homeland Security

**Program Name:** Schools and Roads – Grants to States; PILT – Payment in Lieu of Taxes, National Forest Acquired Lands; Highway Planning and Construction; National Priority Safety Programs; COVID-19 - Coronavirus Relief Fund; COVID-19 – Coronavirus State and Local Fiscal Recovery Funds; Diesel Emissions Reduction Act; Superfund State, Political Subdivision and Indian Tribe Site-Specific Cooperative Agreement; Help America Vote Act; Homeland Security Grant Program

**ALN Number:** 10.665, 15.226, 15.438, 20.205, 20.616, 20.703, 21.019, 21.027, 66.039, 66.802, 90.401, 97.036 and 97.067

**Responsible Official:** Donal Firebaugh, County Clerk

**Views of Responsible Individuals:** The County Clerk takes responsibility. COVID-19 money and ARPA money had me confused.

CERTIFIED PUBLIC ACCOUNTANTS

September 27, 2023

To the County Commission  
Madison County, Missouri

We have audited the accompanying financial statements of Madison County, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Government Funds - Regulatory Basis and the Statements of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis for years ended December 31, 2022 and 2021, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget to Actual – Regulatory Basis for the years ended December 31, 2022 and 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 24, 2023. Professional standards also require that we communicate to you the following information related to our audit.

### Significant Audit Matters

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Madison County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021 and 2022. We noted no transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements detected during the audit.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated September 27, 2023.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In planning and performing our audit of the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis, the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis – All Governmental Funds as of and for the years ended December 31, 2021 and 2022, we considered Madison County's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control. We issued our report on our consideration of internal control over financial reporting dated September 27, 2023. However, during our audit we became aware of matters that are opportunities for strengthening internal controls.

### **Timeliness of Bill Payment**

Late fees of \$7 were paid on one AT&T invoice dated March 12, 2021 and paid on March 29, 2021. The fee was from the prior invoice not being paid in a timely manner.

### **Other Matters**

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompany the financial statements but are not Required Supplementary Information. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles prescribed or permitted by Missouri law, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

### **Restriction on Use**

This information is intended solely for the information and use of the County Commission and management of Madison County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

*(Original Signed by McBride, Lock & Associates, LLC)*

## Missouri State Auditor

### Montgomery County

Report No. 2024-013

February 2024

[auditor.mo.gov](https://auditor.mo.gov)

# CITIZENS SUMMARY

## Findings in the audit of Montgomery County

Property Tax Rates	Because the County Clerk reported incorrect assessed valuation totals to the State Auditor's Office (SAO) for the road and bridge tax levy in 2022, the SAO certified tax rate ceilings based on the incorrect totals and the county assessed approximately \$89,000 more in property taxes than allowed by state law. The County Clerk also reported incorrect totals in 2021, which resulted in the county assessing approximately \$5,000 less in property taxes than the maximum allowed by state law.
Sheriff's Compensation	The County Commission authorized mid-term salary increases totaling \$20,226 to the Sheriff in violation of constitutional provisions.
Sheriff's Inmate and Commissary Controls and Procedures	Sheriff's office personnel do not always deposit inmate money timely and do not prepare a monthly list of liabilities for the inmate and commissary accounts, and consequently, liabilities are not agreed to the reconciled bank balances.
Aggregate Abstracts	The County Clerk did not prepare the back tax, land and personal tax, or railroad and utility tax aggregate abstracts for 2018 through 2022.
Sunshine Law	The County Commission did not always comply with the Sunshine Law for open and closed meetings.
Electronic Data Security	County records are not adequately protected and are susceptible to unauthorized access or loss of data because controls over county computers are not sufficient.
Electronic Communication Policy	The county has not developed a records management and retention policy that includes electronic communication in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Fair**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Organization and Statistical	11
Information	

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

County Commission  
and  
Officeholders of Montgomery County

We have audited certain operations of Montgomery County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2022. The objectives of our audit were to:

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Montgomery County.

A handwritten signature in black ink, reading "S. Fitzpatrick". The signature is stylized, with a large "S" and a cursive "Fitzpatrick".

Scott Fitzpatrick  
State Auditor

# Montgomery County Management Advisory Report State Auditor's Findings

---

## 1. Property Tax Rates

The County Clerk reported incorrect assessed valuation totals to the State Auditor's Office (SAO) for the road and bridge tax levy in 2022, and for the road and bridge and special road and bridge tax levies in 2021, resulting in the SAO certifying tax rate ceilings that varied from the internal calculation of the tax rate ceilings completed by the County Clerk, which were not provided to the SAO. The 2022 error resulted in the county assessing approximately \$89,000 more in property taxes than allowed by state law. The 2021 errors resulted in the county assessing approximately \$5,000 less in property taxes than the maximum permitted by state law.

In 2022, the County Clerk reported an assessed valuation totaling approximately \$239 million instead of using the actual assessed valuation of approximately \$279 million when reporting the tax rate ceiling for the road and bridge tax levy to the SAO. As a result, the SAO certified a tax rate ceiling of \$2.976 (per \$100 assessed valuation). During the audit in 2023, we calculated a tax rate ceiling of \$2.582 when using the correct assessed valuations for 2022 and the correct (non-certified) tax rate ceiling for 2021. The county used the certified tax rate ceiling calculated by the SAO from the incorrect assessed valuation amount and assessed approximately \$89,000 more in road and bridge taxes than allowed in 2022. Similar valuation errors were also made by the County Clerk in 2021 for the road and bridge and special road and bridge tax levies, resulting in a combined total of \$5,000 less in taxes assessed for both levies in 2021.

Tax rate ceilings are determined based on the requirements of Article X, Section 22 of the Missouri Constitution (commonly referred to as the Hancock Amendment) and Section 137.073, RSMo. Counties should ensure property tax rates levied are calculated correctly and do not exceed the tax rate ceilings established by state law. The County Clerk indicated human error is to blame for the wrong assessed valuations being reported to the SAO. However, she could not explain why the errors were not corrected when the SAO certified tax rate ceilings that did not agree with the tax rate ceilings she had calculated.

## Recommendation

The County Commission work with the County Clerk to report the correct 2021 and 2022 road and bridge and 2021 special road and bridge assessed valuations to the State Auditor's Office and determine how to correct the 2022 overcharges. In addition, establish procedures to ensure assessed valuations are properly reported to the SAO in the future.

## Auditee's Response

*The Deputy County Clerk and the County Collector contacted the State Auditor's Office to resolve this issue in October 2023. We will ensure the road and bridge property tax rate is reduced sufficiently to correct the overcharges in 2024.*

Montgomery County  
Management Advisory Report - State Auditor's Findings

## 2. Sheriff's Compensation

The County Commission authorized mid-term salary increases totaling \$20,226 to the Sheriff in violation of constitutional provisions. The Sheriff took office in 2021 at the salary level approved by the Montgomery County Salary Commission.

Section 57.317.1(2), RSMo, enacted in 2021, states the sheriff shall receive an annual salary computed based on a percentage of the compensation of an associate circuit judge of the county, with the percentage determined by a statutory schedule using the county's current assessed valuation level. The law indicates if the increase to the Sheriff's salary is less than \$10,000, the increase shall take effect January 1, 2022, but if the salary increase is more than \$10,000, the increase shall be paid equally over a 5-year period. However, Article VII, Section 13 of the Missouri Constitution prohibits an increase in compensation for state, county, and municipal officers during their term of office. Court cases have concluded that to receive additional compensation during a term of office there must be: 1) no existing compensation for the office; 2) new or additional duties extrinsic or not germane to the office; or 3) the mid-term increase must result from the application of a statutory formula for calculating compensation that was in place prior to the individual being elected or taking office. None of those circumstances exist; therefore, the increase to the Sheriff's salary should be effective only for any Sheriff elected and sworn into office after the new salary schedule was authorized.

The County Commission stated it believed it was required to increase the Sheriff's salary due to the change in state law. The County Commission did not seek a written legal opinion on this matter, and authorized a salary increase for the Sheriff in March 2022, to be effective retroactively to January 1, 2022. The total increase was calculated at \$30,347, to be paid over a 5-year period with an annual increase of \$6,069. The County Commission also authorized additional salary increases for the Sheriff during 2022 and 2023 based on the salary increases given to associate circuit judges. As of July 2023, the Sheriff received salary increases totaling \$20,226 during his term.

## Recommendation

The County Commission discontinue the mid-term salary increase and consider various methods for possible recoupment of money already paid.

## Auditee's Response

*The County Commission will discuss this recommendation with the Sheriff and the county's attorney. The County Commission respectfully disagrees with the State Auditor's findings and notes that no court decision has addressed the constitutional issue raised in the findings regarding the application and interpretation of Section 57.317.1(2), RSMo. However, the County Commission will take this recommendation under advisement and determine the best course of action.*

Montgomery County  
Management Advisory Report - State Auditor's Findings

## Auditor's Comment

"The compensation of state, county and municipal officers shall not be increased during the term of office" per Article VII, Section 13, Missouri Constitution. The County Commission has not offered any authority to conclude the constitutional barrier to mid-term compensation increases contained in Article VII, Section 13 of the Missouri Constitution is inapplicable to county sheriffs. In multiple cases, the Supreme Court of Missouri has addressed the constitutional prohibition on mid-term increases. See e.g., *Mooney v. County of St. Louis*, 286 S.W.2d 763 (Mo. 1956); *State ex rel. George v. Verkamp*, 365 S.W.3d 598 (Mo. banc. 2012); *Laclede County v. Douglass*, 43 S.W.3d 826 (Mo. 2001).

### 3. Sheriff's Inmate and Commissary Controls and Procedures

Controls and procedures over inmate money and commissary purchases in the Sheriff's office need improvement. The office processed receipts for inmate money and commissary purchases totaling approximately \$217,000 and \$72,000, respectively, for the year ended December 31, 2022.

#### 3.1 Depositing

Sheriff's office personnel do not always deposit inmate money timely. During the year ended December 31, 2022, only 14 deposits were made and the average deposit totaled approximately \$5,600. Only 1 deposit a month was made for 10 months and only 2 deposits were made in the other 2 months. Sheriff's office personnel indicated the practice is to deposit money when they are notified by the commissary system that the kiosk is full, and they believe the money is secure while in the kiosk.

Failure to implement adequate depositing procedures increases the risk that loss, theft, or misuse of money received will occur and go undetected.

#### 3.2 Liabilities

Sheriff's office personnel do not prepare a monthly list of liabilities for the inmate and commissary accounts, and consequently, liabilities are not agreed to the reconciled bank balances. The reconciled bank balance as of December 30, 2022, was \$16,620 for the inmate account. Office personnel provided us a list of liabilities totaling \$16,721 as of December 31, 2022, indicating a shortage of \$101. The reconciled bank balance as of December 30, 2022, was \$15,145 for the commissary account. Sheriff's office personnel were unable to provide a list of liabilities for this account due to technical difficulties with the commissary system. Sheriff's office personnel were not aware of the necessity of agreeing the monthly list of liabilities to the reconciled account balances.

Monthly lists of liabilities that are agreed to the reconciled bank balance are necessary to ensure records are in balance, errors are detected and corrected timely, and sufficient cash is available for the payment of all liabilities. Prompt follow up on discrepancies is necessary to resolve errors and ensure money is properly disbursed.

Montgomery County  
Management Advisory Report - State Auditor's Findings

A similar condition was noted in our prior 4 audit reports. In addition, Report No. 2018-015, *Follow-Up Report on Audit Findings - Montgomery County*, issued in March 2018, reported the status, at that time, as implemented.

## Recommendations

The Sheriff:

- 3.1 Ensure deposits are made timely.
- 3.2 Prepare monthly lists of liabilities and reconcile the lists to the available cash balances. Any differences should be promptly investigated and resolved.

## Auditee's Response

- 3.1 *Beginning in October 2023, deposits are now made at least weekly. In addition, if notification is received that the cash box is in excess of \$500, a deposit will be made that day.*
- 3.2 *Beginning in October 2023, monthly lists of liabilities are prepared and reconciled to the available cash balances. The lists are retained with the reconciliation. If a list does not balance to the available cash balance, an investigation will be initiated and findings will be documented. In addition, we are working with our commissary vendor and hope to resolve the differences between liabilities and available cash balances in the commissary system by the end of this year.*

## 4. Aggregate Abstracts

The County Clerk did not prepare the back tax, land and personal tax, or railroad and utility tax aggregate abstracts for 2018 through 2022. The County Clerk indicated she was not aware she was responsible for completing these aggregate abstracts.

Section 137.295, RSMo, requires the County Clerk to prepare these reports and forward them to the Department of Revenue and State Tax Commission upon completion of current and delinquent tax books.

## Recommendation

The County Clerk prepare the back tax, land and personal tax, and railroad and utility tax aggregate abstracts and timely file them with the Department of Revenue and State Tax Commission.

## Auditee's Response

*The County Clerk declined to provide a response. The County Commission provided the following response:*

*The aggregate abstracts were completed and filed with the Department of Revenue and State Tax Commission in August 2023 for 2018 through 2022 by the Deputy County Clerk and the County Collector.*

Montgomery County  
Management Advisory Report - State Auditor's Findings

## 5. Sunshine Law

The County Commission did not always comply with the Sunshine Law for open and closed meetings. The County Commission went into closed meetings 21 times from January 1, 2022, through June 22, 2023.

The reason cited in open meeting minutes for going into all 21 closed sessions did not reflect topics actually discussed in the closed meetings. Section 610.021(5), RSMo, was cited as the reason for closing the meetings, which relates to nonjudicial mental or physical health proceedings involving identifiable persons, including medical, psychiatric, psychological, or alcoholism or drug dependency diagnosis or treatment. However, the closed meeting minutes did not indicate discussions about this topic. Instead, topics discussed included hiring employees, which is an allowable topic under Section 610.021(3); performance of specific employees, which is an allowable topic under Section 610.021(13), RSMo; and various legal matters, including pending litigation and contracts, which are allowable topics under Section 610.021(1), RSMo. The County Commission indicated the incorrect citations were an oversight and erroneously not updated in the meeting minutes.

In addition, minutes for closed meetings did not always include sufficient detail to ensure the topics discussed were allowable under the Sunshine Law for 9 of the 21 closed meetings. Closed meeting minutes for these meetings indicated the purpose was "personnel issues" in a specific office with no other information provided. The County Commission indicated it believes minutes need to include only enough information that the purpose of the closed meeting can be identified, and do not need to be overly detailed.

Section 610.022, RSMo, requires public bodies announce the specific reasons allowed by law for going into a closed session and to enter the reason into the minutes. This section also limits discussion topics and actions in closed meetings to only those specifically announced prior to closure. Additionally, without sufficiently detailed meeting minutes it is unclear if all of the discussions were appropriate for closed meetings.

## Recommendation

The County Commission ensure the specific reasons for closing a meeting are accurately documented in the open minutes, closed meeting minutes are sufficiently detailed, and discussions in closed meetings are limited to only those specific reasons cited for closing the meeting.

## Auditee's Response

*The County Commission now has a detailed list from the Sunshine Law of the specific reasons for going into a closed session and have been using them in the open minutes since being made aware of these issues by the State Auditor's Office. We are also making more detailed closed session meeting minutes that can be referred to when looking into past meetings that may involve the same employees or issues. This was implemented in July 2023. We*

## Montgomery County Management Advisory Report - State Auditor's Findings

*have started including more detail in the minutes to ensure the topics discussed were allowable under the Sunshine Law.*

## 6. Electronic Data Security

### 6.1 Passwords

Controls over county computers are not sufficient. As a result, county records are not adequately protected and are susceptible to unauthorized access or loss of data.

The Prosecuting Attorney, Public Administrator, and Recorder of Deeds have not established adequate password controls to reduce the risk of unauthorized access to computers and data. Employees in the Prosecuting Attorney's and the Public Administrator's offices are not required to change passwords periodically, and passwords for employees in the office of the Recorder of Deeds are not required to have a minimum number of characters. The officials in these offices indicated they had not considered the necessity of requiring password controls in their offices.

Passwords are necessary to authenticate access to computers. However, since passwords in certain offices are not periodically changed or required to contain a minimum number of characters, there is less assurance they are effectively limiting access to computers and data files to only those individuals who need access to perform their job responsibilities.

A similar condition was noted in our prior 2 audit reports. In addition, Report No. 2018-015, *Follow-Up Report on Audit Findings - Montgomery County*, issued in March 2018, reported the status, at that time, as partially implemented.

### 6.2 Security controls

The County Assessor, County Clerk, County Collector, and Recorder of Deeds do not have security controls in place to lock computers after a specified number of incorrect logon attempts. Officials indicated they had not considered the necessity of requiring user IDs to be locked or revoked after failed password attempts.

Logon attempt controls lock the capability to access a computer after a specified number of consecutive invalid logon attempts and are necessary to prevent unauthorized individuals from continually attempting to logon to a computer by guessing passwords. Without effective security controls, there is an increased risk of unauthorized access to computers and the unauthorized use, modification, or destruction of data.

## Recommendations

The County Commission work with other county officials to:

- 6.1 Require each employee to use a password with a minimum number of characters that is periodically changed.

Montgomery County  
Management Advisory Report - State Auditor's Findings

- 6.2 Require county computers to have security controls in place to lock each computer after a specified number of incorrect logon attempts.

**Auditee's Response**

*We are actively in discussion with our information technology vendor to develop policies for password controls including passwords with a minimum number of characters that are periodically changed and lockouts for incorrect logon attempts to reduce the risk of unauthorized access to computers and data.*

**7. Electronic  
Communication  
Policy**

The county has not developed a records management and retention policy that includes electronic communication in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.<sup>1</sup>

Development of a written policy to address the use of electronic communications is necessary to ensure all documentation of official business of the county is retained as required by state law. The Commission indicated it was aware of the importance of managing electronic communications; however, it was unaware of the necessity of adopting a formal written policy.

**Recommendation**

The County Commission work with other county officials to develop a written records management and retention policy to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division electronic communications guidelines.

**Auditee's Response**

*Since being made aware of the necessity of having a formal policy on electronic communication management, we began the process of developing said policy in consultation with legal and information technology experts that are familiar with these policies. Email retention is going to be addressed by switching email providers starting on December 12, 2023.*

---

# Montgomery County

## Organization and Statistical Information

---

Montgomery County is a county-organized, third-class county. The county seat is Montgomery City. The county's population was 11,322 in 2020, according to the U.S. Census Bureau.

Montgomery County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 67 full-time employees and 24 part-time employees on December 31, 2022.

County operations also include the Senate Bill 40 Board.

### Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2023	2022
Ryan D. Poston, Presiding Commissioner	\$	31,899
Dave Teeter, Associate Commissioner		29,796
Doug Lensing, Associate Commissioner		29,796
Sheila See, Recorder of Deeds		45,150
Kathy Hancock, County Clerk		45,150
Kelly King, Prosecuting Attorney (1)		
Keith Freie, Interim Prosecuting Attorney (2)		117,873
Craig S. Allison, Sheriff		59,743
Lori Stiers, County Treasurer		45,150
David Colbert, County Coroner		15,750
Kaley Reagan, Public Administrator		45,150
Anita L. Sullivan, County Collector, year ended February 28,	45,150	
Jerome P. Overkamp, County Assessor, year ended August 31,		44,605
Larry P. Bade, County Surveyor (3)		

- (1) Kelly King served as Acting Prosecuting Attorney without compensation until she resigned in March 2022.
- (2) Keith Freie, was appointed Interim Prosecuting Attorney on April 18, 2022. Compensation includes his salary of \$14,906 earned while serving as a part-time Assistant Prosecutor prior to his appointment as the Interim Prosecuting Attorney.
- (3) Compensation on a fee basis.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The State Auditor's Office is required by Section 137.073, RSMo, to annually review local property tax rates of all taxing authorities in the state. The primary objectives of this review were to determine whether:

1. Local governing boards levied tax rates in accordance with the Missouri Constitution and state law.
2. Local property tax rates were adjusted to ensure property reassessments were revenue neutral.

Reassessments of existing property are not intended to increase property tax revenue but to equitably reallocate the existing tax burden based on the relative value of property owned by taxpayers.

For 2023, we received supporting data on 4,846 property tax rates of 2,804 taxing authorities. This is the ninth year since the State Auditor's Office started reviewing property tax rates that no taxing authorities levied a tax rate that exceeded the tax rate certified.

Property taxes are the main source of revenue for many of Missouri's special purpose taxing authorities and county boards. The bulk of property taxes, however, fund public schools. General acceptance of these taxes is dependent on fair and equitable assessment practices and public understanding and input regarding the setting of rates. If the tax burden is increased without voter approval, confidence in the fairness and assessment practices can be eroded.

Scott Fitzpatrick  
State Auditor

# 2023 Property Tax Rates Results

---

## Summary

The State Auditor's Office received supporting data and reviewed 4,846 property tax rates for 2,804 taxing authorities.<sup>1</sup> Of the rates reviewed, 508 are debt service tax rates, 105 are new property tax rates approved by voters, and 34 are existing property tax rates that were increased by voter approval. We reviewed the remaining 4,199 tax rates for revenue neutrality. This is the ninth year since the review of property tax rates started in 1985 that no taxing authorities levied a tax rate that exceeded the tax rate certified.

---

## Methodology

The State Auditor's Office and county officials assist local government officials in determining the data necessary to complete the tax rate computations. Taxing authorities are required to file final proposed tax rates and data supporting the proposed property tax rates with the county, using forms prescribed by the State Auditor. The counties submit the supporting data received to the State Auditor for review. The data is reviewed and a finding is returned to both the county and the taxing authority advising whether the proposed rates comply with Missouri law.

The 2023 tax rate ceilings were determined based on the requirements of Section 137.073, RSMo, and Missouri Constitution, Article X, Section 22 (commonly referred to as the Hancock Amendment). Each tax rate ceiling is determined annually and is adjusted to ensure revenue neutrality. The review of each tax rate ceiling is based on the assessed valuation for the entire taxing authority and is not calculated on an individual taxpayer basis.

To ensure taxing authorities do not receive a windfall from reassessment, the review of property tax rates begins with the prior year allowed revenue. Current year tax rate ceilings must be set to yield the same gross revenue as allowed in the prior year. In addition, an adjustment is made for additional revenue permitted for assessment growth. That adjustment is the lower of (1) the actual growth rate, (2) the inflation rate as determined by the consumer price index, or (3) 5 percent. Factors such as new construction and improvements, newly added territory, newly separated territory, and changes from locally assessed to state assessed property also affect the tax rate ceiling calculation. Counties and the City of St. Louis use the tax rates set by each taxing authority to levy taxes on all property including new construction and improvements.

Voters may authorize increases beyond the annual revenue neutral tax rate ceiling. Voter-approved increases are reviewed for compliance with

---

<sup>1</sup> Six taxing authorities, the Baden Market Centre Special Business District, City of Metz, Kingsway Center Special Business District, Village of Fortescue, Village of Leslie, and Village of Lake Tekakwitha did not complete the certification process timely. As a result, the City of St. Louis, Franklin County, Holt County, Jefferson County, and Vernon County elected not to process these entities tax rates, and these tax rates and taxing authorities are not included in this report.

---

## 2023 Property Tax Rates Results

---

applicable laws and stated ballot restrictions. In addition to reviewing new and existing property tax levies for revenue neutrality, the State Auditor's Office also reviews debt service tax rates. A tax levied to meet the annual debt service requirement is compliant if the revenue to be generated plus the existing fund balance does not exceed the current payment requirements plus a reserve for the following year's payments.

Sections 137.073.5(3) and 137.073.5(4), RSMo, provide that a voluntary reduction taken in a non-reassessment year (even numbered year) results in a reduced tax rate ceiling during the following reassessment year (odd numbered year). These provisions also allow taxing authorities that voluntarily reduce a tax rate in a previous even numbered year to reverse the impact of the voluntary reduction to reinstate a higher tax rate ceiling in the following even numbered year. To increase the tax rate in the following even numbered year, the taxing authority must conduct a public hearing, and adopt an ordinance, a resolution, or a policy statement justifying its action before setting and certifying its tax rate.

Section 137.073.6(3), RSMo, allows a taxing authority to submit amended tax rate forms to the State Auditor's Office in the event the taxing authority incorrectly completed the forms or made clerical errors. These changes are factored into the current year's tax rate ceiling calculation.

A taxing authority's total assessed valuation submitted by the county clerk or a representative of the taxing authority is used in the State Auditor's Office review of property tax rates. The State Auditor's Office does not review the assessed valuation of individual pieces of property. Chapter 138, RSMo, governs the appeals process for assessed valuations. Citizens may appeal their individual assessed valuations calculated by the county assessor to the local Board of Equalization. Citizens not satisfied with the resolution by the Board of Equalization may appeal the decision to the Missouri State Tax Commission. Any decision of the Missouri State Tax Commission may be reviewed by a court of law.

As assessed valuations increase, tax rate ceilings generally decrease, depending on the amount of the increase, to produce substantially the same amount of revenue as allowed in the prior year. As assessed valuations decrease, tax rate ceilings may increase to produce substantially the same revenue as allowed in the prior year from existing property, limited by voter authorization. See Appendixes I and II for a summary of the changes in assessed valuation by type of taxing authority, and Appendixes III and IV for a summary of changes in tax rate ceilings by type of taxing authority. In addition, Appendix V is a map that provides a statewide geographical perspective of total county valuation changes prior to adjustments for new construction and reassessment. The total assessed valuation is the value used to bill the property tax rates. Appendix VI is a map of the adjusted assessed valuation by county. The adjusted assessed valuation is the value of last year's

## 2023 Property Tax Rates Results

property in the current year. This map reflects the inflationary change in each county's valuation from the previous year. A significant inflationary change generally indicates a major reassessment occurred. However, 2023 assessed valuations indicate the majority of county adjusted assessed valuation changes were less than the consumer price index, which does not indicate a major reassessment increase. The comparison of assessed valuations and tax rate ceilings from 2022 to 2023 for Appendixes I through VI give consideration to revisions submitted by taxing authorities to the State Auditor's Office for changes to assessments occurring after setting the 2022 property tax rate.

Taxing authorities are listed by primary county (as designated by the taxing authority when established) in Appendixes VII and VIII and categorized by type of taxing authority. The counties are listed alphabetically (Adair through Wright followed by the City of St. Louis). A taxing authority located in more than one county is listed under the primary county only. The assessed valuations presented for taxing authorities in Appendixes VII and VIII, except school districts, include all taxable locally assessed and state assessed property. The assessed valuations presented for school districts include only taxable locally assessed property. The abated portions of property valuations that are not taxable under various economic development programs are omitted from the taxable assessed valuations used to compute the annual tax rate ceiling. Prior years' tax rate reports are available on the State Auditor's website at [auditor.mo.gov](http://auditor.mo.gov).

We do not review sales tax rollbacks required by law for some county levies as part of this report. Any concerns in that area would be addressed in audit reports we issue for individual counties. Sales tax (Proposition C) rollbacks for school levies were subjected to a limited review to ensure the district did not waive all or part of the rollback without voter approval in order to generate additional local revenues. A majority of the 516 school districts have obtained voter approved waivers of the required sales tax rollback of their property tax, including 468 with a full waiver and 23 with a partial waiver. Appendixes VII and VIII indicate the 491 school districts that have either full or partial waivers of Proposition C reductions.

### Jackson County

An audit of the Jackson County Assessor and Assessment Process is ongoing. In addition, litigation is pending regarding the assessment process which may impact 2023 real property assessed valuations. As discussed in the methodology section of this report, the State Auditor's Office uses the assessed valuations provided by the taxing authority to review property tax rates. Jackson County submitted such information in September 2023. By statute,<sup>2</sup> the State Auditor's Office has 15 days to examine the information

---

<sup>2</sup> Section 137.073.6(2), RSMo.

## 2023 Property Tax Rates Results

---

provided and conclude on the statutory compliance of the tax rates based on that information. As such, when reviewing the Jackson County tax rates included in this report, the State Auditor's Office used the assessed valuations in place at the time of the review.

Total Revenue						\$7,665,956,572	

**Legend:**

- A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy.
- B A voter approved increase or decrease to an existing levy or an extension of an existing levy.
- C Levy includes a recoupment rate authorized by state law.
- D School district has a full Proposition C (sales tax) waiver allowing the district to reduce its required Proposition C reduction to \$0.0000 and levy up to its calculated tax rate ceiling.
- E School district has a partial Proposition C (sales tax) waiver allowing the district to waive a portion of its required Proposition C reduction to the extent necessary to collect \$2.7500 or the amount stated on the ballot.
- F Article X, Section 11(g) of the Missouri Constitution allows the Kansas City 33 School District School Board to set its tax levy at a rate that is lower than the court-ordered rate for the 1995 tax year (which was \$4.96). The rate so established may be changed from year to year by the School Board.

**Notes:**

Taxing authorities are listed by primary county and categorized by type of taxing authority. The counties are listed alphabetically (Adair through Wright followed by the City of St. Louis). When a taxing authority is in more than one county, it is listed under the primary county only.

This Appendix does not list taxing authorities that levied a separate tax rate for each subclass of property. Previous legislation required taxing authorities wholly in St. Louis County and allowed the City of Gladstone in Clay County to calculate a separate tax rate on each subclass of property. Taxing authorities partially in St. Louis County, whether the primary county is St. Louis County or another county, are required to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions requiring the multi-rate calculation. See Appendix VIII for a listing of taxing authorities that calculated separate tax rates for each subclass of property.

All rates in the levied column represent the rate extended and certified to the State Auditor's Office by both the taxing authority and the county or counties in which the tax rate is levied

The Assessed Value column presents only the assessed valuation the property tax is levied against

The revenue amount shown is computed by dividing the assessed valuation by 100 and multiplying the quotient by the tax rate levied.

**Acronyms:**

AD	Ambulance District
CID	Community Improvement District
EMS	Emergency Medical Services
FPD	Fire Protection District
HHA	Home Health Agency
LEEP	Laclede Early Education Program
NHD	Nursing Home District

Legend:

- A A new voter approved tax rate, newly formed district, or a levy voted to replace an expired levy.
- B A voter approved increase or decrease to an existing levy.
- C Levy includes a recoupment rate authorized by state law.
- D School district has a full Proposition C (sales tax) waiver allowing the district to reduce its required Proposition C reduction to \$0.0000 and levy up to its calculated tax rate ceiling.
- E School district has a partial Proposition C (sales tax) waiver allowing the district to waive a portion of its required Proposition C reduction to the extent necessary to collect \$2.7500 or the amount stated on the ballot.

Notes:

This Appendix contains levy information for political subdivisions wholly in St. Louis County and the City of Gladstone in Clay County. Previous legislation required taxing authorities wholly in St. Louis County and allowed the City of Gladstone in Clay County to calculate a separate tax rate on each subclass of property. Taxing authorities partially in St. Louis County, whether the primary county is St. Louis County or another county, are required to levy a single rate on all property when one or more counties opted in and one or more counties opted out of the provisions requiring the multi-rate calculation. See Appendix VII for a listing of taxing authorities that calculated a single tax rate to apply to all property.

All rates in the levied column represent the rate extended and certified to the State Auditor's Office by both the taxing authority and the county or counties in which the tax rate is levied.

The Assessed Value column presents only the assessed valuation the property tax is levied against.

The revenue shown is computed by dividing the assessed valuation by 100 and multiplying the quotient by the tax rate levied.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions, other than cities, towns, and villages, required to file a financial report under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office shall notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Due to different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 9 political subdivisions required to file a financial report by November 30, 2023, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in November 2023, after their filing deadline. The filing status for these 8 entities is presented in summary on page 3 and by individual entity in Appendixes B to E.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive style with a large, stylized "S" and "F".

## November 2023

### Executive Summary

---

#### **Executive Summary**

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. Rule 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.

This report includes the filing status for the 9 political subdivisions, other than cities, towns, and villages, with a fiscal year end of May 31, 2023. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 9 political subdivisions, 6 filed an annual financial report timely.

This report also includes the filing status for 8 political subdivisions, other than cities, towns, and villages, that filed their financial report in November 2023, after their filing deadline.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by November 30, 2023, under Section 105.145, RSMo, and 15 CSR 40-3.030 and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) shall notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO shall notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Due to different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for the 3 cities and 3 villages is presented in summary on page 3 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in November 2023, after their filing deadline. The filing status for these 15 cities, 1 town, and 3 villages is presented in summary on page 4 and by individual entity in Appendixes B to F.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized with a large, flowing "S" and a clear, legible name.

## Executive Summary

---

### Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. Rule 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedure to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. Rule 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires the SAO to notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359, RSMo, and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and a mandatory ballot measure to dissolve the political subdivision.

This report includes the filing status for the 3 cities and 3 villages with a fiscal year end of May 31, 2023, whose financial report was due by November 30, 2023. Of the 6 municipalities, 1 filed the financial report timely. Of the 3 municipalities required to file an addendum, none filed timely. The 1 municipality that was required to file a certification was not filed timely.

## Missouri State Auditor

### Dover Township - Vernon County

Report No. 2024-009

January 2024

[auditor.mo.gov](https://auditor.mo.gov)

# CITIZENS SUMMARY

## Findings in the audit of Dover Township - Vernon County

Budgets	The Board of Directors does not prepare annual budgets for township funds as required by state law.
Accounting Controls and Procedures	The Board does not review and approve disbursements before the payments are made. Neither the Board nor the Township Clerk performs monthly bank reconciliations.
Sunshine Law	Minutes of the Board meetings do not always contain sufficient detail of actions taken and are not signed by the Board members to indicate their approval.
Road Maintenance Plan	The Board has not developed a formal annual maintenance plan for township roads. The Board had informal plans for road maintenance, but was not aware of the importance of developing, updating, and monitoring a formal road maintenance plan.

In the areas audited, the overall performance of this entity was **Good**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Information	

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the Board of Directors  
Dover Township  
Vernon County, Missouri

The State Auditor was petitioned under Section 29.230, RSMo, to audit Dover Township - Vernon County. We have audited certain operations of the township in fulfillment of our duties. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2022. The objectives of our audit were to:

1. Evaluate the township's internal controls over significant management and financial functions.
2. Evaluate the township's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the township, as well as certain external parties; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the township's management and was not subjected to the procedures applied in our audit of the township.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Dover Township - Vernon County.

A handwritten signature in black ink, appearing to read "Scott Fitzpatrick". The signature is stylized with a large, looped "S" and a cursive "Fitzpatrick".

Scott Fitzpatrick  
State Auditor

---

# Dover Township - Vernon County

## Management Advisory Report

### State Auditor's Findings

---

#### **1. Budgets**

The Board does not prepare annual budgets for township funds as required by state law. The Township Clerk indicated she did not know a budget needed to be created annually.

Section 67.010, RSMo, requires an annual budget to be prepared that presents a complete and accurate financial plan for the ensuing budget year, and outlines the various information to be included in the budget. A complete and well-planned budget, in addition to meeting statutory requirements, can serve as a useful management tool by establishing specific financial expectations for each area of township operations. It also assists in informing the public about township operations and current finances.

#### **Recommendation**

The Board of Directors prepare annual budgets that contain all information required by state law.

#### **Auditee's Response**

*The Board has prepared a 2023 budget and is currently working on creating the 2024 budget. This is pending rock and hauling bid quotes. Annual budgets will be prepared in the future as required by state law.*

---

#### **2. Accounting Controls and Procedures**

Accounting controls and procedures need improvement. The township collected approximately \$55,000 from property taxes, County Aid Road Trust (CART) money, interest income, and donations during the year ended December 31, 2022. Additionally, approximately \$55,000 in disbursements were made during the year ended December 31, 2022.

##### **2.1 Board review and approval process**

The Board does not review and approve disbursements before the payments are made. The Township Trustee typically meets with the Township Clerk at her residence twice a month to prepare and sign checks for disbursements because 2 signatures are required on all checks. The quarterly meeting minutes do not indicate disbursements were approved prior to payment, and the Board indicated it did not know all disbursements had to be officially approved before making the disbursements.

Section 65.490, RSMo, specifies, "the township trustee and ex officio treasurer shall not pay out any moneys belonging to the township for any purpose whatever, except upon the order of the township board of directors, signed by the chairman of said board and attested by the township clerk. . ." To reduce the risk of loss, theft, or misuse of funds, and ensure all transactions are accounted for properly and assets are adequately safeguarded, adequate controls, including Board review and approval of disbursements, are necessary.

##### **2.2 Bank reconciliations**

Neither the Board nor the Township Clerk performs monthly bank reconciliations. Instead, when the Township Clerk receives the bank statements, she compares the cleared checks to the check register, but does not reconcile the ending balance. During our scan of the check register, we

## Dover Township - Vernon County Management Advisory Report - State Auditor's Findings

noted the \$56,262.23 balance as of December 31, 2021, was \$24.55 lower than the \$56,286.78 balance brought forward on January 1, 2022. The Township Clerk indicated she was aware of this difference when she took over the accounting records and believed it was likely an error in the check register. She could not determine when it occurred, so she adjusted the check register balance to agree to the ending bank statement balance on January 1, 2022. She indicated she did not know it was necessary to perform monthly bank reconciliations.

Performing adequate monthly bank reconciliations increases the likelihood errors will be identified and corrected timely.

### Recommendations

The Board of Directors:

- 2.1 Develop procedures to ensure all disbursements are reviewed and approved by the Board and the approval is documented.
- 2.2 Prepare monthly bank reconciliations. Any differences should be promptly investigated and resolved.

### Auditee's Response

- 2.1 *The Board is scheduling monthly meetings to pay invoices after being approved by the Board. The approvals will be documented in the meeting minutes.*
- 2.2 *The Township Clerk has completed all of 2023 bank reconciliations up to December, and will continue to reconcile statements in the future. Any differences will be promptly investigated and resolved.*

## 3. Sunshine Law

The township's procedures for complying with the Sunshine Law and maintaining minutes of meetings need improvement. The Board generally met quarterly during the year ended December 31, 2022.

Minutes of the Board meetings do not always contain sufficient detail of actions taken and are not signed by the Board members to indicate their approval. The meeting minutes for the 5 meetings held from March 11, 2022, through May 11, 2023, did not indicate review and approval of previous meeting minutes. In addition, the minutes did not indicate any votes taken for decisions made at 2 meetings, the time and attendees for 1 meeting, and the location for 3 meetings. The Township Clerk and Board members indicated they did not know that meeting minutes needed to contain full details, be approved, and signed.

Section 610.020.7, RSMo, requires minutes of meetings to be maintained as a record of business conducted and to provide an official record of actions and decisions, including the date, time, place, members present, members absent, and a record of any votes taken. The minutes should provide sufficient

---

Dover Township - Vernon County  
Management Advisory Report - State Auditor's Findings

---

details of discussions to demonstrate compliance with statutory provisions and support important decisions made. The minutes need to be signed by the Township Clerk and subsequently approved by the Board members to provide an independent attestation that the minutes are correct records of the matters discussed and actions taken during the meetings.

## Recommendation

The Board of Directors ensure meeting minutes include all necessary information and are signed by the Township Clerk and Board members.

## Auditee's Response

*The Township Clerk has provided more detailed information within meeting minutes to include all outstanding/paid invoices and any votes made. All meeting minutes taken since May have been signed by all members (Clerk, Trustee, and Board member). These new procedures will continue for future meetings.*

---

## 4. Road Maintenance Plan

The Board has not developed a formal annual maintenance plan for township roads. Formal, approved, road maintenance plans, prepared along with the budget and with citizen input serve as a useful management tool and provide greater input into the overall budgeting process. Such plans should include a description of the roads needing maintenance, the type of work to be performed, an estimate of the quantity and cost of materials needed, the dates such work could begin, the amount of labor required to perform the work, and other relevant information.

A plan provides a means to continually and more effectively monitor and evaluate the progress made in the repair and maintenance of roads throughout the year. The Board had informal plans for road maintenance, but was not aware of the importance of developing, updating, and monitoring a formal road maintenance plan.

## Recommendation

The Board of Directors establish a formal annual road maintenance plan.

## Auditee's Response

*The Board created a road maintenance plan that will be reviewed annually. The Board is working on creating a 5-year maintenance plan.*

---

# Dover Township - Vernon County

## Organization and Statistical Information

---

Dover Township is one of 20 townships in Vernon County and is located in the southeast region of that county. Vernon County elected a township organization in 1872. According to the Census Reporter, the township covers approximately 48 square miles and has a population of 382.

There are 4 elected officials in Dover Township, including 3 members of the Board of Directors, and 1 township clerk. The township's elected Board of Directors consists of the township trustee (who serves as a board member/ex-officio treasurer) and 2 additional board members. One of these 2 board members is elected as president. All officers are elected biennially and take office in April following the election. In addition to the elected officials, the township had 1 part-time employee to perform road maintenance as of December 31, 2022.

### Elected Officials

Name and Title	Compensation for the Year Ended December 31, 2022
Taylor Greer, President (1)	\$ 100
Austin Greer, Trustee (2)	1,094
Vacant, Board Member (3)	
Cassie Hogan, Township Clerk (4)	1,000

- (1) Compensation consists of \$25 per meeting.
- (2) Compensation consists of \$25 per meeting, and \$994 in fees for receiving and disbursing all money.
- (3) This position was vacant during 2022, and remains vacant.
- (4) Compensation consists of \$25 per meeting, and \$900 for clerical duties (\$75 per month).

### Financial Activity

A summary of the township's financial activity prepared using the township's bank statements and financial records for the year ended December 31, 2022, follows.

## Missouri State Auditor

### Naylor-Neelyville Ambulance District

Report No. 2024-008

January 2024

[auditor.mo.gov](https://auditor.mo.gov)

# CITIZENS SUMMARY

## Findings in the audit of the Naylor-Neelyville Ambulance District

### Misappropriated Money, Questionable Meeting Minutes, and Conflicts of Interest

At least \$249,247 was misappropriated from the district from January 1, 2017, to June 15, 2023. The Director improperly paid himself 186 checks and 6 electronic transfers totaling \$173,287, his wife (the Billing Clerk) 65 checks totaling \$55,010, and his mother (Board Secretary) 39 checks totaling \$20,950, after the Board outsourced ambulance services. The Board did not approve any of these payments. Included in these improper payments were severance, duplicate, advance, and bonus payments. Improper payments were also made for unnecessary services such as election and COVID-19 response, when there were no elections held or COVID-19 response activities. Additionally, improper payments included payments identified as expense reimbursements that were unsupported and questionable.

The various improper payments were deposited into the personal bank accounts of the Director, Billing Clerk, and Board Secretary. A significant portion of the payments were deposited into joint accounts of the Director and the Billing Clerk or accounts of the Board Secretary, upon which the Director was an authorized signer. A review of the personal bank account records indicate each individual disbursed money from the accounts after the deposit of district checks and may have personally benefited from the improper payments.

The Director may have falsified Board meeting minutes to conceal improper payments. Significant discrepancies were identified during our review of the July 18, 2016, meeting minutes; the related payments to the Director, the Billing Clerk, and the Board Secretary; and testimony of former Board President Meyer and 2 former Board members.

The Director, Billing Clerk, and Board Secretary were close family members, which resulted in actual or apparent conflicts of interest because the Director and Board Secretary were responsible for reviewing and signing checks written to all three individuals.

### Oversight, Budgets, and Financial Reporting

Board members did not provide adequate oversight of the Director or segregate duties over the various financial accounting functions of the district. The Director and the Board did not prepare budgets or file financial statements for at least the 5 years ended December 31, 2022, 2021, 2020, 2019, and 2018. Additionally, the Board did not obtain annual audits of its district as required by state law.

In the areas audited, the overall performance of this entity was **Poor**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

## SCOTT FITZPATRICK

### MISSOURI STATE AUDITOR

Board of Directors  
Naylor-Neelyville Ambulance District  
Popular Bluff, Missouri

We have audited certain operations of the Naylor-Neelyville Ambulance District as they relate to the district's finances in fulfillment of our duties under Chapter 29, RSMo. Due to concerns regarding misappropriated money, the State Auditor initiated the audit with the approval of the Naylor-Neelyville Ambulance District Board of Directors. The scope of our audit included, but was not necessarily limited to, the period January 1, 2017, through June 15, 2023. The objectives of our audit were to:

1. Evaluate the district's internal controls over significant management and financial functions as they relate to any misappropriated money and/or waste of public resources.
2. Evaluate the district's compliance with certain legal provisions as they relate to any misappropriated money and/or waste of public resources.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions, as they relate to any misappropriated money and/or waste of public resources.
4. Determine the extent of money misappropriated from the district, if any, and any waste of public resources.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the district, as well as certain external parties; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the district's management and was not subjected to the procedures applied in our audit of the district.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, (3) the need for improvement in management practices and procedures, and (4) money misappropriated from the district totaling at least \$249,247 and a waste of public resources. The accompanying Management Advisory Report presents our findings arising from our audit of the Naylor-Neelyville Ambulance District.

A handwritten signature in black ink, reading "Scott Fitzpatrick". The signature is written in a cursive, flowing style.

Scott Fitzpatrick  
State Auditor

# Naylor-Neelyville Ambulance District

## Introduction

---

### Background

The Naylor-Neelyville Ambulance District Director, Brad Davis, began employment in January 1995, and resigned on July 11, 2022. The July 11, 2022, Board meeting minutes (found at the district office) indicate the Director "would be turning everything over to the city of Naylor including all keys and access" and "the Board would need to find someone to do the job that he was doing for years." However, the Director continued to maintain access to the district's bank account, computer, and office until June 15, 2023, when the Board established a new district bank account and gained access to the district's safe deposit box and office. The Director's wife/ex-wife,<sup>1</sup> Amy Davis, was paid as the Billing Clerk from at least January 2017 to March 2020. She is referred to as the Billing Clerk or as the Director's wife throughout the remainder of this report. His mother, Arlene Davis, was paid as the Board Secretary, from at least January 2017 to December 2020.

In October 2016, the district contracted with a vendor to provide ambulance services to citizens in the district (see Appendix A). During the first year of the contract, the district was to withhold \$46,000 from tax revenues for the purchase of vehicles and equipment (\$23,000) and to pay off outstanding debts (\$23,000). After the first year, the contract provided for the district to remit all district property tax revenue, excluding the district's costs for elections, any filings and/or registrations of regulating bodies, and Board insurance, to the ambulance services contractor for services provided. The contract also required the district to provide invoices for any costs withheld from the property tax revenues to the contractor.

After ambulance services of the district were outsourced to Medic One, the Director was primarily responsible for the following district functions and records as follows:

- Receipts - The Director typically received and deposited one check per month for district property taxes collected by Ripley County.<sup>2</sup>
- Disbursements - The Director prepared, signed, and distributed checks. Two signatures were required on all district checks. The Director and the Board Secretary typically signed most checks.
- Bank accounts - The Director received monthly bank statements.
- Reporting - The Director submitted the Board-approved district property tax levy to the Butler and Ripley County Clerks' offices each August.

---

<sup>1</sup> The Director and Billing Clerk were divorced on July 25, 2018.

<sup>2</sup> Property taxes collected by the Butler County Collector were direct deposited into the district's bank account.

---

## Naylor-Neelyville Ambulance District Introduction

---

### Investigation and audit

In December 2021, the State Auditor's Office (SAO) Whistleblower Hotline received complaints about the district's financial practices. The SAO conducted an initial review of these matters in February 2022, under Section 29.221, RSMo. After review of the documentation and communications provided, the SAO determined further investigation was warranted under Section 29.221, RSMo.

On May 23, 2022, the district Board sent the SAO a copy of a resolution authorizing an audit of the district. On July 7, 2022, the SAO agreed to conduct this audit. The SAO began the audit in April 2023.

The SAO issued a letter and/or subpoenas to the Director, Billing Clerk, Board Secretary, district's bank, and various other banks in which the Director, Billing Clerk, and Board Secretary deposited district checks to compel them to provide testimony<sup>3</sup> and/or produce records and documents related to their testimonies (see Appendixes B through H). Appendixes B through H include redactions of information of a personal, privileged, or sensitive nature, and/or information that is not directly related to the information requested in the subpoena. Representatives of the SAO took the testimony of the Director, the Billing Clerk, and the Board Secretary on July 12 and 13, 2023. Representatives of the SAO also recorded interviews with the former and current Board Presidents, and 3 current and former Board members, and requested copies of any district records they possessed that supported their statements.

The district's fiscal year is January 1 through December 31. The scope of our audit included, but was not necessarily limited to the period January 1, 2017, through June 15, 2023. This comprises the approximate time period the Director had sole control of district bank accounts after the district contracted for ambulance services.

---

<sup>3</sup> Individuals provided testimony under oath and the testimony was recorded by SAO auditors.

# Naylor-Neelyville Ambulance District

## Management Advisory Report

### State Auditor's Findings

#### 1. Misappropriated Money, Questionable Meeting Minutes, and Conflicts of Interest

From January 1, 2017, to June 15, 2023, money totaling at least \$249,247<sup>4</sup> was misappropriated from the district. Board meeting minutes provided to auditors were possibly falsified to conceal improper payments. The Director, Billing Clerk, and Board Secretary were all close family members which created actual or apparent conflicts of interest because the Director and Board Secretary were responsible for reviewing and signing the checks written to all three individuals.

##### 1.1 Improper payments

The Director improperly paid himself, his wife (Billing Clerk), and his mother (Board Secretary) \$249,247 after the Board outsourced ambulance services. The Board did not approve any of these payments. Included in the improper payments were severance, duplicate, advance, and bonus payments. Improper payments were also made for unnecessary services such as election and COVID-19 response, when there were no elections held or COVID-19 response activities. Additionally, improper payments included payments identified as expense reimbursements that were unsupported and questionable.

The following table provides a summary of the amounts improperly paid by recipient and identifies the appendix where specific details are reported.

	Year Ended December 31,						January 1 through June 15, 2023	Total
	2017	2018	2019	2020	2021	2022		
Improper Payments to Director (Appendix J)	\$ 32,093	21,375	24,402	33,584	36,540	18,793	6,500	173,287
Improper Payments to Billing Clerk (Appendix K)	21,275	12,435	14,625	6,675	0	0	0	55,010
Improper Payments to Board Secretary (Appendix L)	9,350	5,250	4,000	2,350	0	0	0	20,950
Total	\$ 62,718	39,060	43,027	42,609	36,540	18,793	6,500	249,247

Payments after ambulance services were outsourced

From January 1, 2017, to June, 15, 2023, the Director improperly issued himself 186 checks and 6 electronic transfers totaling \$173,287. He also improperly issued 65 checks totaling \$55,010 to the Billing Clerk, and 39 checks totaling \$20,950 to the Board Secretary.<sup>5</sup> Twenty-two of the checks

<sup>4</sup> Amounts presented in the report are rounded to the nearest dollar, whereas amounts presented in appendixes are not rounded.

<sup>5</sup> Payment details included in the appendixes were obtained from the district's canceled checks.

---

Naylor Neelyville Ambulance District  
Management Advisory Report - State Auditor's Findings

---

the Director issued to himself, totaling \$14,800, were issued after the July 11, 2022, meeting in which the minutes indicated he resigned.

From January 1, 2017, to June 15, 2023, the Director issued 290 of the 392 district checks (74 percent<sup>6</sup>) to himself, his wife, and his mother. All of the checks issued to the Director, the Billing Clerk, and the Board Secretary were signed in what appears to be the Director's scripted handwriting and included the Board Secretary's signature. However, the Board Secretary indicated during sworn testimony that she often signed blank checks in advance and that many of the signatures on checks issued to the Director, the Billing Clerk, and to herself did not look like her signature.

The October 2016 ambulance services contract did not allow for any of the 296 payments totaling \$249,247 to be made or services to be provided by the Director, the Billing Clerk, or the Board Secretary. The former Board President and 2 former Board members also indicated, in recorded interviews, that they did not authorize, review, or approve any payments made to the Director, the Billing Clerk, or the Board Secretary after ambulance services were outsourced. There is no documentation (timesheets, employment contracts, expense reimbursement claim forms, or invoices for expenses) to support any of the payments, and no one reported the payments as compensation to the Internal Revenue Service (IRS). The district also did not provide invoices for any costs withheld from the property tax revenues paid to the ambulance services contractor as required by the contract. As a result, all payments after the contract became effective were unapproved and unsupported, and are considered improper.

The remainder of the finding includes details about some of the payments considered improper to further illustrate the payments made after the district entered into the ambulance services contract were not authorized or supported.

Severance and bonus  
payments

The improper payments to the Director, Billing Clerk, and Board Secretary include severance and bonus payments. The former Board President and 2 former Board members indicated in recorded interviews they did not approve severance or bonus payments, nor did the district enter into any employment agreements with the Director, the Billing Clerk, or the Board Secretary that provided for severance pay.

Severance payments

The Director issued severance payments to himself, the Billing Clerk, and the Board Secretary as shown in the following table. It is unclear why the

---

<sup>6</sup> The Director issued 26 checks (7 percent) totaling \$690,038 to the ambulance services contractor, and issued the remaining 76 checks (19 percent) for Board insurance, publication costs, post office box rental, vehicle loan pay off, and other miscellaneous costs totaling \$32,929.

Naylor Neelyville Ambulance District  
Management Advisory Report - State Auditor's Findings

Director, the Billing Clerk, and the Board Secretary continued to be paid after receiving severance pay, which is generally considered final pay.

Check Date	Director	Billing Clerk	Board Secretary
04/15/2017	\$ 0	9,850	4,500
07/15/2017	2,500	0	0
07/31/2017	2,500	0	0
08/15/2017	2,500	0	0
12/14/2017	2,500	0	0
03/01/2020	0	1,900	0
Total	\$ 10,000	11,750	4,500

Bonuses

The Director issued bonus payments to himself, the Billing Clerk, and the Board Secretary as follows:

Check Date	Director	Billing Clerk	Board Secretary
12/15/2018	\$ 500	500	300
12/07/2019	750	350	750
12/10/2020	650	0	750
11/27/2021	500	0	0
12/16/2022	500	0	0
Total	\$ 2,900	850	1,800

Bonus payments represent additional compensation for services previously rendered and, as such, are in violation of Article III, Section 39, the Missouri Constitution, and contrary to Attorney General's Opinion No. 72-1955 (June 14, 1955), which states, "... a government agency which derives its power and authority from the Constitution and laws of this state would be prohibited from granting extra compensation in the form of bonuses to public officers or servants after the service has been rendered."

Duplicated pay

The improper payments also include multiple payments to the Director and Billing Clerk for the same time period worked, as follows:

Check Date	Purpose as Shown in Check Memo Line	Director	Billing Clerk
12/14/2017	Contracted labor thru Dec 31st	\$ 850	
12/26/2017	Expenses & Contract work thru 12/31/17	850	
07/16/2018	Wages Contract ~ thru 7/31/18 (1)		650
08/29/2018	Contract labor August 2018		350
09/21/2018	July, Aug, ~ Contract labor (1)		500
06/11/2020	Contracted wage thru 6/30/20	975	
06/26/2020	Contract labor thru 6/30/20	1,250	

(1) Portions of the memo line of the canceled check, notated by a ~ symbol, were not legible. Thus, the wording is not known.

Naylor Neelyville Ambulance District  
Management Advisory Report - State Auditor's Findings

Advance payments

The Director also advanced himself pay as part of the payments identified as improper. Most of the advance checks included a reference to a contract in the memo line (as shown in the following table); however, the district did not have an employment contract with the Director.

Check Date	Check Number	Check Amount	Purpose, as Shown in Check Memo Line
10/13/2021	10292	\$ 600	1/2 Contract Balance Advance thru 11/30/21
11/17/2021	10297	1,000	Advance on Contract thru 12/15/21
11/17/2021	10298	500	partial Advance on 12/31/21 Contract
11/27/2021	10300	1,225	(pay advance thru 1/15/22 ~ Contract) Brad Purchase/Expense (1)
12/22/2021	10308	1,132	(Advance for 2/15/22 Contract Agreement)
01/18/2022	10311	726	Bal PP (3/15/22) advance

(1) Portions of the memo line of the canceled check, notated by a ~ symbol, were not legible. Thus, the wording is not known.

The Director issued several other checks in advance of the end of the pay period, but the checks did not specifically indicate they were advance payments. For example, the Director issued himself a \$650 check on March 15, 2023, for "Contract labor thru 4-15-23" and the Billing Clerk a \$725 check on February 12, 2020, for "Contract & Exp thru 3/15/20 pp."

Advance payments are loans of district funds. The district has no statutory authority to make loans and Article VI, Sections 23 and 25 of the Missouri Constitution specifically prohibits counties, cities, or other political subdivisions of the state from granting public money or things of value to any corporation, association, or individual.

Payments for unnecessary services

During our review of payments made to the Director, Billing Clerk, and Board Secretary, we noted payments for election work, COVID-19 response, and the handling of a dispute with a gas company. However, no such services were required.

Election work

The Director issued himself, the Billing Clerk, and the Board Secretary 14 checks, totaling \$10,651, for election work (see following table). The Board Secretary indicated during sworn testimony that district citizens could come to her home to fill out forms to file as a Board candidate of the district. The ambulance services contract allows the district to withhold tax revenues for the administration of Board elections; however, the Ripley and Butler County

Naylor Neelyville Ambulance District  
Management Advisory Report - State Auditor's Findings

Clerks indicated no district Board elections were held during 2018, 2019, 2020, and 2021 (the time period the checks were issued).<sup>7</sup>

Check Date	Purpose, as Shown in Check Memo Line	Director	Billing Clerk	Board Secretary
12/14/2017	Election contract work/hours	\$ -		750
12/05/2018	Computer Repair/Election ~ (1)	500		
01/01/2019	Taxes, Elections, Salary 1/15/19	850		
01/01/2019	Election Hours, Salary January			400
01/22/2019	Election hours, Expense, Contract 2/15/19			550
01/22/2019	Contract labor thru 2/15/19, Election Expenses	950		
04/04/2019	Contract labor thru 4/30/19 & election (past)	925		
12/19/2019	Contract thru 12/3/19 & Election Work		850	
12/19/2019	Contract/Elections work thru 12/31/19	1,250

COVID-19 response

The Director issued himself 4 checks, totaling \$4,250, and the Billing Clerk a \$925 check, for COVID-19 call and response hours as noted on the memo lines of the checks (see following table); however, the district received no federal COVID-19 funding. No documentation (timesheets or other records of hours worked) was maintained by the Director and Billing Clerk to support these payments, and the ambulance services contractor provided services related to the pandemic.

Check Date	Purpose as Shown in Check Memo Line	Director	Billing Clerk
03/30/20	COVID Hours March	\$ 1,500	
03/30/20	COVID Call & Response Hours		925
04/09/20	COVID Response Hours 4/30/20	1,365	
04/30/20	COVID Call Hours thru 5/15/20	635	
06/26/20	COVID monitoring & Telework thru 6/30/20	750	

In sworn testimony, the Director verified the district did not receive any federal COVID-19 funds. He would not comment on what type of COVID-

<sup>7</sup>A Board candidate may file for general elections (typically held in April of each year) from December 5 to December 26, in the year proceeding each April election.

Naylor Neelyville Ambulance District  
Management Advisory Report - State Auditor's Findings

19 response he performed. In sworn testimony, the Billing Clerk indicated she did not provide and was not paid by the district for any COVID-19 response work.

Gas company dispute

The Director issued the Billing Clerk 2 checks related to a dispute with a gas company: a \$400 check in March 2019 for "Ozark Gas correspondence; lawyer & bills" and a \$675 check in April 2019 for "Contract labor thru 4/30/19 & Ozark Gas ~." <sup>8</sup> District records indicate the Board Secretary addressed a billing discrepancy with the gas company in January 2017. An employee from the gas company indicated the company was unable to contact the district and received no correspondence from the district after January 2017, so it subsequently wrote off the district's account balance as uncollectible in 2019. The gas company provided the information after we interviewed the Director, Billing Clerk, and Board Secretary so we did not question them about this information.

Unsupported and  
questionable payments for  
expenses

The Director issued himself, the Billing Clerk, and the Board Secretary numerous checks for expense reimbursements according to the memo line of the checks. However, no documentation of the expenses was retained by the district or provided by the Director, the Billing Clerk, or the Board Secretary. These questionable payments are included in the improper payments identified.

The Director issued himself 43 checks, totaling \$32,652, in which the memo line indicates the pay was for at least, in part, expenses and no documentation of these expenses was retained/maintained by the district or provided by the Director upon our request. For example, on March 23, 2017, the Director issued himself a \$1,750 check and the memo line indicated it was for "Computer purchases/supplies/software." In response to a subpoena, the Director turned over the district's computer to us. The computer was manufactured in 2005 and contained district files dating back to 2006. Therefore, the computer could not have been purchased in March 2017. The Director indicated in sworn testimony that he could not remember if he purchased a computer.

Of the questionable expense checks issued to the Director, 32, totaling \$27,882, were issued for whole dollar amounts. This would be unusual for the expenses described on the memo line, such as supplies. The Director also issued himself 3 sequential checks (check numbers 10263, 10264, and 10265) for \$1,500 each. The memo line of the checks indicated they were issued in part for expenses. One of the checks was dated April 12, 2021, and the other 2 checks were dated May 3, 2021. It is unclear why 3 checks for expenses for

<sup>8</sup>Portions of the memo line of the canceled check, notated by a ~ symbol, were not legible. Thus, the wording is not known.

---

Naylor Neelyville Ambulance District  
Management Advisory Report - State Auditor's Findings

---

identical whole dollar amounts would be necessary to be issued to the Director within 3 weeks of each other.

The Director also issued the Billing Clerk 11 checks, totaling \$7,835, and the Board Secretary a \$550 check for expenses; however, no documentation to support these expenses was retained by the district. All of these checks were issued for even dollar amounts.

Disposition of improper payments

The various improper payments were deposited into the personal bank accounts of the Director, Billing Clerk, and Board Secretary. A significant portion of the payments were deposited into joint accounts of the Director and the Billing Clerk or accounts of the Board Secretary, upon which the Director was an authorized signer. A review of the personal bank account records indicated each individual disbursed money from the accounts after the deposit of district checks and may have personally benefited from the improper payments.

Billing Clerk

Of the 65 improper checks issued to the Billing Clerk, 61 checks, totaling \$51,510, were deposited into the Director and Billing Clerk's joint personal bank accounts from January 2017 to March 2020. Three checks, totaling \$3,000, were deposited (in December 2018 and January 2019) into an account held solely by the Billing Clerk. The bank could not determine how the remaining \$500 check was negotiated.

The Billing Clerk indicated in sworn testimony she did not receive or deposit these checks and the Director, her husband/ex-husband,<sup>9</sup> negotiated these checks. Each check issued to the Billing Clerk was endorsed using her name. However, the Billing Clerk indicated, in sworn testimony, the endorsement was not signed in her handwriting and instead was in the Director's handwriting. Bank records show 42 of 61 checks issued to the Billing Clerk and deposited into the joint personal bank accounts were included in the same deposit as other checks issued to the Director. The remaining 19 checks issued to the Billing Clerk and deposited into the joint personal bank accounts were deposited in separate deposits with no other money deposited with them.

While the Billing Clerk indicated she did not receive or deposit the district checks, a review of disbursements from one of the joint bank accounts<sup>10</sup> indicate she used the account after the district checks were deposited into the account. The Billing Clerk's signature was present on 85 checks, totaling \$10,700, issued from this account from January 25, 2017, through January

---

<sup>9</sup> The Director and Billing Clerk were divorced on July 25, 2018.

<sup>10</sup> We did not obtain disbursement or debit card purchase history on the other joint personal bank account.

## Naylor Neelyville Ambulance District Management Advisory Report - State Auditor's Findings

18, 2020. The Billing Clerk's signature varied on the checks issued.<sup>11</sup> In addition, 1,188 debit card purchases, totaling \$73,682, were made using a debit card issued to the Billing Clerk from this same joint bank account from January 25, 2017, to March 30, 2020 (the date of the last district check issued to the Billing Clerk). As a result, the Billing Clerk may have benefitted from some of the district checks issued to her.

### Board Secretary

District checks issued to the Board Secretary, totaling \$19,800, were deposited into the Board Secretary's personal bank accounts, of which the Director is also an authorized signer. The bank was unable to determine how the remaining 2 checks, totaling \$1,150, were negotiated. Funds from these bank accounts were solely disbursed by the Board Secretary and her husband from January 1, 2017, through June 15, 2023, indicating they may have benefitted from the improper payments deposited into their account.

### Overall Conclusion

The lack of segregation of duties and adequate controls, and the absence of proper oversight, as discussed in the remainder of this report, resulted in improper payments to the Director, the Billing Clerk, and the Board Secretary and waste of district resources going undetected for a significant period of time. Some Board members expressed concerns regarding these payments; however, they failed to take timely action to address or provide independent and supervisory reviews over transactions involving the Director, the Billing Clerk, and the Board Secretary.

When we asked the Director if he would be willing to repay any of the unsupported payments to the district, he indicated in sworn testimony, "For me to repay them? For what? . . . Unsupported doesn't mean undeserved," and when asked if he felt responsible for any of these payments, he indicated, "I'm not going to comment on that."

### 1.2 Questionable meeting minutes

The Director may have falsified Board meeting minutes (see Appendix I). On February 14, 2022, a State Auditor's Office (SAO) investigator requested the Director provide all district meeting minutes from January 1, 2017, to December 31, 2021. In response, in March 2022, the Director submitted meeting minutes for 7 meetings held during this time frame (August 30, 2017, February 18, 2018, August 28, 2019, April 29, 2020, August 28, 2020, June 3, 2021, and August 19, 2021).

The Director also submitted July 18, 2016, meeting minutes (see first 2 pages of Appendix I; boxes were added to Appendix I for emphasis). Those July 18, 2016, meeting minutes contained the following:

<sup>11</sup> As a result of the varied signatures, we are unable to determine if the Billing Clerk issued and signed all of these checks.

---

Naylor Neelyville Ambulance District  
Management Advisory Report - State Auditor's Findings

---

- The Board "discussed and approved" the Director "staying on with paid position for manager of contract. Salary reduced to No More than \$650/week with an anticipated 20 hour work week with a combination of remote work and in-office assignment. Contracted labor only. No fringe benefits."
- "Finalization of employment positions discussed with regard to severance packages." The Director, Billing Clerk, and Board Secretary "to receive according to years of service and type of duty. Will no [sic] exceed payment of \$10,000 for severance package each."
- "Discussed expense reimbursement for any remote services related to usage of home supplies and equipment, special expenses in form of allowance for any work exceeding 20 hours a week. Will provide compensation to" the Billing Clerk and the Board Secretary, "and any other current contract workers if added duties or responsibilities are added."

Significant discrepancies were identified during our review of these meeting minutes; the related payments to the Director, the Billing Clerk, and the Board Secretary; and testimony of former Board President Meyer and 2 former Board members as follows:

- The agenda/meeting minutes submitted by the Director were dated July 18, 2016, at the top, while, the bottom of the same meeting minutes were dated July 25, 2018.

It is unclear why meeting minutes for a meeting held on July 18, 2016, would also be dated July 25, 2018, 2 years after the date of the meeting. Notices of public hearings show the Board met at least twice between these dates, once in August 2016 and again in August 2017. Therefore, had these meeting minutes been prepared in July 2016, the Board should have reviewed and approved them at the August 2016 or August 2017 meetings.

- It is also questionable that while the minutes indicate the Director was to be paid \$650 per week, and no more, beginning in January 2017, he did not pay himself this amount until April 2022 (after providing the meeting minutes to SAO investigators). See Appendix J.
- Former Board President Meyer indicated in a recorded interview that she did not recall any of the discussion noted in these July 2016 meeting minutes regarding compensation for the Director, the Billing Clerk, and the Board Secretary. She also indicated that she did not sign these meeting minutes; however, the meeting minutes contain her signature. In addition, former Board President Meyer and 2 other former Board members

## Naylor Neelyville Ambulance District Management Advisory Report - State Auditor's Findings

indicated the Board did not approve the Director, the Billing Clerk, and the Board Secretary to receive compensation after the district entered into a contract for Medic One to provide ambulance services.

- It is also not clear why the July 18, 2016, and August 30, 2017, meeting minutes include Faye Meyer's signature when Velma Tubb served as President. Former Board President Meyer was not appointed as Board President until sometime in 2018, after former Board President Tubb passed away in November 2017.

The 8 meeting minutes submitted to our office in March 2022, contained former Board President Meyer's signature; however, the signature on some of these 8 meeting minutes appear very similar or copied. Former Board President Meyer indicated Board members typically signed a blank piece of paper to show attendance at each meeting.

Section 610.020.7, RSMo, states minutes of open and closed meetings shall be taken and retained by the public governmental body. Meeting minutes serve as an official record of district business conducted and district actions and decisions. The Board's failure to meet regularly and require meeting minutes to be prepared and reviewed by the Board allowed these issues to occur and go undetected. Some Board members expressed concerns about the district practices in recorded interviews; however, they failed to take action to address the concerns or provide independent and supervisory reviews over the work of the Director, the Billing Clerk, and the Board Secretary.

### 1.3 Conflicts of interest

The Director, Billing Clerk (Director's wife), and Board Secretary (Director's mother) were all close family members which created actual or apparent conflicts of interest because the Director and Board Secretary were responsible for reviewing and signing the checks written to all three individuals. All of the checks issued were signed in the Director's scripted handwriting. The Board Secretary indicated during sworn testimony that she often signed blank checks in advance, and that many of the signatures on checks issued to the Director, the Billing Clerk, and to herself did not look like her signature. As a result, the payments to the Director, the Billing Clerk, and the Board Secretary were likely only approved by the Director or the Director and Board Secretary. The former Board President and 2 former Board members indicated in recorded interviews that they did not authorize, review, or approve any of the payments made to the Director, the Billing Clerk, or the Board Secretary, and the Board only met once or twice a year.

The Board did not adequately monitor district activities for conflicts of interest. Board members serve in a fiduciary capacity and have an obligation to the public to avoid the appearance of impropriety. Personal interests in business matters of the district could create actual or the appearance of conflicts of interest, and a lack of independence could harm public confidence

Naylor Neelyville Ambulance District  
Management Advisory Report - State Auditor's Findings

in the Board and reduce its effectiveness. Some Board members expressed concerns of conflicts of interest in recorded interviews; however, they failed to take action to address or provide independent and supervisory reviews over transactions involving the Director, the Billing Clerk, and the Board Secretary.

## Recommendations

The Board of Directors:

1.1-1.2 Work with law enforcement officials regarding criminal prosecution of the improper payments and falsified meeting minutes and take the necessary actions to obtain restitution, and ensure meeting minutes are prepared and retained for all meetings.

1.3 Closely examine district transactions to identify conflicts of interest.

## Auditee's Response

*1.1-1.2 The Board will work with law enforcement officials regarding criminal prosecution of the improper payments and falsified meeting minutes and take the necessary actions to obtain restitution. The Board now requires meeting minutes be prepared and retained for all meetings.*

*1.3 The Board will closely examine district transactions in the future to identify conflicts of interest.*

## 2. Oversight, Budgets, and Financial Reporting

Board members did not establish adequate oversight of district finances and did not prepare budgets, submit financial statements, or obtain annual audits as required by state law, resulting in misappropriated money and a waste of public resources.

### 2.1 Oversight and segregation of duties

The Board did not provide adequate oversight of the Director or segregate duties over the various financial accounting functions of the district. From at least December 2016 to June 2023, the Board failed to regularly meet to discuss or review the district's finances (other than to meet annually to set the property tax levy), leaving the district without adequate leadership and accountability. The former Board Treasurer indicated during a recorded interview that the Board would just meet to "visit just a little bit and check on how everybody was doing." The Board also failed to require meeting minutes or financial statements be prepared for review and approval by the Board. As a result, ambulance district money was not handled and accounted for properly and the Board did not identify discrepancies in a timely manner.

The Board did not segregate district financial accounting functions and, from at least January 1, 2017, to June, 15, 2023, the Director issued and signed checks from the district's bank account without Board oversight. The only

## Naylor Neelyville Ambulance District Management Advisory Report - State Auditor's Findings

control over these disbursements was a second signature on the checks, which was ineffective because the additional signor was the Director's mother (Board Secretary). This control was further circumvented, as the Board Secretary indicated that she often signed blank checks in advance and could not verify that some of the check signatures were hers. Finally, as noted in the Background section, the Director had sole access to the district office, computer, and safe deposit box. The Board failed to obtain access to these and the district's bank account until June 15, 2023, when the Board established a new district bank account and gained access to the district's safe deposit box and office. This was 11 months after the Director purportedly resigned in July 2022.

Internal control weaknesses identified throughout this report are significant and demonstrate a lack of segregation of duties and proper oversight by the Board that led to the misappropriation noted in Management Advisory Report (MAR) finding number 1.1. Proper segregation of duties helps ensure transactions are accounted for properly and assets are adequately safeguarded. If proper segregation of duties is not possible, timely supervisory or independent reviews of work performed and investigation into unusual items and variances is necessary. Good management practices require extensive and detailed oversight by the Board. Signing checks in advance represents a significant control weakness and allowed improper disbursements to occur. Some Board members expressed concerns about the district practices in recorded interviews; however, they failed to take action to address the concerns or provide independent and supervisory reviews over transactions involving the Director and his family.

### 2.2 Budgets and financial reporting

The Director and the Board did not prepare budgets or file financial statements for at least the 5 years ended December 31, 2022, 2021, 2020, 2019, and 2018. The Board also did not obtain annual audits of its district as required by state law, and the Board did not know when the last audit of district finances occurred. The Board did not file annual financial reports with the SAO for at least the 5 years ended December 31, 2022, 2021, 2020, 2019, and 2018. Per the Missouri Department of Revenue (DOR), the district currently owes \$903,000 for the period December 2017 through December 2020 for failure to file financial statements.

Section 67.010, RSMo, requires political subdivisions prepare a budget to present a complete financial plan for the ensuing budget year and sets specific guidelines for the information to be included in the budget. In addition, Section 67.080, RSMo, provides that no expenditure of public money should be made unless it is authorized in the budget. A complete and well-planned budget, in addition to meeting statutory requirements, can serve as a useful management tool by establishing specific financial expectations for each area of district operations. It also assists in setting tax levies and informing the public about district operations and current finances.

---

Naylor Neelyville Ambulance District  
Management Advisory Report - State Auditor's Findings

---

Section 105.145, RSMo, requires each political subdivision to file annual reports of its financial transactions with the SAO. Section 105.145.9, RSMo, requires political subdivisions to be fined \$500 per day for missing filing deadlines. In addition, 15 CSR 40-3.030, requires each political subdivision to file annual financial reports within 6 months of the end of the subdivision's fiscal year. Section 190.075, RSMo, requires the district to obtain annual audits of the district books, records, and accounts.

## Recommendations

The Board of Directors:

- 2.1 Segregate accounting duties to the extent possible and implement appropriate reviews and monitoring procedures.
- 2.2 Prepare annual budgets that contain all information required by state law and ensure the budgets are adequately monitored. The Board of Directors should also submit annual financial reports timely to the State Auditor's Office and obtain annual audits as required by state law.

## Auditee's Response

- 2.1 *The Board will implement appropriate reviews and monitoring procedures of all district transactions.*
- 2.2 *The Board will prepare annual budgets that contain all required information and monitor the budgets. The Board will also submit financial reports timely to the State Auditor's Office and will obtain annual audits as required by state law.*

---

# Naylor-Neelyville Ambulance District

## Organization and Statistical Information

---

The Naylor-Neelyville Ambulance District was established in June 1983 pursuant to Chapter 190, RSMo. The district covers 180 square miles in southeastern Ripley and southwestern Butler counties, has one building in Naylor, Missouri, and serves approximately 3,800 district residents. The Board of Directors is comprised of six members. Membership on the Board is to be comprised of one member from each of the following: City of Naylor, City of Neelyville, Town of Oxly, Town of Fairdealing, rural Ripley County, and rural Butler County. Board members receive no compensation. As of June 15, 2023, the Board consisted of the following members:

### Board of Directors

Title	Name
Board President (1)	Jason Shepard
Board Member (2)	Linda S. Harris
Board Member (3)	Chase Buckner
Board Member (3)	Donald J. McNabb
Board Member (3)	Freda Matney
Board Member	Vacant

- (1) Velma Tubb served as the Board President from at least July 18, 2016, to November 2017. Faye Meyer served as a Board member from at least July 18, 2016, until she was appointed Board President sometime in 2018. Faye Meyer continued to serve as Board President until July 2022, when she resigned.
- (2) District records indicate Linda S. Harris served as a Board member from at least April 29, 2020, until current. Donnell McComb served as a Board member from at least July 18, 2016, until at least sometime in 2019.
- (3) Chase Buckner and Donald J. McNabb were appointed to the Board on April 19, 2023. Freda Matney was appointed to the Board sometime in May 2023. District records indicated Kenny Hyde served as the Board Treasurer from at least July 18, 2016, until at least January 23, 2023; Patricia Smoody served as a Board member from at least July 18, 2016, until at least January 23, 2023; Bo Dasch served as a Board member from at least August 3, 2021, until at least January 23, 2023; and Evelyn Horne served as a Board member from at least July 18, 2016, until at least November 28, 2020.

### Financial Activity

A summary of the district's financial activity, obtained from the bank statements, for the period January 1, 2017, through June 15, 2023, follows:

## Naylor Neelyville Ambulance District Organization and Statistical Information

Naylor-Neelyville Ambulance District  
Schedule of Receipts, Disbursements, and Changes in Cash  
January 1, 2017, to June 15, 2023

J	Improper Payments to Director
K	Improper Payments to Billing Clerk
L	Improper Payments to Board Secretary

---

Appendix A  
Naylor-Neelyville Ambulance District  
Ambulance Services Contract

**Professional Medical Transport Services Term Sheet**

(Federal, AR & MO Regulatory Compliance – Current Through JUL-2012)

\*\*\* USE ONLY FOR \*\*\*

\*\*\* AMBULANCE DISTRICTS; COUNTIES/OTHER GOVERNMENT ENTITIES; HOSPITALS; OR OTHER HEALTHCARE FACILITIES \*\*\*

**THIS TERM SHEET** ("Term Sheet" or "Form PMTSATS-711" is made by and between Medic One and the Naylor-Neelyville Ambulance District ("Provider") for the purpose of supplementing and is subject to the terms and conditions of the parties' and Professional Medical Transport Service Agreement ("form PMTSA-711") and all Term Sheets previously executed by the Parties. In the event of a conflict between Form PMTSA-711 or any Term Sheet covering the same "Purpose of Engagement" previously executed by the Parties and this Term Sheet, the provisions of this Term Sheet prevail. The following is subject to Medic One's policies and procedures as amended from time to time.

**PURPOSE OF ENGAGEMENT**

**Total Management & Operation of Ambulance Service by Medic One**

**DESIGNATED AREA**

**NAYLOR-NEELYVILLE AMBULANCE DISTRICT SERVICE AREA**

**START DATE**

Provider shall begin performance of Provider's obligations hereunder immediately following execution of this Agreement by both Parties.

Medic One shall begin receiving all calls/dispatches and providing Medic One's goods and Services in the Designated Area on October 31<sup>st</sup>, 2016.

**TERM**

The "Term of this Agreement" shall mean the Initial Term and all Renewal Terms. The Initial Term shall begin immediately after this Term Sheet is last executed by a Party and continue for a period of **THREE (3) years** from the 1<sup>st</sup> day of the month following the foregoing designated Start Date for Medic One's goods and Services. Upon expiration of the Initial Term and each Renewal Term, this Agreement shall automatically renew on the same terms for successive periods of **ONE (1) year** ("Renewal Term") unless either Party provides written notice to the other of their intent not to renew at least one hundred twenty (120) days in advance of the expiration of the then current term.

**COMPENSATION, BILLING & PAYMENT PROCESSING**

Medic One shall be solely responsible for processing, submitting and tracking all claims and invoices for Medic One's goods and Services, as well as, payments for the same. All money related to every Customer Transaction processed, submitted and collected by Medic One or related to or arising out of Medic One's provision of goods and Services shall be solely and exclusively for the use and benefit of Medic One.

**DESCRIPTION OF DUTIES, OBLIGATIONS & SERVICES**

**MEDIC ONE'S Duties, Obligations & Services:**

Without limitation of anything in this Term Sheet or the Agreement, Medic One shall use commercially reasonable efforts to:

- (i.) Provided market conditions allow for the profitable operation of such, as determined solely by Medic One, maintain, staff and support **ONE Advanced Life Support equipped ambulances TWENTY-FOUR (24) HOURS each day, SEVEN (7) days per week** with such ambulances being located at a location or locations within Provider's operational area, target market, and/or jurisdiction, Naylor, Missouri Station.
- (ii.) Notwithstanding the foregoing, Medic One may, in its sole discretion market conditions and the needs of the community do not support the profitable or commercially reasonable operation of the aforementioned number, type(s), and/or hours of operation for such ambulances, reduce the number and/or change the type and/or hours of operation for such ambulance(s); provided however, Medic One will not reduce the number, type or hours of operation for its ambulances to a level below that which is currently provided by Provider (i.e. **ONE (1) Advanced Life Support equipped ambulance TWENTY-FOUR (24) HOURS each day, SEVEN (7) days per week**).

## Appendix A Naylor-Neelyville Ambulance District Ambulance Services Contract

- (iii.) Hire or otherwise engage, pay all costs associated with, and ensure the proper training and current certification of sufficient personnel to staff the number of ambulance(s) Medic One is required to provide by this Agreement with such personnel having the qualifications required by applicable federal, state, and local regulations during the hours such ambulance(s) are required to be provided under this Agreement;
- (iv.) Transport or arrange for the transport of Patients to an appropriate hospital, healthcare facility, or other location based upon principals of timely and medically appropriate transportation and care;
- (v.) Transport or arrange for the transport of Patients to a hospital, healthcare facility, or other location of the Patient's choice; provided however, Patients meeting the criteria established by governmental regulations or established medical transport protocols for direct transport to a specialized trauma or other treatment facility shall be transported to the appropriate healthcare facility in accordance with such regulations and/or protocols;
- (vi.) Substantially meet or exceed the national, monthly average "en route" and "at scene" response times for emergency medical ambulance providers in areas with both geographic and demographic characteristics similar to those in Provider's operational area, target market, and/or jurisdiction, excepting such calls or runs for which the "en route" and "at scene" response times were hindered by circumstances beyond the control of Medic One or Medic One's personnel including, without limitation, adverse weather, failure of communications networks or devices, etc.;
- (vii.) For all vehicles and equipment leased from Provider by Medic One, pay for all fuel and energy sources used by such vehicles and equipment and perform or cause to be performed, solely at Medic One's expense, all required maintenance and repairs due to or necessitated by ordinary wear and tear; provided, in performing such maintenance and repairs, Medic One is specifically authorized to use any and all parts on or from the vehicles and equipment leased from Provider and all of Provider's spare parts retained in Provider's inventory of vehicles and equipment without Medic One incurring an additional charge, liability for or being required to replace the same;
- (viii.) Not use any vehicle or equipment leased from Provider for the provision of Medic One's services outside the Designated Area and geographic boundaries of Provider's operational area, target market, and/or jurisdiction, except in circumstances where Medic One is providing its services in response to a mutual aid agreement, mass casualty event, or otherwise specifically advancing Provider's interests or servicing the medical transport needs of Provider's current and future customers, patients, and/or citizens within Provider's operational area, target market, and/or jurisdiction;
- (ix.) Cooperate with and provide assistance to Provider with respect to any grants or loans for which Provider may apply to increase, maintain or prevent the decrease of healthcare related services including, without limitation, emergency medical transport and related services within any MUA served by both Provider and Medic One;
- (x.) Cooperate with and mutually communicate with Provider to resolve any complaints received by Provider with respect to the goods and Services provided by Medic One hereunder including making a good faith effort to amicably resolve such complaint and otherwise promote a positive public image of both Medic One and Provider amongst the general public and other practitioners and healthcare professionals; and
- (xi.) Indemnify and hold harmless Provider from any lawsuit, judgment or settlement against Provider, which arises out of Medic One's actions or inactions in connection with the provision of or failure to provide emergency medical transport services to Provider's current and future customers, patients, and/or citizens within Provider's operational area, target market, and/or jurisdiction; provided however, Medic One's liability and obligation to indemnify and hold harmless Provider hereunder is specifically contingent upon and requires as a pre-requisite that, without any requirement for Medic One to show Provider's or other failure to strictly comply with the following in any way prejudiced Medic One's rights or ability to defend:
- (a.) Medic One receive notice and a copy of any threatened litigation or claims against Provider for which provider intends or actually seeks indemnity from Medic One hereunder with such notice and copy being received by Medic One within ten (10) business days following Provider's receipt of the same;
- (b.) Medic One receive notice and a copy of both the summons and complaint for any actual litigation or claim against Provider for which provider intends or actually seeks indemnity from Medic One hereunder with such notice and copy being received by Medic One within three (3) calendar days following Provider's receipt of the same;
- (c.) Medic One being entitled to obtain the benefits and protections of and validly assert on both its own behalf and the behalf of Provider all defenses and bars to recovery which are available to Provider including, without limitation, the doctrines of sovereign immunity, official immunity, statutory immunity, charitable immunity, and public duty; and
- (d.) Medic One be permitted to defend such actual or threatened claims or lawsuits with attorneys and legal counsel of Medic One's choice and if Medic One deems settlement to be in Medic One's best interest, only settle such threatened or actual claims or lawsuits after Medic One is satisfied it has sufficiently consulted with Provider and/or Provider's legal advisors and the necessary parties have participated in good faith negotiation.
- (e.) Medic One will List Naylor-Neelyville Ambulance District as "Additional Insured" for Liability on their current coverage package.

### **PROVIDER'S Duties, Obligations & Services:**

Without limitation of anything in this Term Sheet or the Agreement, Provider shall:

(i.) **[RESERVED];**

(ii.) Ensure all of Provider's facilities and the E-911 dispatch center in Provider's operational area, target market, and/or jurisdiction call and dispatch solely to Medic One all calls and requests, which require or possibly require emergency or non-emergency ambulance transport originating or terminating within any jurisdiction(s) in which Medic One provides Services, excepting such calls or dispatches for which Provider or the E-911 dispatch obtains and maintains a verifiable record of the patient's specific request to be transported by a service other than Medic One;

## Appendix A Naylor-Neelyville Ambulance District Ambulance Services Contract

(iii.) Ensure execution of and assist Medic One with the procurement of a memorandum of understanding with the appropriate dispatching agency for dispatching solely to Medic One all calls, which require or possibly require emergency or non-emergency ambulance transport and which originate or terminate within any jurisdiction(s) in which Medic One provides Services;

(iv.) With the initiation of contract will provide the following items as purchases by Medic One Ambulance Service for the sum of \$23,000 which will be deducted from the first year's tax revenue.

- a.) 2006 Van Ambulance, Ford
- b.) 2003 Box Ambulance, Ford
- c.) Life Pack 15 and attachments
- d.) Remaining medical equipment/supplies remaining on rigs including two stretchers, suction unit, pulse ox, supplies, etc...
- e.) Power washer, Generators x 2, Ladders, washer, dryer.

(v.) First year tax revenue will also have a deduction of \$23,000 in order to pay complete outstanding balance on the building/property. The property and building will remain deeded to the NNA District, but Medic One will have use and responsibility of all upkeep, maintenance, insurance, and utilities associated with the property.

(a.) The NNA Board of Directors will retain the corner portion of the attic space for storage and will retain sole use of the office currently utilized as the Director's office. The NNA Board will have sole access 24/7. No other parties will have access to this office space.

(b.) Medic One will list NNA as additional insured party on current liability coverage.

(c.) Medic One will provide proof of insurance coverage yearly to the President of the board of directors.

(vi.) Items deducted from the tax revenue yearly will be the coverage needed for elections, any filing and/or registrations of regulating bodies, and the incurred cost of Board of Directors operations insurance. The actual dollar amount is a variable rate/amount so shall not be fixed in this contract. Receipts for all incurred costs and expenses in where there is tax money deducted will be provided in detail to Medic One.

(vii.) Other than for purposes listed above, the NNA District will turn over the revenue generated yearly by the district at the current rate of 0.29 cents on the dollar valuation. As mentioned above, the district will be eligible to withhold for needed and necessary expenses incurred by the service area with the strict stipulation that all receipts be published in a timely manner to Medic One.

(viii.) [RESERVED];

(ix.) [RESERVED];

(x.) [RESERVED];

(xi.) To the extent permitted by law, provide all necessary assistance to and support of Medic One in connection with Medic One's bid(s) for a franchise or other contract to provide Medic One's goods and Services within any franchised area or ambulance district within Provider's operational area, target market, and/or jurisdiction; and

(xii.) From time to time and upon request, make recommendations to Medic One's management regarding and develop or procure such equipment, personnel, resources, staff and techniques which, if implemented, will improve the general quality standards and efficiencies of the Parties' performance hereunder, as well as, mutually communicate with Medic One regarding current "Best Practices" information and mutually assist with development of and monitoring compliance with one another's Compliance and Quality Assurance Plans.

(xiii.) Indemnify and hold harmless Medic One from any lawsuit, judgment or settlement against Medic One, which arises out of Provider's actions or inactions related to the performance of Medic One's duties, obligations, and Services in connection with the Form PMTSATS-711.

### INDEPENDENT CONTRACTOR

This Agreement neither creates nor should be construed and neither Party shall provide its Services in a manner or make any representations which creates or infers any employment, joint venture or partnership relationship between the Parties. It is mutually understood and agreed the Parties, in performing their respective duties and obligations are at all times acting and performing as independent contractors with respect to each other. Neither Party shall exercise control or direction of any nature, kind or description over the manner or method by which the other performs Services, if such would eliminate either Party's independent contractor status. Neither Party shall have any authority to bind the other to any obligation nor shall any Party be responsible for any obligation or expense of the other, except as may be expressly provided by this Agreement. Provider and Medic One retain the right to offer their respective services to others, subject to the terms, conditions and restrictions in this Agreement. Neither Party shall be subject to any of the other's policies which are solely applicable to such Party's employees. The provisions of this paragraph shall survive expiration or termination of this Agreement.

### MODIFICATION(S)

Notwithstanding anything else herein to the contrary, Provider shall be entitled to keep and retain records and documentation related to each customer Transaction for a period of ten (10) years following termination of this Agreement; provided however, any such retained records or data shall be retained solely for purposes of Provider's regulatory compliance and recordkeeping responsibilities with such records and data being

## Appendix A Naylor-Neelyville Ambulance District Ambulance Services Contract

retained and secured in compliance with all federal and state laws and regulations, as well as disclosed in full in the Compliance Affidavit Form PMTSACA-711.

### PROVIDER'S AUTHORIZED PERSONNEL

Provider certifies, covenants and warrants the following individuals have received and will remain current on all HIPAA Regulations and other procedures and requirements for maintaining confidentiality of PHI. ONLY AUTHORIZED PERSONNEL LISTED HERE ARE PERMITTED TO RECEIVE OR ACCESS PHI ON FILE WITH PROVIDER – ADDITIONS MUST BE DULY AUTHORIZED IN WRITING.

HIPAA COMPLIANCE	
PROVIDER PERSONNEL:	<b>Velma Tubb</b> Board of Directors President; <b>Brad J. Davis</b> Advisor to the Board of Directors. All Persons Employed or Engaged by Provider for the Provision of Healthcare Services to Medic One's Customers and Patients, but Limited Only to Such Customers or Patients to Whom the Person Has Actually Provided or Is Contemporaneously or Imminently Providing Healthcare Services; All Persons Employed or Engaged by Provider for the Billing of Healthcare Services Provided to Persons Who Are Customers or Patients of both Provider and Medic One; and Any Other Licensed Health Care Professional Providing Patient Care or Other Person Authorized Under HIPAA or Other Applicable Privacy Laws & Regulations – If Individual's Name Does Not Appear Here, Then Individual's Name Must Be Recorded & Approved By HIPAA Compliance Officer Prior to Disclosure of PHI

### MEDIC ONE'S AUTHORIZED PERSONNEL

Medic One certifies, covenants and warrants the following individuals have received and will remain current on all HIPAA Regulations and other procedures and requirements for maintaining confidentiality of PHI. ONLY AUTHORIZED PERSONNEL LISTED HERE ARE PERMITTED TO RECEIVE OR ACCESS PHI ON FILE WITH MEDIC ONE – ADDITIONS MUST BE DULY AUTHORIZED IN WRITING

HIPAA COMPLIANCE OFFICER:	<b>Mr. Ryan Kibler</b>
MEDIC ONE PERSONNEL:	<b>Chip Mann</b> -- Executive Director <b>Tim Brickell</b> -- Director of Operations <b>Kim Mann</b> -- Billing & Contract Compliance All Persons Employed or Engaged by Medic One for the Provision of Healthcare Services to Medic One's Customers or Patients, but Limited Only to Such Customers or Patients to Whom the Person Has Actually Provided or Is Contemporaneously or Imminently Providing Healthcare Services; and Any Other Licensed Health Care Professional Providing Patient Care or Other Person Authorized Under HIPAA or Other Applicable Privacy Laws & Regulations – If Individual's Name Does Not Appear Here, Then Individual's Name Must Be Recorded & Approved By HIPAA Compliance Officer Prior to Disclosure of PHI

### TERMINATION

In addition to the Parties' rights to terminate with notice, Medic One may, but is not necessarily obligated to and only if permitted by applicable law, terminate this Agreement without liability, either immediately without notice or if notice is required by law, then on the soonest permitted date after providing notice, upon the occurrence of any one of the following: (i) A Required Disclosure Event; (ii) Medic One's sale of all or substantially all of its assets, closure of facilities or loss of contracts, vendors or Customers for or to which Medic One engaged Provider for Services; (iii) Medic One, in its sole discretion, deems its provision of goods and Services in the Designated Area or under the terms and conditions of this Agreement to be unprofitable or otherwise inconsistent with Medic One's overall business plan and objectives; (iv) Provider's death, dissolution, or bankruptcy; (v) Provider's breach of Confidentiality; (vi) Provider's inefficiency or unacceptable delay in performance hereunder; (vii) Provider's failure to provide calls or dispatches in a quality or quantity satisfactory to Medic One; and (viii) Provider's unlawful conduct.

Notwithstanding the foregoing, Medic One's immediately foregoing right to terminate this Agreement for cause without notice shall be limited as follows: (i) If Medic One's immediate termination without notice would leave Provider or the citizens residing within Provider's service area without any ambulance service or would otherwise jeopardize the health or safety of Provider's patients or the citizens residing within Provider's service area, then in such case, Medic One shall be required to provide at least sixty (60) days' notice to Provider of Medic One's intention to terminate for cause. In the event Medic One terminates this Agreement under the terms of this section, then Medic One and Provider shall cooperatively work together to transition services to Provider's replacement for Medic One as soon as possible.

Appendix A  
Naylor-Neelyville Ambulance District  
Ambulance Services Contract

**DEFINITIONS**

As used in this Agreement the following terms, which may but need not be capitalized, shall mean:

**Customer Transaction:** The entirety of the process necessary for Medic One to process, submit, track, collect and receive payment for each of Medic One's Customers or Provider's Customers who receives any goods or services provided by Medic One, beginning from the moment Medic One receives a call or dispatch requesting the provision of Medic One's goods or Services, continuing through Medic One's processing and submission of a Health Care Claim or Equivalent Encounter Information Transaction to the Customer's Health Plan, and ending with Medic One's receipt of full payment for the provision of Medic One's goods and Services.

**Health Care Claim or Equivalent Encounter Information Transaction:** As ascribed and used in 45 C.F.R. § 162.1101.

**Health Plan:** As ascribed and used in 45 C.F.R. § 160.103.

**Provider's Customer:** As used in connection with the transactions contemplated by this Form PMTSATS - 711, "Provider's Customer" shall have the same meaning ascribed to Customer, except the term "Provider" shall be substituted for "Medic One," as necessary to retain the proper context and usage.

MISSOURI STATE AUDITOR

## SUBPOENA

To: **Brad Davis**

YOU ARE COMMANDED AND REQUIRED to appear personally before the State Auditor or his representative, **Troy Royer**, at the **Butler County Courthouse, 100 N. Main Street, Room 204A, Poplar Bluff, MO 63901**, on **Wednesday, May 3, 2023**, at **10:00am**. for purposes of providing testimony, and producing for examination, copying, and interrogation the following records and documents listed on Exhibit A attached to this Subpoena.

In lieu of appearance, you may ship the equipment and records responsive to this subpoena to the Missouri State Auditor to the attention of Joyce Thomson at 301 W. High St., Room 880, Jefferson City, MO 65101, or email the records to: [Joyce.Thomson@auditor.mo.gov](mailto:Joyce.Thomson@auditor.mo.gov) to be received no later than May 3, 2023 at 5:00pm.

ISSUED this **April 18, 2023**, pursuant to Section 29.235.4(1), RSMo.

Scott Fitzpatrick  
Missouri State Auditor

I served the foregoing subpoena by hand delivery on this <sup>20</sup>~~19~~th day of April, 2023.

Information of a personal, privileged, or sensitive nature, and/or information that is not directly related to the information requested in the subpoena has been redacted.

Appendix B  
Naylor-Neelyville Ambulance District  
State Auditor Subpoenas and Letter - Brad Davis

**EXHIBIT A**

You are to preserve for production and inspection, and then appear as instructed on the attached subpoena and produce for inspection and examination, the following items in your possession or under your control:

All documents or other records, in whatever form, whether hard copy or electronic, pertaining or belonging to the Naylor-Neelyville Ambulance District for the time period of July 1, 2017 to April 18, 2023.

This request includes, but is not limited to, the following:

1. All documentation (invoices, timesheets, etc.) for services provided to the Naylor-Neelyville Ambulance District by Brad Davis, Arlene Davis, and Amy Davis;
2. All documentation (reimbursements, mileage logs, etc.) of payments made to Brad Davis, Arlene Davis, and/or Amy Davis by the Naylor-Neelyville Ambulance District.
3. All records of meeting minutes for the Board of the Naylor-Neelyville Ambulance District.
4. All documentation of bank statements for the following account: Peoples Community Bank, Account [REDACTED].
5. Computer belonging to the Naylor-Neelyville Ambulance District.
6. Any hard-drive backups or flash drives containing documentation regarding the Naylor-Neelyville Ambulance District.
7. All contracts with Medic One.
8. All documentation of district funds received from Butler and Ripley Counties.
9. All documentation of district funds received from the United States Federal Government.

This request for records includes all materials that exist in paper ("hard copy") or electronic form (including but not limited to records and data maintained on computers, tablets, smart phones, external electronic storage drives, thumbdrive drives, remote servers or back-up tapes). All information requested in the items above are subject to inspection, review and copying by the state auditor. Section 29.235.4(1), RSMo.

Birk Law Firm  
Attn: Kelvin W. Birk  
2851 Professional Court, Suite C  
Cape Girardeau, MO 63703

Re: Subpoena to Brad Davis from the State Auditor

Dear Mr. Birk,

Our review of documents provided initially by Mr. Davis, and in response to a subpoena (issued on April 18, 2023 and served on April 20, 2023) related to our audit of the Naylor-Neelyville Ambulance District, indicate the following documents requested in the subpoena were not provided:

- Check stubs from January 2022 to April 2023;
- Meeting minutes from September 2021 to April 2023; and
- Bank statements from January 2022 to April 2023.

In addition, the computer provided on May 3, 2023, in response to the subpoena only contained district documents from 2016 and prior; it did not provide any of the electronic files belonging to the Naylor-Neelyville Ambulance District after 2016. Your client has not yet responded fully and completely, as he has not provided all of the materials as requested in the subpoena.

**Please provide any and all electronic district files (in electronic form) maintained on any and all computers used for district business from July 1, 2017 to April 18, 2023.**

Please provide these documents by close of business on May 16, 2023. Please contact me at (573) 751-7474 if you have any questions or concerns.

Sincerely,

Leslie Korte  
General Counsel  
Office of Missouri State Auditor

## Minutes of Board Meeting

**Date: Monday February 12, 2018**

**Time: 09:30 AM**

**Location: AMBULANCE OFFICE**

**Quarter: 1<sup>ST</sup> 2018**

The Board of Directors for the Naylor-Neelyville Ambulance District conducted their quarterly meeting in accordance to the district by-laws. Meeting was open to the general public. Any closed business will be available to the general public for view in accordance with State Sunshine laws.

Meeting was set to swear in old members for another term of office given there was no opposition to them for the general election.

Motion was made to appoint Fay Meyers to the position of President of the Board and have her added to the signature authorization form at PCSB as soon as possible. All attendees were in favor.

All board members were present for the meeting except for our presiding president Velma Tubb whom passed away a couple weeks prior.

Her seat was voted to remain open until there was qualified candidates from her area that was interested in the position. At that time, it will be brought before a vote to confirm seating.

Appendix I  
Naylor-Neelyville Ambulance District  
Questionable Meeting Minutes

Motion was also made and carried in all favor to appoint Patricia Smody back to her current status due to the fact she was late for signing up and there was no one in opposition or interested in the position.

All other members were sworn into their positions with oath of office and will assume this role for the next two-year term.

No other business including closed business was discussed. Oaths of office were signed and witnessed by acting director Brad Davis.

Next meeting was set for 2<sup>nd</sup> quarter 2018.

Motion to adjourn at 10:25am.

N/A Not applicable

- (1) The district had 2 bank accounts during the time period of our audit, so two sequences of check numbers are shown. We identify one account as Bank Account A and one account as Bank Account B in this appendix.
- (2) Portions of the memo line of the canceled check, notated by a ~ symbol, were not legible. Thus, the wording is not known.
- (3) EFT is an electronic funds transfer. The purpose of the transfer is as shown on the bank statement.
- (4) Check issued out of order.

## Missouri State Auditor

### Office of Secretary of State

Report No. 2024-007

January 2024

[auditor.mo.gov](https://auditor.mo.gov)

# CITIZENS SUMMARY

## Findings in the audit of the Office of Secretary of State

Voter Registration Data Service Termination	The Office of Secretary of State (SOS) terminated its membership in the Electronic Registration Information Center (ERIC), a multi-state election services cooperative, without fully evaluating the benefits received from the membership, consulting key stakeholders, or having plans to fully replace the benefits received from the membership. As a result, the SOS and local election authorities (LEAs) will have less assurance that the voter rolls of the state are reliable, and will have less useful and timely information for updating voter registration lists. As the State Auditor's Office (SAO) attempted to evaluate the efficacy of the ERIC membership, SOS officials refused to provide reports from ERIC containing potentially duplicate or ineligible voter registrations. This data was then requested and obtained directly from ERIC.
Refusal to Provide Information Required by Statute	In response to inquiries regarding the implementation of a new statutory requirement, the SOS refused to provide certain information about expenditures for cyber security reviews of LEAs. Disclosure of this information to the SAO is required by state law. The SOS refused to provide the names of LEAs receiving cyber security reviews, LEAs planned to receive future reviews, and the results of completed reviews. Due to this refusal, we were unable to fully evaluate the propriety of the related expenditures.
Financial Reporting Controls	In May 2023, the SAO issued Report No. 2023-022, <i>Annual Comprehensive Financial Report - Report on Internal Control, Compliance, and Other Matters</i> . Included in that report was an audit finding regarding the SOS's financial reporting controls (Finding No. FS2022-006). The SOS did not have adequate controls and procedures over financial reporting of accounts receivable. As a result, civil penalty accounts receivable data submitted to the OA for inclusion in the financial statements for the year ended June 30, 2022, was misstated. If the resulting misstatements had not been identified during the audit, Government Wide - Governmental Activities and Public Education Fund net accounts receivable and related liability balances would have been overstated by at least \$9.7 million in the financial statements.

In the areas audited, the overall performance of this entity was **Fair**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

Honorable John R. (Jay) Ashcroft, Secretary of State  
Jefferson City, Missouri

We have audited certain operations of the Office of Secretary of State, in fulfillment of our duties under Chapter 29, RSMo. The scope of our audit included, but was not necessarily limited to, the 2 years ended June 30, 2022. The objectives of our audit were to:

1. Evaluate the office's internal controls over significant management and financial functions.
2. Evaluate the office's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the office; as well as certain external parties; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

The Office of Secretary of State refused to provide certain information related to expenditures for cyber security reviews of local election authorities. Consequently, we were unable to fully evaluate the propriety of those expenditures (see Management Advisory Report finding number 2).

Except as discussed in the prior paragraph, we conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. Except as explained in the prior paragraph, we believe the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the office's management and was not subjected to the procedures applied in our audit of the office.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our finding arising from our audit of the Office of Secretary of State.

A handwritten signature in black ink, appearing to read "S. Fitzpatrick". The signature is stylized with a large, looped "S" and a distinct "F".

# Office of Secretary of State

## Management Advisory Report

### State Auditor's Findings

---

#### **1. Voter Registration Data Service Termination**

The Office of Secretary of State (SOS) terminated its membership in a multi-state election services cooperative without fully evaluating the benefits received from the membership, consulting key stakeholders, or having plans to fully replace the benefits received from the membership. As a result, the SOS and local election authorities (LEAs) will have less assurance that the voter rolls of the state are reliable, and will have less useful and timely information for updating voter registration lists. In the 5 years since joining the Electronic Registration Information Center (ERIC), the SOS and LEAs were provided information on over 770,000 potentially duplicate voter registration records and over 21,000 deceased voter registration records.

#### Background

The SOS, along with the 116 LEAs throughout the state, maintain an electronic voter registration database containing names, addresses, birth dates, and other identifying information on the approximately 4 million Missouri registered voters. The LEAs use the voter registration lists to ensure votes cast in Missouri elections are cast by eligible and registered voters. Sections 115.163, 115.179, and 115.181, RSMo, require the LEAs to perform procedures prior to primary or general elections for federal office, such as mailing identification cards to voters, canvassing voters, and/or using the federal National Change of Address program (NCOA),<sup>1</sup> that help provide the LEAs with information to verify the accuracy of information on the voter registration lists. Also, Section 115.195, RSMo, requires the state or local registrar of vital statistics to notify LEAs of deaths of Missouri residents for removal from the voter registration lists. The SOS maintains an online registration system that allows registered voters to update their identifying information for address or name changes, and the SOS provides annual funding to the LEAs to assist them with the cost of performing voter registration list maintenance activities.

In January 2018, the SOS became a member of ERIC, a non-profit corporation for fostering election improvements governed by the chief election official of each member state that was then comprised of 22 states and the District of Columbia. According to Secretary Ashcroft's termination letter to ERIC, the state joined ERIC to make elections better, make voter rolls more accurate, and bring greater trust to the election process. Membership in ERIC is intended to supplement the existing efforts of the SOS and LEAs to maintain accurate voter registration lists by using data from other states that is not readily available to the LEAs. ERIC uses member states' databases of voter registrations and motor vehicle drivers' licenses, submitted by members at least every 60 days, and databases from the Social Service Administration (SSA) on deaths to identify records in the voter registration databases that could represent duplicate voter registrations, voters who have moved in-state or out-of-state, or deceased voters. Member states

---

<sup>1</sup> Under the NCOA, entities can receive datasets from the United States Postal Service (USPS) on individuals who have submitted change of address forms to the USPS.

Office of Secretary of State  
Management Advisory Report - State Auditor's Findings

ERIC reports identified a significant number of duplicate records

are required to request ERIC data at least once a year. Member states are required to validate the information in the ERIC reports and then contact the voters to update or correct each voter's record. Upon request from a member, ERIC also matches the member voter registration data with NCOA data. The SOS paid annual ERIC membership fees of \$32,014 during each of the fiscal years ended June 30, 2022, and 2021. However, in March 2023, the SOS terminated its membership in ERIC. At the time the SOS left ERIC, membership had grown to 32 states and the District of Columbia.

During its membership in ERIC the SOS received ERIC reports containing 792,258 records representing potentially duplicate or ineligible voter registrations or inaccurate identifying information. We initially requested ERIC reports from the SOS; however, SOS officials refused to provide these reports or to provide data related to summary statistics of ERIC reports on voter registrations that were duplicates or were of deceased voters. SOS officials later clarified that ERIC data reports were not retained so they could not be provided. We then requested and obtained this data directly from ERIC. Summary data on the number of records identified in ERIC reports during the SOS's membership are as follows:

Missouri ERIC Reports received through March 2023<sup>2</sup>

Report Type	Number of Reports	Number of Records Identified
Deceased voters	25	21,712
In-state duplicate registrations	22	18,242
In-state movers/updates	6	368,420
Cross-state movers	21	383,884

Source: ERIC

ERIC defined each of the reports as follows:

- Deceased voters: Identifies registered voters who have died based on the state's voter registration database and SSA death data.
- In-state duplicate registrations: Identifies registered voters with more than one voter registration in the state's voter registration data.
- In-state movers/updates: Identifies registered voters who appear to have moved within the state based on the state's voter registration database and the driver's license database.
- Cross-state movers: Identifies voters who appear to have moved to another member state based on a more recent record for the voter in the

<sup>2</sup> According to SOS officials, the SOS began receiving complete data from ERIC reports in August 2019.

---

Office of Secretary of State  
Management Advisory Report - State Auditor's Findings

---

voter registration data and/or driver's license data from other member states.

SOS officials indicated the ERIC reports were provided to the LEAs for investigation and to correct voter lists as needed. However, as noted below, the SOS has not summarized the results of the LEAs' investigations of the ERIC records, so the number of records identified in the ERIC reports that resulted in corrections to the voter registration list is unknown.

Impact of leaving ERIC was not fully assessed prior to termination

The SOS did not fully evaluate the benefits received from ERIC or obtain input from key stakeholders prior to terminating the membership. According to discussions with SOS officials, the SOS did not track and analyze the summary data received from the ERIC reports or the results of the LEAs' investigations of the potentially inaccurate records identified by ERIC, and could not provide such summary data when we requested it. SOS officials indicated the ERIC reports were not retained because they were provided to the LEAs, and the LEAs were responsible for follow-up efforts. However, SOS officials stated they did not consult the LEAs prior to making the decision to terminate ERIC membership. Instead, they notified the LEAs after the termination occurred. The LEAs are the primary users of any ERIC reports, and in September 2017 the Missouri Association of County Clerks and Election Authorities adopted a resolution in support of the SOS's efforts to join ERIC to improve the efficiency and quality of voter registration list maintenance for the LEAs.

According to discussions with SOS officials, the number of potential voter registration changes that resulted from ERIC reports was small compared to the total number of voter registration changes that were made during the SOS's membership in ERIC.

ERIC data has not been replaced

The SOS did not develop plans to promptly and fully offset the benefits received from the ERIC matches. SOS officials indicated they have begun new procedures since leaving ERIC to identify inaccuracies in the voter registration lists. SOS officials indicated as of July 2023 they have begun performing monthly searches/queries within the voter registration list and between the voter registration list and the state's driver's license database to identify duplicate or inaccurate voter records. The SOS has reestablished access to NCOA reports every 6 months from the USPS to identify voters who have potentially changed addresses. The SOS has also started the application process to begin receiving national death records from the SSA to search for matching records in the voter registration database, but have yet to obtain access to this data. Also, SOS officials indicated Section 115.165.3, RSMo,<sup>3</sup> which allows registered voters to change their addresses in person

---

<sup>3</sup> This statutory provision was adopted as part of House Bill 1878, Second Regular Session, 101st General Assembly (2022).

---

Office of Secretary of State  
Management Advisory Report - State Auditor's Findings

---

Stated reasons for leaving membership do not involve voter data

with the LEAs on election day, may help improve the accuracy of voter registration lists.

Secretary Ashcroft's termination letter to ERIC (see Appendix B) indicated he had unsuccessfully sought changes in ERIC throughout the previous year and cited concerns about ERIC. However, the concerns do not involve the data received or any negative impact on existing voter data. The concerns cited in the letter were as follows:

- ERIC refuses to require member states to participate in addressing multi-state voter fraud;<sup>4</sup>
- ERIC focuses on adding names to voter rolls by requiring a solicitation to individuals who already had an opportunity to register to vote and made the conscious decision to not be registered;<sup>5</sup>
- ERIC allows for a hyper-partisan individual to be an ex-officio non-voting member on its governance board;<sup>6</sup>
- ERIC unnecessarily restricts how Missouri utilizes data reports;<sup>7</sup> and
- ERIC's benefits to Missouri are limited as only three of the eight states that border Missouri are members.<sup>8</sup>

SOS officials indicated they believed the concerns expressed in Secretary Ashcroft's letter were sufficient justification and support for the decision to terminate the ERIC membership.

## Conclusion

The decision to terminate the ERIC membership will have a negative impact on the states' LEAs and will result in them having less information to identify

---

<sup>4</sup> The ERIC membership agreement allowed member states to request a report after each federal election of voters who may have cast ballots in more than one state or more than one ballot in the same state, but did not require member states to receive those reports or act upon them. Those ERIC reports were based on matches performed of voter participation data provided by the member states who chose to provide the data.

<sup>5</sup> Section 115.160, RSMo, requires eligible persons obtaining or renewing their motor vehicle driver's license to be provided the opportunity to register to vote. Using driver's license and voter registration databases, ERIC produced reports of eligible-but-unregistered voters and required members to contact the persons on the report about registering to vote.

<sup>6</sup> SOS officials indicated they had perceived ERIC had become a politically polarized entity during the course of Missouri's membership. The individual referred to in the letter resigned his position on the board in March 2023.

<sup>7</sup> The ERIC membership agreement prohibited member states from using ERIC data for purposes other than administration of elections. SOS officials indicated Secretary Ashcroft believed the ERIC data would be useful to state agencies providing public benefits to residents.

<sup>8</sup> When the SOS left ERIC, the states of Iowa, Illinois, and Kentucky were ERIC members, while the states of Kansas, Nebraska, Arkansas, Tennessee, and Oklahoma were not ERIC members.

---

Office of Secretary of State  
Management Advisory Report - State Auditor's Findings

---

and correct inaccurate voter records, especially related to potentially duplicate voters in other states. The ERIC membership provided LEAs information on over 770,000 potentially duplicate voter records (including more than 380,000 potentially duplicated records with other states) during the state's participation in the membership. While the SOS and the LEAs have procedures to identify potential duplicates using Missouri data sources, membership in ERIC provides unique access to other states' data that cannot be fully or easily replicated through other means. While the SOS has recently undertaken efforts to replace the benefits received from ERIC, those efforts have not been fully implemented and it is unlikely those procedures will fully offset the value received from the ERIC membership.

Accurate voter registration lists are important for an efficient and reliable voting process, and up-to-date voter registration lists can help prevent ineligible individuals from voting or eligible voters from voting multiple times in an election. While membership in ERIC is not statutorily required, it is important the SOS ensure that records within the voter registration system are accurate and updated regularly. Significant decisions by the SOS affecting the efforts of the LEAs and SOS to ensure accuracy of the lists must carefully consider all benefits and alternatives, involve key stakeholders, and be fully documented to ensure the decisions are effective and adequately supported.

## Recommendation

The SOS obtain the input of the LEAs regarding the data no longer provided by ERIC and evaluate the effectiveness of current voter registration list maintenance procedures. The SOS should also continue to assess if efforts to replace the data no longer available will be effective, and take appropriate action to ensure the LEAs have the most appropriate data available to ensure the completeness and reliability of the state's voter registration data.

## Auditee's Response

*The SOS disagrees with this recommendation. The full SOS response is provided in Appendix A.*

## Auditor's Comment

In response to the recommendation that the SOS obtain the input of the LEAs regarding the State's ERIC membership, the SOS states the SAO's understanding of the partnership between SOS and LEAs regarding ERIC is wrong, and the departure from ERIC was a "business decision" not requiring consultation with the LEAs. While it is unclear what the SOS believes the SAO is misunderstanding, we have not disputed the SOS's authority to withdraw from ERIC on its own. However, there are compelling reasons why the SOS should have consulted with the LEAs prior to withdrawing its membership. First, Missouri became a member of ERIC only after the adoption of a resolution by the LEAs requesting the membership. Second, the LEAs were the primary beneficiaries of the membership per Missouri election law which establishes the county clerk or board of election commissioners as the election authority responsible for entering voter registration and voter history information into Missouri's computerized registration system established in Section 115.157, RSMo.

---

Office of Secretary of State  
Management Advisory Report - State Auditor's Findings

---

The SOS response further states the SAO's recommendation is subjective and does not cite any violation of state law, accounting principle, or Governmental Accounting Standards Board (GASB) statement. However, the objectives of this audit extend well beyond evaluation of compliance with state law and accounting principles and statements, and include evaluation of management practices, as permitted by Section 29.185, RSMo. *Government Auditing Standards* for performance audits require auditors to obtain sufficient, appropriate evidence to provide a reasonable basis for addressing the audit objectives and supporting the findings and conclusions. This finding is supported by sufficient and appropriate evidence showing the impact of the management practice in question and is not merely a subjective opinion.

---

## **2. Refusal to Provide Information Required by Statute**

In response to inquiries regarding the implementation of a new statutory requirement, the SOS refused to provide certain information about expenditures for cyber security reviews of LEAs. Disclosure of this information to our office is required by state law. The SOS refused to provide the names of LEAs receiving cyber security reviews, LEAs planned to receive future reviews, and the results of completed reviews.

SOS officials stated the information would not be provided because it must be protected, and provided language from the state's Sunshine Law, Section 610.021.1(21), RSMo, as justification. According to the SOS, the information requested relates to important computer operations, and the disclosure of the information could expose LEA computer systems to potential attack. Section 610.021, RSMo, sets forth when a governmental entity is authorized (but not required) to close records to the public, to the extent the disclosure of the records is not otherwise required by law. Contrary to the SOS's assertion, the Sunshine Law does not require the closure of the records listed in Section 610.021(21), RSMo, but instead merely gives discretion to close the records listed therein to the public. Section 29.070, RSMo, requires auditors to maintain confidentiality of information obtained during audits, and further, the disclosure of these records to the Auditor is required by Section 29.235.1(1), RSMo.<sup>9</sup> The State Auditor's Office routinely accesses closed records in the performance of its duties, and the state's Sunshine Law does not allow the SOS to shield any records from disclosure to the State Auditor.

Section 115.225.6, RSMo,<sup>10</sup> effective August 28, 2022, requires each of the LEAs to allow for a cyber security review by the SOS or a firm specializing in cyber security reviews once every 2 years. According to SOS officials, the LEAs were offered the option of having a cyber security review performed

---

<sup>9</sup> Section 29.235.1(1), RSMo, states, in part, "The auditor and the auditor's authorized agents are authorized to: (1) Examine all books, accounts, records, reports, vouchers of any state agency or entity subject to audit, insofar as they are necessary to conduct an audit under this chapter. . ."

<sup>10</sup> This statutory provision was adopted as part of House Bill 1878, Second Regular Session, 101st General Assembly (2022).

---

Office of Secretary of State  
Management Advisory Report - State Auditor's Findings

---

once every 2 years beginning in September 2019, with the reviews being paid from SOS appropriations. The agreement between the SOS and the cyber security review vendor indicated the fee for each election security assessment ranged from \$10,340 to \$53,215, depending on the number of voters in the LEA boundaries. According to the agreement, an election security scorecard and report of the assessment results were to be prepared by the vendor and provided to the LEA and SOS. SOS expenditures to the vendor for cyber security assessments totaled approximately \$165,000, \$150,000, and \$1,540,863 during fiscal years ended June 30, 2022, 2021, and 2020, respectively. Based on expenditure information available in the state accounting system (SAM II), it appears a significant majority of the LEAs have completed cyber security reviews through fiscal year 2022.

Without further information from the SOS about the reviews performed and planned, we were unable to obtain sufficient evidence to evaluate the steps taken by the SOS to comply with the new state law. Additionally, since the vendor's price varies based on the size of the LEA, without information identifying the LEAs, we could not ensure the amounts paid by the SOS were in accordance with the agreement. In addition, because the SOS refused to provide the results of the security assessments, we could not ensure the payments were for services delivered and could not assess the impact or effectiveness of the new requirement.

While Section 29.235.1(1), RSMo, requires disclosure of the information requested, we were able to determine through other means that, at a minimum, the cyber security reviews appear to have been materially completed. In the interest of preserving resources and ensuring the timely completion of the audit, we did not pursue legal remedies to obtain the information the SOS refused to provide.

## Recommendation

SOS officials provide information requested by the State Auditor as required by state law.

## Auditee's Response

*The SOS disagrees with this recommendation. The full SOS response is provided in Appendix A.*

## Auditor's Comment

The SOS has provided no valid statutory reasoning as to why the information requested was not provided. Rather, the SOS response states it is the belief of the SOS that the information was too potentially harmful to the election system to share in accordance with state law. The SOS response further states it is unfair for the SOS to be judged about the new law requiring cyber security reviews since the law took effect two months after the audit period, and the law allows the SOS until August 2024 to complete the reviews for each LEA. However, audit inquiries to the SOS about the cyber security reviews occurred approximately 7 months after the law became effective, and as explained in the finding, information about the reviews planned and performed was needed to evaluate the steps taken by the SOS to comply with the new law.

Office of Secretary of State  
Management Advisory Report - State Auditor's Findings

---

### 3. Financial Reporting Controls

In May 2023, the Office of the State Auditor issued Report No. 2023-022, *Annual Comprehensive Financial Report - Report on Internal Control, Compliance, and Other Matters*. Included in that report was an audit finding regarding the SOS's financial reporting controls (Finding No. FS2022-006). The SOS did not have adequate controls and procedures over financial reporting of accounts receivable. As a result, civil penalty accounts receivable data submitted to the OA for inclusion in the financial statements for the year ended June 30, 2022, was misstated. If the resulting misstatements had not been identified during the audit, Government Wide - Governmental Activities and Public Education Fund net accounts receivable and related liability balances would have been overstated by at least \$9.7 million in the financial statements.

The SOS disagreed with the audit finding. The audit finding and the SOS's response, including explanation and specific reasons for disagreement, are included in our *Annual Comprehensive Financial Report - Report on Internal Control, Compliance, and Other Matters* (Report No. 2023-022) and the SOS's Corrective Action Plan is included in the *Single Audit Report* (Report No. 2023-030).

---

# Office of Secretary of State

## Organization and Statistical Information

---

The Office of Secretary of State is an elective office as provided in the Missouri Constitution. Article IV, Sections 14 and 16, established the duties of the Secretary of State to (1) be custodian of the state seal, (2) keep a register of the official acts of the governor, (3) be custodian of records and documents, and (4) perform such duties in relation to elections and corporations as provided by law, and (5) file administrative rules and regulations.

To accommodate the responsibilities of record keeping, registration, and administration, the Secretary of State's office is divided into the following major divisions: Business Services, Elections, Securities, State Library, Records Services, and Administrative Rules. Some areas are composed of separate sections that perform specific functions.

Business Services Division: This division is comprised of four sections: Notaries and Commissions, Corporations, Uniform Commercial Code (UCC), and Safe at Home. The Notaries and Commissions section maintains the oath of office, official signature, and official bond of each notary; authenticates the official signature of the governor; maintains the Great Seal of the State of Missouri; maintains bonds and oaths of office for state officials; and is responsible for the official signature, facsimile signature filings, and resident agent filings. The Corporations section handles the registration and maintenance of over 1,319,000 active businesses registered in Missouri. Businesses file various documents required by law such as creation documents, annual reports, amendments, mergers, consolidations, dissolutions, terminations, withdrawals, and conversions. The Corporations section is also responsible for trademark and service mark filings. The UCC section is responsible for perfecting personal property liens and other creditor interests. These liens are perfected by filing a financing statement in the accepted standardized format. The Safe at Home address confidentiality program was created in 2007 to help protect survivors of domestic violence, sexual assault, rape, human trafficking, stalking, or other crimes who fear future harm in their efforts to stay safe by providing a designated address to use when creating new public records. The division oversees regional offices for business filings in St. Louis, Kansas City, and Springfield.

Elections Division: This division oversees all statewide elections for candidates, various judges, and statewide ballot issues; prepares statewide ballots for primary, general, and certain special elections; and certifies and publishes election results. In addition, the division certifies statewide ballot measures that are proposed by the General Assembly or through the initiative and referendum petition process, including the oversight of signature verification. The division assists Missouri's 116 local election authorities (LEAs) in administering elections, and the division promulgates rules governing elections; cooperates with other officials, schools, and civic organizations to provide materials to support voter registration, civic responsibility, and education. The division is also responsible for

---

Office of Secretary of State  
Organization and Statistical Information

---

coordinating Missouri's compliance with federal election law, including the Help America Vote Act of 2002 (HAVA). The Elections Integrity Unit investigates concerns received from voters and LEAs.

Securities Division: This division is responsible for ensuring compliance with state securities laws. This responsibility includes enforcement of the law when violations occur, and the registration of securities, broker-dealers, agents, investment advisers and investment advisor representatives. State securities laws are intended to protect investors from unsuitable investment recommendations, dishonest or unethical practices, and fraudulent investment schemes. The division is composed of the Enforcement, Registration, and Investor Education sections. The Enforcement section receives and investigates complaints. Each year this section receives numerous investor complaints, which may result in the initiation of investigations, many of which result in cease and desist orders, consent orders, censures, investor restitutions, civil penalties, or criminal prosecutions. The Registration section regulates the registration of individuals, firms, and securities. This section performs routine and for-cause inspections and pre-registration exams of the offices of broker-dealers and investment advisers to ensure compliance with Missouri securities laws. In addition, this section reviews proposed securities offerings to ensure that offerings are "fair, just, and equitable." The Investor Education section creates and promotes initiatives designed to educate and assist investors.

Missouri State Library: The library is responsible for providing library and reference services to Missouri state government; providing library services to the blind and visually impaired; and promoting the development and improvement of library services throughout the state. To fulfill these responsibilities, the library is composed of three sections: Library Development, Reference Services, and the Wolfner Library. The Library Development section supports libraries through consultation, administration of grant programs, education, and statewide programs. The section administers several programs to provide funds and services for libraries. The Reference Services section supports the research needs of Missouri state government employees. The Wolfner Library serves as the public library for Missourians unable to use standard print materials because of visual or physical disability. Wolfner services are available to qualified Missourians at no charge.

Records Services Division: This division is responsible for managing both the current and historical records of the state, ensuring they are preserved and making them accessible to Missouri citizens. The division is composed of three sections: the Missouri State Archives, Records Management, and Local Records. The Missouri State Archives is the official repository for government records of enduring value. The Records Management section provides state agencies with the necessary instruments to effectively manage

---

Office of Secretary of State  
Organization and Statistical Information

---

information and records, in order to promote the efficiency and continuity of government, document the rights of Missouri citizens, and preserve the state's heritage. The Local Records section advises, educates, and encourages the custodians of local records in the use of sound records management and archival practices.

Administrative Rules Division: This division is charged with setting uniform standards, procedures, and guidelines for the preparation and publishing of rules in the Missouri Register and the Missouri Code of State Regulations.

The office also includes the following divisions: Information Technology, Communications and Publications, Fiscal and Facilities, and Human Resources. The Information Technology Division coordinates, develops, implements, and supports information technology solutions for the office. The Communications and Publications Division handles a variety of printing and graphic arts responsibilities for the office, including the publication of the Official Manual. The Fiscal and Facilities Division provides fiscal, budget, procurement, and facilities management support and general office services. The Human Resources Division supports personnel recruitment, compensation, benefits, training, and performance evaluation for the office.

On January 9, 2017, John R. (Jay) Ashcroft was inaugurated as the state's fortieth Secretary of State. He was re-elected in November 2020. His term expires in January 2025.

At June 30, 2022, the office employed 198 full-time and 10 part-time employees.

## Financial Activity

A summary of the office's operating financial activity is presented in the Appendixes C through E. In addition, the office collected \$29,518,804 and \$27,298,303 in General Revenue Fund receipts during the years ended June 30, 2022, and 2021, respectively.

Appendix A  
Office of Secretary of State  
Office of Secretary of State's Response to Audit Recommendations

STATE CAPITOL  
(573) 751-2379

JOHN R. ASHCROFT  
SECRETARY OF STATE  
STATE OF MISSOURI

JAMES C. KIRKPATRICK  
STATE INFORMATION CENTER  
(573) 751-4936

December 11, 2023

Honorable Scott Fitzpatrick  
Missouri State Auditor  
301 West High Street, Room 880  
P.O. Box 869  
Jefferson City, Missouri

We have reviewed the findings from your office's audit of the Secretary of State. Below you will find our responses to the audit findings.

**MAR 1 Recommendation:** The SOS obtain the input of the LEAs regarding the data no longer provided by ERIC and evaluate the effectiveness of current voter registration list maintenance procedures. The SOS should also continue to assess if efforts to replace the data no longer available will be effective, and take appropriate action to ensure the LEAs have the most appropriate data available to ensure the completeness and reliability of the state's voter registration data.

Department's Response: The department disagrees with this finding. While we can appreciate the perspective of the SAO, their understanding of the partnership between SOS and LEAs regarding ERIC is wrong. SOS has been providing list maintenance support to LEAs for over 20 years with a centralized voter registration system. Under this administration all LEAs became participants in one unified system. During the time frame, identified by the SAO, over thirty million updates were made to the voter registration system. LEAs have many tools available for them to maintain voter records, and voter records are updated daily. ERIC, was one tool used for a very short period of time. Of the four reports cited, SOS is providing three plus others that ERIC could not provide. And the fourth report some states provide notice to our office which we forward on to the LEA. It is also important to note that many states are not members of ERIC, only two out of eight states surrounding Missouri currently are members. While there was some benefit to joining ERIC, the overall value was less than expected; as stated by the Secretary in the withdraw letter contained within and the footnotes of this audit. ERIC is a membership-based organization, one which the benefits decreased, once other states left, and when it refused to make necessary reforms. Leaving ERIC was a business decision, one fully within the purview of the SOS. For the SAO to assert the SOS should have consulted LEAs, is like asking LEAs if we should be members of the National Association of State Election Directors. SOS has not violated any state law, principle of accounting, or GASB statement; this is simply the SAO's subjective opinion.

Appendix A  
Office of Secretary of State  
Office of Secretary of State's Response to Audit Recommendations

**MAR 2 Recommendation: SOS officials provide information requested by the State Auditor as required by state law.**

Department's Response: The department disagrees with this finding. No one in this state takes more seriously the integrity and security of our election systems than Secretary of State Jay Ashcroft and his office. In January of 2017 the election systems were declared to be critical infrastructure by the Secretary of Homeland Security. With that in mind the SOS has partnered with LEAs throughout the state to support their efforts to protect and secure this critical infrastructure. The SOS provided the SAO, all financial information, sample statement of work documents, and an explanation of what we offer LEAs. SAO sought the cyber security reports themselves, which SOS assured LEAs would not be shared outside our agency. SOS believes that releasing this information to anyone, has the potential to inflict great harm on the election system. This is not a statement regarding the ability of SAO to hold confidential information, but rather if an entity does not have the information there is no risk in revealing said information. The SOS also takes issue with the SAO implying the cyber security was required when the law did not go into effect until two months after the scope of the audit period. Further, SOS has until August of 2024 to complete the required cyber security reviews with each jurisdiction. To judge an agency against a measure that did not exist at the time is unfair and a poor practice. The risk of sharing this information with SAO is simply too great. The unintended consequences will result in limited or no participation from counties in the future, and create unnecessary exposure to highly sensitive cyber security information.

STATE INFORMATION CENTER  
(573) 751-4936

March 06, 2023

Shane Hamlin  
Executive Director of ERIC  
1201 Connecticut Ave NW Ste 600  
Washington, DC 20036

Dear Director Hamlin,

As the chief election authority in the state of Missouri, it is my duty to oversee the running of our elections. I take this responsibility very seriously and Missouri's elections lead the country in accessibility, security, and creditability. Five years ago, Missouri joined ERIC to make elections better, voter rolls more accurate, and bring greater trust to the election process. During my time with ERIC I came to the realization that several changes needed to be made in ERIC's governing documents. Over the last year I led several states, working to bring about necessary changes, but ERIC refused. Therefore, I hereby notify you that Missouri is terminating its membership with ERIC. Below are some of the reasons that led to this decision.

- ERIC refuses to require member states to participate in addressing multi-state voter fraud.
- ERIC focuses on adding names to voter rolls by requiring a solicitation to individuals who already had an opportunity to register to vote and made the conscious decision to not be registered.
- ERIC allows for a hyper-partisan individual to be an ex-officio non-voting member on its governance board.
- ERIC unnecessarily restricts how Missouri utilizes data reports.
- ERIC's benefits to Missouri are limited as only three of the eight states that boarder Missouri are members.

I had hoped that at the February board meeting that ERIC would make necessary changes. The failure of ERIC to do so was disappointing but made this decision easy.

Sincerely,

John R. Ashcroft

<sup>1</sup> Receipts for the fiscal year ended June 30, 2021, reflect the reclassification of approximately \$3.8 million of receipts of federal funds from the Election Administration Improvements Fund to the Federal Stimulus Fund. These receipts had been recorded to the Election Administration Improvements Fund in the fiscal year ended June 30, 2020.

<sup>2</sup> In accordance with Section 115.077, RSMo, a transfer is made annually from the General Revenue Fund to the Election Administration Improvement Fund in an amount no less than the total election expenditures in fiscal year 2020 to comply with the Help America Vote Act of 2002.

<sup>3</sup> Transfers Out generally include payments for fringe benefits and the state's cost allocation plan. Also, in the fiscal year ended June 30, 2021, transfers were made to the General Revenue Fund totaling \$1 million and \$4 million from the Local Records Preservation Fund and the Investor Education and Protection Fund, respectively.

<sup>4</sup> This represents transfers from the General Revenue Fund for proceeds of surplus property sales.

<sup>5</sup> In accordance with Section 143.183, RSMo, a transfer is made annually from the General Revenue Fund to the Library Networking Fund equal to 10 percent of the annual estimate of taxes generated from the nonresident entertainer and professional athletic team income tax.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Harrison County, Missouri

The Office of the State Auditor contracted for an audit of Harrison County's financial statements for the 2 years ended December 31, 2022, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized with a large "S" and a cursive "Fitzpatrick".

Scott Fitzpatrick  
State Auditor

January 2024  
Report No. 2024-006

**Scott Fitzpatrick**  
Missouri State Auditor

## RECOMMENDATION SUMMARY

---

### Recommendations in the audit of Harrison County

2022-001	The Sheriff's office and Prosecuting Attorney's office prepare proper monthly bank reconciliations.
2022-002	The county implement procedures to ensure credit cards statements are paid in a timely manner to avoid any late fees and interest charges.
2022-003	The county implement internal controls to ensure that the Schedule of Expenditures of Federal Awards (SEFA) completely and accurately states the expenditures of federal awards of the county each year, such as performing a reconciliation between the Schedule of Expenditures of Federal Awards (SEFA) and underlying accounting records.

**CERTIFIED PUBLIC ACCOUNTANTS**

### **INDEPENDENT AUDITOR'S REPORT**

To the County Commission and  
Officeholders of Harrison County, Missouri

#### **Opinion**

We have audited the accompanying financial statements of Harrison County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2021 and 2022, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

#### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Harrison County, Missouri, as of December 31, 2021 and 2022, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

#### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Harrison County, Missouri, as of December 31, 2021 and 2022, or the changes in financial position thereof for the years then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Harrison County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1, the financial statements are prepared by Harrison County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri Law. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Harrison County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Harrison County, Missouri's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we also have issued our report dated August 30, 2023, on our consideration of Harrison County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Harrison County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

HARRISON COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 and 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Harrison County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are eight elected Constitutional Officers: Assessor, Circuit Clerk/Recorder, Collector/Treasurer, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, and Sheriff.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Harrison County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

### C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

### D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets.

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2022 and 2021, for purposes of taxation were:

	2022	2021
Real Estate	\$ 88,097,975	\$ 82,392,830
Personal Property	47,672,773	41,127,215
Railroad and Utilities	11,729,032	10,271,497
Total	<u>\$ 147,499,780</u>	<u>\$ 133,791,542</u>

For calendar years 2022 and 2021, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2022	2021
General Revenue	\$ 0.3757	\$ 0.3757
Senior Citizens Services	0.0496	0.0496

F. Cash Deposits Cash Equivalents

Deposits and cash equivalents are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and cash equivalents balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

## 2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Investments" caption. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2022, the County had the following cash and investment balances:

	Carrying Value	Bank Balance	FDIC Coverage
Cash and Cash Equivalents - Governmental Funds	\$ 7,203,537	\$ 7,358,087	\$ 5,101,635
Investments - Governmental Funds	303,575	303,575	250,000
Total Governmental Funds	<u>\$ 7,507,112</u>	<u>\$ 7,661,662</u>	<u>\$ 5,351,635</u>
Cash and Cash Equivalents - Fiduciary Funds	\$ 7,475,903	\$ 6,959,188	\$ 6,440,125
Investments - Fiduciary Funds	33,273	33,273	33,273
Total Fiduciary Funds	<u>\$ 7,509,176</u>	<u>\$ 6,992,461</u>	<u>\$ 6,473,398</u>

At December 31, 2021, the County had the following cash and investment balances:

	Carrying Value	Bank Balance	FDIC Coverage
Cash and Cash Equivalents - Governmental Funds	\$ 6,082,905	\$ 6,469,888	\$ 5,550,789
Investments - Governmental Funds	299,817	299,817	25,000
Total Governmental Funds	<u>\$ 6,382,722</u>	<u>\$ 6,769,705</u>	<u>\$ 5,575,789</u>
Cash and Cash Equivalents - Fiduciary Funds	\$ 6,918,919	\$ 6,975,149	\$ 6,522,117
Investments - Fiduciary Funds	33,141	33,141	33,141
Total Fiduciary Funds	<u>\$ 6,952,060</u>	<u>\$ 7,008,290</u>	<u>\$ 6,555,258</u>

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2022 and 2021 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

## 3. COUNTY EMPLOYEES' RETIREMENT PLANS

### A. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

## 1) Plan Description

The Retirement Fund is a cost-sharing multiple-employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Section 56.800 to 56.840, RSMo, circuit clerks and deputy clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper orientation of the fund and the investment of the fund are vested in a board of directors of eleven persons.

## 2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for county employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

## 3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, a contribution to CERF of 2% of annual salary is required for eligible employees hired before February 2002, while a contribution of 6% of annual salary is required of employees hired after February 2002. During 2022 and 2021, the County collected and remitted to CERF employee withholdings of \$149,584 and \$152,572, respectively for the years then ended.

## B. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is

responsible for administration of this plan. The County contributed \$3,366 and \$3,366 for the years ended December 31, 2022 and 2021, respectively.

#### C. Other Retirement Plan

Harrison County has a voluntary 457(b) plan for all full-time employees. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the years ended December 31, 2022 and 2021 were \$10,030 and \$12,020, respectively.

### 4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

### 5. CLAIMS, COMMITMENT AND CONTINGENCIES

#### A. Compensated Absences

The County provides full-time employees with 3.33 hours of sick leave for each completed calendar month of employment, or 40 hours in a one-year period, up to a maximum of 30 days. No sick leave should be granted within the last two weeks of employment. Upon termination, employees will not be compensated for any unused sick time.

Vacation time is accrued for every full-time employee, beginning with the first year of employment at a rate of 10 days per year (6.6 hours per month). Employees with two to eight years of employment earn 12 days per year (8 hours per month); nine to 13 years of employment earn 15 days per year (10 hours per month); 14 to 18 years of employment earns 18 days (12 hours per month); and 19 or more years of employment earns 21 days per year (14 hours per month). Part-time employees (less than 1950 hours per year) are not eligible for vacation time. Any days not used by the end of the year (anniversary date of hire) will be forfeited. Upon separation (resignation, death or termination), an employee may receive compensation for unused accrued vacation leave to the date of termination.

#### B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

#### C. Litigation

The County was involved in pending litigation as of the audit report date. The County's management and legal counsel anticipate that potential claims, if any, against the County resulting from such litigation would not have a material effect on the financial position of the

County.

## 6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

## 7. LONG-TERM DEBT

The County had the following long-term debt outstanding as of December 31, 2022:

The County entered into a 60-month, \$149,962 capital lease for an Airbus Vesta 911 telephone system on February 23, 2018. The lease is scheduled to be paid in monthly payments of \$2,932, which includes interest of 6.6%, and a purchase option of \$1. The first payment was made in August 2018 and the final payment is scheduled to be made in July 2023. The schedule of remaining payments is listed below:

Fiscal Year Ending			
December 31,	Principal	Interest	Total
2023	\$ 20,073	\$ 449	\$ 20,522

The following schedule shows changes in long-term debt during the year ended December 31, 2022:

Description	Balance 12/31/2021	Additions	Payments	Balance 12/31/2022	Interest Paid
Certificates of Participation	\$ 157,000	\$ -	\$ (157,000)	\$ -	\$ 2,335
Airbus Vesta 911 System	52,717	-	(32,644)	20,073	2,537

The following schedule shows changes in long-term debt during the year ended December 31, 2021:

Description	Balance 12/31/2020	Additions	Payments	Balance 12/31/2021	Interest Paid
Certificates of Participation	\$ 310,000	\$ -	\$ (153,000)	\$ 157,000	\$ 7,005
Airbus Vesta 911 System	83,253	-	(30,536)	52,717	4,645

## 8. OPERATING LEASES

At December 31, 2022, the County has three non-cancellable 36-month leases for copiers which were entered into during 2022. The County Clerk, Circuit Clerk/Recorder, and Assessor each has a 36-month lease with monthly payments of \$185, \$180, and \$180, respectively. The leases will end in August, August, and October, 2025, respectively. Expenses under these leases for the year ended December 31, 2022 were \$2,365. The schedule of remaining payments is listed below:

Fiscal Year Ending December 31,	Amount
2023	\$ 8,520
2024	8,520
2025	4,720

At December 31, 2022, the Prosecuting Attorney has one non-cancellable 60-month lease for a copier with monthly payments of \$165. The lease will end in May 2025. Expenses under these leases for the years ended December 31, 2022 and 2021 were \$1,980 and \$1,320, respectively. The schedule of remaining payments is listed below:

Fiscal Year Ending December 31,	Amount
2023	\$ 1,980
2024	1,980
2025	1,980
2026	825

At December 31, 2022, the County has one non-cancellable 60-month lease for a case excavator with monthly payments of \$41,399. The lease will end in May 2026. Expenses under these leases for the years ended December 31, 2022 and 2021 were \$41,399 and \$0, respectively. The schedule of remaining payments is listed below:

Fiscal Year Ending December 31,	Amount
2023	\$ 41,399
2024	41,399
2025	41,399
2026	41,399

## 9. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2022 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through August 30, 2023, the date the financial statements were available to be issued.

## **COMPLIANCE SECTION**

## McBRIDE, LOCK & ASSOCIATES, LLC

CERTIFIED PUBLIC ACCOUNTANTS

### **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the County Commission and  
Officeholders of Harrison County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Harrison County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2021 and 2022, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise Harrison County, Missouri's basic financial statements and have issued our report thereon dated August 30, 2023.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Harrison County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Harrison County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Harrison County, Missouri's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control described in the accompanying schedule of findings and questioned costs as items 2022-001 and 2022-002 that we consider to be significant deficiencies.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Harrison County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Harrison County, Missouri's Response to Findings**

Harrison County, Missouri's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. Harrison County, Missouri's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the County Commission and  
Officeholders of Harrison County, Missouri

#### **Report on Compliance for Each Major Federal Program**

##### ***Opinion on Each Major Federal Program***

We have audited Harrison County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Harrison County, Missouri's major federal programs for the years ended December 31, 2021 and 2022. Harrison County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Harrison County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2021 and 2022.

##### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Harrison County, Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Harrison County, Missouri's compliance with the compliance requirements referred to above.

##### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Harrison County, Missouri's federal programs.

## ***Auditor's Responsibilities for Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Harrison County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Harrison County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Harrison County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Harrison County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Harrison County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant

deficiencies over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2022-003 that we consider to be a significant deficiency.

*Government Auditing Standards* requires the auditor to perform limited procedures on Harrison County, Missouri's response to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. Harrison County, Missouri's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

	Total Expenditures of Federal Awards		\$ 631,163	\$ 1,930,466

See accompanying Notes to the Schedule of Expenditures of Federal Awards

**HARRISON COUNTY, MISSOURI**  
**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**YEARS ENDED DECEMBER 31, 2021 AND 2022**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of Harrison County, Missouri for the years ended December 31, 2022 and 2021. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance.

**NOTE C – SUBRECIPIENTS**

The County did not pass any federal awards through to subrecipients during the years ended December 31, 2022 and 2021.

HARRISON COUNTY, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEARS ENDED DECEMBER 31, 2022 AND 2021

**SECTION I – SUMMARY OF AUDITOR’S RESULTS**

**Financial Statements:**

Type of Auditor’s Report Issued: Unmodified

Internal Control Over Financial Reporting:

- Material weakness(es) identified?      Yes   X   No
- Significant deficiencies identified that are not considered to be material weaknesses?   X   Yes      None Reported
- Noncompliance material to financial statements noted?      Yes   X   No

**Federal Awards:**

Internal Control Over Major Programs:

- Material weakness(es) identified?      Yes   X   No
- Significant deficiencies identified that are not considered to be material weaknesses?   X   Yes      None Reported

Type of Auditor’s Report Issued on Compliance For Major Programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with Uniform Guidance section 200.516?   X   Yes      No

Identification of Major Programs:

20.205	Highway Planning and Construction
21.027	COVID-19 Coronavirus State and Local Fiscal Recovery Funds

Dollar Threshold Used to Distinguish Between Type A and Type B Programs: \$750,000

Auditee Qualified as low-risk:      Yes   X   No

## **SECTION II – FINANCIAL STATEMENTS FINDINGS**

### **MATERIAL WEAKNESSES IN INTERNAL CONTROL**

None.

### **SIGNIFICANT INTERNAL CONTROL DEFICIENCIES**

#### **2022-001: Lack of Properly Performed Bank Reconciliations**

Criteria: A proper system of internal controls requires timely and proper completion of reconciliations between the accounting system and bank records.

Condition: A review of bank reconciliations of all County bank accounts included in the scope of the audit noted the following internal control issues:

- A review of the Sheriff's Department account and Sheriff's Commissary account reconciliations noted instances in which the bank reconciliations did not include all outstanding items and contained clerical errors resulting in an incorrect reconciled balance. Additionally, we noted instances in which the bank reconciliations were not properly performed, and instances in which the bank reconciliation was performed untimely. Further, we noted overdraft fees of \$23 were paid during the months of October and December of 2021, and July and November of 2022.
- A review of the Prosecuting Attorney account (office account) and the Prosecuting Attorney LERF account noted instances in which the bank reconciliations did not include all outstanding items resulting in an incorrect reconciled balance. Additionally, we noted that the bank reconciliation for the office account was no longer performed after June of 2022, and the bank reconciliation for the LERF account was no longer performed after November of 2022.

Cause: Management does not place adequate emphasis upon reviewing cash transactions and preparing accurate bank reconciliations.

Effect: Proper reconciliation of the book balance to the bank balance ensures that all cash transactions have been recorded and increases the likelihood of preventing and detecting errors or fraud.

Recommendation: We recommend that the Sheriff's office and Prosecuting Attorney's office prepare proper monthly bank reconciliations.

County's Response: The County is working to implement an electronic system that will assist with the reconciling of the various bank accounts that is not maintained through the Treasurer/Collector's Office (example: QuickBooks). The County is also working to obtain additional support to assist with the timeliness of the reconciliations and monitoring of these accounts.

Auditor's Evaluation: The County's response is sufficient to correct the concern.

## **2022-002: Internal Controls Over Credit Cards**

Criteria: A proper system of internal controls requires adequate custodial control over credit cards, appropriate approval and documentation of purchases, and timely payment to avoid interest and late charges.

Condition: Our review of the credit card statements during the audit period noted three instances in which late fees were paid by the County, and four instances in which interest was assessed and paid by the County. Further, our review noted four instances in which sales tax was assessed and paid by the County.

Cause: The County experienced delays in receiving the credit card statement, and delays in receiving approval for payment of the credit card statements.

Effect: Untimely payment of credit card statements could result in late fees and interest charges.

Recommendation: We recommend the County implement procedures to ensure credit cards statements are paid in a timely manner to avoid any late fees and interest charges.

County's Response: The County has had a change in staffing of the County Clerk's Office and is working to move all invoicing/statements to come directly to the County Clerk's Office to assist in the timeliness of receiving credit card statements. The County has implemented an Accounts Payable email account for invoices for those accounts that can be sent electronically. The County Clerk's Office is reviewing all credit card statements for 2023 to ensure that sales tax was not charged and if charged removing the sales tax from the amount paid. The County Clerk's Office is reviewing the credit card statements since January 2023 and requesting refunds on any sales taxes charged.

Auditor's Evaluation: The County's response is sufficient to correct the concern.

## **ITEMS OF NONCOMPLIANCE**

None

## **SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

### **2022-003: Internal Control Over Schedule of Expenditures of Federal Awards**

Federal Grantor: U.S. Department of Transportation, U.S. Department of Homeland Security

Pass-Through Grantor: Missouri Department of Transportation, Missouri Department of Public Safety,

Federal ALN Number: 20.205 and 97.036

Program Title: Highway Planning and Construction; Disaster Grants (Presidentially-declared Disasters);

Pass-through Entity Identifying Number: BRO-036; FEMA 4451DR-MO.

Award Year: 2021 and 2022

Criteria: 2 CFR 200.510(b) requires auditees to prepare a schedule of expenditures of federal awards which must report total federal awards expended during the audit period. At a minimum, the schedule must include: expenditures by individual federal program, name of the pass-through entity and identifying number for awards not received directly from the federal government, and the total amount provided to subrecipients from each federal program. The County has not implemented proper internal controls to ensure the completeness and accuracy of the SEFA.

Condition: The schedules of expenditures of federal awards (SEFA) reported by the County in the 2022 and 2023 annual budget document contained errors in amounts of federal expenditures reported.

Discrepancies in amounts reported on the 2022 SEFA and amount supported by underlying accounting records are summarized as follows:

Federal Agency	Assistance Listing Number	Program	Original		
			SEFA	Supported	Difference
DOT	20.205	Highway Planning and Construction	\$ 636,249	\$ 728,485	\$ (92,236)
DHS	97.036	Disaster Grants - (Presidentially-declared Disasters)	-	231,071	(231,071)

Discrepancies in amounts reported on the 2021 SEFA and amount supported by underlying accounting records are summarized as follows:

Federal Agency	Assistance Listing Number	Program	Original		
			SEFA	Supported	Difference
DOT	20.205	Highway Planning and Construction	\$ 81,910	\$ 287,565	\$ (205,655)
DHS	97.036	Disaster Grants - (Presidentially-declared Disasters)	25,105	28,328	(3,223)

Cause: The County has not implemented a proper system of internal control over SEFA preparation, such as a reconciliation to underlying accounting records or having a separate individual review the SEFA for clerical accuracy after it has been prepared. Reasons for discrepancies in individual programs varied.

Effect: The SEFA presented for audit did not accurately reflect the County's actual expenditures of federal awards for the years ended December 31, 2021 and 2022.

Recommendation: We recommend that the County implement internal controls to ensure that the SEFA completely and accurately states the expenditures of federal awards of the County each year, such as performing a reconciliation between the SEFA and underlying accounting records.

County's Response: The County has had a change in staffing of the County Clerk's Office and has received education on what should be recorded in the SEFA section and has implemented a spreadsheet that will assist in the tracking of the expenditures for reporting the SEFA correctly moving forward.

Auditor's Evaluation: The County's response is sufficient to correct the concern.

HARRISON COUNTY, MISSOURI

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

In accordance with the Uniform Guidance, this section reports the follow-up on action taken by Harrison County, Missouri on the applicable findings in the prior audit report issued for the year ended December 31, 2020.

2020-001: The Sheriff's office and Senior Citizen's Tax Board did not adequately perform reconciliations of monthly bank statements during 2020.

Status: Not resolved, see finding 2022-01

2020-002: The County did not maintain documentation to support the current pay rates of some full-time and all part-time employees and did not maintain documentation of approval of changes in pay rates for part-time employees in personnel files.

Status: Resolved

2020-003: Management has not implemented internal controls related to the preparation of the Schedule of Expenditures of Federal Awards (SEFA). The SEFA contained errors.

Status: Not resolved, see finding 2022-03

CERTIFIED PUBLIC ACCOUNTANTS

August 30, 2023

To the County Commission  
Harrison County, Missouri

We have audited the regulatory basis financial statements of Harrison County, Missouri for the years ended December 31, 2022 and 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 12, 2023. Professional standards also require that we communicate to you the following information related to our audit.

### Significant Audit Matters

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Harrison County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022 and 2021. We noted no transactions entered into by the County during the years for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements detected during the audit.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated August 30, 2023.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In planning and performing our audit of the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis, the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis – All Governmental Funds as of and for the years ended December 31, 2022 and 2021, we considered Harrison County's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control. We issued our report on our consideration of internal control over financial reporting dated August 30, 2023.

### Other Matters

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompany the financial statements but are not Required Supplementary Information. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles

prescribed or permitted by Missouri law, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the County Commission and management of Harrison County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

*(Original Signed by McBride, Lock & Associates, LLC)*

### Brentwood Pointe Transportation Development District

Report No. 2024-005

January 2024

[auditor.mo.gov](https://auditor.mo.gov)

**Scott Fitzpatrick**  
Missouri State Auditor

# CITIZENS SUMMARY

## Findings in the audit of the Brentwood Pointe Transportation Development District

### Background

The Brentwood Pointe Transportation Development District was organized in May 2001 for the purpose of improving the extensions of Hanley Industrial Drive and Eager Road. The project was substantially completed as of December 31, 2021, and the City of Brentwood and St. Louis County subsequently accepted ownership of the project. Projects costs for the Brentwood Pointe TDD totaled \$5,857,460.

The project was funded by a one-cent sales tax on all taxable transactions within the boundaries of the district. Debt associated with the project was satisfied and the Board of Directors approved rescinding the sales tax on July 25, 2022.

In July 2009, the Brentwood Pointe TDD entered into an Amended Intergovernmental Cooperation Agreement with the Hanley Road Corridor TDD. Pursuant to this agreement, the Brentwood Pointe Board of Directors lowered the Brentwood Pointe's TDD sales tax to 0 percent, and the TDD sales taxes collected by the Hanley Road Corridor TDD within the boundaries of the Brentwood Pointe TDD were applied to the Brentwood Pointe TDD obligations until those obligations were satisfied.

Based on the audit, the cash balance of the Brentwood Pointe TDD as of December 31, 2022, was \$364,283. According to the district chairperson, as of June 14, 2023, the district would incur additional estimated legal and administrative expenses totaling \$25,000 related to the dissolution of the district. After the district's final costs and professional fees are paid, the remaining balance will be transferred to the Hanley Road Corridor TDD in accordance with the Intergovernmental Cooperation Agreement.

### Financial Status

The audit of the Brentwood Pointe Transportation Development District indicates the financial condition of the district is such that it may be abolished.

Because of the nature of this audit, no rating is provided.

State Auditor's Report	2
------------------------	---

---

Management Advisory Report - State Auditor's Findings	Financial Status .....3
---	-------------------------

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Brent Beumer, Chairperson  
and  
Board of Directors  
Brentwood Pointe Transportation Development District  
Brentwood, Missouri

The State Auditor is required under Section 238.275, RSMo, to audit a transportation development district prior to the question of abolishment being submitted to a vote. On July 25, 2022, the Board of Directors of the Brentwood Pointe Transportation Development District approved a resolution of its intent to dissolve the district and request an audit as required by statute. The State Auditor was subsequently notified of this resolution on July 28, 2022.

The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2022. The objectives of our audit were to evaluate the financial status of the district and determine whether it may be abolished pursuant to law.

Our methodology included reviewing financial records and other pertinent documents, and interviewing various personnel of the district, as well as certain external parties. We obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe the evidence obtained provides such a basis.

The audit determined the district's Board of Directors may proceed with abolishment of the district in accordance with Section 238.275, RSMo.

The accompanying Management Advisory Report presents our findings arising from our audit of the Brentwood Pointe Transportation Development District.

A handwritten signature in black ink that reads "Scott Fitzpatrick".

Scott Fitzpatrick  
State Auditor

---

# Brentwood Pointe Transportation Development District Management Advisory Report - State Auditor's Findings

---

## Financial Status

Our audit of the Brentwood Pointe Transportation Development District (TDD) indicates the financial condition of the district is such that it may be abolished.

The Brentwood Pointe TDD is located in St. Louis County, in the City of Brentwood. The district was organized in May 2001 by petition of the property owners/developer within the proposed TDD. The district consists of 2 property owners. The members of the Board of Directors consist of 5 representatives of the property owners/developer. The district has a fiscal year end of December 31.

The Brentwood Pointe TDD was formed for the purpose of improving the extensions of Hanley Industrial Drive and Eager Road. Details of this project include but are not limited to right-of-way acquisition, demolition, grading, utility relocation, retaining walls, fencing, lighting signalization, landscaping improvements, paving, widening of the road, sidewalks, and restriping. The project was substantially completed as of December 31, 2021. The City of Brentwood and St. Louis County both serve as local transportation authorities with jurisdiction over the local portion of the project. The City of Brentwood and St. Louis County subsequently accepted ownership of the project. The Brentwood Pointe TDD's portion of the project costs was \$5,857,460.

In July 2001, the qualified voters of the district approved a 1-cent (1 percent) sales tax on all taxable transactions within the boundaries of the district. The Board of Directors subsequently passed a resolution formally establishing that sales tax rate to be effective August 2001 for 40 years unless terminated sooner.

In December 2001, the Brentwood Pointe TDD Board issued revenue bonds to pay for project costs. The Brentwood Pointe TDD satisfied this debt in April 2022. The Board approved certain actions in connection with abolishment of the Brentwood Pointe TDD, including repealing the District's sales tax on July 25, 2022. See the table below for district financial activity for the calendar year ending December 31, 2022.

In July 2009, the Brentwood Pointe TDD entered into an Amended Intergovernmental Cooperation Agreement with the Hanley Road Corridor TDD.<sup>1</sup> Pursuant to this agreement, the Brentwood Pointe Board of Directors lowered the Brentwood Pointe's TDD sales tax to 0 percent, and the TDD sales taxes collected by the Hanley Road Corridor TDD within the boundaries of the Brentwood Pointe TDD were applied to the Brentwood Pointe TDD obligations until those obligations were satisfied.

---

<sup>1</sup> The Hanley Road Corridor TDD's boundaries contain multiple smaller TDDs, including the Brentwood Pointe TDD and the Kenilworth TDD.

## Brentwood Pointe Transportation Development District Management Advisory Report - State Auditor's Findings

In July 2022, the Brentwood Pointe TDD Board of Directors formalized its intent to dissolve the district. The District subsequently advised the State Auditor's Office (SAO) of this resolution and requested the SAO proceed with all necessary actions as required pursuant to Section 238.275, RSMo. That statute requires the State Auditor to audit the district to determine its financial status, and determine whether it may be abolished pursuant to law. It also states the board shall not propose the question to abolish the district while there are outstanding claims or causes of action pending against it; if its liabilities exceed its assets; or while the district is insolvent, in receivership, or under the jurisdiction of a bankruptcy court.

The following table presents the financial activity and cash balances for the year ended December 31, 2022.

	Year Ended December 31, 2022
RECEIPTS	
Sales Tax	\$ 239,297
Interest Income	3,306
Total Receipts	<u>242,603</u>
DISBURSEMENTS	
Debt Service-Principal	290,000
Maintenance	8,618
Administrative Expenses	6,013
Debt Service-Interest	4,833
Total Disbursements	<u>309,464</u>
RECEIPTS OVER (UNDER) DISBURSEMENTS	(66,861)
BEGINNING CASH	<u>431,144</u>
ENDING CASH	<u>\$ 364,283</u>

Source: Compiled by the SAO using the district's financial statements.

Based on our audit, the cash balance of the Brentwood Pointe TDD as of December 31, 2022, was \$364,283. According to the district Chairperson, as of June 14, 2023, the district would incur additional estimated legal and administrative expenses totaling \$25,000 related to the dissolution of the district. There are no pending, threatened, or unasserted claims or assessments against the district according to district legal counsel. District officials confirmed the district is not insolvent, in receivership, or under the jurisdiction of a bankruptcy court. Based on these representations, district assets are sufficient to pay any remaining costs and obligations. After the district's final costs and professional fees are paid, the remaining balance will be transferred to the Hanley Road Corridor TDD in accordance with the Intergovernmental Cooperation Agreement dated July 17, 2009.

Brentwood Pointe Transportation Development District  
Management Advisory Report - State Auditor's Findings

---

Based on our audit, the Board of Directors may proceed with the abolishment of the district in accordance with Section 238.275, RSMo.

# Scott Fitzpatrick

## Missouri State Auditor

### Holt County

Report No. 2024-004

January 2024

[auditor.mo.gov](https://auditor.mo.gov)

# CITIZENS SUMMARY

## Findings in the audit of Holt County

Sheriff's Compensation	The County Commission authorized mid-term salary increases to the Sheriff in January 2022 and July 2023, in violation of constitutional provisions. The Sheriff took office in 2021 at the salary level approved by the Holt County Salary Commission. In January 2022, the County Commission increased the Sheriff's salary by \$24,980 instead of spreading the increase out over 5 years in accordance with state statute. The County Commission increased the Sheriff's salary by approximately \$5,600 in July 2023. Both increases violated constitutional provisions that prohibit mid-term salary increases.
Sunshine Law	County officials could not locate minutes for certain closed meetings, did not review and approve minutes of closed meetings, and did not document in the open meeting minutes the specific reasons or sections of law allowing some of the meetings to be closed. The County Commission discussed some items in closed meetings that were not allowable under the Sunshine Law.
Sheriff's Office Bank Accounts	The Sheriff maintains 2 bank accounts - the Investigative Fund and the K-9 Fund - outside the county treasury. There is no statutory authority allowing the Sheriff to maintain these accounts outside the county treasury.
Electronic Communication Policy	The county has not developed a records management and retention policy that includes electronic communication in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Good**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Organization and Statistical	9
Information	

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

County Commission  
and  
Officeholders of Holt County

We have audited certain operations of Holt County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2022. The objectives of our audit were to:

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Holt County.

A handwritten signature in black ink, reading "S. Fitzpatrick". The signature is stylized with a large, looped "S" and a cursive "Fitzpatrick".

# Holt County Management Advisory Report State Auditor's Findings

---

## 1. Sheriff's Compensation

The County Commission authorized mid-term salary increases to the Sheriff in January 2022 and July 2023, in violation of constitutional provisions. The Sheriff took office in 2021 at the salary level approved by the Holt County Salary Commission.

Section 57.317.1(2), RSMo, enacted in 2021, states the sheriff shall receive an annual salary computed based on a percentage of the compensation of an associate circuit judge of the county, with the percentage determined by a statutory schedule using the county's current assessed valuation level. The law indicated if the increase to the Sheriff's salary is less than \$10,000, the increase shall take effect January 1, 2022, but if the increase in salary is more than \$10,000, the increase shall be paid equally over a 5-year period. However, Article VII, Section 13, of the Missouri Constitution prohibits an increase in compensation for state, county, and municipal officers during their term of office. Court cases have concluded that to receive additional compensation during a term of office there must be: 1) no existing compensation for the office; 2) new or additional duties extrinsic or not germane to the office; or 3) the mid-term increase must result from the application of a statutory formula for calculating compensation that was in place prior to the individual being elected or taking office. None of those circumstances exist; therefore, the increase to the Sheriff's salary should be effective only for any Sheriff elected and sworn into office after the new salary schedule was authorized.

The County Commission did not seek a written legal opinion on these matters and authorized the salary increase for the Sheriff. In January 2022, the County Commission increased the Sheriff's salary by \$24,980 instead of spreading the increase out over 5 years. In addition, in July 2023 the County Commission approved increasing the Sheriff's salary approximately \$5,600 due to increases in pay for Associate Circuit Judges during 2022 and 2023. The County Commission indicated it was unaware the provision calling for the increase to be spread out over 5 years was mandatory. The County Commission indicated it was aware of the constitutional provision preventing mid-term salary increases, but felt required to increase the Sheriff's salary due to the change in state statute.

## Recommendation

The County Commission discontinue the mid-term salary increases and consider various methods for possible recoupment of money already paid.

## Auditee's Response

*We will discuss this recommendation with the Sheriff and our attorney. We will take this recommendation under advisement and determine the best course of action to take.*

---

## 2. Sunshine Law

The county's procedures for complying with the Sunshine Law need improvement.

## Holt County Management Advisory Report - State Auditor's Findings

### Meeting minutes

County officials could not locate minutes for closed meetings of the County Commission held on April 11, 2022, and August 1, 2022. The County Clerk indicated she could not locate all meeting minutes when she took office in January 2023.

In addition, the County Commission did not review and approve minutes of closed meetings, and the closed meeting minutes, consisting of handwritten notes, were not signed by the preparer to ensure their accuracy. The County Clerk indicated she was unaware of the requirements for closed meetings. The County Clerk subsequently prepared typed meeting minutes for closed meetings held during 2023, and signed and presented them to the County Commission for approval.

Section 610.020.7, RSMo, requires minutes of open and closed meetings be taken and retained by the public governmental body. Having the meeting minutes signed by the preparer and subsequently approved by the County Commission provides an independent attestation that the minutes are a correct record of the matters discussed and actions taken during the meetings.

### Reasons for closed meetings

The County Commission did not document in the open meeting minutes the specific reasons or sections of law allowing the meetings to be closed for 3 of the 14 closed meetings held between January 1, 2022, and June 2, 2023. In addition, some meeting notices and agendas included a statement that a closed meeting would be held, but the statement did not include the specific section of law allowing the closed meeting, although it generally indicated the same list of potential discussion matters. The current County Clerk indicated she was not aware of the requirements for closed meetings.

Section 610.022, RSMo, requires public bodies to announce the specific reasons allowed by law for going into a closed meeting and to enter the vote and reasons into the minutes, and also limits discussion topics and actions in closed meetings to only those specifically announced prior to closure. Section 610.020.1, RSMo, requires public entities to give notice of the time, date, and place of each meeting, and its tentative agenda, to advise the public of matters to be considered.

### Allowable topics

The County Commission discussed some items in closed meetings that were not allowable under the Sunshine Law. For example, the County Commission discussed a change for Sheriff's deputies from earning compensatory time to overtime pay, funding related to the police dog for the Sheriff's office, and an insurance claim for a county vehicle. Minutes of one open meeting indicated the meeting was closed per Section 610.021(5), RSMo, for non-judicial mental or physical health proceedings. However, the closed meeting minutes discussed a citizen complaint related to a Sheriff's deputy that did not pertain to mental or physical health. The County Clerk indicated they are now only discussing allowable topics in closed meetings.

## Holt County Management Advisory Report - State Auditor's Findings

Section 610.021, RSMo, provides that the discussion topics and actions in closed meetings should be limited to only those specifically allowed by law.

### Recommendation

The County Commission ensure specific reasons for closing a meeting are documented in the open minutes, meeting notices, and agendas; and only topics allowed by state law are discussed in closed meetings. In addition, ensure meeting minutes are prepared and retained for all closed meetings; and ensure closed meeting minutes are reviewed and approved, and signed by the preparer.

### Auditee's Response

*We agree and this recommendation has been implemented. The current County Clerk has ensured specific reasons for closing meetings are properly documented and works with us to ensure only allowable topics are discussed. She is also preparing formal minutes for all open and closed sessions timely and presenting them to us for approval after she has signed the minutes as the preparer.*

## 3. Sheriff's Office Bank Accounts

The Sheriff maintains 2 bank accounts outside the county treasury. The Investigative Fund bank account was opened in January 2022 with money from the Sheriff's Revolving Fund. The K-9 Fund bank account was opened in May 2021 with donations. According to the Sheriff and bank records obtained, money deposited into these funds since opening the accounts included:

Receipts by Type	Amount
Investigative Fund:	
Check from Sheriff's Revolving Fund	\$ 1,500
K-9 Fund:	
Community donations	4,051
Fundraisers	685
Medication refund	6
Total	\$ 6,242

The Sheriff indicated he maintains these accounts to fund investigations performed by the office and to pay for training and care of the police dog. He stated the opening of the Investigative Fund and the K-9 Fund bank accounts were discussed with the County Commission in advance and the County Commissioners authorized these accounts to be opened. The Sheriff and County Commission indicated they were not aware of any restrictions on holding accounts in this manner.

During 2022, the Sheriff's office made a \$200 cash withdrawal from the Investigative Fund bank account and spent \$144 on investigative costs, with \$56 remaining as cash on hand. The balance of this account at December 31, 2022, was \$1,300. Disbursements during 2021 and 2022 from the K-9 Fund

## Holt County Management Advisory Report - State Auditor's Findings

bank account totaled \$3,307 and were for training, food, and care for the police dog. The balance of this account at December 31, 2022, was \$1,435.

There is no statutory authority allowing the Sheriff to maintain these accounts outside the county treasury. Section 50.370, RSMo, requires every county official who receives any fees or other remuneration for official services to pay such money to the County Treasurer. In addition, Attorney General's Opinion 45-1992 (April 23, 1992) states sheriffs are not authorized to maintain a bank account for law enforcement purposes separate from the county treasury.

### Recommendation

The County Commission and the Sheriff ensure the Sheriff does not maintain bank accounts outside the county treasury, and ensure all money is disbursed to the County Treasurer timely.

### Auditee's Response

*The County Commission provided the following response:*

*We did discuss these accounts with the Sheriff prior to opening and gave our approval. We were unaware maintaining these accounts in this manner was unallowable.*

*The Sheriff provided the following response:*

*This recommendation has been implemented and these accounts have been transferred to the County Treasurer.*

## 4. Electronic Communication Policy

The county has not developed a records management and retention policy that includes electronic communication in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.<sup>1</sup>

<sup>1</sup> Missouri Secretary of State Records Services Division, *Electronic Communications Records Guidelines for Missouri Government*, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, accessed July 21, 2023.

---

Holt County  
Management Advisory Report - State Auditor's Findings

---

Development of a written policy to address the use of electronic communications is necessary to ensure all documentation of official business of the county is retained as required by state law. The Commission indicated it was unaware of the record retention requirements and the electronic communications guidelines.

**Recommendation**

The County Commission work with other county officials to develop a written records management and retention policy to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division electronic communications guidelines.

**Auditee's Response**

*We agree and will work with other county officials to develop a policy that complies with the Secretary of State's guidelines.*

---

# Holt County

## Organization and Statistical Information

---

Holt County is a county-organized, third-class county. The county seat is Oregon, Missouri. The county's population was 4,223 in 2020, according to the U.S. Census Bureau.

Holt County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 46 full-time employees and 5 part-time employees on December 31, 2022.

County operations also include the Health Department, Emergency 911, Senior Citizens Board, drainage and levee districts established by the County Commission, neighborhood improvement districts, and the Johnson Grass Board.

### Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2023	2022
Tom Bullock, Presiding Commissioner	\$	31,285
Carla Markt, Associate Commissioner		29,082
David Carroll, Associate Commissioner		29,082
Vicki Book, Circuit Clerk and Ex Officio Recorder of Deeds (1)		
Angie Gamache, County Clerk		44,064
Robert R. Shepherd, Prosecuting Attorney		51,775
Steve Portman, Sheriff		72,500
Gay Quick, County Treasurer (2)		49,908
Susan Lentz, County Coroner		13,219
Velvet Sommer, Public Administrator		22,032
Cindy Wohlford, County Collector (3), year ended February 28,	67,047	
LaDonna Jones, County Assessor, year ended August 31,		43,765

- (1) Compensation is paid by the state.
- (2) Includes \$5,844 of commissions earned as Treasurer for the levee districts.
- (3) Includes \$22,691 of commissions earned for collecting city, levee, and drainage district property taxes.

## Missouri State Auditor

Missouri State Highway Patrol's  
Use of Highway Funds

Year Ended June 30, 2023

Report No. 2024-003

January 2024

[auditor.mo.gov](http://auditor.mo.gov)

# CITIZENS SUMMARY

## Findings in the audit of Missouri State Highway Patrol's Use of Highway Funds

Background	Missouri state law requires the Missouri State Auditor to examine whether State Highways and Transportation Fund appropriations to the Missouri State Highway Patrol are used in accordance with the Missouri Constitution, which limits the use of these funds to activities related to administering and enforcing state motor vehicle laws or traffic regulations.
Methodology	Audit staff reviewed highway patrol calculations of amounts spent for non-highway activities; and the amounts spent for highway-related activities from other funding sources. Auditors also reviewed expenditures recorded in the state accounting system and other expenditure-related data, and performed sample testing of expenditures.
Conclusions	The audit determined the Missouri State Highway Patrol complied with legal provisions related to the use of highway funding for the 2023 fiscal year.

Because of the limited objective of this review, no overall rating is provided.

Background, Methodology, and Conclusions	3
---	---

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
and  
Sandy Karsten, Director  
Department of Public Safety  
and  
Colonel Eric T. Olson, Superintendent  
Missouri State Highway Patrol  
Jefferson City, Missouri

We have audited the Department of Public Safety, Missouri State Highway Patrol's Use of Highway Funds, as required by Section 226.200.3, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2023. The objective of our audit was to determine whether the agency is in compliance with Section 226.200.3, RSMo, related to the use of highway funds.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objective. We believe that the evidence obtained provides such a basis.

The Background, Methodology, and Conclusions present our comments concerning the overall compliance related to the Department of Public Safety, Missouri State Highway Patrol's Use of Highway Funds.

# Missouri State Highway Patrol's Use of Highway Funds

## Background, Methodology, and Conclusions

---

### Background

The State Auditor is required to determine whether appropriations from the State Highways and Transportation Fund (State Highway Fund) to the Missouri State Highway Patrol (MSHP) are used for administering and enforcing state motor vehicle laws and traffic regulations pursuant to the constitution.

**Limitations and requirements** Article IV, Section 30(b), Missouri Constitution, limits the MSHP's use of highway funds to activities related to administering and enforcing state motor vehicle laws or traffic regulations. In addition, Section 226.200.3, RSMo, provides, in part:

" . . . Appropriations allocated from the state highways and transportation department fund to the highway patrol shall only be used by the highway patrol to administer and enforce state motor vehicle laws or traffic regulations. Beginning July 1, 2007, any activities or functions conducted by the highway patrol not related to enforcing or administering state motor vehicle laws or traffic regulations shall not be funded by the state highways and transportation department fund, but shall be funded from general revenue or any other applicable source. Any current funding from the highways and transportation department fund used for activities not related to enforcing state motor vehicle laws or traffic regulations shall expire on June 30, 2007. The state auditor shall annually audit and examine the appropriations made to the highway patrol to determine whether such appropriations are actually being used for administering and enforcing state motor vehicle laws and traffic regulations pursuant to the constitution. The state auditor shall submit its annual findings to the general assembly by January fifteenth of each year."

## Missouri State Highway Patrol's Use of Highway Funds Background, Methodology, and Conclusions

During the year ended June 30, 2023, the MSHP used appropriations from the State Highway Fund as follows:

	Appropriation Authority	Expenditures	Lapsed Balances <sup>1</sup>
Enforcement personal service	\$ 83,872,762	73,087,432	10,785,330
Enforcement expense and equipment	9,314,191	9,091,634	222,557
Technical services personal service	17,871,959	16,374,623	1,497,336
Technical services expense and equipment	19,413,526	16,184,263	3,229,263
Vehicle and driver safety personal service	12,392,776	10,965,650	1,427,126
Vehicle and driver safety expense and equipment	1,060,790	918,248	142,542
Refund unused motor vehicle inspection stickers	100,000	35,397	64,603
Administration personal service	8,318,099	7,513,156	804,943
Administration expense and equipment	625,751	410,852	214,899
Crime laboratories personal service	4,576,691	4,388,096	188,595
Crime laboratories expense and equipment	1,551,249	1,407,698	143,551
Law Enforcement Academy personal service	1,704,486	1,539,217	165,269
Law Enforcement Academy expense and equipment	503,864	96,203	407,661
Fringe benefits personal service	96,318,031	81,282,742	15,035,289
Fringe benefits expense and equipment	8,063,655	6,976,154	1,087,501
Vehicle replacement expense and equipment	6,323,075	3,826,483	2,496,592
Gasoline expenses	6,885,382	4,709,130	2,176,252
Interoperable system highway	5,612,926	5,402,089	210,837
Interoperable ongoing highway	4,100,000	3,928,868	171,132
Total	\$ 288,609,213	248,137,935	40,471,278

<sup>1</sup> The lapsed balances include withholdings made at the Governor's request totaling \$5,380,634.

## Methodology

To determine whether the MSHP complied with the limitations on the use of highway funds in Section 226.200.3, RSMo, we obtained an understanding of internal control that is significant to the audit objective and planned and performed procedures to assess internal control to the extent necessary to address our audit objective. We also obtained an understanding of legal provisions that are significant within the context of the audit objective, and we assessed the risk that illegal acts, including fraud, and violations of other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions. We reviewed and evaluated the methodology used by the MSHP to calculate the amounts expended from the State Highway Fund for non-highway activities and the amounts expended by the MSHP for highway-related activities from other funding sources. We also compared the various fund and appropriation subtotals used

## Missouri State Highway Patrol's Use of Highway Funds Background, Methodology, and Conclusions

in the MSHP calculations to expenditures recorded in the state accounting system (SAM II), and we reviewed MSHP documentation on academy classes and crime laboratory cases supporting the MSHP calculations related to the appropriations for the training academy and crime laboratories. In addition, we obtained and analyzed other expenditure-related data from the MSHP and tested a judgmentally selected sample of expenditures to determine if the expenditures were properly recorded. The results of our sample testing cannot be projected to the entire population from which the test items were selected.

### Conclusions

We conclude the MSHP was in compliance with Section 226.200.3, RSMo, related to the use of highway funds for the year ended June 30, 2023. During fiscal year 2023, the MSHP spent approximately \$3,914,000 appropriated from the State Highway Fund for expenditures not related to highway activities. This amount included non-highway personal service expenditures made from the State Highway Fund from appropriations for administration, crime laboratories, training academy, and fringe benefits; and expense and equipment expenditures from appropriations for administration, gasoline, and fringe benefits. However, these expenditures were more than offset by personal service and/or expense and equipment expenditures totaling approximately \$5,227,000 from appropriations for crime laboratories, training academy, and technical services that were related to highway activities, but not paid from the State Highway Fund. As a result, approximately \$1,313,000 more was spent on highway-related activities than was paid from highway funds during fiscal year 2023.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Shannon County, Missouri

The Office of the State Auditor contracted for an audit of Shannon County's financial statements for the year ended December 31, 2021, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by CR Williams & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized, with the first name "S." and the last name "Fitzpatrick" written in a cursive script.

Scott Fitzpatrick  
State Auditor

January 2024  
Report No. 2024-002

### Recommendations in the audit of Shannon County

2021-01	The county review its current record-keeping practices regarding lease transactions and identify areas that need improvement. The county should also establish accounting policies and procedures related to lease transactions to ensure compliance with regulatory standards and adopt best practices.
2021-02	The County ensure compliance with state statutes by refraining from approving expenditures more than budgeted amounts. If the initially approved budget is insufficient to cover unforeseen expenditures during the current year, any necessary budgetary amendments should be openly discussed in a public meeting and formally adopted by the County Commission. Strengthen financial oversight and control mechanisms to prevent future negative budgets. Provide training to staff involved in budget management to improve financial management skills and budgeting accuracy.
2021-03	The County established a written internal control policy. Moreover, we recommend educating the County officials and employees about the COSO Internal Control Framework and its significance in promoting effective internal controls. By adhering to the COSO Internal Control Framework and implementing this recommendation, the County can establish a robust internal control system that ensures compliance, mitigates risks, and enhances financial management and accountability.
2021-04	The County establish a formal fraud risk assessment process that is tailored to the County's operations and risks.
2021-05	<ol style="list-style-type: none"><li>1. There will be an integration of QuickBooks. Implement a unified QuickBooks system to eliminate the critical deficiency caused by the independent management of accounts by the County Clerk and Treasurer. This will ensure synchronization and integration of essential financial data.</li><li>2. There will be a process of verification of Cash Account Beginning Balance. Conduct a thorough audit and reconciliation of the cash account's beginning balance, amounting to \$5,930,374.35, to provide documented support and evidence. Address concerns about accuracy and reliability by establishing clear substantiation for the reported balance.</li></ol>

## INDEPENDENT AUDITOR'S REPORT

To the County Commission and Officeholders  
Shannon County, Missouri

### **Adverse and Unmodified Opinions**

We have audited the accompanying financial statements of the Shannon County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash and Investment Balances- All Governmental Funds – Regulatory Basis, Statements of Receipts, Disbursements and Changes in Cash and Investment Balances- Budget and Actual – All Governmental Funds- Regulatory Basis and the Statement of Assets and Liabilities Arising From Cash Transactions – Agency Funds – Regulatory Basis as of December 31, 2021 and the related notes to the financial statements.

### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, Statement of Receipts, Disbursements and Changes in Cash and Investment Balances- All Governmental Funds – Regulatory Basis, Statements of Receipts, Disbursements and Changes in Cash and Investment Balances- Budget and Actual – All Governmental Funds- Regulatory Basis and the Statement of Assets and Liabilities Arising From Cash Transactions – Agency Funds – Regulatory Basis as of December 31, 2021, in accordance with financial reporting provisions of Missouri Law described in Note 1.

### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County as of December 31, 2021, or changes in net position and cash flows thereof for the year then ended.

### **Basis for Adverse and Unmodified Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Shannon County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinion.

## INDEPENDENT AUDITOR'S REPORT – continued

### **Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1 of the financial statements, the financial statements are prepared by the County on the basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting, a financial reporting framework prescribed or permitted by Missouri law. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Shannon County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

## INDEPENDENT AUDITOR'S REPORT – continued

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Shannon County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Shannon County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

## INDEPENDENT AUDITOR'S REPORT – continued

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2023, on our consideration of Shannon County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Shannon County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Shannon County, Missouri's internal control over financial reporting and compliance.

**The County of Shannon  
Eminence, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2021**

---

**Note I - Summary of Significant Accounting Policies**

The County of Shannon, Missouri ("County"), which is governed by a three-member board of commissioners, was established in 1841 and named for George Shannon of the Lewis and Clark Expedition. In addition to the three Commissioners, there are nine elected Constitutional Officers: County Clerk, Collector, Treasurer, Sheriff, Assessor, Coroner, Circuit Clerk and ex officio Recorder, Public Administrator and Prosecuting Attorney.

As discussed further in Note I, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present financial accountability of the County, the Senior Citizens Service Board, and the Senate Bill 40 Board.

The County's operations include tax assessments and collections, state/county courts, county recorder, public safety, transportation, economic development, social and human services, and recreation services.

The financial statements referred to above include only the primary government of the County, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the County's legal entity. The Senior Citizens Service Board and the Senate Bill 40 Board are controlled by separate boards and are also included under the control of the County.

Basis of Presentation

The accompanying financial statements present the receipts, disbursements, and changes in cash of all funds of the County and the comparisons of such information with the corresponding budgeted information for all funds of the county. The funds presented are established under statutory or administrative authority, and their operations are under the control of the County Commission or an elected county official. The General Revenue Fund is the county's general operation fund, accounting for all financial resources except those required to be accounted for in another fund. The other funds presented account for financial resources whose use is restricted for specified purposes.

**The County of Shannon  
Eminence, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2021**

---

**Note 1 - Summary of Significant Accounting Policies (continued)**

**Governmental Fund Types**

Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds. The measurement focus is upon determination of and changes in financial position rather than upon net income.

**Fiduciary Fund Types**

*Agency* – Agency funds are used to account for assets held by the County in a trustee capacity as an agent of individuals, private organizations, other funds, or other governmental units. Agency funds are accounted for and reported similar to the governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These funds account for activities of collections for other taxing units by the Collector of Revenue and other officeholders.

**Basis of Accounting**

The financial statements were prepared using accounting practices prescribed or permitted by Missouri law, which differ from accounting principles generally accepted in the United States of America. The effects of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

As a result of the use of this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation, bonds and obligations under capital leases), and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If the County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

**The County of Shannon  
Eminence, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2021**

---

**Note 1 - Summary of Significant Accounting Policies (continued)**

Budget and Budgetary Accounting

In accordance with Chapter 50 RSMo, the County adopts a budget for each governmental fund.

On or before January 15th, each elected officer and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.

The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.

A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.

Prior to February 1, the budget is legally enacted by a vote of the County Commission.

Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget financial statements.

Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year. Individual amendments were not material in relation to the original appropriations which were adopted.

Budgets are prepared and adopted on the cash basis of accounting.

State law requires that budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. Section 50.740 RSMo prohibits expenditures in excess of the approved budgets.

During the year, it was noted the County was not in compliance with Missouri budgetary statute RSMo. Chapter 50. The following funds had actual expenditures which exceeded the budgeted expenditures: General Revenue Fund, Special Road and Bridge Fund, Law Enforcement Restitution Fund, Shelter for Abused Victims Fund, Family Service Fund, Covid-19 Grant Fund and National Forest Fund. In addition, Sheriff's Revolving Fund had budgeted expenditures that exceed beginning available monies plus estimated revenues for the year.

**The County of Shannon**  
**Eminence, Missouri**  
**Notes to the Financial Statements**  
**For the year ended December 31, 2021**

---

**Note 1 - Summary of Significant Accounting Policies (continued)**

Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1, of the following year.

The assessed valuation of the tangible taxable property, included within the County's boundaries for the calendar year 2021 for purposes of taxation, was:

Real Estate	\$ 57,321,560
Personal Property	30,648,820
Railroad and Utilities	916,412
	<u><u>\$ 88,886,792</u></u>

During 2021, the County Commission approved a \$0.3935 tax levy per \$100 of assessed valuation of tangible taxable property, for purposes of County taxation, as follows:

General Revenue	0.1700
Road & Bridge	0.2400
Developmental Dis. Board	0.0963
Senior Services	0.0492

The County also receives sales tax collected by the State and remitted based on the County's sales tax rate to the total sales tax collected in the County.

Cash Deposits and Investments

Deposit and cash equivalents are stated at cost, which approximates the market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and cash equivalent and investment balances are presented in Note 2.

**Note 1 - Summary of Significant Accounting Policies (continued)**

Interfund Transactions

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables, if applicable, are eliminated due to reporting the financial statements on the regulatory basis of accounting.

Legally required transfers are reported as “transfers in” by the recipient fund and as “transfers out” by the disbursing fund.

**Note 2 - Cash and Investments**

The County maintains a cash and temporary investment pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments. Each fund type's portion of this pool is displayed on the statement of receipts, disbursements, and changes in cash arising from cash transactions as "Cash and Investments".

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2021, the carrying amount of the County's deposits and investments were \$ 4,845,675 and the bank balance was \$ 5,011,176.

The carrying values and bank balances of deposits and investments shown below are included in the financial statements at December 31, 2021, as follows:

Statement of Receipts, Disbursements and Changes in Cash and Investment Balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>
Deposits and Cash Equivalents	\$ 1,915,547	\$ 2,081,048
Investments	<u>12,546</u>	<u>12,546</u>
Total Governmental Funds	<u>1,928,093</u>	<u>2,093,594</u>

Statement of Assets and Liabilities Arising from  
Cash Transactions - Agency Funds:

Deposits and Cash Equivalents	2,917,582	2,917,582
Investments	<u>-</u>	<u>-</u>
Total Agency Funds	<u>2,917,582</u>	<u>2,917,582</u>
<b>Total Deposits and Investments as of December 31, 2021</b>	<b><u>\$ 4,845,675</u></b>	<b><u>\$ 5,011,176</u></b>

**The County of Shannon  
Eminence, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2021**

---

Custodial Credit Risk - Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. At December 31, 2021, 100% of the County's deposits and investments were covered by the Federal Deposit Insurance Corporation (FDIC) or were collateralized.

Custodial Credit Risk – Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party that sold the security to the County or its agent but not in the government's name. The County does not have a policy for custodial credit risk relating to investments. All investments, evidenced by individual securities, are registered in the name of the County or of a type that are not exposed to custodial credit risk.

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Shannon County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Investment Credit Risk

Concentration of investment credit risk is required to be disclosed by the County for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U. S. Government, investments in mutual funds, investments in external investment pools and in other pooled investments). The County has no policy in place to minimize the risk of loss resulting from over concentration of assets in specific maturity, specific issuer or specific class of securities investments.

As of December 31, 2021, the County has Certificate of Deposit issued by Security Bank of the Ozarks with carrying value of \$12,546 that represents 100% of its portfolio.

**Note 3 - Capital Leases**

In 2015, the County entered into a lease financing agreement with Security Bank of the Ozarks for a computerized temperature control system for \$74,556. The lease expires on December 15, 2024, with interest payable at 5%. Combined principal and interest payments are paid monthly in the amount of \$791.

In 2017, the County entered into a capital lease financing agreement with Caterpillar Financial Services Corporation for a motor grader for \$71,655. The lease expires on July 5, 2022, with a nominal

Eminence, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2021**

---

**Note 3 - Capital Leases – (continued)**

annual rate of 3.7%. Combined principal and interest payments are paid annually in the amount of \$15,960.

In 2019, the County entered into a lease financing agreement with Security Bank of the Ozarks for a motor grader for \$95,110. The lease expires on August 15, 2024, with interest payable at 3.95%. Combined principal and interest payments are paid monthly in the amount of \$1,748.

In 2020, the County entered into a lease financing agreement with John Deere for a motor grader for \$250,646. The lease expires on October 29, 2025, with interest payable at 2.7%. Combined principal and interest payments are paid monthly in the amount of \$54,314.

In 2021, the County entered into a lease financing agreement with Security Bank of the Ozarks for a Truck Loader for \$78,899. The lease expires on August 2, 2024, with interest payable at 3.5%. Combined principal and interest payments are paid annually in the amount of \$28,162.

**Note 4 - Interfund Transfers**

Transfers between funds for the years ended December 31, 2021, are as follows:

	<u><b>TRANSFERS IN</b></u>	<u><b>TRANSFERS OUT</b></u>
General Revenue Fund	\$ 221,496	\$ 32,910
Special Road and Bridge Fund	59,376	125,163
Assessment Fund	19,700	-
Title III Fund	28,621	-
Law Enforcement Restitution Fund	-	50,000
Recorder Fund	397	-
Recorder Equipment Fund	-	397
Covid-19 Grant Fund	-	34,676
American Rescue Plan Act Grant Fund	-	197
National Forest Fund	-	86,247
	<u><u><b>\$ 329,590</b></u></u>	<u><u><b>\$ 329,590</b></u></u>

Transfers are used to (1) move receipts from the fund that statute or budget requires to collect them to the fund that statute or budget requires to disburse them, and (2) use unrestricted receipts in the General Revenue Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

**The County of Shannon  
Eminence, Missouri  
Notes to the Financial Statements

**Note 5 - Local Government Employees Retirement System (LAGERS)**

**Plan Description**

The County participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, Sections 70.600-70.755, RSMo. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt.

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, Missouri, 65102, by calling (800) 447-4334, or by visiting the LAGERS website at [www.molagers.org](http://www.molagers.org).

**Benefits Provided**

Benefits are available to all full-time employees working in a LAGERS covered department. Benefits vest when an employee earns five years (60 months) of service credit in the system. Normal retirement age is 60 (General) or 55 (Police) and early retirement age is 55 (General) and 50 (Police). Benefits are paid out using a formula that is based on the employee's final average salary and the amount of credited service time.

**Contributions**

Full-time employees of the County contribute 4% to the pension plan. The January 1st statutorily required employer contribution rates were 0.2% (General) and 2.10% (Police) of annual covered payroll for the year ended December 31, 2021. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute. For the year ended December 31, 2021 the County contributed \$4,811 to LAGERS.

**The County of Shannon  
Eminence, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2021**

---

**Note 6 - State of Missouri County Employees' Retirement Fund (CERF)**

Plan Description

The County Employees' Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elected or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo, and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the fund and the investment of the fund are vested in a board of directors of eleven persons.

Benefits Provided

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, Missouri, 65101, by calling (573) 632-9203, or by visiting the CERF website at [www.mocerf.org](http://www.mocerf.org).

Contributions

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to CERF. All participants hired on or after February 24, 2002 are required to contribute an additional 4% of their gross compensation to CERF starting January 1, 2003. An active LAGERS participant who was employed with the County prior to February 24, 2002, is not required to make contributions. During 2021, the County remitted to CERF an employee contribution of \$33,247 for the year ended.

**The County of Shannon  
Eminence, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2021**

---

**Note 6 - State of Missouri County Employees' Retirement Fund (CERF)-continued**

In addition to the above contributions required of employees, the following fees and penalties prescribed under Missouri law are required to be collected and remitted to CERF by counties covered by the plan:

- Late fees on filing of personal property tax declarations;
- Twenty dollars on each merchant's and manufacturer's license issued;
- Six dollars on each document recorded or filed with county recorders of deeds, with an additional one dollar on each document recorded;
- Three sevenths of the fee on delinquent property taxes; and
- Interest earned on investment of the above collections prior to remittance to CERF.

The county collected and remitted CERF fees and penalties of \$87,618 for the year ended December 31, 2021. Further information related to required contributions, pension benefits, other plan terms, investments and related return and financial information can be found in the notes to the financial statements of CERF's Annual Financial Report.

**Note 7 - Prosecuting Attorney Retirement Fund**

In accordance with state statute Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County has contributed \$3,366 for the year ended December 31, 2021.

**Note 8 - Post Employment Benefits**

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County. As of December 31, 2021, there was no employee that is COBRA participant.

**Note 9 - Claims, Commitments, and Contingencies**

Litigation

The County is not involved in pending litigation as of the audit report date.

Compensated Absences

The County provides employees with up to three weeks of paid vacation based upon the number of years of continuous service. Upon termination from county employment, an employee is reimbursed for unused vacation leave. Vacation days not used by the end of the year are forfeited.

**The County of Shannon  
Eminence, Missouri  
Notes to the Financial Statements  
For the year ended December 31, 2021**

---

**Note 9 - Claims, Commitments, and Contingencies-continued**

The County provides employees with four hours of paid sick leave per month. Sick leave may not accumulate from year to year. Upon termination from county employment, an employee is not reimbursed for unused sick leave.

Federal and State Assisted Programs

The County receives proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned. Such audits could result in refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the potential refund of grant monies.

**Note 10 - Risk Management**

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body created pursuant to state statute (Section 537.700 RSMo.). The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is also a member of the Missouri Association of Counties Self-Injured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$500,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

**Note 11 - Subsequent Events**

The County has evaluated events subsequent to December 31, 2021 to assess the need for potential recognition or disclosure in the financial statements. Such events have been evaluated through December 12, 2023, the date the financial statements were available to be issued. Based upon this evaluation, it was determined that no subsequent events occurred that require recognition or additional disclosure in the financial statements.

**SUPPLEMENTARY SCHEDULES AND AUDITOR'S REPORT**

1257 Hornsby \* St. Louis, Missouri 63147

TEL: (219) 944-1615 \* FAX: (866) 834-4294 \* [www.crwilliams.net](http://www.crwilliams.net)

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

To the County Commission and Officeholders  
Shannon County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the County of Shannon ("County") which comprise the Statement of Receipts, Disbursements and Changes in Cash and Investment Balances – All Governmental Funds – Regulatory basis and the Statements of Assets and Liabilities Arising From Cash Transactions – Agency Funds – Regulatory Basis as of December 31, 2021, and the related Statements of Receipts, Disbursements, and Changes in Cash and Investment Balances – Budget and Actual – All Governmental Funds – Regulatory Basis as of and for the year ended December 31, 2021 and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report there on dated December 12, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Shannon County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Shannon County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Shannon County, Missouri's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and

INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS-continued*

corrected, on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned as items 2021-05 to be material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2021-01, 2021-03, 2021-04 to be significant deficiencies.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Shannon County, Missouri’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* as described in the accompanying schedule of findings and questioned costs as item 2021-02.

### **Shannon County, Missouri’s Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Shannon County, Missouri’s response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The Shannon County, Missouri’s response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*CRWilliams & Associates LLC*

St. Louis, Missouri

## **FEDERAL COMPLIANCE SECTION**

---

1257 Hornsby \* St. Louis, Missouri 63147

TEL: (219) 944-1615 \* FAX: (866) 834-4294 \* [www.crwilliams.net](http://www.crwilliams.net)

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM  
GUIDANCE**

To the County Commission and Officeholders  
Shannon County, Missouri

**Report on Compliance for Major Federal Program**

***Opinion on Major Federal Programs***

We have audited Shannon County, Missouri’s compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on Shannon County, Missouri’s major federal programs for the year ended December 31, 2021. The County’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

In our opinion, Shannon County, Missouri complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on *ALN 97.036 Disaster Grants - Public Assistance (Presidentially Declared Disasters)* and *Covid-19 Coronavirus Relief Fund* for the year ended December 31, 2021.

***Basis for Opinion on Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Shannon County, Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Shannon County, Missouri’s compliance with the compliance requirements referred to above.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM  
GUIDANCE-continued

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Shannon County, Missouri's federal programs.

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Shannon County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Shannon County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Shannon County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Shannon County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Shannon County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM  
GUIDANCE-continued

**Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

THE COUNTY OF SHANNON  
EMINENCE, MISSOURI  
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
YEAR ENDED DECEMBER 31, 2021

**Note 1 – Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal award activity of the County under programs of the federal government for the year ended December 31, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the County.

**Note 2 – Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the regulatory basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

**Note 3 – Indirect Cost Rate**

The County has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

**Note 4 – Subrecipients**

During the year ended December 31, 2021 the County provided \$178,129 in federal awards to sub-recipients for the Schools and Roads under Federal Assistance Listing Number 10.665 and \$62,902 in federal awards to sub-recipients for the Schools, Cities and Fire Districts under Federal Assistance Listing Number 21.019.

**Note 5 – Donated Personal Protective Equipment (PPE) (Unaudited)**

The County received donated face masks, hand sanitizer, protective gloves and disinfected wipes from the State of Missouri during 2021.

THE COUNTY OF SHANNON  
EMINENCE, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEAR ENDED DECEMBER 31, 2021

**II. FINANCIAL STATEMENTS FINDINGS**

**2021-01: INCOMPLETE LEASE DISCLOSURE**

Criteria: - Entities are required to disclose information regarding their exposure to financial instruments, specifically loans, including details such as the loan's terms and conditions, interest rates, repayment terms, and any collateral or security provided by the borrower.

Condition: - The lease documentation provided to us was incomplete and does not support the necessary information that needs to be disclosed in the financial statements.

Cause: - This condition is due to inadequate record-keeping.

Effect: - Without complete lease documentation, it may not be possible to accurately report lease transactions such as the outstanding balance, principal payments, interest expense during the year and any modifications of terms. This could result in a lack of transparency in the financial reporting process, which can undermine the credibility and reliability of the financial statements.

Recommendation: - We recommend that the county review its current record-keeping practices regarding lease transactions and identify areas that need improvement. The county should also establish accounting policies and procedures related to lease transactions to ensure compliance with regulatory standards and adopt best practices.

Management's Responses: - Commission/County Clerk will work on improving the record-keeping practices for our lease transactions. It is the County Clerk's belief that the lease amounts may not balance out due to extra payments throughout the year.

THE COUNTY OF SHANNON  
EMINENCE, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEAR ENDED DECEMBER 31, 2021

**II. FINANCIAL STATEMENTS FINDINGS - *continued***

**2021-02: BUDGETARY COMPLIANCE (REPEATED 2020-01)**

Criteria: - Section 50.540 RSMo prohibits expenditures more than the approved budget. State law requires that, at the individual fund level, budgeted expenditures should not exceed budgeted revenues plus anticipated beginning fund balance.

Condition: - As of December 31, 2021, we have identified that the following funds have disbursed actual amounts that exceed the budgeted amounts: General Revenue Fund, Special Road and Bridge Fund, Law Enforcement Restitution Fund, Shelter for Abused Victims Fund, Family Service Fund, Covid-19 Grant Fund and National Forest Fund. In addition, Sheriff's Revolving Fund had budgeted expenditures that exceed beginning available monies plus estimated revenues for the year.

Cause: - The County did not adequately review and amend budgeted expenditures to ensure that actual expenditures will not exceed the budget amounts. In addition, there was inadequate oversight and financial management practices that lead to a deficit budget. They were budgeting expenditures without expecting a revenue on the funds.

Effect: - The County is in violation of budgeting statutes.

Recommendation: - We recommend that the County ensure compliance with state statutes by refraining from approving expenditures more than budgeted amounts. If the initially approved budget is insufficient to cover unforeseen expenditures during the current year, any necessary budgetary amendments should be openly discussed in a public meeting and formally adopted by the County Commission. Strengthen financial oversight and control mechanisms to prevent future negative budgets. Provide training to staff involved in budget management to improve financial management skills and budgeting accuracy.

Management's Responses: - The County Clerk and her staff are working to correct this with training and keeping a close eye on the accounts throughout the year.

THE COUNTY OF SHANNON  
EMINENCE, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEAR ENDED DECEMBER 31, 2021

**II. FINANCIAL STATEMENTS FINDINGS - *continued***

**2021-03: LACK OF ESTABLISHED INTERNAL CONTROL POLICY  
(REPEATED 2020-02)**

Criteria: - SAS No. 115, "*Communicating Internal Control Related Matters Identified in an Audit*," requires auditors to communicate significant deficiencies and material weaknesses in internal control to management and those charged with governance. This standard highlights the need to establish and maintain effective internal control systems.

Condition: - The County does not have an established internal control system in place.

Cause: - The management has not prepared a written internal control policy.

Effect: - Absence of written internal control policies may result in inconsistent implementation, risk of miscommunication or misunderstandings regarding control requirements and hampers the County's ability to proactively address control weaknesses and enhance its overall control environment.

Recommendation: - We recommend that the County established a written internal control policy. Moreover, we recommend educating the County officials and employees about the COSO Internal Control Framework and its significance in promoting effective internal controls. By adhering to the COSO Internal Control Framework and implementing this recommendation, the County can establish a robust internal control system that ensures compliance, mitigates risks, and enhances financial management and accountability.

Management's Responses: - Commission/ County Clerk now have an Internal Control Policy in place. This policy was signed and dated in September of 2023.

THE COUNTY OF SHANNON  
EMINENCE, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEAR ENDED DECEMBER 31, 2021

**II. FINANCIAL STATEMENTS FINDINGS - *continued***

**2021-04: ABSENCE OF FORMAL FRAUD RISK ASSESSMENT PROCESS  
(REPEATED 2020-03)**

Criteria: - Having a formal fraud risk assessment process is crucial as it enables the identification and evaluation of fraud risks, aids in preventing and detecting fraudulent activities, and ensures the protection of public resources. By fulfilling these criteria, the County can proactively address potential fraud risks, maintain regulatory compliance, and safeguard public trust and assets.

Condition: - The County lacks a formal fraud risk assessment process.

Cause: - Management has not prepared documentation of risk assessments, including identifying risks and mitigating controls.

Effect: - The lack of a formal fraud risk assessment process increases the County's vulnerability to fraud.

Recommendation: - We recommend that the County establish a formal fraud risk assessment process that is tailored to the County's operations and risks.

Management's Responses: - Commission/County Clerk will work on establishing a formal fraud risk assessment that will be tailored to our county.

**2021-05: MULTIPLE ACCOUNTING SYSTEMS UTILIZED BY THE COUNTY**

Criteria: As per OMB A-110 Sec. 215.21, an integrated financial management system is crucial to ensure the accuracy, reliability, and consistency of financial reporting.

Condition:

1. The system currently employed by the County to manage financial data exhibits a critical deficiency. This issue arises from the utilization of two discrete QuickBooks accounts that are administered independently by both the County Clerk and the Treasurer. These separate accounts lack integration and fail to synchronize critical financial data.
2. The financial records provided by the County Clerk show an accumulated beginning balance in the cash account amounting to \$5,930,374.35 that lacks substantiation. The absence of documented support or evidence for this balance raises concerns regarding the accuracy and reliability of the financial data.

THE COUNTY OF SHANNON  
EMINENCE, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
YEAR ENDED DECEMBER 31, 2021

**2021-05: MULTIPLE ACCOUNTING SYSTEMS UTILIZED BY THE COUNTY-continued**

Cause:

1. The County's financial record system is duplicated. The impact is to create an increase in risk associated with accuracy in the financial reporting. The separate management of QuickBooks accounts was caused by a lack of understanding or awareness about how to effectively integrate the accounts or limited knowledge about best practices in financial management. There was insufficient training or knowledge gaps within the County Clerk and Treasurer's operations.
2. Weak internal controls or oversight could contribute to the lack of substantiation. If there were inadequate controls in place to verify and document the cash balances, it might lead to an accumulation of unverifiable amounts. Inadequate reconciliation processes might be a cause. Without effective reconciliation between financial records or accounts, discrepancies could arise in the reported beginning balance, as differences between records might not have been identified or resolved.

Effect:

1. The lack of integration and synchronization between the separate QuickBooks accounts may lead to discrepancies in financial reporting, potentially affecting the accuracy of financial statements.
2. The absence of documented support for the \$5,930,374.35 beginning balance in the cash account raises concerns about the reliability of reported assets. This could impact the accuracy of the overall financial health assessment, affecting stakeholders' confidence in the financial statements.

Recommendation:

1. We recommend that there will be an integration of QuickBooks. Implement a unified QuickBooks system to eliminate the critical deficiency caused by the independent management of accounts by the County Clerk and Treasurer. This will ensure synchronization and integration of essential financial data.
2. We recommend that there will be a process of verification of Cash Account Beginning Balance. Conduct a thorough audit and reconciliation of the cash account's beginning balance, amounting to \$5,930,374.35, to provide documented support and evidence. Address concerns about accuracy and reliability by establishing clear substantiation for the reported balance.

Management's Responses:

County Clerk will work on learning how to close out from year to year. The County Clerk and Treasurer balance every month and the numbers are accurate in each of our QuickBooks files.

THE COUNTY OF SHANNON  
EMINENCE, MISSOURI  
SCHEDULE OF PRIOR YEAR FINDINGS AND RESPONSES  
YEARS ENDED DECEMBER 31, 2021

---

**I. PRIOR YEAR FINANCIAL STATEMENT FINDINGS**

2020-001      Criteria: Missouri statutes requires Counties to prepare an annual budget as applicable to each fund. Expenditures are not to exceed the budget. Additionally, a fund must not have expenditures which exceed total available fund balance for the year, resulting in an ending deficit available fund balance.

Condition: During the audit, it was noted that the County was not in compliance with Missouri budgetary statute RSMo. Chapter 50. The following funds had actual expenditures which exceeded the budgeted expenditures: Assessment Fund, Sheriff Civil Fee Fund, Law Enforcement Training Fund, County Clerk Fund and National Forest Fund. The following funds had actual expenditures which exceeded the available fund balance for expenditure: Prosecuting Attorney Administrative Handling Cost Fund and Crime Victim Advocate Fund.

Effect: The County is in violation of Missouri Revised Statutes due to exceeding budgets in certain funds and not prepared budgets for certain funds.

Cause: Oversight

Recommendation: We recommend that the County adopt a budget for all funds and periodically review its actual expenditures as compared to budgeted amounts. An amended budget should be prepared and approved as necessary to comply with statutes.

Views of responsible officials and planned corrective actions: The County Clerk will perform a detailed review of budgetary schedules and actual expenditures in order to ensure budgetary compliance and amendments to the budget will be prepared and approved by the County Commission, if necessary. The expected completion date is December 31, 2021. The phone number for the Clerk's office is (573) 226-3414.

THE COUNTY OF SHANNON  
EMINENCE, MISSOURI  
SCHEDULE OF PRIOR YEAR FINDINGS AND RESPONSES  
YEARS ENDED DECEMBER 31, 2021

---

**I. PRIOR YEAR FINANCIAL STATEMENT FINDINGS - *continued***

2020-001     Auditor's Evaluation: The planned corrective actions has not been properly implemented in 2021. The County should refrain from approving expenditures more than approved budgets and amend the budget if necessary.

Status as of December 31, 2021: Unresolved, repeated findings reported as 2021-002.

2020-002     Criteria: Statement on Auditing Standards (SAS) No. 115, *Communicating Internal Control Related Matters Identified in an Audit*, which is effective for periods ending on or after December 15, 2009, as amended by SAS No. 122, *Statements on Auditing Standards: Clarification and Recodification*, considers inadequate documentation of the components of internal control to be at least a significant deficiency.

Condition: Documentation of the County's internal controls has not been prepared.

Effect: Without documented internal controls, the County may not be able to ensure that controls are in place, communicated and operating effectively.

Cause: Management has not prepared documentation of internal controls.

Recommendation: We recommend that the County develop the required internal control documentation. In addition, we recommend studying the COSO internal control guidance and tools as a means to begin the process. Once this documentation is complete, those charged with governance have a responsibility to understand the controls and ensure they are operating effectively.

Views of responsible officials and planned corrective actions: The County will work to prepare internal control documentation. The expected completion date is December 31, 2021. The number for the clerk's office is (573) 226-3414.

Auditor's Evaluation: There's no prepared internal control documentation.

Status as of December 31, 2021: Unresolved, repeated findings reported as 2021-003.

THE COUNTY OF SHANNON  
EMINENCE, MISSOURI  
SCHEDULE OF PRIOR YEAR FINDINGS AND RESPONSES  
YEARS ENDED DECEMBER 31, 2021

---

**I. PRIOR YEAR FINANCIAL STATEMENT FINDINGS – *continued***

2020-003     Criteria: Antifraud programs and controls are the policies and procedures put in place by an organization to help ensure that management directives are carried out. They are part of the overall system of internal control established to achieve reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.

Condition: During our audit, we noted there is no formal fraud risk assessment in place.

Effect: Lack of appropriate fraud risk assessment process may result in certain risks not being identified by County's management. Opportunities to commit and conceal a fraud or irregularity may go undetected by management without proper assessment procedures.

Cause: Management has not prepared documentation of risk assessments, including identifying risks and mitigating controls.

Recommendation: We recommend that the County address various risks in the environment, including risk of fraud occurring by performing assessments to identify, analyze, and manage these risks.

Views of responsible officials and planned corrective actions: The County will work to prepare a risk assessment procedure. The expected completion date is December 31, 2021. The phone number of the Clerk's office is (573) 226-3414.

Auditor's Evaluation: The County has not established a formal fraud risk assessment process.

Status as of December 31, 2021: Unresolved, repeated findings reported as 2021-004.

## Missouri State Auditor

### Village of Mineral Point

Report No. 2024-001

January 2024

[auditor.mo.gov](https://auditor.mo.gov)

**Scott Fitzpatrick**  
Missouri State Auditor

# CITIZENS SUMMARY

## Findings in the audit of the Village of Mineral Point

### Misappropriated Money and Unsupported Payments

During the year ended December 31, 2022, disbursements totaling \$350 were misappropriated, and disbursements totaling \$1,197.50 were unsupported. Two checks totaling \$292 were issued to the Village Clerk with unknown Board member signatures, and a check for \$58 was issued by the Village Clerk to herself, also featuring an unknown signature. No documentation was provided to support \$394.29 in reimbursements issued to the former Board Treasurer. The Board also issued a check for \$577.39 to the Utility Operator for vacation pay even though the village has no policies or ordinances allowing for vacation leave or pay. Additionally, the Village Clerk received an additional \$225.82 when a check issued to her was deposited and processed through the bank twice. In addition, the village could not provide sufficient records or data, including resident account balances and activity, and could not provide any records of money receipted. This lack of records prevented us from obtaining sufficient, appropriate audit evidence to determine if we identified all money misappropriated from the village.

### Financial Condition

The village is in poor financial condition and prior Boards did not adequately monitor or take effective action to improve the condition. As of January 1, 2022, the balances of all village bank accounts totaled \$112,925. During 2022, disbursements exceeded receipts by \$40,504, resulting in ending balances at December 31, 2022, totaling \$72,741. These total ending balances are further strained because the village (1) has a significant amount of unpaid bills, (2) obligated \$37,000 to meet matching requirements for 2 grants received by the village, and (3) may be required to return \$4,037 due to non-compliance with a third grant received by the village.

### Utility Data and Operations

The village's computer-based utility data, which includes previous billings to village residents, account balances, and other information, has not been accessible since approximately July 2022, and manual records were not sufficient. As a result, the State Auditor's Office could not determine if billings were calculated accurately and if receipts were correctly applied to account balances. The village did not periodically back up its utility data and store the backup data at a secure off-site location, and due to the data at village hall being inaccessible, the village has not been able to bill for utility services. As a result of not billing, the village failed to collect an estimated \$35,407 from May through December 2022, which also contributed to the village's poor financial condition. In addition, the village could not provide up-to-date utility ordinances or documentation of its most recent formal review of water and sewer rates, and has not contracted for an annual utility audit. It also could not provide documentation that it reduced residents' outstanding account balances to comply with a state grant.

### Oversight, Documentation, and Accounting Controls and Procedures

The prior Boards did not establish adequate oversight or segregation of duties over various financial accounting functions. The village did not always maintain adequate accounting records over its financial activities and decisions. Additionally, the village's procedures for receipting, recording, and depositing money, as well as its disbursement review and approval process, need improvement. The village also failed to consistently prepare bank reconciliations and did not adequately monitor balances to prevent bank account fees or ensure bills were paid timely.

Payroll Controls and Procedures	The village does not have personnel ordinances and policies to address topics such as compensation for village officials and employees, and employee hiring, work schedules, termination, vacation and sick leave, overtime, compensatory time, or other arrangements. The village did not always retain or review village employees' weekly timesheets and violated the Missouri Constitution by issuing 3 pay advances totaling \$220 and a \$500 bonus payment to the Village Clerk.
Budgets and Financial Reporting	The village did not prepare budgets and did not file complete and accurate financial reports with the State Auditor's Office as required by state law. The village also does not publish or post semiannual financial statements as required by state law.
Sunshine Law	The village did not always prepare or retain meeting minutes and meeting minutes that were prepared were not always formally approved by both the preparer and at least 1 Board member. The Board has not adopted a written policy regarding public access to village records as required by state law, and the village does not maintain a log of records requests.
Electronic Communication Policy	The village has not developed a records management and retention policy that includes electronic communication in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.

In the areas audited, the overall performance of this entity was **Poor**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

To the Board of Trustees  
Village of Mineral Point, Missouri

The State Auditor was petitioned under Section 29.230, RSMo, to audit the Village of Mineral Point. We have audited certain operations of the village in fulfillment of our duties. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2022. The objectives of our audit were to:

1. Evaluate the village's internal controls over significant management and financial functions.
2. Evaluate the village's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.
4. Determine the extent of money misappropriated from the village.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the village, as well as certain external parties; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected.

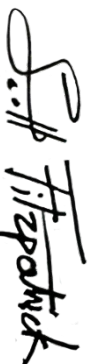

During our audit, we encountered a scope limitation that prevented us from performing certain procedures to determine the extent of money misappropriated from the village. The village could not provide sufficient utility records or data, including resident account balances and activity, and could not provide any records of money receipted. This lack of records prevented us from obtaining sufficient, appropriate audit evidence to determine if we identified all money misappropriated from the village.

We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

Except as discussed in the third paragraph, we conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. Except as discussed in the third paragraph, we believe the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the village's management and was not subjected to the procedures applied in our audit of the village.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, (3) the need for improvement in management practices and procedures, and (4) \$350 misappropriated from the village. Due to the scope limitation described in the third paragraph, additional misappropriated money may exist that was not identified. The accompanying Management Advisory Report presents our findings arising from our audit of the Village of Mineral Point.

A handwritten signature in black ink, appearing to read "Scott Fitzpatrick". The signature is stylized with a large, looped "S" and a distinct "F".

Scott Fitzpatrick  
State Auditor

# Village of Mineral Point

## Introduction

---

### Background

The village typically employs a part-time Village Clerk to perform general accounting duties, and previously employed a Utility Operator to perform water and sewer treatment and billing duties. A 5-member Board of Trustees, including a Chairman and Treasurer, oversee village operations.

During the year ended December 31, 2022, 2 different sets of Board members oversaw village operations. During the village's April 25, 2022, Board meeting, 2 members of the Board as well as the Village Clerk resigned, and the Utility Operator's retirement was announced. As a result, no village personnel remained. Subsequently, the 3 newly-elected Board members appointed one of them to be the Board Chairman and another to be the Board Treasurer (who is married to the Chairman), and then also appointed a fourth Board member. The fifth Board member position was still vacant. A new part-time Village Clerk was also hired.

The new Village Clerk was terminated on September 1, 2022. On February 2, 2023, the Board Chairman and Treasurer resigned. Both sets of Board members in place during 2022 through February 2, 2023, are referred to as "prior Boards" throughout the remainder of this report.

After February 2, 2023, the 2 remaining Board members appointed 2 new Board members. One appointed Board member was the previous Village Clerk who was terminated in September 2022. This Board member took over the duties of the Village Clerk. After an election was held on April 4, 2023, 2 newly-elected Board members joined (and replaced 1 appointed Board member), resulting in a fully seated 5-member Board of Trustees. The set of Board members in place as of April 2023 are referred to as the "current Board."

In February and March 2023, the State Auditor's Office visited the village and met with personnel to determine the type and extent of records maintained. We determined key operating records, including utility data, accounting records, and meeting minutes, were either unavailable or incomplete, as described throughout this report. As a result, we made additional efforts to obtain records with the Village Clerk who was employed from April 2022 to September 1, 2022, as well as the former Board Treasurer and Chairman who both served between April 25, 2022, and February 2, 2023. We issued subpoenas to the Village Clerk (on April 27, 2023, see Appendix A) and former Board Treasurer and Chairman (on May 5, 2023, see Appendixes B and C). The Village Clerk provided testimony on April 27, 2023, and July 11, 2023, and provided some records and documents related to her testimony. The former Board Treasurer provided testimony on May 19, 2023, and did not provide records or documents related to his testimony. Although we issued the former Board Chairman a subpoena, we subsequently did not obtain her testimony. Overall, the information and records obtained through these testimonies and subpoenas were minimal and some key operating records were unavailable or incomplete.

---

# Village of Mineral Point

## Management Advisory Report

### State Auditor's Findings

---

#### **1. Misappropriated Money and Unsupported Payments**

During the year ended December 31, 2022, disbursements totaling \$350 were misappropriated, and disbursements totaling \$1,197.50 were unsupported,<sup>1</sup> as follows:

Misappropriated Money	
Instance	Amount
Unknown Board member signatures on checks	\$ 292.00
Unknown signature on check	58.00
Total misappropriated money	\$ 350.00

Unsupported Payments	
Instance	Amount
Former Board Treasurer reimbursements	\$ 394.29
Utility Operator vacation pay	577.39
Village Clerk payroll check cleared bank twice	225.82
Total unsupported payments	\$ 1,197.50

Misappropriated money - unknown Board member signatures

Two checks totaling \$292 were issued to the Village Clerk with unknown Board member signatures.

The village issued check numbers 4404 for \$200 and 4409 for \$92 to the Village Clerk (see check images on the next page). Both checks were endorsed by the Village Clerk. All non-signature information reflects the Village Clerk's handwriting. The check signatures authorizing payment include the names of the former Board Chairman and Treasurer.

The former Board Treasurer indicated (1) he did not remember writing, approving, or signing the checks, (2) he did not recognize the checks' amounts or purposes, and (3) the checks' signatures did not match his or the former Board Chairman's normal signatures. Following these observations, the former Board Treasurer stated, "I'm almost saying they're forged."

08 19088331

Check: 4409 Amount: \$92.00 Date: 8/3/2022

Documentation was not retained for either check. We met with the Village Clerk twice to discuss the purpose of these checks. Her explanations were as follows:

- In the first meeting, she indicated the payments were for food and possibly other items to support village-hosted game nights, as well as various supplies. However, we found no other transactions in which the village purchased food, and the former Board Treasurer indicated the village did not buy food. We also could not confirm a game night was held around this time.
- In the second meeting, after expressing uncertainty, she indicated the payments were for office supplies such as envelopes and ink pens, as well

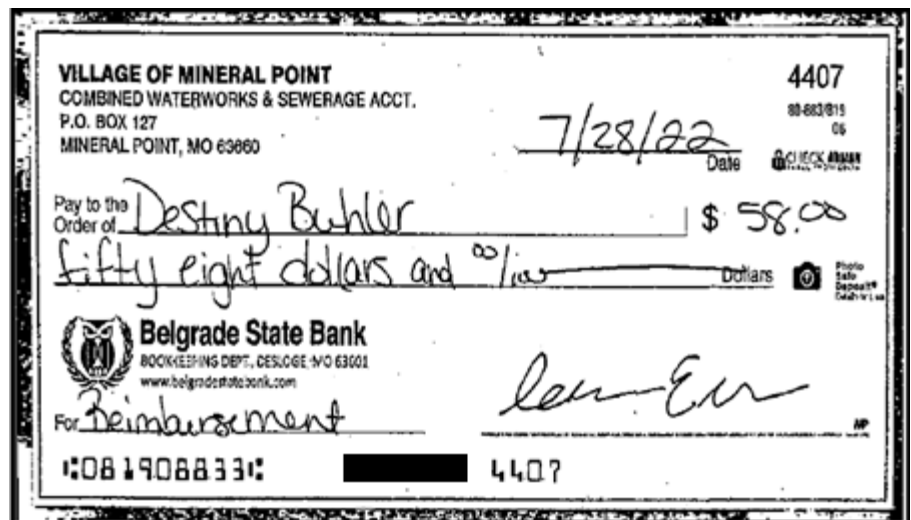

Village of Mineral Point  
Management Advisory Report - State Auditor's Findings

as village property maintenance supplies such as weed eater string, two-cycle oil, and gasoline.

The Village Clerk indicated the former Board Chairman and Treasurer gave her check numbers 4404 and 4409 as blank checks, with their signatures already affixed, and therefore, the signatures were not her handwriting. However, we found no other checks in which the former Board Chairman and Treasurer's signatures appear similar to the signatures on check numbers 4404 and 4409. It is not known who signed the checks. The Village Clerk has offered to repay the village.

Misappropriated money -  
unknown signature

The village issued check number 4407 for \$58 to the Village Clerk. The signature authorizing payment is not known. The Village Clerk issued this check to herself, and the check was endorsed by the Village Clerk. All non-signature information reflects the Village Clerk's handwriting.

Check: 4407 Amount: \$58.00 Date: 8/1/2022

The village also wrote and issued check number 4402 for \$58 on July 25, 2022 (see check image on the next page). The only difference between these checks are the authentic signatures of the former Board Chairman and Treasurer versus the unidentified signature.

For Reimbursement

⑆081908833⑆

4402

Check: 4402 Amount: \$58.00 Date: 7/25/2022

Both the Village Clerk and former Board Treasurer separately indicated check number 4402 was used to purchase a roll of 100 stamps, at \$0.58 per stamp, to support efforts to mail utility bills. The Village Clerk indicated check number 4407 was used for a similar purpose. The former Board Treasurer indicated this was possible, but that it was unlikely the village needed 200 stamps within 3 days. He also indicated he did not remember writing or signing the check. Neither the Village Clerk nor the former Board Treasurer recognized the signature. We reviewed the village's bank account signature authorization files, and determined the signature does not belong to a different prior Board member. In addition, the presence of only 1 signature is unusual because the Board requires 2 signatures on checks. The Village Clerk indicated the signature in check number 4407 was not her handwriting, and also offered to repay the village.

Unsupported payments -  
former Board Treasurer  
reimbursements

The village issued check numbers 1009 and 1022 totaling \$2,194.29 to the former Board Treasurer for reimbursements (see check images on the next page). However, the village did not have documentation for either check. Documentation was obtained from a vendor to partially support one of the checks issued.

The former Board Treasurer was uncertain of the purpose for reimbursement of check number 1009, and suggested it was for printer ink or payroll time clock equipment.

1009

Check: 1009 Amount: \$244.29 Date: 8/10/2022

The former Board Treasurer indicated the \$1,950 reimbursement for check number 1022 was for utility connection repairs to his and the former Board Chairman's previous home, and covered multiple events in 2021 and 2022. The former Board Treasurer indicated he paid a vendor directly for the repairs, and then obtained reimbursement from the village. We contacted the vendor and obtained invoices confirming the repair services, but the invoices were only for \$1,800. No documentation was provided for the remaining \$150.

For Reimbursement - Sewer Repair

1022

Check: 1022 Amount: \$1,950.00 Date: 11/21/2022

The former Board Chairman signed both checks, although the checks were written to her spouse, the former Board Treasurer, who also signed check number 1022. Individuals reimbursing themselves or related parties creates

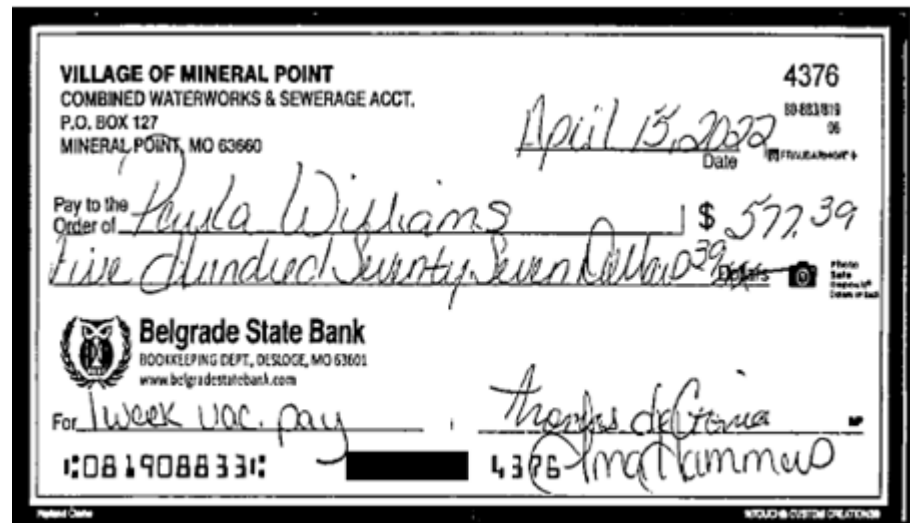

Village of Mineral Point  
Management Advisory Report - State Auditor's Findings

real or perceived opportunities to misappropriate money. Such situations should be clearly supported by documentation and/or verified and approved by an independent party, such as other Board members during official meetings.

Unsupported payment -  
Utility Operator vacation pay

A prior Board issued check number 4376 for \$577.39 for "1 week vac.[ation] pay" to the Utility Operator. This amount was her normal pay rate for 1 week. However, the village does not have personnel ordinances or policies allowing for vacation leave or pay (see Management Advisory Report (MAR) finding number 5.1), and there was no documentation to support the vacation leave balances for employees. In addition, the payment and related approval were not documented in the meeting minutes.

Check: 4376 Amount: \$577.39 Date: 4/18/2022

Unsupported payment -  
Village Clerk payroll check  
cleared bank twice

The Village did not detect a payroll check that was processed through the bank twice. As a result the Village Clerk received an additional \$225.82 from the village.

On May 17, 2022, the village issued check number 4381 for \$225.82 to the Village Clerk for her payroll. As noted below, the check first cleared on May 17, 2022. The check then cleared a second time on May 27, 2022 (10 days later) through a deposit with a different bank (see check images on the next page).

The former Board Treasurer and Village Clerk separately indicated they did not know how this check cleared the bank twice, and the Village Clerk offered to pay this money back to the village.

Village of Mineral Point  
Management Advisory Report - State Auditor's Findings

---

Overall conclusion

The lack of segregation of duties and adequate controls, and the absence of proper oversight, as discussed in the remainder of this report, resulted in misappropriated and unsupported payments.

Recommendation

The Board of Trustees take necessary action to recover the misappropriated and unsupported payments. In addition, the Board should prevent individuals from reimbursing themselves, and ensure all checks include 2 authorized signatures.

Auditee's Response

*Check number 4407 for reimbursement for \$58 and check number 4381 for payroll for \$225.82 that had cleared the bank twice have been paid back by the Village Clerk. The Village Clerk stated that she would pay these back because she received the money. The Village Clerk stated that she paid back check number 4407 that was brought to her because there was one unidentified signature on the check and she didn't catch this before she cashed the check for reimbursement.*

*The Village Clerk also stated that she was given check number 4404 for \$200 and check number 4409 for \$92 to buy things for the village but was instructed to bring back the receipt slips and change so money would be accounted for which she had provided to the former Board Treasurer. The Village Clerk doesn't know why she is asked to repay these because the checks had both the former Board Chairman and Treasurer's signatures on them. The Village Clerk states she had no access to the checkbook.*

*The Board has decided to turn in check number 1009 for \$244.29, check number 1022 for \$1,950, and check number 4376 for \$577.39 to the Prosecuting Attorney to try and recoup the money. The Trustees have been making sure that all checks sent out to pay the bills have two authorized signatures on them.*

---

**2. Financial Condition**

The village is in poor financial condition and prior Boards did not adequately monitor or take effective action to improve the condition. As a result, cash balances declined in 2022.

As of January 1, 2022, the balances of all village bank accounts totaled \$112,925. During 2022, disbursements exceeded receipts by \$40,504, resulting in ending balances at December 31, 2022, totaling \$72,741. These total ending balances are further strained because the village (1) has a significant amount of unpaid bills, (2) obligated \$37,000 to meet matching requirements for 2 grants received by the village, and (3) may be required to return \$4,037 due to non-compliance with a third grant received by the village. See MAR finding number 3.7.

The following factors contributed to the village's poor financial condition:

---

Village of Mineral Point  
Management Advisory Report - State Auditor's Findings

---

- Village receipts significantly decreased during the year ended December 31, 2022, because the village did not consistently bill its residents for utility services (see MAR finding number 3.1).
- The village has significant weaknesses in oversight, documentation, and accounting controls and procedures (see MAR finding numbers 4.1 through 4.5).
- The village did not prepare annual budgets and financial reports were not presented to the Board for review (see MAR finding numbers 6.1 and 4.4).
- The village did not always pay its bills timely (see MAR finding number 4.6).

It is essential the Board address the financial condition of the village in both the immediate and long-term future. In addition, the Board should reduce spending where possible, evaluate controls and management practices to ensure efficient use of resources, monitor detailed financial data that includes cash balances for each fund, and closely monitor budgets. The current Board indicated the village's inconsistent utility service billings during 2022 were the primary cause for its poor financial condition.

## Recommendation

The Board of Trustees perform immediate and long-term planning, and closely monitor and take necessary steps to improve the village's financial condition.

## Auditee's Response

*The village has been working with the Missouri Rural Water Association to get all financial information together to get a budget completed. Also the village is working with the county to get the property tax bills sent out. The village will make sure that the utility billing goes out to the residents monthly and on time.*

---

## 3. Utility Data and Operations

The village's computer-based utility data, which includes previous billings to village residents, account balances, and other information, has not been accessible since approximately July 2022, and manual records were not sufficient. As a result, we could not determine if billings were calculated accurately and if receipts were correctly applied to account balances. Due to the data being inaccessible, the village has not been able to bill for utility services. The village subsequently reset all residents' account balances to \$0 because there were no records to indicate any amounts previously owed. In addition, the village could not provide up-to-date utility-related ordinances, could not provide documentation of its most recent formal review of water and sewer rates, and has not contracted for an annual utility audit.

Village of Mineral Point  
Management Advisory Report - State Auditor's Findings

Inaccessible utility data

For several years prior to July 2022, the village used computer software to support its utility operations and the Utility Operator was the main user of the software until her retirement in April 2022. It is unclear if prior Village Clerks or Board members typically or frequently used the software.

Auditors reviewed all village computers, but could not access the utility data.

- The village's newest desktop computer acquired before 2022 contained no utility data.
- The village's second-newest desktop computer is currently inoperable, and cannot be turned on. It is unclear how the computer became inoperable. This computer may require physical repairs or other specialized efforts before the village can operate it and access its data. The computer was in a storage box and we took temporary custody of the computer in March 2023. We were able to create a copy of the hard drive containing the files on the computer and determined the utility files were last accessed in late July 2022. However, we could not review the files because the files were encrypted. Encrypted files are stored and coded in a way that makes them unreadable until they are decrypted. It is not clear the reason encryption software was put on the computer. Village personnel indicated they were unfamiliar with the encryption software and the purpose for this software. It is not known if restoring the computer's operability would also resolve the encryption issues.
- The village's oldest desktop computer's utility data is from 2013, which is not relevant to our review.

The Village Clerk and former Board Treasurer indicated that around or after July 2022, the village discussed buying new software to continue billings after the computer became inoperable. We found a utility account balance report, created in new software, and dated January 27, 2023. Although this report suggests the village found a way to re-establish residents' account balances, there is no documentation supporting its creation. As a result, we could not determine if the report was accurate or complete.

### 3.1 Utility billings

The village did not consistently issue utility billings during the year ended December 31, 2022. This significantly reduced village revenues and contributed to its poor financial condition (see MAR finding number 2).

Based on records reviewed we estimate the village receipted \$28,793 from utility billings during the year ended December 31, 2022:

- From January through April 2022 the village billed utility services monthly, and receipts totaled \$21,400 (an average of \$5,350 per month).

## Village of Mineral Point Management Advisory Report - State Auditor's Findings

- From May through December 2022 the village billed less frequently, and receipts totaled \$7,393 (an average of \$924 per month).

For the year ended December 31, 2022, we located some copies of the August 2022 billings, but no other monthly billings were available. The former Board Treasurer indicated the village officially billed for utility services for July 2022 and August 2022. The August 2022 billings were likely custom-created by the village for that period because no software had been purchased. It is unclear if July 2022 billings were also custom-created or if they were created before the computer became inoperable. Some village residents continued making utility payments after August 2022 even though no official billings were sent to residents.

From May through December 2022, the village would have receipted an estimated additional \$35,407 if (1) the village continued issuing utility billings monthly, and (2) residents continued paying bills. This estimate was determined by taking the monthly average of \$5,350 receipts for 8 months, to obtain a total of \$42,800 receipts, and subtracting the \$7,393 already received during the 8 months. The estimated receipts for the year ended December 31, 2022, would have totaled \$64,200, instead of the \$28,793 actually receipted.

The village's utility billings were inconsistent because officials could not access utility data, needed new software, and generally struggled to proceed. The village needs to reestablish consistent, monthly billings, to ensure residents are paying for the services being provided.

### 3.2 Utility data recovery assessment

The current Board has not attempted to recover its utility data due to significant operational challenges following the resignation of the former Board Chairman and Treasurer. By or after March 2023, the current Board reset all residents' account balances to \$0, because any balances previously owed were not known. This was done to start the billing process again. However, without records, the accuracy of the residents' account balances could not be determined. Such balances could be significant, and could impact future decisions over operations and collections.

The village's meeting minutes for March 1, 2022, indicated that at the next meeting the Board would be discussing with legal counsel about taking the big cases of water/sewer bill delinquencies to court. No further discussion was documented in subsequent meetings. Without completing a utility data assessment to determine if utility data can be recovered, the village cannot determine residents' previous account balances to ensure it treats residents equitably.

### 3.3 Utility data backup

The village did not periodically back up its utility data and store the backup data at a secure off-site location. As a result, the village has not been able to recover its utility data information. Village personnel indicated they were not

## Village of Mineral Point Management Advisory Report - State Auditor's Findings

aware of the importance of backing up village data and storing it at a secure off-site location.

Preparation of backup data, preferably on a daily or at least weekly basis, provides reasonable assurance data could be recovered if necessary. To help prevent loss of information and ensure essential information and computer systems can be recovered, computer data should be backed up, tested periodically to ensure data can be recovered, and stored at a secure off-site location.

### 3.4 Utility ordinances

The village could not locate up-to-date utility ordinances, and has not updated such ordinances in several years. We also could not determine if utility ordinances we received were complete. As a result, the utility ordinances may not accurately reflect current operations or provide clear expectations and responsibilities between the village and its residents.

We observed the following:

- The village provided us a water utility ordinance, dated January 1993, and approved by the United States Department of Agriculture. It identified the village as the owner of the water supply system, set basic responsibilities between the village and residents, and authorized the village to set rates and issue billings. However, we did not locate any additional water utility ordinances created since that time that further documented responsibilities, rates, or other current operations.
- The village provided a sewer utility ordinance, dated August 2001, that only provided limited responsibilities between the village and residents, and appeared incomplete.
- Village personnel were not familiar with the various ordinances, and did not identify the existence of any newer ordinances. Similarly, available copies of the village's meeting minutes showed the Board rarely discussed utility ordinances.
- The village does not have an ordinance to address utility connection repairs to residents' homes and the responsibility associated with those repairs. Two reimbursements were made to residents for utility connection repairs, including \$1,800 to the former Board Treasurer (see MAR finding number 1).

Because ordinances passed by the Board to govern the village and its residents have the force and effect of law, it is important they are complete and followed. In addition, complete, consistent, and updated ordinances documenting utility operations, help ensure equitable treatment to residents, prevent misunderstandings, and enforce consequences for violations. The

## Village of Mineral Point Management Advisory Report - State Auditor's Findings

current Board indicated it thought prior Boards did not pay strong attention to the utility ordinances, and instead relied on the Utility Operator.

### 3.5 Utility rates

The village could not provide documentation of its most recent formal review, such as a cost study, of water and sewer rates. Without current cost studies, it is unclear whether the rates assessed for these services are set at an appropriate level. It is not known when the village last changed its rates. Both the Village Clerk and former Board Treasurer indicated the village periodically changed its rates, and updated these rates in the computer software, but did not indicate the source for the rate changes.

Section 67.042, RSMo, provides that fees may be increased if supported by a statement of costs that shows the increase is necessary to cover costs of providing the service. To ensure utility rates are appropriately set, village officials should perform and document a detailed cost study of the village's utility costs, including depreciation, and set rates to cover the total cost of operations without generating excessive profits. It is unclear why the village cannot provide cost study documentation.

### 3.6 Annual audits

The village has not obtained annual audits of its combined waterworks and sewerage system as required by state law.

Section 250.150, RSMo, requires the village to obtain annual audits of the combined waterworks and sewerage system, with the cost of the audit to be paid from revenues received from the system. It is unclear why the village has not obtained annual audits.

### 3.7 LIHWAP award

The village could not provide documentation that it reduced residents' outstanding account balances to comply with the Low Income Household Water Assistance Program (LIHWAP) award funding from the Missouri Department of Social Services (DSS).

The DSS awarded the village \$4,037 for the LIHWAP. This program helps low income households pay for their current and past due water and/or sewer bills. Each household may receive a one-time payment up to \$750. Awards are not paid directly to the households, but instead are paid to the utility supplier. The village entered a supplier agreement with the DSS on October 7, 2021. After multiple residents applied for assistance with outstanding bills, the DSS awarded the village \$4,037, and the village deposited the money into the water and sewer bank account on May 24, 2022.

According to section 4.2.b.4. of the supplier agreement, ". . . As conditions for receiving payment for its eligible customers [residents] under Missouri's LIHWAP, the supplier . . . shall credit, through normal billing process, the full amount of the LIHWAP pledge received to an eligible customer's account. The supplier may apply any portion of the received LIHWAP pledge

## Village of Mineral Point Management Advisory Report - State Auditor's Findings

to an eligible customer's previous account balance . . . " Given the village's inaccessible utility data, it cannot provide support showing it credited the awards to the residents' accounts, especially with regard to outstanding account balances as was likely intended. No other available village documentation, such as meeting minutes, further discusses the LIHWAP award. In addition, the current Board Chairman indicated that, when he previously served as a Board member during the year ended December 31, 2022, there were no substantial Board discussions about, or actions regarding, the award. As a result, the village cannot provide evidence of compliance.

## Recommendations

The Board of Trustees:

- 3.1 Reestablish utility billings on a monthly basis.
- 3.2 Determine if the utility data can be recovered.
- 3.3 Require utility data to be backed up regularly, tested periodically, and stored in a secure off-site location.
- 3.4 Ensure the village maintains complete, consistent, and updated ordinances documenting utility operations.
- 3.5 Ensure a statement of costs is prepared to support utility rate increases and document formal reviews of utility rates periodically to ensure revenues are sufficient to cover all costs of providing these services.
- 3.6 Obtain annual audits of the water and sewer system as required by state law.
- 3.7 Work with the Missouri Department of Social Services regarding this grant and comply with its recommendations.

## Auditee's Response

- 3.1 *The village has been working with the Missouri Rural Water Association and has already sent out monthly bills to residents for the water/sewer service and will continue to so on a monthly basis.*
- 3.2 *The trustees have discussed trying to recover the utility data and have come to the conclusion that it will cost the village money that we don't have to try to recover the data and that would only cover until the system stopped working. Then we would have to try and figure out from May 2022 to June 2023 what the residents bills were and who paid. With little documentation from this time period the village doesn't know if this could even be done and the village doesn't have the funds to cover whatever the costs may be.*

Village of Mineral Point  
Management Advisory Report - State Auditor's Findings

- 3.3 *The village uses a billing service that is backed up on a cloud. The village will start storing all other data on a flash drive.*
- 3.4 *The village has recently passed an updated ordinance for the water and is working with the Missouri Rural Water Association to get the sewer ordinance updated and passed.*
- 3.5 *The village is working with the Missouri Rural Water Association to start a rate study to make sure we are charging the residents the right rates.*
- 3.6 *The village will start having an annual audit of the water/sewer system to be in compliance with state law.*
- 3.7 *The village will be in contact with the Missouri Department of Social Services regarding the grant the village received and take the necessary steps to resolve the issue.*

## **4. Oversight, Documentation, and Accounting Controls and Procedures**

The prior Boards did not establish adequate oversight. In addition, significant weaknesses exist in the village's accounting controls and procedures.

### **4.1 Oversight and segregation of duties**

The prior Boards did not establish adequate oversight or segregation of duties over various financial accounting functions, such as (1) receipting and depositing money, and (2) initiating, reviewing and approving disbursements. Weaknesses identified throughout this report are significant and demonstrate a lack of segregation of duties and proper oversight by the prior Boards that led to the misappropriated and unsupported disbursements noted in MAR finding number 1.

Proper segregation of duties helps ensure transactions are accounted for properly and assets are adequately safeguarded. If proper segregation of duties is not possible, timely supervisory or independent reviews of work performed and investigation into unusual items and variances is necessary. Good management practices require extensive and detailed oversight by the Board. The current Board indicated reliance was placed on the employees and adequate oversight was not provided.

### **4.2 Accounting records**

The village did not always maintain adequate accounting records over its financial activities and decisions. As a result, it is difficult to determine the reason certain financial activities and decisions occurred, and there is no assurance all money collected was properly deposited, or all disbursements

## Village of Mineral Point Management Advisory Report - State Auditor's Findings

were properly approved and were for village business. It is not clear why the village was not able to provide various accounting records.

For the year ended December 31, 2022, through inspections of the village's files, computers, and email messages, as well as discussions and requests with current and former village personnel, we observed the following:

- The village could not provide any relevant utility records or data (see MAR finding number 3).
- The village could not provide any records of money receipted (see section 4.3).
- The village could not always provide invoices or other documentation to support disbursements made. The village could not provide any contracts or written agreements for long-term arrangements, such as recurring disbursements to vendors for water operations. In addition, the village did not maintain any documentation such as disbursement ledgers or financial reports to support the Board's review and approval of disbursements (see section 4.4).
- The village did not always maintain copies of its monthly bank statements, and did not prepare bank reconciliations (see section 4.5).

Maintaining documentation and accounting records is essential to support village accountability and transparency, and helps ensure errors or discrepancies are detected and corrected timely.

### 4.3 Receipting, recording, and depositing

The village's procedures for receipting, recording, and depositing money need improvement. As a result, there is no assurance all money collected is properly receipted, recorded, and deposited.

On March 8, 2023, we performed a cash count that included 48 checks and money orders totaling \$5,930, which were dated from August 25, 2022, to February 27, 2023, and there was no cash on hand. We observed the following:

- The village did not issue any receipt slips or maintain a comprehensive log of receipts for the 48 checks and money orders.
- The village did not restrictively endorse any of the 48 checks and money orders upon receipt, and only endorsed them when the deposit was prepared.
- The village did not deposit the money timely. The money was deposited on March 8, 2023, the same day of our cash count, and 6 months after the

## Village of Mineral Point Management Advisory Report - State Auditor's Findings

check dated August 25, 2022. In addition, the village's most recent prior deposit, on November 30, 2022, was not made intact as it did not include the check dated August 25, 2022, or another check dated prior to November 30, 2022, that were noted in our cash count.

- The village did not adequately safeguard the money on hand until it was deposited. During the cash count, village personnel located several checks and money orders in an unsecured box.

Similar concerns were noted from January 1, 2022, to August 24, 2022. For example, there is no evidence of receipt slips or comprehensive receipt logs for any other receipts, reconciliations between the composition of receipts and the composition of deposits, or reconciliations between receipts and village resident utility account balances, when applicable.

Failure to implement adequate receipting, recording, and depositing procedures increases the risk that loss, theft, or misuse of money will occur and increases the likelihood that errors will go undetected. The prior Boards either were not aware of the importance of these procedures, or did not retain the related documentation.

### 4.4 Disbursement review and approval process

The village's disbursement review and approval process needs significant improvement. The village could not provide any documentation supporting review and approval of bills paid. Our review of available invoices obtained from the village showed the prior Boards did not indicate approval of individual invoices. In addition, the prior Boards did not receive a copy of the village's bank statements for review.

As noted in MAR finding number 7.1, meeting minutes for certain Board meetings during the year ended December 31, 2022, were not available. Minutes available did not always document the Board's review and approval of disbursements. A video of a Board meeting shows a prior Board briefly reviewing a packet of invoices and approving the invoices. However, this packet and other packets or documentation prepared for the Board, and featuring Board member signatures or initials marking their approval, could not be located.

To safeguard against possible loss, theft, or misuse of funds, the Board should review supporting documentation and approve all disbursements, as well as review bank statements for possible concerns over disbursements. Board approval of disbursements should be documented by signing or initialing a monthly list of payments to be made.

### 4.5 Bank reconciliations and checks

The village did not prepare bank reconciliations for any of its 8 bank accounts, maintain a checkbook register or book balances, or always issue checks in numerical sequence. Based on checks that cleared the bank accounts during

## Village of Mineral Point Management Advisory Report - State Auditor's Findings

the year ended December 31, 2022, there were 15 instances in which one or more check numbers were skipped, resulting in 23 skipped checks whose disposition (unused, voided, issued but outstanding, etc.) could not be determined. The village was unaware of the importance of performing bank reconciliations and issuing checks in numerical sequence. The village indicated it maintained checkbook registers. However, these registers could not be located.

Performing monthly bank reconciliations helps ensure receipts and disbursements have been properly handled and recorded, and increases the likelihood errors will be identified and corrected timely. Maintaining a checkbook register, book balance, or a list of disbursements for each account would aid in preparing the monthly bank reconciliations and monitoring the bank balances. In addition, issuing checks in numerical sequence, accounting for the numerical sequence of checks issued, and defacing and retaining voided checks would help to properly account for all disbursements and reduce the risk of unauthorized transactions.

### 4.6 Bank account and late fees

The village did not adequately monitor balances to prevent bank account fees or ensure bills were paid timely, resulting in the village incurring at least \$192 in fees, including \$59 in bank overdraft fees, \$88 in bank service charge fees for not maintaining minimum balances, and \$45 in late fees assessed on its land loan payments.

Controls and procedures to monitor bank account balances and ensure timely disbursements are necessary to prevent unnecessary fees and finance charges. The prior Boards did not adequately monitor the village's bank accounts or disbursements.

## Recommendations

The Board of Trustees:

- 4.1 Segregate accounting duties to the extent possible and implement appropriate reviews and monitoring procedures.
- 4.2 Maintain and retain adequate accounting records.
- 4.3 Ensure pre-numbered receipt slips are issued in numerical sequence for all money received, the numerical sequence of receipt slips is accounted for, receipt slips indicate the method of payment, and checks and money orders are restrictively endorsed upon receipt. In addition, the Board should ensure deposits are made timely and intact, the composition of receipts and deposits is reconciled, and money is kept in a secure location until deposited.
- 4.4 Ensure complete lists of payments to be made are prepared and the Board's approval is documented and retained. In addition, the Board

Village of Mineral Point  
Management Advisory Report - State Auditor's Findings

should compare the approved list of payments to supporting documentation to ensure disbursements are appropriate and adequately supported, and review bank statements for possible concerns over disbursements.

- 4.5 Ensure monthly bank reconciliations are prepared for all bank accounts; checkbook registers, book balances, and lists of disbursements are maintained; and checks are issued in numerical sequence with the sequence properly accounted for.
- 4.6 Implement procedures to monitor bank account balances to prevent bank account fees and ensure bills are paid timely to prevent late fees.

## Auditee's Response

- 4.1 *The village is already working on creating and implementing appropriate reviews and monitoring procedures. The village has started checking the bank account with what checks were written to make sure all checks clear the bank and keeping a log of the transactions.*
- 4.2 *The village is getting a program that could help the village balance out any income that comes in and any money that is paid out to help the village maintain and retain adequate accounting records.*
- 4.3 *The village is using a receipt slip book that has pre-numbered receipt slips and is issuing them in numerical sequence for all money received, and we are accounting for the numerical sequence of receipt slips. The receipt slips indicate the method of payment, and checks and money orders are restrictively endorsed upon receipt. The Board has created checks and balances so that more than one Board member sees what is received and deposited. It also ensures deposits are made in a timely manner and intact, the composition of receipts and deposits is reconciled, and money is kept in a secure location until deposited.*
- 4.4 *The trustees have been reading and approving the bills for the village in the monthly meetings. The approved bills are documented in the meeting minutes. The bank accounts are reviewed to ensure all checks that were written have cleared through the bank.*
- 4.5 *The village has been reviewing monthly bank statements to the transaction log for review of the bank accounts to make sure it is accurate on all accounts. A list of disbursements has been maintained, and checks are issued in numerical sequence with the sequence properly accounted for.*

Village of Mineral Point  
Management Advisory Report - State Auditor's Findings

4.6 *The village has already started monitoring the bank accounts and making sure everything clears so there is a clear and accurate amount known in the accounts.*

## 5. Payroll Controls and Procedures

Significant improvement over payroll controls and procedures is needed. During the year ended December 31, 2022, the village paid 2 employees on an hourly basis. The Utility Operator was paid \$8,781 from January 1 to April 25, 2022, and the Village Clerk was paid \$4,404 from April 25 to September 1, 2022. The Village Clerk that resigned on April 25 was a volunteer, unpaid employee.

### 5.1 Personnel ordinances and policies

The village does not have personnel ordinances and policies. The prior Boards did not realize personnel ordinances or policies were needed to address various topics, such as:

- Compensation for village officials and employees. For the Utility Operator, a position held by the same individual for several years, the only available pay rate documentation is the village's March 1, 2022, meeting minutes, in which the Board approved an hourly rate increase from \$15.30 to \$18.50. For the Village Clerk, the hourly rate of \$12.50 was not documented.
- Employee hiring, work schedules, and termination.
- Whether or not the village provides vacation leave, sick leave, overtime, compensatory time, or other arrangements. See concern over vacation pay in MAR finding number 1.

Section 80.240, RSMo, provides that the Board may appoint certain officials, prescribe their duties, and fix their compensation. Compensation should be set by ordinance.

Because ordinances passed by the Board to govern the village and its residents have the force and effect of law, it is important they are complete and followed. In addition, complete, consistent, and updated ordinances and personnel policies documenting procedures and expectations for hiring and termination, job responsibilities and supervision, work schedules, approved compensation, and leave are necessary to ensure equitable treatment of employees, prevent misunderstandings, and enforce consequences for violations.

### 5.2 Timesheets

The village did not always retain or review village employees' weekly timesheets.

We reviewed all payroll disbursements for the year ended December 31, 2022, that would have required a timesheet and noted the following concerns:

## Village of Mineral Point Management Advisory Report - State Auditor's Findings

- Timesheets were not located for any of the 16 disbursements to the Utility Operator, and there was no indication of related reviews and approvals. The current Board indicated timesheets were not required for the Utility Operator.
- For the Village Clerk, the village had timesheets for 6 of the 17 disbursements. These timesheets did not have the signature of the Village Clerk or the former Board Treasurer (Clerk's supervisor). The former Board Treasurer's review for mathematical accuracy was only indicated for 4 of the timesheets. For the remaining 11 disbursements, the Village Clerk provided us with 10 timesheets from her records, and these timesheets did not have signatures. During the Village Clerk's employment, methods to track and review time were not enforced by the Board.

Without adequate timesheets, the village cannot ensure hours worked are properly documented. To ensure the accuracy of the hours worked, timesheets should be signed by the employees and reviewed and approved by a supervisor.

### 5.3 Pay advances

The village issued 3 pay advances totaling \$220 to the Village Clerk, in violation of the Missouri Constitution.

The Village Clerk and former Board Treasurer indicated advances were periodically, and informally, requested and approved to accommodate various circumstances. The former Board Treasurer also explained the intent was to only allow advances in the middle of a work week, to cover time already worked in the week. However, one advance was paid on a weekend.

Advance payments are loans of village funds. The village has no statutory authority to make loans and Article VI, Sections 23 and 25 of the Missouri Constitution, specifically prohibit counties, cities, or other political subdivisions of the state from granting public money or things of value to any corporation, association, or individual. The prior Board was unaware that issuing pay advances violated the Missouri Constitution.

### 5.4 Bonuses

The village issued a \$500 bonus payment to the Village Clerk, in violation of the Missouri Constitution. This payment represents bonus compensation for services previously rendered.

The Village Clerk and former Board Treasurer indicated the bonus was for American Rescue Plan Act award tasks approved by the prior Board and documented in the meeting minutes. This could not be confirmed through available meeting minutes (see MAR finding number 7.1). However, the current Board Chairman, who served as a Board member at the time of this

Village of Mineral Point  
Management Advisory Report - State Auditor's Findings

payment, confirmed it was approved in a Board meeting. The prior Board did not consider if it had the authority to issue bonus payments.

Payments for services previously rendered are in violation of Article III, Section 39(3), Missouri Constitution and contrary to Attorney General's Opinion 72-1955 (June 14, 1955), which states, "... a government agency which derives its power and authority from the Constitution and laws of this state would be prohibited from granting extra compensation in the form of bonuses to public officers or servants after the service has been rendered."

## Recommendations

The Board of Trustees:

- 5.1 Ensure the village maintains complete, consistent, and updated ordinances and policies documenting personnel expectations, including establishing the compensation of all village officials and employees.
- 5.2 Ensure timesheets are retained and properly signed and approved, and reviews of timesheets are performed to ensure the propriety of payroll payments.
- 5.3 Discontinue the practice of providing pay advances to employees.
- 5.4 Discontinue paying employee bonuses.

## Auditee's Response

- 5.1 *The village will be able to start coming up with procedures and policies at a later date to put in place when employees are hired. Right now the village does not have any employees. The Trustee positions are non-paid positions.*
- 5.2 *Policies will be put in place for the timesheets to be retained and properly signed and approved before the village hires any employees.*
- 5.3 *A policy for pay advances and why the village will not provide them will come before any employees are hired.*
- 5.4 *A policy on paying employee bonuses and why the village will not provide them will come before any employees are hired.*

## 6. Budgets and Financial Reporting

The village did not prepare annual budgets or file complete and accurate annual financial reports as required by state law.

## Village of Mineral Point Management Advisory Report - State Auditor's Findings

### 6.1 Budgets

The village did not prepare a budget for the years ended December 31, 2022, and 2021. It is unclear why the budgets were not created for these years.

A complete and well-planned budget, in addition to meeting statutory requirements, can serve as a useful management tool by establishing specific financial expectations for each area of village operations. It also assists in setting utility rates and tax levies and informing the public about village operations and current finances. Section 67.010, RSMo, requires the budget present a complete financial plan for the ensuing budget year and sets specific guidelines for the information to be included in the budget. In addition, Section 67.080, RSMo, provides that no expenditures of public money should be made unless it is authorized in the budget. Proper monitoring of budgeted amounts to actual results is necessary for the budget to be an effective management tool.

### 6.2 Financial reporting

The village did not file complete and accurate annual financial reports with the State Auditor's Office (SAO) as required by state law for the years ended December 31, 2022, and 2021. The financial reports listed the beginning balances, total receipts, total expenditures, and ending balances for only 3 of 8 village bank accounts. In addition, the reports did not contain accurate information. For example, the ending balance for 1 account did not agree to the corresponding bank account balance, despite the current Board's expressed intent to create the financial reports using the bank statements. The current Board submitted these reports, despite their incompleteness and inaccuracies, to meet deadlines not fulfilled by the prior Boards.

Section 105.145, RSMo, requires each political subdivision to file annual reports of financial transactions with the SAO. Section 105.145.5, RSMo, prohibits elected officials from continuing to receive compensation or processing disbursements after the deadline to submit the financial statement and until the financial statement is submitted to the SAO. Section 105.145.9, RSMo, allows political subdivisions to be fined \$500 per day for missing filing deadlines. In addition, 15 CSR 40-3.030, requires each political subdivision to file annual reports within 6 months of the end of the subdivision's fiscal year.

### 6.3 Published financial statements

The village does not publish or post semiannual financial statements as required by state law. As a result, information regarding the village's financial activity and condition is not available to citizens. It is unclear why the semiannual financial statements are not published.

Section 80.210, RSMo, requires the Board prepare and publish semiannual financial statements in a local newspaper, or if there is no local newspaper, to post semiannual financial statements in at least six of the most public places in the village.

Village of Mineral Point  
Management Advisory Report - State Auditor's Findings

---

## Recommendations

The Board of Trustees:

- 6.1 Prepare annual budgets that contain all information required by state law, and ensure the budgets are adequately monitored.
- 6.2 Submit complete and accurate annual financial reports to the State Auditor's Office as required by state law.
- 6.3 Publish or post semiannual financial statements as required by state law.

## Auditee's Response

- 6.1 *The village will start preparing annual budgets to comply with state law. We have been working with the Missouri Rural Water Association with this.*
- 6.2 *We are having the Missouri Rural Water Association help to complete the financial reports to turn in to the State Auditor's Office to comply with state law.*
- 6.3 *The village will post semiannual financial statements to comply with state law.*

---

## 7. Sunshine Law

The village did not always ensure compliance with the Sunshine Law.

### 7.1 Meeting minutes

The village did not always prepare or retain meeting minutes. In addition, copies of available meeting minutes were not always formally approved by both the preparer (often the Village Clerk) and at least 1 Board member. As a result, some official village information was unavailable, and the information that was available may not be accurate or complete. These problems significantly limited our ability to understand and evaluate village actions and decisions.

Current and former village personnel stated the Board typically met at least monthly. After several requests for copies of meeting minutes, the only minutes received were for the 8 meetings held in the months of January, February, March, April, June, and August 2022. Only 1 copy of the minutes was signed by the Village Clerk and a Board member. Available minutes and agendas, and discussions with current and former village personnel, indicate the Board also met in May, July, and September 2022, and possibly other months.

Overall, the prior Boards' efforts to prepare, approve, and retain minutes were not consistent and not communicated well. The current Board Chairman indicated when he previously served as a Board member during the year ended December 31, 2022, he was uncertain how the village retained its

---

Village of Mineral Point  
Management Advisory Report - State Auditor's Findings

---

minutes and it is unclear why some meeting minutes were not prepared and/or retained.

Section 610.020.7, RSMo, states minutes of open and closed meetings shall be taken and retained by the public governmental body. Meeting minutes serve as an official record of village business conducted and village actions and decisions.

## 7.2 Public access policy

The Board has not adopted a written policy regarding public access to village records as required by state law. A written policy regarding public access to village records would establish guidelines for the village to make records available to the public. Such policies typically identify a person to contact, provide an address to mail such requests, and establish fees that may be assessed for providing copies of public records.

Section 610.023, RSMo, lists requirements for making records available to the public. Section 610.026, RSMo, allows the village to charge fees for providing access to and/or copies of public records and provides requirements related to fees. Section 610.028, RSMo, requires a written policy regarding release of information under the Sunshine Law. The prior Boards either were not aware of these requirements, or did not retain the related documentation.

## 7.3 Records requests

The village does not maintain a log of records requests and could not produce a formal and complete record of dates requests were made, when records were provided, or communications related to these requests.

The village created a dedicated email address account in 2022 to receive Sunshine Law records requests. However, this account only included limited responses from the village, and did not track requests received through the mail or in person. This account did not reflect a formal, comprehensive, or successful process for the village to appropriately fulfill all requests.

Section 610.023, RSMo, provides that each request for access to public records shall be acted upon as soon as possible, but in no event later than the end of the third business day following the date the request was received by the custodian of records. To ensure compliance with state law, a log tracking key information supporting the fulfillment process for the request is important. Such information includes, but is not limited to, the date of request, a brief description of the request, the date the request is completed or reason why the request cannot be completed, and any associated costs of filling the request. The prior Boards either were not aware of the importance of this log, or did not retain the related documentation.

Village of Mineral Point  
Management Advisory Report - State Auditor's Findings

## Recommendations

The Board of Trustees:

- 7.1 Ensure all meeting minutes are prepared, retained, and formally approved by the preparer and at least one Board member.
- 7.2 Develop a written public access policy.
- 7.3 Maintain a public request log or other documentation to help ensure compliance with state law.

## Auditee's Response

- 7.1 *The village has created a folder at village hall to maintain the meeting minutes and minutes are signed by the Village Clerk and the Board Chairman.*
- 7.2 *The village will implement the Attorney General's Office Sunshine Law template to be in compliance with the Missouri Sunshine Law.*
- 7.3 *The village will implement a plan to start keeping a log for documentation.*

## 8. Electronic Communication Policy

The village has not developed a records management and retention policy that includes electronic communication in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.<sup>2</sup>

Development of a written policy to address the use of electronic communications is necessary to ensure all documentation of official business of the village is retained as required by state law. Village personnel indicated they were unaware of the record retention requirements and the electronic communications guidelines.

<sup>2</sup> Missouri Secretary of State Records Services Division, *Electronic Communications Records Guidelines for Missouri Government*, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, accessed July 5, 2023.

Village of Mineral Point  
Management Advisory Report - State Auditor's Findings

---

**Recommendation**

The Board of Trustees develop a written records management and retention policy to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division electronic communications guidelines.

**Auditee's Response**

*The Board is working on developing an electronic communication policy that would ensure all village business communication is safely stored.*

---

# Village of Mineral Point

## Organization and Statistical Information

---

The Village of Mineral Point is located in Washington County. The village was incorporated in 1905. The village had no employees as of December 31, 2022. The village's population was 231 in 2020, according to the U.S. Census Bureau.

Village operations include water and sewer services, and street maintenance.

### Chairman and Board of Trustees

The village government consists of a 5-member board of trustees. The members are elected for 2-year terms. The chairman, who is a member of the board, is elected to a 1-year term and presides over the board of trustees. The Board of Trustees, at December 31, 2022, are identified below. Board members do not receive financial compensation.

Rebecca Wilshire, Chairman (1)  
Matthew Wilshire, Treasurer (2)  
Nickolas Courtois, Trustee (3)  
Marvin Johnson, Trustee (4)  
Vacant (5)

- (1) Rebecca Wilshire resigned on February 2, 2023. Nickolas Courtois was elected as Chairman in February 2023.
- (2) Matthew Wilshire resigned on February 2, 2023. Courtney Fierce was appointed to the Board and selected as Treasurer in February 2023.
- (3) Destiny Buhler was appointed to the Board in February 2023 and also serves as the Village Clerk.
- (4) Tina Hammers was elected to the Board in April 2023.
- (5) Becky Eckhoff was elected to the Board in April 2023.

### Financial Activity

A summary of the village's financial activity, prepared using the village's bank statements, for the year ended December 31, 2022, follows.

## Village of Mineral Point Organization and Statistical Information

Village of Mineral Point  
Schedule of Receipts, Disbursements, and Changes in Cash  
Year Ended December 31, 2022

	General Account (2)	Combined Waterworks & Sewerage Account	CARES Act Money Account (3)	Street Account (2)	Surplus Account (4)	Debt Service Sewer Account	Debt Service Reserve Account	Depreciation & Replacement Account	Total (5)
RECEIPTS (1)	\$ 28,325	65,010	36,229	3,518	17	19	8	103	133,229
DISBURSEMENTS (1)	26,067	72,708	40,217	5,843	28,072	0	826	0	173,733
RECEIPTS OVER (UNDER) DISBURSEMENTS	2,258	(7,698)	(3,988)	(2,325)	(28,055)	19	(818)	103	(40,504)
CASH, JANUARY 1, 2022	7,092	9,352	32,670	5,378	28,910	18,324	8,255	2,944	112,925
CASH, DECEMBER 31, 2022	\$ 9,350	1,654	28,682	3,053	855	18,343	7,437	3,047	72,421

- (1) Receipts and disbursements presented include transfers between accounts.
- (2) These bank accounts were closed on January 17, 2023, and the money was deposited into the Combined Waterworks & Sewerage Account.
- (3) This account is for the village's American Rescue Plan Act award.
- (4) On April 13, 2022, the village transferred most of this account to the Combined Waterworks & Sewerage Account, to support village well repairs.
- (5) This total excludes the village's Delta Regional Authority (DRA) Funds bank account, that was created for potential DRA awards. That account did not have any activity, and remained at a \$0 balance during the year.

Appendix A  
Village of Mineral Point  
State Auditor Subpoena - Destiny Buhler

SCOTT FITZPATRICK  
MISSOURI STATE AUDITOR

## SUBPOENA

To: Destiny Buhler

**YOU ARE COMMANDED AND REQUIRED** to appear personally before the State Auditor or his representatives, Rob Tillman, Deputy General Counsel, and Alex Prenger, Audit Manager, at the Truman State Office Building, 301 W. High Street, Room 880, Jefferson City, MO 65102 at 10:00 am on Thursday, May 11, 2023, for purposes of providing testimony, and producing for examination, copying, and interrogation the following records and documents listed on Exhibit A attached to this Subpoena.

In lieu of appearance, physical access to the records described in Exhibit A may be granted for State Auditor staff on or before the appearance date listed above. Alternatively, records may be shipped to the Missouri State Auditor to the attention of Alex Prenger at 301 W. High St., Room 880, Jefferson City, MO 65102, to be received no later than the appearance date listed above.

ISSUED this 27th day of April, 2023, pursuant to Section 29.235.4(1), of the Revised Statutes of Missouri.

Scott Fitzpatrick  
Missouri State Auditor

I served the foregoing subpoena by hand delivery on this 27<sup>th</sup> day of April, 2023.

Appendix A  
Village of Mineral Point  
State Auditor Subpoena - Destiny Buhler

**OFFICE OF MISSOURI STATE AUDITOR**

**EXHIBIT A**

You are to preserve for production and inspection, and then appear as instructed on the attached subpoena and produce for inspection and examination, the following items in your possession or under your control:

All documents or other records, in whatever form, whether hard copy or electronic, pertaining or belonging to the Village of Mineral Point for the time period of April 2022 to February 2023.

This request includes, but is not limited to, the following:

1. All documentation (invoices, timesheets, etc.) for services provided to the Village of Mineral Point during 2022-2023;
2. All records related to Village of Mineral Point check #4381 written to Destiny Buhler dated 5/17/22 in the amount of \$225.82 for "Payroll 5/9-5/12".
3. All records related to Village of Mineral Point check #4382 written to Destiny Buhler dated 5/23/22 in the amount of \$40.00 for "Advance".
4. All records related to Village of Mineral Point check #4385 written to Destiny Buhler dated 5/26/22 in the amount of \$185.87 for "Week 5/23-5/26".
5. All records related to Village of Mineral Point check #4386 written to Destiny Buhler dated 5/26/22 in the amount of \$225.87 for "Week 5/23-5/26".
6. All records related to Village of Mineral Point check #1002 written to Destiny Buhler dated 6/11/22 in the amount of \$100 for "Pay Advance".
7. All records related to Village of Mineral Point check #1004 written to Destiny Buhler dated 6/15/22 in the amount of \$500.
8. All records related to Village of Mineral Point check #4390 written to Destiny Buhler dated 6/16/22 in the amount of \$187.87 for "Payroll 6/13-6/16".
9. All records related to Village of Mineral Point check #4391 written to Destiny Buhler dated 6/16/22 in the amount of \$125.87 for "Payroll 6/13-6/16".
10. All records related to Village of Mineral Point check #4392 written to Destiny Buhler dated 6/21/22 in the amount of \$80 for "Pay Advance".
11. All records related to Village of Mineral Point check #4397 written to Destiny Buhler dated 7/1/22 in the amount of \$80 for "Water Report Copies".
12. All records related to Village of Mineral Point check #4402 written to Destiny Buhler dated 7/25/22 in the amount of \$58 for "Reimbursement".
13. All records related to Village of Mineral Point check #4404 written to Destiny Buhler dated 7/28/22 in the amount of \$200.
14. All records related to Village of Mineral Point check #4407 written to Destiny Buhler dated 7/28/22 in the amount of \$58 for "Reimbursement".
15. All records related to Village of Mineral Point check #4409 written to Destiny Buhler dated 8/1/22 in the amount of \$92.

State Auditor Subpoena - Destiny Buhler

---

This request for records includes all materials that exist in paper ("hard copy") or electronic form (including but not limited to records and data maintained on computers, tablets, smart phones, external electronic storage drives, thumbnail drives, remote servers or back up tapes). All information requested in the items above are subject to inspection, review and copying by the state auditor. Section 29.235.4(1), RSMo.

Appendix B  
Village of Mineral Point  
State Auditor Subpoena - Matthew Wilshire

SCOTT FITZPATRICK  
MISSOURI STATE AUDITOR

## SUBPOENA

To: Matthew Wilshire

**YOU ARE COMMANDED AND REQUIRED** to appear personally before the State Auditor or his representatives, Rob Tillman, Deputy General Counsel, and Alex Prenger, Audit Manager, at the Washington County Courthouse, 102 North Missouri Street, County Clerk's Office, Potosi, MO 63664 at 10:00 am on Friday, May 19, 2023, for purposes of providing testimony, and producing for examination, copying, and interrogation the following records and documents listed on Exhibit A attached to this Subpoena.

ISSUED this 3rd day of May, 2023, pursuant to Section 29.235.4(1), of the Revised Statutes of Missouri.

Scott Fitzpatrick  
Missouri State Auditor

I served the foregoing subpoena by personal service on this 5 day of May, 2023.

State Auditor Subpoena - Matthew Wilshire

**OFFICE OF MISSOURI STATE AUDITOR**

**EXHIBIT A**

You are to preserve for production and inspection, and then appear as instructed on the attached subpoena and produce for inspection and examination, the following items in your possession or under your control:

All documents or other records, in whatever form, whether hard copy or electronic, pertaining or belonging to the Village of Mineral Point for the time period of April 2022 to February 2023.

This request includes, but is not limited to, the following:

**Payroll Checks:**

1. All documentation (invoices, timesheets, etc.) for services provided to the Village of Mineral Point during 2022-2023;
2. All records related to Village of Mineral Point check #4381 written to Destiny Buhler dated 5/17/22 in the amount of \$225.82 for "Payroll 5/9-5/12".
3. All records related to Village of Mineral Point check #4382 written to Destiny Buhler dated 5/23/22 in the amount of \$40.00 for "Advance".
4. All records related to Village of Mineral Point check #4385 written to Destiny Buhler dated 5/26/22 in the amount of \$185.87 for "Week 5/23-5/26".
5. All records related to Village of Mineral Point check #4386 written to Destiny Buhler dated 5/26/22 in the amount of \$225.87 for "Week 5/23-5/26".
6. All records related to Village of Mineral Point check #1002 written to Destiny Buhler dated 6/11/22 in the amount of \$100 for "Pay Advance".
7. All records related to Village of Mineral Point check #1004 written to Destiny Buhler dated 6/15/22 in the amount of \$500.
8. All records related to Village of Mineral Point check #4390 written to Destiny Buhler dated 6/16/22 in the amount of \$187.87 for "Payroll 6/13-6/16".
9. All records related to Village of Mineral Point check #4391 written to Destiny Buhler dated 6/16/22 in the amount of \$125.87 for "Payroll 6/13-6/16".
10. All records related to Village of Mineral Point check #4392 written to Destiny Buhler dated 6/21/22 in the amount of \$80 for "Pay Advance".
11. All records related to Village of Mineral Point check #4397 written to Destiny Buhler dated 7/1/22 in the amount of \$80 for "Water Report Copies".
12. All records related to Village of Mineral Point check #4402 written to Destiny Buhler dated 7/25/22 in the amount of \$58 for "Reimbursement".
13. All records related to Village of Mineral Point check #4404 written to Destiny Buhler dated 7/28/22 in the amount of \$200.
14. All records related to Village of Mineral Point check #4407 written to Destiny Buhler dated 7/28/22 in the amount of \$58 for "Reimbursement".
15. All records related to Village of Mineral Point check #4409 written to Destiny Buhler dated 8/1/22 in the amount of \$92.

Appendix B

March 18, 2024

The Honorable Michael L. Parson  
The Honorable Members of the Legislature  
Citizens of the State of Missouri

In accordance with generally accepted accounting principles, I submit to you the Annual Comprehensive Financial Report (ACFR) of the State of Missouri for the fiscal year ended June 30, 2023. This report was prepared by the Office of Administration, Division of Accounting, whose management is responsible for its contents.

The report is prepared to show the financial position and operating results of the State. The State's internal accounting controls provide reasonable assurance regarding the safeguarding of assets against loss from unauthorized use or disposal and the reliability of financial records for preparing financial statements. The concept of reasonable assurance recognizes that the cost of a control should not exceed the resulting benefit. We believe the data presented is accurate in all material respects and that all disclosures necessary to enable the reader to gain a reasonable understanding of the State's financial activities have been included.

An annual audit of the basic financial statements is completed each year by the State Auditor's Office. The State Auditor conducts the audit in accordance with generally accepted government auditing standards, and their opinion has been included in this report. The State Auditor conducts a "Single Audit" of all federal funds in accordance with the Federal Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform guidance).

A narrative introduction, overview, and analysis of the basic financial statements is presented in the *Management's Discussion and Analysis (MD&A)* section of this report. This letter of transmittal is intended to complement MD&A and should be read in conjunction with it. The MD&A can be found immediately following the Independent Auditor's Report.

## **PROFILE OF THE GOVERNMENT**

Missouri was organized as a territory in 1812 and was the second state (after Louisiana) of the Louisiana Purchase to be admitted to the Union. Statehood was granted on August 10, 1821, making Missouri the 24th state. The State encompasses 68,945 square miles.

The State operates under three branches of government: executive, legislative, and judicial. The executive branch consists of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, and Attorney General. The legislative branch consists of 34 members of the Senate and 163 members of the House of Representatives. The judicial branch is a three-tier court system: the Supreme Court, the State's highest court, has statewide jurisdiction; a court of appeals that consists of districts established by the General Assembly; and a system of circuit courts that has original jurisdiction over all cases and matters, civil and criminal.

The State provides a range of services in the areas of agriculture, education, health and social services, transportation systems, public safety, judicial systems, economic development, conservation and natural resources, labor relations, and general administration.

The State operates on a legally adopted budget in order to ensure compliance with legal provisions embodied in the annual appropriated budget passed by the General Assembly and approved by the Governor prior to the beginning of the fiscal year. If appropriations are not sufficient for a fiscal year, supplemental amounts are requested during the next legislative session by the same process that original appropriations are requested. Budgets are established at the program level. Expenditures cannot exceed the individual appropriation amount. The Governor has the authority to reduce the allotments of appropriations in any fund if it appears that the revenue estimate will not be met. Article IV, Section 27 of the Missouri Constitution, amended in 2014, requires the Governor to notify the General Assembly if the Governor reduces allotments when it appears revenues will be less than estimated. This Section then gives the General Assembly the authority to overturn any of the Governor's restrictions with a two-thirds vote, similar to the procedure to overturn a veto. Unexpended appropriations lapse at the end of each fiscal year, unless reappropriated to the following budget fiscal year.

The financial reporting entity of the State includes all of the funds of the primary government as well as component units for which the State is financially accountable. The transmittal letter, MD&A, and the financial statements focus on the primary government and its activities. Although information pertaining to the component units is provided, their separately issued financial statements should be read to obtain a complete overview of their financial position.

## **ECONOMIC CONDITION AND OUTLOOK**

### **State Economy**

Revenue collection information as of June 30, 2023, indicates that net general revenue collections for fiscal year 2023 increased by 2.7% compared to June 2022, from \$12.88 billion in fiscal year 2022 to \$13.23 billion in fiscal year 2023. This increase reflects moderating individual income tax collections yet robust sales tax collections.

The State's economic outlook for fiscal year 2024 anticipates slowing growth in employment, wages, and consumption. Since fiscal year 2023 finished significantly above forecast, the Governor has begun fiscal year 2024 with no restrictions in place on general revenue spending. However, the Governor may restrict spending during the fiscal year if necessary.

During fiscal year 2022, the State received \$2,685,296,000 in grant monies as part of the American Rescue Plan Act (ARPA), \$1,698,819,000 of which is for Revenue Replacement. ARPA was signed to deliver relief to the American economy and work towards beating the COVID-19 virus. Monies received through ARPA are to be used for expenditures such as public health, assistance for negative economic impacts, infrastructure to provide safe drinking water, infrastructure for broadband, and some administrative expenses to assist in these endeavors. The Revenue Replacement portion specifically is to be spent on items such as provision of government services and non-federal match for other Federal programs.

Missouri's GDP was \$300.7 billion in 2022 in 2012 inflation-adjusted dollars; this is a 1.7% increase over 2021. Missouri grew at an annualized rate of 1.02% to equal \$29.14 billion in growth over the past 10 years, or a 10.7% GDP increase overall.

### Missouri Real GDP Annual Growth Rate

Source: MERIC 2023 Missouri Economic Report

In July 2023, Missouri's unemployment rate was 2.7%, while the nation's unemployment rate was 3.7%, a slight change from July 2022, reflecting a stable trend in unemployment rates. Missouri and the nation are experiencing record low unemployment numbers and a tight labor market.

Source: MERIC 2023 Missouri Economic Report

## **Long-Term Financial Planning**

Legislature passed changes to the State of Missouri's income tax structure in 2014. Senate Bill 509 and Senate Bill 496 reduced the maximum tax rate on personal income and created an income tax deduction for business income, as well as increased a personal exemption for individuals that have an adjusted gross income of less than \$20,000. The implementation of the tax cut is gradual with a 0.10% decline each calendar year and estimates indicate that the bills will cost at least \$620 million annually. The business income exemption became fully phased-in for tax year 2023, and the income tax rate reductions were supplanted by Senate Bill 3 (SB 3) in 2022.

The federal Tax Cuts and Jobs Act of 2017 (TCJA) eliminated the individual personal exemption and became effective January 1, 2018. The tax package made multiple changes to the federal individual and corporate tax codes. Due to Missouri's rolling conformity with the majority of the federal tax code, many of the changes will also directly impact Missouri's tax collections. The most notable individual income tax change was an increase, of nearly double, to the standard deduction and elimination of the personal and dependent deductions. Missouri estimates that the individual income tax changes made at the federal level will continue to reduce Missouri tax collections by \$58 million annually. The TCJA is slated to expire in 2025, and it is unknown yet whether, Congress will allow the expiration to occur, renew the TCJA, or offer a completely new tax package.

The General Assembly passed several tax-related bills during the 2022 special session and the 2023 legislative session, including the forementioned SB 3, which reduced the top individual income tax rate to 4.95% for tax year 2023. Four additional tax rate reductions based on net general revenue growth were created with SB 3. The legislation allows for three additional 0.1% reductions to the top rate, dependent on inflation adjusted net general revenue growth. SB 3 is expected to reduce general revenue by \$335.4 million in Fiscal Year 2024. Once fully implemented, SB 3 may reduce general revenue by \$371.2 million annually.

## **Relevant Financial Policies**

Article X, Sections 16-24 of the Constitution of Missouri (the "Tax Limitation Amendment"), imposes a limit on the amount of taxes that may be imposed by the General Assembly in any fiscal year. This limit is tied to total state revenues for fiscal year 1981, as defined in the Tax Limitation Amendment and adjusted annually, in accordance with the formula set forth in the amendment which is tied to increases in the personal income of Missouri for certain designated periods. If the revenue limit is exceeded by one percent or more in any fiscal year the excess revenue will be refunded pro-rata, based on the liability reported on state income tax returns. If the excess revenue collected is less than one percent of the revenue limit, the excess revenue shall be transferred to the General Revenue Fund.

The revenue limit can be exceeded by a constitutional amendment duly adopted by the people or if the General Assembly approves by a two-thirds vote an emergency declaration by the Governor. Strong economic growth resulted in revenues above the total state revenue limit in fiscal years 1995-1999. The State has refunded to taxpayers \$979 million in excess revenue for these fiscal years. The revenue limit was not exceeded in fiscal years 2000 through 2023, inclusive. The State is currently \$3.55 billion below the limit and does not expect the limit to be exceeded in fiscal year 2024.

## **Major Initiatives**

Highlights of the 2023 Regular Session include the passage of the following:

- **Infrastructure**

The General Assembly and the Governor approved, as part of the fiscal year 2024 budget, at total of \$2.8 billion for the expansion of I-70 to three lanes from outside KC to St. Louis. The budget includes funds for the costs to plan, design, construct, reconstruct, rehabilitate and repair three lanes in each direction on approximately 200 miles of I-70.

The General Assembly also passed HB 4 for \$50 million to improve safety at railroad crossings.

- **Education**

The General Assembly is once again fully funding the K-12 foundation formula and \$233 million for K-12 student transportation. The budget includes \$56 million to expand pre-kindergarten education programs. Additionally, funding for construction projects on every college campus, including \$45 million for health education project at St. Louis Community College was also approved by the General Assembly.

- **Public Health**

The General Assembly passed \$300 million to build a new psychiatric hospital in Kansas City near the current site and expand its capacity to provide in-patient psychiatric care. The General Assembly also passed \$30 million to support veterans nursing homes.

- **Public Safety**

The General Assembly passed SB 398, which banned texting while driving. Missouri motor vehicle drivers are prohibited from writing, sending, or reading any text-based communication. Drivers can use voice-operated or hands-free features.

### **ACKNOWLEDGEMENTS**

While the Office of Administration, Division of Accounting, is responsible for the contents of this report, no one division could do it alone. Many people were involved in the compilation of materials necessary to complete the report.

We want to issue a special thanks to all the personnel at the State agencies who provided us with information quickly and accurately so that we could issue the ACFR in a timely manner. We also owe thanks to the professionalism and dedication demonstrated by technical and management personnel within the State Auditor's Office, the State Treasurer's Office, Office of Administration, Information Technology Services Division, and the State Printing Center. We appreciate all their efforts.

Sincerely,

A handwritten signature in cursive script that reads "Stacy Neal".

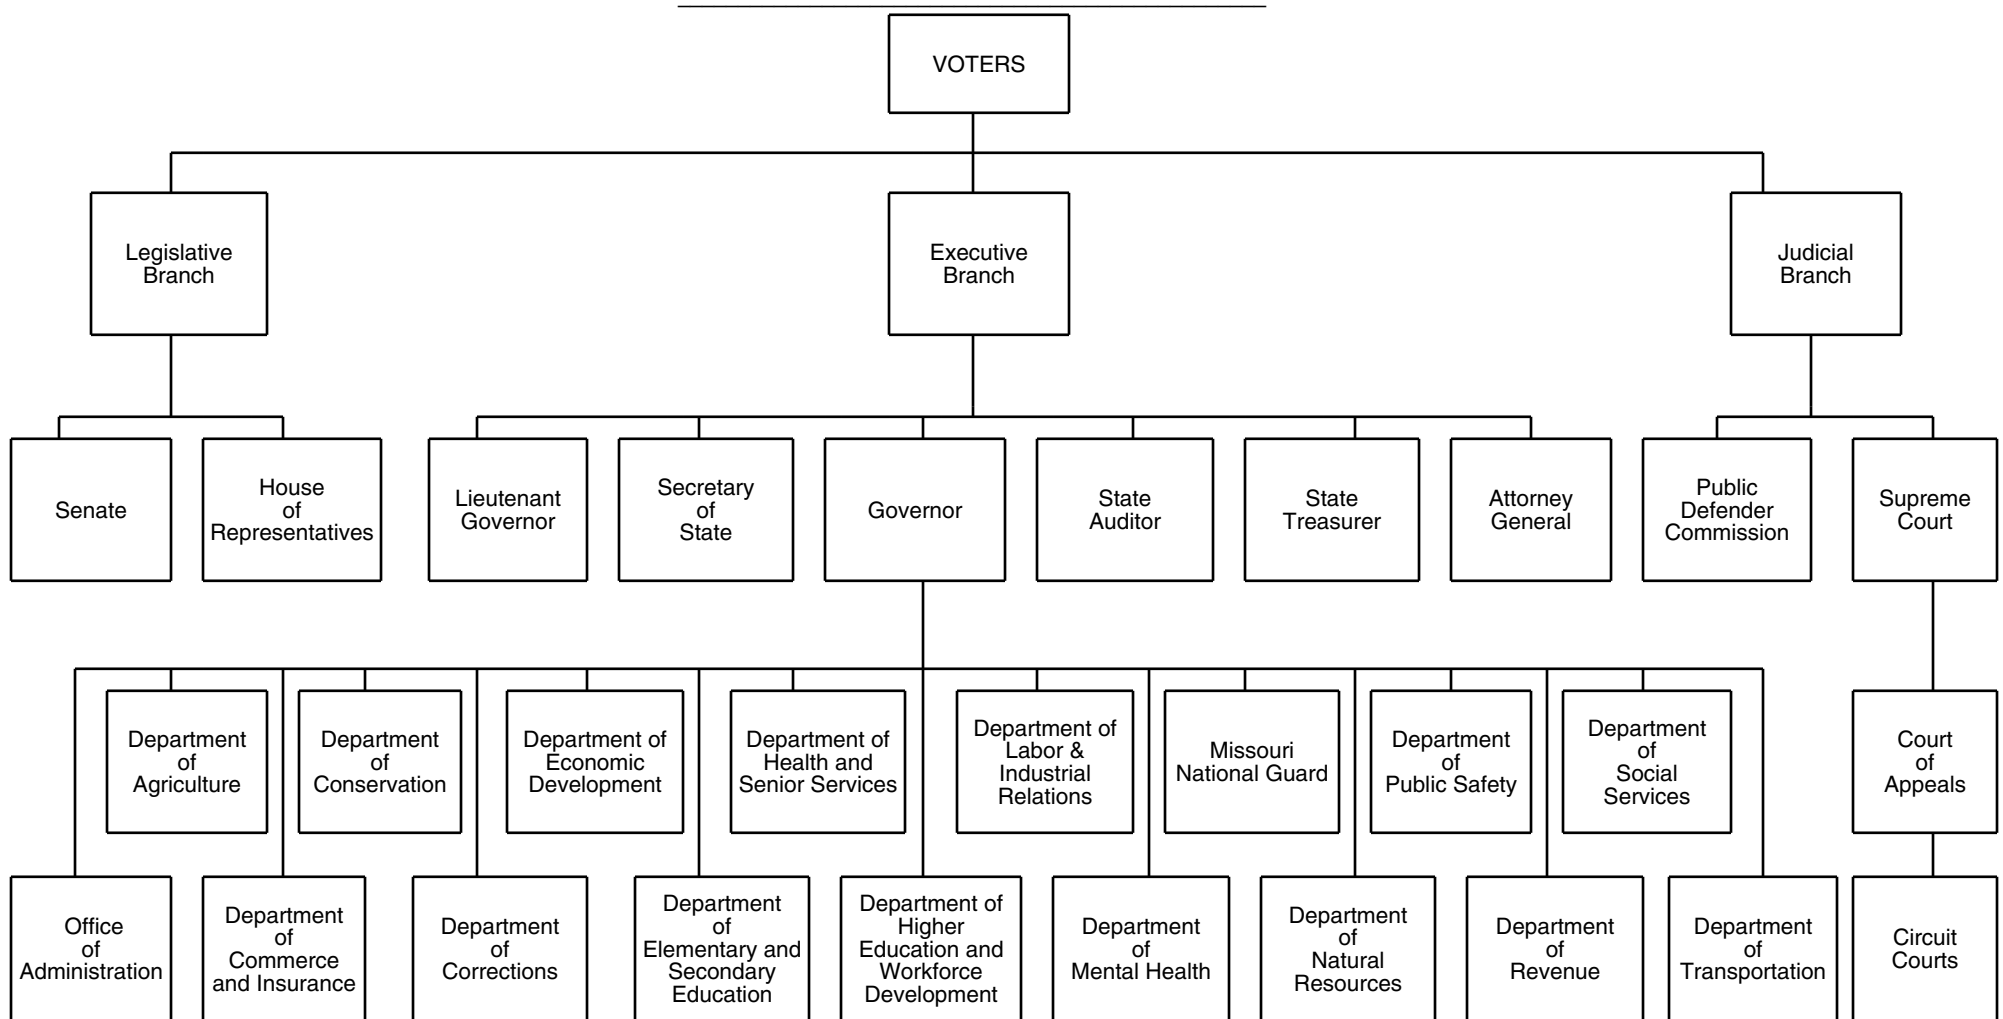

Stacy Neal, CPA  
Director

and  
Members of the General Assembly

**Report on the Audit of the Financial Statements**

*Qualified and Unmodified Opinions*

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Missouri, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the State of Missouri's basic financial statements as listed in the table of contents.

*Summary of Opinions*

<b>Opinion Unit</b>	<b>Type of Opinion</b>
Governmental Activities	Qualified
Business-Type Activities	Unmodified
Aggregate Discretely Presented Component Units	Unmodified
General Fund	Qualified
Public Education Fund	Unmodified
Conservation and Environmental Protection Fund	Unmodified
Missouri Road Fund	Unmodified
State Lottery Fund	Unmodified
Unemployment Compensation Fund	Unmodified
Aggregate Remaining Fund Information	Unmodified

*Qualified Opinions on the Governmental Activities and the General Fund*

In our opinion, based on our audit and the reports of other auditors, except for the effects of the matter described in the Basis for Qualified and Unmodified Opinions section of our report, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and the General Fund of the State of Missouri, as of June 30, 2023, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Missouri Road Fund, a major fund; the Missouri Road Bond Fund; the Transportation Self-Insurance Plan; the Missouri State Employees' Insurance Plan; the Missouri Consolidated Health Care Plan; and the Missouri Department of Transportation and Missouri State Highway Patrol Medical and Life Insurance Plan, which represent 58 percent of the assets and 9

percent of the revenues of the governmental activities. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for those entities and funds, are based solely on the reports of the other auditors.

### *Unmodified Opinions*

In our opinion, based on our audit and the reports of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, the aggregate discretely presented component units, each major fund excluding the General Fund, and the aggregate remaining fund information of the State of Missouri, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of certain entities and funds. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for those entities and funds, are based solely on the reports of the other auditors. Those entities and funds were:

1. The State Lottery Fund, a major fund, and the Petroleum Storage Tank Insurance Fund which represent 13 percent of the assets and 80 percent of the revenues of the business-type activities.
2. The aggregate discretely presented component units.
3. The pension (and other employee benefit) trust funds and the Missouri Department of Transportation custodial funds which represent 91 percent of the assets and 21 percent of the additions of the fiduciary funds.

### *Basis for Qualified and Unmodified Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the State of Missouri and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified and unmodified audit opinions. The financial statements of the Missouri State Employees' Insurance Plan and the Missouri Consolidated Health Care Plan, internal service funds; the Missouri Development Finance Board, the Missouri Agricultural and Small Business Development Authority, and the State Environmental Improvement Energy Resources Authority, discretely presented component units; and the pension (and other employee benefit) trust funds were not audited in accordance with *Government Auditing Standards*.

### *Matter Giving Rise to Qualified Opinions on the Governmental Activities and the General Fund*

We were not allowed access to tax returns and related source documents for income taxes. Approximately 26 percent of governmental activities revenues and 29 percent of General Fund revenues are from this source. We were unable to satisfy ourselves by appropriate audit procedures as to the income tax revenue beyond the amounts recorded.

### ***Emphasis of Matter***

As discussed in Note 17 to the financial statements, the financial statements for the year ended June 30, 2022, have been restated for the implementation of Governmental Accounting Standards Board (GASB) Statement No. 96, *Subscription-Based Information Technology Arrangements*. Our opinions are not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the State of Missouri's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the State of Missouri's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the State of Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the information listed under Required Supplementary Information in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the State of Missouri's basic financial statements. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the audit procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, except for the effect of the matter described in the Basis for Qualified and Unmodified Opinions section of our report, the supplementary information, as listed in the table of contents, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the Annual Comprehensive Financial Report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based

on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, our report dated March 18, 2024, on our consideration of the State of Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters will be issued under separate cover in the Report on Internal Control, Compliance, and Other Matters. The purpose of our report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the State of Missouri's internal control over financial reporting or on compliance. Our report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the State of Missouri's internal control over financial reporting and compliance.

*The Management's Discussion and Analysis provides a narrative overview and analysis of the financial activities of the State.*

# Management's Discussion and Analysis

The following is a discussion and analysis of the State of Missouri's financial activities for the fiscal year ended June 30, 2023. Readers are encouraged to consider the information presented here in conjunction with additional information that is furnished in the letter of transmittal.

## FINANCIAL HIGHLIGHTS – PRIMARY GOVERNMENT

### Government-Wide:

- *Net Position.* Assets and deferred outflows of the State of Missouri exceeded liabilities and deferred inflows at the close of fiscal year 2023 by \$42.0 billion. Of the \$42.0 billion, "unrestricted net position" is reported as a positive \$1.3 billion, offset by \$6.9 billion in "restricted net position", and \$33.8 billion net investment in capital assets.
- *Changes in Net Position.* The State's total net position increased by \$4.0 billion in fiscal year 2023. Net position for governmental-type activities increased by \$3.8 billion.
- *Excess of Revenues over (under) Expenses.* During fiscal year 2023, the State's total revenues of \$42.0 billion were \$4.0 billion greater than total expenses of \$38.0 billion (excluding capital contributions, transfers, and extraordinary items). Of these expenses, \$23.3 billion were covered by program revenues. General revenues, generated primarily from various taxes, totaled \$18.7 billion.

### Fund-Level:

- *Governmental Funds – Fund Balance.* At the close of fiscal year 2023, the State's governmental fund assets exceeded liabilities by \$16.6 billion, an increase of \$2.6 billion or 18.7% from the prior year. The increase was due mainly to the following: revenues increased \$3.8 billion, primarily from an increase in contributions and inter agency revenues of \$2.7 billion and an increase in tax revenues of \$481.1 million.
- *General Fund – Fund Balance.* At the end of the current fiscal year, the State's General Fund reported a balance of \$10.7 billion.

Additional information regarding individual funds begins on Page 8.

### Debt Issued and Outstanding:

- The primary government's total long-term obligations related to bonds payable increased \$43.6 million, or 2.2%, over the prior year. The outstanding bonds payable represents 7.8% of financial assets (cash, receivables, and investments) and 3.3% of total assets. On December 15, 2022, the Missouri Highways and Transportation Commission issued its Third Lien State Road Bonds, Series A 2022, in the amount of \$453.0 million. Additionally, defeasance and bond payments, totaling \$409.4 million, reduced the obligation during the fiscal year. The State has financed purchases through direct borrowing with banks in the amount of \$28.9 million. Additional detail is available in *Note 11* and *Note 12*.

### Revenue Limit:

- The State Constitution limits the State's ability to retain revenue collected over an amount set by a constitutional amendment known as Article X. Excess revenue of 1.0% or more must be refunded to the taxpayers each year. During fiscal year 2023, the State did not exceed the revenue limit.

## OVERVIEW OF THE FINANCIAL STATEMENTS

The State's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

### Government-Wide Financial Statements:

The government-wide financial statements are designed to provide readers with a broad overview of the State's finances in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the State's assets, deferred outflows, liabilities, and deferred inflows, with the difference between them reported as *net position*. Increases or decreases in net position may serve as a useful indicator of the State's financial position.

The *Statement of Activities* presents information showing how the State's net position changed during the most recent fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of when the cash is received. Thus, revenues and expenses are reported in the statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements report three activities:

*Governmental Activities* are primarily supported by taxes and intergovernmental revenues. They include general government, education, natural and economic resources, transportation and law enforcement, and human services.

*Business-Type Activities* are intended to recover all or a significant portion of their costs through user fees and charges. They include constructing or operating state park facilities, fairgrounds, historical properties and office buildings, hospital services, warehousing, merchandising, publishing maps and documents, insurance coverage, and inmate canteen. Also included are the operations of the State Lottery and Unemployment Compensation funds.

*Discretely Presented Component Units* are operations for which the State has financial accountability but are legally separate. They include the college and universities, Missouri Development Finance Board, Missouri Agricultural and Small Business Development Authority, Missouri Transportation Finance Corporation, Missouri Wine and Grape Board, and the State Environmental Improvement Energy Resources Authority.

### Fund Financial Statements:

The fund financial statements present more detailed information about the government's operations than the government-wide statements. The State uses fund accounting to ensure and demonstrate compliance with statutory requirements. The funds of the State can be divided into three categories: governmental, proprietary, and fiduciary.

*Governmental funds.* Governmental funds are used to account for most of the basic services provided by the State. Unlike the government-wide financial statements, governmental fund financial statements focus on short-term inflows and outflows of current financial resources and utilize the modified accrual basis of accounting. This presentation focuses on when cash will be received and disbursed making the statements useful in evaluating a government's financing requirements in the near future.

Governmental funds include the general, special revenue, capital projects, debt service, and permanent funds. Major funds include general, public education, conservation and environmental protection, and the Missouri Road Fund which are presented in separate columns. Data from other governmental funds are combined into a single column for aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements in supplementary information.

A user can compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. A reconciliation to facilitate this comparison is provided on the page immediately following each governmental fund financial statement.

**Proprietary funds.** Proprietary funds are used to account for activities similar to private businesses in which goods and services are sold for specified fees. Generally, the State uses enterprise funds to account for activities that provide goods and services to the general public. These include constructing or operating state park facilities, fairgrounds, historical properties and office buildings, hospital services, warehousing, merchandising, and publishing maps and documents. Also included are the operations of the State Lottery and Unemployment Compensation funds. Internal service funds report activities that provide supplies and services for the State's other programs and activities. The State uses internal service funds to account for insurance and health care plans, as well as administrative services for other state agencies, such as fleet management, data processing, and telecommunication services. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds focus on economic resources and utilize the full accrual basis of accounting. The proprietary fund financial statements provide separate information for the State Lottery and Unemployment Compensation, which are considered major enterprise funds. Non-major enterprise funds are also combined into a single column for aggregated presentation. All internal service funds are combined into a single column in the proprietary fund financial statements. Individual fund data for the non-major enterprise and internal service funds is provided in the form of combining statements in supplementary information.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside State government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are not available to support the State's own programs. The fiduciary funds are presented using the full accrual basis of accounting.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information (RSI) including a budgetary comparison schedule for the General Fund and major special revenue funds and schedules for pension and other post-employment benefits. Other supplementary information includes the combining statements for the general, non-major governmental, non-major enterprise, internal service, fiduciary, and non-major component unit funds. It also includes the statistical section as well as budgetary comparison schedules and statements for the Missouri Road Fund, non-major special revenue, debt service, capital projects, and permanent funds.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

### Net Position:

The State's total net position increased \$4.0 billion during fiscal year 2023. Cash and cash equivalents and investments increased \$2.6 billion. This was mainly due to an increase in grants and contributions. Accounts receivable increased \$746.0 million. Capital assets increased \$1.1 billion primarily related to an increase in investment in the State's infrastructure. The State issued the Third Lien State Road Bonds, Series A 2022 in the amount of \$453.0 million. This issuance plus bond payments of \$312.1 million and defeasance of \$97.3 million resulted in an increase of bonds payable of \$43.6 million.

Net investment in capital assets, which includes capital assets, bonds payable, and obligations under right-to-use assets/financed purchase obligations, is the largest component of the State's net position at \$33.8 billion or 80.5%. These assets include construction in progress, software in progress, infrastructure in progress, land, easements, land improvements, buildings, equipment, software, trademarks and intangible right-to-use assets related to leases and subscription based information technology agreements (SBITA) which are not easily converted to cash or readily available to pay state debts as they come due. Net investment in capital assets and restricted net position, which do not represent resources available to pay day-to-day operating expenses, increased by \$1.6 billion or 4.1%. The increase was primarily due to the increase in capital assets of \$1.1 billion and a decrease in related outstanding bond, lease, and financed purchase obligation of \$223.0 million.

Restricted net position of the primary government totaled \$6.9 billion or 16.4% of total net position vs. 16.1% from the prior year. Net position is restricted for several reasons including constitutional, legal, enabling legislation, or external requirements. Examples of restricted net position include lottery proceeds restricted for public education, funds restricted for debt service, and certain sales taxes restricted for the maintenance of highways or state parks and conservation areas. Also, many federal funds are restricted to funding certain programs.

The following table displays the current and prior year government-wide condensed Statement of Net Position.

<b>STATEMENT OF NET POSITION</b> (In Thousands of Dollars)

\*Fiscal year 2022 amounts have been restated.

## Changes in Net Position:

The schedule below reflects how the State's net position changed during the year. The State collected program revenues of \$23.3 billion and general revenues of \$18.7 billion for total revenues of \$42.0 billion during fiscal year 2023. Expenses for the State during fiscal year 2023 were \$38.0 billion. Total net position, net of contributions and transfers, increased by \$4.0 billion.

The following table displays the current and prior year government-wide condensed Statement of Activities.

\*Fiscal year 2022 amounts have been restated.

## Governmental Activities

The net position of governmental activities increased \$3.8 billion in fiscal year 2023. General and program revenues of governmental activities were \$2.9 billion more in fiscal year 2023 than in fiscal year 2022, most notably due to an increase in grants and contributions.

As shown in the Revenues by Source chart below, approximately 42.8% of revenues from all sources earned came from taxes. Grants and contributions, which represents amounts received from other governments/entities, primarily the federal government, provided 48.0% of total revenue. Charges for services contributed 4.9% and various other revenues provided 4.3% of the remaining governmental activity revenue sources.

The State's governmental activities program expenses for fiscal year 2023 were \$4.6 billion more than fiscal year 2022. The most notable increase is \$3.7 billion in Human Services. This is mainly due to an increase in specific programs associated with medical assistance services.

As shown in the Expenses by Function chart below, expenses for Human Services comprised the largest portion of total governmental activities expenses at 58.3%, followed by Education at 26.4%.

## Business-Type Activities

Net position of the State's business-type activities increased \$221.8 million in fiscal year 2023, primarily caused by a decrease in overall expenses. The decrease was primarily caused by a decrease in payouts for unemployment benefits and a decrease in Lottery's prize expenses.

Revenues of business-type activities totaled \$2.3 billion. As shown in the Revenues by Source chart below, 82.3% of the revenues came from charges for services. Operating grants and contributions provided 17.1% of the total revenues and all other revenues provided 0.6%.

**Revenues by Source**

Expenses of business-type activities totaled \$1.7 billion. As shown in the Expenses by Fund chart below, State Lottery makes up the largest portion with 84.5% of total business-type expenses. Unemployment Compensation comes in second at 11.4%, followed by Inmate Canteen at 1.7%, Petroleum Storage Tank Insurance at 1.0%, State Parks and DNR at 1.0%, State Fair Fees at 0.3%, and Surplus Property at 0.1%.

**Expenses by Fund**

## FINANCIAL ANALYSIS OF THE STATE'S INDIVIDUAL FUNDS

### Governmental Funds:

At the end of fiscal year 2023, the State's governmental funds reported combined ending fund balances of \$16.6 billion. Approximately 75.2% is unrestricted and available for spending at the government's discretion. The remainder of fund balance is nonspendable and restricted to indicate that it is not available for new spending because it has already been allocated for: 1) inventories, 2) to pay debt service, 3) for loans receivable, and 4) for a variety of other purposes.

Fund balances (in thousands) for governmental funds are as follows:

	General Fund	Public Education	Conservation and Environmental Protection	Missouri Road Fund	Non-Major Funds	Total
Nonspendable	\$ 145,559	\$ —	\$ 311	\$ 52,368	\$ 77,369	\$ 275,607
Restricted	985,580	609,376	271,673	1,414,287	558,373	3,839,289
Committed	875,137	11,325	2,044,855	—	379,989	3,311,306
Assigned	541,849	39,930	105,297	—	372,887	1,059,963
Unassigned	8,119,318	—	—	—	—	8,119,318
<b>Total</b>	<b>\$ 10,667,443</b>	<b>\$ 660,631</b>	<b>\$ 2,422,136</b>	<b>\$ 1,466,655</b>	<b>\$ 1,388,618</b>	<b>\$ 16,605,483</b>

The General Fund is the chief operating fund of the State. At the end of fiscal year 2023, the State's General Fund reported a total fund balance of \$10.7 billion, an increase of \$2.0 billion from fiscal year 2022. Investments increased by \$4.1 billion, offset by a decrease in cash of \$2.3 billion. This was due to the interest rate on investments being higher at June 2023 than June 2022. Additionally, the average increase in the value of securities was higher in June 2023 from June 2022.

The Public Education Fund provides general and special education services to the children of the State and other related functions, such as library services and student loans. The fund balance ended the year with a balance of \$660.6 million, an increase of \$138.4 million or a 26.5% increase from fiscal year 2022. This was mainly due to an increase of \$200.6 million in investments, offset by an increase of \$55.8 million in cash. Investment interest rate and the average increase in the value of securities was higher in June 2023 from June 2022.

The Conservation and Environmental Protection Fund provides the preservation of the State's wildlife and environment. At the end of fiscal year 2023, the fund balance was \$2.4 billion, an increase of \$87.8 million from fiscal year 2022. Cash and cash equivalents and investments increased \$81.9 million.

The Missouri Road Fund accounts for revenues from highway users' fees, federal reimbursements for highway projects, and bond proceeds to be used for costs of constructing and maintaining an adequate state highway system. Total fund balance increased \$335.4 million from fiscal year 2022. This was mainly due to an increase in proceeds from bonds. There was an issuance of \$453.0 million for Series A2022 Third Lien bond.

### Proprietary Funds:

The State has two major proprietary funds: State Lottery and Unemployment Compensation. The State Lottery Fund was established in 1986 to account for the sale of lottery tickets and lottery operations. Since 1992, public education has been the sole beneficiary of lottery proceeds. Unemployment Compensation accounts for contributions and payments collected from Missouri employers under the provision of the "Unemployment Compensation Law." This tax finances benefits for workers who become unemployed through no fault of their own.

The State Lottery Fund's net position increased by \$70.0 thousand in fiscal year 2023, mainly due to a fluctuation in market yields, which increase or reduce the unrealized gain on investments. Total operating revenues increased by 0.2% and operating expenses decreased by 0.5% in fiscal year 2023. Ticket sales increased by \$12.3 million. Prize expenses decreased by \$10.8 million. The variance between the decrease in prize expense and the increase in sales reflects the product mix of games sold and the corresponding prize structure. Draw Games have a lower prize structure compared to Scratchers and Pull-Tabs. Draw Games Sales increased by \$58.6 million, while Scratchers and Pull-Tabs sales decreased by \$36.1 million and \$10.3 million, respectively.

The Unemployment Compensation Fund's net position increased by \$215.3 million during fiscal year 2023. This is mainly due to an increase in cash as a result of an improved economy and low unemployment rate, which allows excess cash to remain in the fund. The cash balance in the fund reached the statutorily established levels that trigger contribution rate reductions and decreases in the taxable wage base starting in fiscal year 2024. The increase in cash by \$224.2 million is related to a decrease in payouts for unemployment benefits and the decline of pandemic level benefits accompanied by an increase in employer contributions. Operating Revenues decreased \$31.3 million which directly correlates to the operating expenses decrease of \$56.8 million as a result of the decline in benefits paid, claims filed and individuals receiving benefits and federal government revenues declining for those corresponding benefits.

### **GENERAL FUND BUDGETARY HIGHLIGHTS**

The original budget is the appropriated budget that is truly agreed to and finally passed by the legislature and signed by the Governor at the beginning of the fiscal year. The final budget includes emergency and supplemental appropriations, reverted amounts, and increases to estimated appropriations, which occur during the fiscal year.

Budgeted charges to appropriations for fiscal year 2023 from the General Fund were \$50.9 billion original budget and \$53.1 billion final budget. Actual spending was \$39.0 billion. Reasons for the final budget variances include:

- Appropriation authority exceeded cash available for expenditures.
- Lapse of various appropriations.
- Multiple year grants are appropriated in one year, but the expenditures may occur over several years.
- Capital improvement appropriations were restricted during the budget process.

Budgeted revenues/transfers in for fiscal year 2023 for the General Fund were \$43.1 billion original budget and \$44.6 billion final budget. Actual revenue/transfers in was \$41.0 billion.

Refer to the *Notes to RSI*, Budgetary Reporting, on page 142 for more information on budgetary variances.

## GOVERNMENT-WIDE CAPITAL ASSET AND DEBT ADMINISTRATION

### Capital Assets:

The State's investment in capital assets for its governmental and business-type activities as of June 30, 2023, was \$35.8 billion (net of accumulated depreciation/amortization). This investment in capital assets includes construction in progress, software in progress, infrastructure in progress, land, permanent easements, land improvements, temporary easements, buildings and improvements, equipment, software, trademarks, infrastructure, and intangible right-to-use assets related to obligations under right-to-use assets.

### Capital Assets of the State include (in thousands):

	Governmental Activities	Business-Type Activities	Total
Construction in Progress	\$ 247,841	\$ 6,769	\$ 254,610
Software in Progress	183,121	—	183,121

Buildings - Right-to-Use	125,233	1,871	127,104
Equipment - Right-to-Use	2,237	523	2,760
Infrastructure - Right-to-Use	29,111	—	29,111
Software - Right-to-Use	98,111	882	98,993
<i>Subtotal</i>	<u>67,501,630</u>	<u>202,452</u>	<u>67,704,082</u>
Less Accumulated Depreciation/ Amortization	(31,797,344)	(89,287)	(31,886,631)
<b>Total Capital Assets, Net</b>	<b>\$ 35,704,286</b>	<b>\$ 113,165</b>	<b>\$ 35,817,451</b>

Additional information on capital assets can be found in *Note 5* of this report.

### Debt Administration:

At the end of fiscal year 2023, the primary government had total general obligation and other bonded debt outstanding of \$2.1 billion. The State had an additional \$28.9 million of financed purchases from direct borrowings obligation outstanding.

Principal amounts retired or refunded in fiscal year 2023 were \$12.1 million for general obligation bonds, \$397.3 million for other bonds, and \$9.5 million for direct borrowings.

The State of Missouri is proud to have maintained a Triple-A credit rating since 1989 from all three major credit rating agencies (Moody's Investor Services, Inc., Standard and Poor's, and Fitch Ratings, Inc.) on the State's General Obligation Bonds. There were no outstanding General Obligation Bonds at the end of fiscal year 2023.

### Outstanding Bonds Payable Financed Purchase Obligation of the State include (in thousands):

	Governmental Activities	Business-type Activities	Component Units	Total
Other Bonds	\$ 2,008,545	\$ 54,970	\$ 2,044,321	\$ 4,107,836
Direct Placements	—	—	155,439	155,439
Financed Purchases from Direct Borrowings	28,891	—	77,306	106,197
<b>Total</b>	<b>\$ 2,037,436</b>	<b>\$ 54,970</b>	<b>\$ 2,277,066</b>	<b>\$ 4,369,472</b>

Additional information on long-term debt can be found in *Notes 10, 11, and 12* of this report.

## ECONOMIC OUTLOOK AND NEXT YEAR'S BUDGET

As a major manufacturing, financial, and agricultural state, Missouri's economic health is tied closely to that of the nation. The recovery after the COVID-19 induced recession was strong and is now complete. Missouri's economy continues to expand; however, there are growing headwinds from inflation, high interest rates, banking crisis, and geo-political conflicts.

Missouri's personal income, which directly impacts individual income tax and sales tax, increased 2.4% in 2022. This more modest growth rate reflected a sharp drop in federal transfer payments relative to a year prior. Hidden within the modest growth was strong wage and salary growth of 9.2% during 2022. Missouri's employment stood at 2.99 million in June 2023, about 2.0% higher than in June 2022. The state's seasonally adjusted unemployment rate registered 2.6% in June 2023, compared to 2.1% one year earlier. The national rate was 3.6% in June 2023.

Since 2016, personal incomes have increased, on average, 3.7% annually for the state and 4.4% for the nation. The average income of a Missouri citizen was \$56,551 in 2022, which was lower than the national average of \$65,423. Missouri's per capita personal income grew 2.2%, compared to national growth in per capita income of 2.0%, from 2021 to 2022. While the State's per capita income is lower than the national average, so is the cost of living. Missouri is among the most affordable states as it had the fourth lowest cost of living in the United States in 2023. The below graph depicts the components of personal income, with transfer payments (such as social security, Medicare, etc.) comprising 20.4% of the State's total personal income, due in part to the State's aging population.

*Source: U.S. Bureau of Economic Analysis 2023*

The State of Missouri's net general revenue collections in fiscal year 2023 were \$13.2 billion, a 2.7% increase from fiscal year 2022 collections. This increase reflects moderating individual income tax collections yet robust sales tax collections.

The State's economic outlook for Fiscal Year 2024 anticipates slowing growth in employment, wages, and consumption. Since Fiscal Year 2023 finished significantly above forecast, the Governor has begun Fiscal Year 2024 with no restrictions in place on general revenue spending. However, the Governor may restrict spending during the fiscal year if necessary.

## REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the State's finances for all those with an interest in the State's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of Administration, Division of Accounting, P.O. Box 809, Jefferson City, MO 65102.

*The **Governmental Funds** focus on current financial resources.*

## ***Governmental Fund Financial Statements***

### **Major Funds**

**General Fund** - Accounts for all current financial resources not required by law or administrative action to be accounted for in another fund.

#### **Major Special Revenue Funds:**

**Public Education** - Provides general and special education needs of the State and other related areas such as library services and student loans.

**Conservation and Environmental Protection** - Provides for the preservation of the State's wildlife and environment.

#### **Major Capital Projects Fund:**

**Missouri Road Fund** - Accounts for revenues from highway users' fees, federal reimbursements for highway projects, and bond proceeds to be used for costs of constructing and maintaining an adequate state highway system.

### **Non-Major Funds**

Non-Major Governmental Funds are presented in the Combining and Individual Fund Statements for non-major funds as part of Supplementary Information.

**STATE OF MISSOURI**  
**RECONCILIATION OF THE BALANCE SHEET OF**  
**GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION**  
**June 30, 2023**  
**(In Thousands of Dollars)**

Total Fund Balances - Governmental Funds		\$ 16,605,483
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets used in governmental funds are not financial resources and are not reported in the funds. These assets consist of (Note 5):		
Non Depreciable Capital Assets	6,406,232	
Capital Assets being depreciated/amortized	60,365,912	
Accumulated Depreciation/Amortization	<u>(31,333,165)</u>	
		35,438,979
Deferred inflows of resources related to the State's revenues that will be collected after year-end, but are not available soon enough to pay for the current period's expenditures are deferred in the funds.		2,858,687
Deferred outflows of resources related to pensions and OPEB (Other Postemployment Benefits) are applicable to future reporting periods and therefore, not reported in the funds.		1,720,679
Deferred outflows of resources related to asset retirement obligations are applicable to future reporting periods and therefore, not reported in the funds.		720
Deferred inflows of resources related to pensions and OPEB are applicable to future reporting periods and therefore, not reported in the funds.		(1,110,355)
Deferred outflows of resources related to deferred charges or credits on debt refundings are applicable to future reporting periods and therefore, not reported in the funds.		6,813
Deferred inflows of resources related to deferred charges or credits on debt refundings are applicable to future reporting periods and therefore, not reported in the funds.		(1,305)
Some liabilities are not due and payable in the current period and therefore, not reported in the funds. Those liabilities consist of (Note 10):		
Due to Other Entities	(27,561)	
Other Bonds Payable	(2,008,545)	
Unamortized Bond Premium	(110,819)	
Accrued Interest on Bonds	(20,700)	
Obligation under Financed Purchases	(4,374)	
Obligation under Right-to-Use Assets - Leases	(116,267)	
Obligation under Right-to-Use Assets - Subscriptions	(48,866)	
Pollution Remediation	(49,073)	
Asset Retirement Obligations	(1,798)	
Compensated Absences	(209,843)	
Claims Liability	(19,417)	
Contingent Liabilities	(2,415,736)	
Net Other Postemployment Benefit Obligation	(2,579,260)	
Net Pension Liability	<u>(7,552,625)</u>	
		(15,164,884)
Internal service funds are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The assets and liabilities are included in governmental activities in the Statement of Net Position.		499,661
Net Position of Governmental Activities		<u><u>\$ 40,854,478</u></u>

The notes to the financial statements are an integral part of this statement.

**STATE OF MISSOURI**  
**RECONCILIATION OF THE STATEMENT OF REVENUES,**  
**EXPENDITURES, AND CHANGES IN FUND BALANCES IN**  
**GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**  
**For the Fiscal Year Ended June 30, 2023**  
**(In Thousands of Dollars)**

Net Change in Fund Balances - Total Governmental Funds	\$ 2,619,418
--	--------------

Amounts reported for governmental activities in the Statement of Activities are different because:

Inventories, which are recorded under the purchases method for governmental fund reporting, are reported under the consumption approach on the Statement of Activities. As a result of this change, the Increase in Reserve for Inventories on the fund statement has been reclassified as a functional expense on the government-wide statement.	1,326
---	-------

Governmental funds report capital outlays as expenditures. In the Statement of Activities, however, the cost of these assets is allocated over their estimated useful lives and reported as depreciation/amortization expense. This is the amount that capital outlays of \$1,908,440, exceeds depreciation/amortization of \$863,722 in the current period.	1,044,718
--	-----------

In the Statement of Activities only the gain/loss on the sale of assets is reported, whereas in the governmental funds, the proceeds from the sales increase financial resources. Thus the change in net position differs from the change in governmental fund balance by the net book value of the assets sold.	(14,581)
--	----------

The net effect of the donation and transfers of capital assets increased net position.	345
--	-----

Deferred inflows do not provide current financial resources and are not recognized as revenues until available in governmental funds.	258,055
---	---------

Pension and OPEB (Other Postemployment Benefits) contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension liability and OPEB liability are measured a year before the report date. Pension expense and OPEB expense, which are the change in the net pension liability and the net change in OPEB liability, adjusted for changes in deferred outflows and inflows of resources related to pensions and OPEB, is reported in the Statement of Activities.

Pension Contributions	743,824
Pension Expense	(851,435)
OPEB Contributions	95,037
OPEB Expense	(43,739)

Deferred outflows of resources related to deferred charges on asset retirement obligations are applicable to future reporting periods and therefore, not reported in the funds.	(49)
---	------

Proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. In governmental funds, repayment of principal is an expenditure, but the repayment reduces long-term liabilities in the Combined Statement of Net Position (Note 10):

Bonds Issued	(453,005)
Bond Premiums and Refunding Costs	(45,979)
Bonds Retired	406,785
Financed Purchases Issued and Transfer In of Financed Purchases	(2,023)
Financed Purchase Payments and Transfer Out of Financed Purchases	3,732
Leases Issued and Transfer In of Lease Liability	(34,796)
Lease Payments and Transfer Out of Lease Liability	22,267
Subscription-Based Information Technology Agreements Issued	(58,724)
Subscription-Based Information Technology Agreements Payments	32,096
	(129,647)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, not reported as expenditures in governmental funds (Note 10):

Amortization of Bond Premium and Refunding Costs	25,905
Increase in Accrued Interest	(2,628)
Decrease in Pollution Remediation	1,188
Decrease in Asset Retirement Obligations	17
Increase in Due to Other Entities	(20,526)
Increase in Compensated Absences	(17,284)
Increase in Contingent Liabilities	(29,871)
Decrease in Claims Liability	61,905
	18,706

Internal service funds are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The net revenue and expense of internal service funds are reported with governmental activities.	33,965
--	--------

Change in Net Position of Governmental Activities	\$ 3,775,943
---	--------------

The notes to the financial statements are an integral part of this statement.

*The **Proprietary Funds** focus on economic resources and are operated in a manner similar to private business enterprises.*

### ***Proprietary Fund Financial Statements***

#### **Major Funds**

**State Lottery** - Accounts for proceeds from the sale of lottery tickets and all other moneys credited or transferred to this fund. A minimum of 45% of the moneys are used for prizes.

**Unemployment Compensation** - Accounts for contributions and payments collected under the provisions of the "Unemployment Compensation Law" to pay benefits.

#### **Non-Major Funds**

Non-major enterprise funds and all internal service funds are presented in our combining non-major fund financial statements as part of Supplementary Information.

**Note 1 - Significant Accounting Policies**

**A. Financial Statements and Reporting Entity**

The accompanying financial statements of the State of Missouri (primary government) and its component units have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB).

The financial statements include the departments, agencies, boards, commissions, and other organizational units over which the State has financial accountability. GASB set forth the following criteria in Statement No. 14, *The Financial Reporting Entity*, for determining financial accountability: appointment of a voting majority of an organization's governing body and either: 1) the ability to impose the State's will on the organization; or 2) the organization's ability to provide specific benefits to, or impose specific burdens on, the primary government. Where the State does not appoint a voting majority of the governing body, the entity would still be included if it is fiscally dependent on the State. Statement No. 39, *Determining Whether Certain Entities are Component Units*, added a requirement to include all entities whose relationship with the State would make it misleading to exclude it. Statement No. 61, *The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34*, improves financial reporting by amending GASB Statement No. 14, *The Financial Reporting Entity*, and Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, in blending component units: 1) if there is a financial benefit or burden relationship with the primary government; 2) management of the primary government has operational responsibility for the component unit's activities; and 3) if the total outstanding debt is expected to be repaid entirely or almost entirely with the resources of the primary government. GASB Statement No. 80, *Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14*, requires component units to be blended if they are incorporated as not-for-profit corporations and the primary government is the sole corporate member.

In addition to the legislative, executive, and judicial branches, the following organizations are included in these financial statements:

Component Units (Blended):

Blended component units are legally separate entities from the State, but are so intertwined with the State that they are, for all practical purposes, the same as the State. They are reported as part of the primary government and blended into the appropriate funds. The following component units are blended because they provide services entirely or almost entirely to the primary government:

Governmental Funds:

Board of Fund Commissioners – The Board was created by state law and is comprised of the Governor, Lieutenant Governor, Attorney General, State Treasurer, and the Commissioner of Administration. The Board's purpose is to issue, redeem, and cancel state general obligation bonds and perform other administrative activities related to state general obligation debt as assigned by law. Separate financial statements are not required or issued for the Board.

Board of Private Investigator and Private Fire Investigator Examiners – The Board was created by state law and is charged with the licensure and regulation of the practice of private investigators and private fire investigators in Missouri. The seven member board shall consist of three private investigators, two private fire investigators, and two public members, appointed by the Governor. The Board is appointed by the primary government. It is therefore considered a blended special revenue fund and shown in the financial statements as part of the primary government.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 1 - Significant Accounting Policies (cont.)**

Coordinating Board for Early Childhood – The Board was created by state law within the Missouri Children's Services Commission. The Board's purpose is to develop a comprehensive statewide long-range strategic plan for a cohesive early childhood system, and to work with public and private entities for the purpose of promoting and improving the development of Missouri's children from birth through age five. The 17 member Board is composed of representatives from the Governor's Office; the following departments: Health and Senior Services, Mental Health, Social Services, and Elementary and Secondary Education; the judiciary; the Family and Community Trust Board; the Head Start Program; and nine members appointed by the Governor. The majority of the board members are appointed by the primary government and, therefore, separate financial statements are not required for the Board.

Internal Service Funds:

Board of Public Buildings – This is reported with the State Facility Maintenance and Operation Fund. The Board was created by state law and its governing body is made up of the Governor, the Lieutenant Governor, and the Attorney General. Its purpose is to provide state buildings by issuing revenue bonds and to supervise the operations of these facilities. All construction contracts must be approved by the Division of Facilities Management, Design and Construction, and its projects must be approved by the General Assembly. The Board can require state agencies to occupy its projects. The General Assembly appropriates to the Board, on behalf of the state agencies, amounts sufficient to pay the principal and interest on the bonds and pay the costs of operations.

Missouri State Employee's Insurance Plan – The Plan was created to provide basic life insurance to eligible members and is administered through the Missouri State Employees' Retirement System (MOSERS). Death benefits, optional life insurance, and long-term disability benefits are also provided by the Plan for certain members. Copies of the System's financial statements may be requested from:

Missouri State Employees' Retirement System  
P.O. Box 209  
Jefferson City, Missouri 65102-0209

Missouri Consolidated Health Care Plan (MCHCP) – The Plan was created by state law to provide medical benefits to its members and is administered by a board of trustees. The Board consists of two members of the Senate; two members of the House; three members appointed by the Governor; the Director of the Department of Health and Senior Services; the Director of the Department of Commerce and Insurance; the Commissioner of Administration; two members of the system who are current employees; and one member of the system who is a retiree. The management of MCHCP is the responsibility of the Executive Director who is appointed by the Board. Copies of the Plan's financial statements may be requested from:

Missouri Consolidated Health Care Plan  
P.O. Box 104355  
832 Weathered Rock Court  
Jefferson City, Missouri 65110-4355

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 1 - Significant Accounting Policies (cont.)**

MoDOT/MSHP Medical and Life Insurance Plan – The Plan provides health and life insurance coverage to eligible employees, retirees, and their dependents of the Missouri Department of Transportation (MoDOT) and the Missouri State Highway Patrol (MSHP). The Plan is administered by a board of trustees consisting of four active MoDOT employees, one retired MoDOT employee appointed by the Director of MoDOT, two active MSHP employees, and one retired MSHP employee appointed by the Superintendent of MSHP. Additional information may be requested from:

Missouri Department of Transportation  
Financial Services Division  
P.O. Box 270  
Jefferson City, Missouri 65102

Pension (and other employee benefit) trust funds:

Missouri State Employees' Retirement System (MOSERS) – The System was created by state law and provides retirement, survivor, and disability benefits to its members and is administered by a board of trustees. The Board consists of two members of the Senate, two members of the House, two members appointed by the Governor, three members elected by the System's members, the State Treasurer, and the Commissioner of Administration. The management of MOSERS is the responsibility of the Executive Director who is appointed by the Board. The MOSERS Board of Trustees also oversees the State's Deferred Compensation Plan which is administered by a third party. Copies of the System's financial statements may be requested from:

Missouri State Employees' Retirement System  
P.O. Box 209  
Jefferson City, Missouri 65102-0209

Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS) – The System provides retirement, survivor, and disability benefits to qualified employees of the Missouri Department of Transportation, uniformed and non-uniformed members of the Missouri State Highway Patrol, and MPERS staff. The System is administered by a board of trustees consisting of three members of the Missouri Highways and Transportation Commission, the Director of the Missouri Department of Transportation, the Superintendent of the Missouri State Highway Patrol, one member of the Senate, one member of the House, one member elected by MoDOT employees, one member elected by the Missouri State Highway Patrol employees, one retired member elected by retired MoDOT employees, and one retired member elected by retired Missouri State Highway Patrol employees. Copies of the System's financial statements may be requested from:

Missouri Department of Transportation and  
Highway Patrol Employees' Retirement System  
P.O. Box 1930  
Jefferson City, Missouri 65102-1930

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 1 - Significant Accounting Policies (cont.)**

Missouri Consolidated Health Care Plan (MCHCP) State Retiree Welfare Benefit Trust – The Trust was established on June 27, 2008, to provide health and welfare benefits for the exclusive benefit of current and future retired employees of the State and their dependents who meet eligibility requirements, except those covered by other State sponsored post-employment benefit plans. The Trust is administered by the MCHCP board of trustees, which also administers the benefits for the active participants of the Plan. The net position and activity related to active participants are reported in an internal service fund. Copies of the Plan's financial statements may be requested from:

Missouri Consolidated Health Care Plan  
P.O. Box 104355  
832 Weathered Rock Court  
Jefferson City, Missouri 65110-4355

Missouri State Public Employees' Deferred Compensation Plan – The Missouri State Public Employees' Deferred Compensation Plan is administered by ICMA-RC and oversight of the Plan is provided by the MOSERS board of trustees. Under this Plan, employees are permitted to defer a portion of their current salary until future years. In addition, eligible employees have the opportunity to participate in the Missouri State Employees' Deferred Compensation Incentive Plan. Under this Plan, the State contributes \$25, \$30, or \$35 per month on behalf of any employee who contributes at least that amount to the Missouri State Public Employees' Deferred Compensation Plan and who has been an employee of the State for at least one year. However, due to budget constraints, the State's contribution amount was suspended in March 2010. Copies of financial statements for both Plans may be requested from:

Plan Administrator  
c/o MOSERS  
P.O. Box 209  
Jefferson City, Missouri 65102-0209

Component Units (Discretely Presented):

Discretely presented component units are legally separate entities for which the State is financially accountable. The financial data for these entities is reported separately from the financial data of the primary government.

Major

College and Universities — The Coordinating Board for Higher Education has certain responsibilities for these institutions and they receive State support. Following are the public college and universities included in the financial statements:

**Harris-Stowe State University**  
3026 Laclede Avenue  
St. Louis, Missouri 63103

**Southeast Missouri State University**  
One University Plaza, Mail Stop 3200  
Cape Girardeau, Missouri 63701

**Lincoln University**  
820 Chestnut Street  
Jefferson City, Missouri 65102

**State Technical College of Missouri**  
One Technology Drive  
Linn, Missouri 65051

**Missouri Southern State University**  
3950 East Newman Road  
Joplin, Missouri 64801-1595

**Truman State University**  
Business Office  
100 East Normal  
Kirksville, Missouri 63501

**Missouri State University**  
901 South National Avenue, Room 119  
Springfield, Missouri 65897

**University of Central Missouri**  
316 Administration Building  
Warrensburg, Missouri 64093

**Missouri Western State University**  
4525 Downs Drive  
St. Joseph, Missouri 64507

**University of Missouri System**  
118 University Hall  
Columbia, Missouri 65211

**Northwest Missouri State University**  
107 Administration Building  
800 University Drive  
Maryville, Missouri 64468-6001

Non-Major

Missouri Development Finance Board — The Board was created by state law as an independent, self-supporting, body corporate and politic to promote economic development of the State and was created within the Department of Economic Development. The Board is empowered to issue taxable, tax-exempt, and public purpose infrastructure industrial revenue bonds or notes; provide loans or loan guarantees to eligible businesses; provide loans and grants to political subdivisions to fund public infrastructure improvements; and issue tax credits against certain state income taxes in exchange for contributions made to the Board. The twelve member board is made up of the Lieutenant Governor and the Directors of the Department of Economic Development, the Department of Natural Resources, and the Department of Agriculture, who serve as ex-officio voting members, and eight members appointed by the Governor and confirmed by the Senate. Copies of the Board's financial statements may be requested from:

Missouri Development Finance Board  
Governor Office Building  
200 Madison Street, Suite 1000  
Jefferson City, Missouri 65102

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**

---

**Note 1 - Significant Accounting Policies (cont.)**

Missouri Agricultural and Small Business Development Authority — The Authority was created by state law and is authorized to issue bonds to finance agricultural and small business development loans for property acquisitions/renovations and pollution control facilities throughout the State. If for any reason, the Authority ceases to exist, all rights and properties of the Authority will pass to the State. Its governing body consists of seven members appointed by the Governor with the advice and consent of the Senate. Copies of the Authority's financial statements may be requested from:

Missouri Agricultural and Small  
Business Development Authority  
P.O. Box 630  
1616 Missouri Boulevard  
Jefferson City, Missouri 65102

Missouri Transportation Finance Corporation — The Corporation is a not-for-profit corporation organized under the Missouri Nonprofit Corporation Law. The Corporation is financed by federal highway and transit dollars, plus state and local matching funds. It is authorized to issue revenue bonds. The Corporation provides loans to assist public and private entities to fund highway and transportation projects throughout the State. Missouri Transportation Finance Corporation's board determines which applicants are extended loans. Copies of the Corporation's financial statements may be requested from:

Missouri Transportation Finance  
Corporation  
P.O. Box 270  
105 West Capitol Avenue  
Jefferson City, Missouri 65102

Missouri Wine and Grape Board — The Board was created by state law to further growth and development of the grape growing industry in Missouri and foster the expansion of the grape market for Missouri grapes. The eleven member board consists of seven members representing the grape and wine industry, food service industry, or media marketing industry. The four other members include the director of the Department of Agriculture and the presidents of the Missouri Grape Growers Association, the Missouri Vintners Association, and the Missouri Wine Marketing and Research Council. Copies of the Board's annual report may be requested from:

Missouri Wine and Grape Board  
P.O. Box 630  
1616 Missouri Boulevard  
Jefferson City, Missouri 65102

State Environmental Improvement and Energy Resources Authority — The Authority was created by state law and is authorized to finance, acquire, construct, and equip projects to reduce, prevent, and control pollution and develop the energy resources of the State. The Authority is governed by a five-member board appointed by the Governor with the advice and consent of the Senate. Copies of the Authority's annual report may be requested from:

State Environmental Improvement and  
Energy Resources Authority  
425 Madison Street  
Jefferson City, Missouri 65101

**Note 1 - Significant Accounting Policies (cont.)**

Related Organizations

Related organizations are excluded from the financial reporting entity because the State's accountability does not extend beyond appointing a voting majority of the organization's board members. Related organizations of the State of Missouri include:

Missouri Health and Educational Facilities Authority — finances health and educational facilities.

Missouri Higher Education Loan Authority — provides a secondary market for loans made under the Federal Family Education Loan Program.

Missouri Housing Development Commission — finances the purchase, development or rehabilitation of affordable housing and funds housing assistance.

Missouri Technology Corporation — promotes the modernization of businesses through the development of science and technology applications.

Missouri Public Entity Risk Management Fund — provides liability protection to participating public entities, their officials, and employees.

Jackson County Sports Complex Authority — responsible for construction, operation, and financing of the Jackson County Sports Complex.

Kansas City Regional Sports Complex Authority — responsible for the study and review of all current major sports leagues, clubs, or franchises in Kansas City.

St. Charles County Convention and Sports Facility Authority — responsible for planning, constructing, and managing convention and sports facilities in the St. Charles area.

Missouri Cotton Growers' Organization — organized for boll weevil eradication.

Universal Service Board — organized to ensure just, reasonable, and affordable rates for comparable essential local telecommunication services throughout the State.

Interstate Commission for Adult Offender Supervision — responsible for promoting public safety and protecting the rights of victims through the control and regulation of the interstate movement of adults placed under community supervision.

Board of Trustees of the Missouri Mesothelioma Risk Management Fund — provides coverage of liabilities for participating employers relating to mesothelioma awards.

P-20 Council — organized to create a more efficient and effective education system that more adequately prepares students for the challenges of entering the workforce.

Missouri Propane Safety Commission — responsible for developing comprehensive plans and programs for the prevention, control, and abatement of propane-related accidents in Missouri.

Missouri Family Trust Board of Trustees — provides trust services for persons with disabilities.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 1 - Significant Accounting Policies (cont.)**

**B. Government-Wide and Fund Financial Statements**

Government-Wide Financial Statements:

The government-wide financial statements focus on the government as a whole. The Statement of Net Position and Statement of Activities report information on all non-fiduciary activities of the primary government and its component units. Primary government activities are distinguished between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Governmental activities include governmental type funds and internal service funds. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services and consist of enterprise funds.

The Statement of Net Position presents the reporting entity's non-fiduciary assets, deferred outflows, liabilities, and deferred inflows with the difference reported as net position.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function. Indirect costs, such as depreciation/amortization expense, are included in the direct expenses reported for individual functions. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not meeting the definition of program revenues are instead reported as general revenues.

The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recognized when incurred. Fiduciary funds have been excluded from the government-wide financial statements because, by definition, the resources of these funds cannot be used to support government operations. Generally, interfund transactions have also been eliminated. Some interfund transactions, such as the exchange of services, were not eliminated because doing so would mistakenly understate both expenses of the buyer and revenues of the seller.

Fund Financial Statements:

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though fiduciary funds are excluded from the government-wide statements. For governmental and proprietary fund financial statements, the emphasis is on major individual governmental and enterprise funds, with each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. Internal service funds are also aggregated and reported in a separate column on the proprietary fund financial statements.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 1 - Significant Accounting Policies (cont.)**

The governmental fund financial statements are presented using the current financial resources measurement focus and modified accrual basis of accounting. With the current financial resources measurement focus, only current assets and current liabilities are included on the balance sheet. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to pay current period liabilities. Operating statements of governmental funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in fund balance. Material revenues susceptible to accrual include federal grants and sales and income taxes. Expenditures are recognized when the related fund liability is incurred except for the following:

- Principal and interest on general long-term debt is recorded as an expenditure when due.
- Compensated absences (accumulated vacation and compensatory time) and sick pay are recorded as expenditures when paid.
- Inventories are reported as expenditures when purchased, except for the Missouri Road Fund, which updates inventory perpetually under the consumption method.

The proprietary, pension (and other employee benefit) trust, private-purpose trust, and custodial fund financial statements are presented using the economic resources measurement focus and accrual basis of accounting. With the economic resources measurement focus, assets, deferred outflows, liabilities, and deferred inflows associated with the operation of these funds are included on the Statement of Net Position. Under the accrual basis of accounting, revenues are recognized in the period earned and expenses are recognized in the period incurred. Proprietary fund-type operating statements present revenues and expenses in total net position. Operating revenues and expenses in proprietary funds are classified as those activities that make up the primary ongoing operations associated with those funds. Non-operating revenues and expenses in proprietary funds are classified as those activities that are deemed incidental or unusual for those funds.

The discretely presented component unit financial statements are presented using the economic resources measurement focus and accrual basis of accounting with the following exception in regard to the college and universities. Revenues and related expenditures in connection with the summer sessions in progress at June 30 are deferred at that date.

The State reports the following major funds categories:

General Fund – accounts for all current financial resources not required by law or administrative action to be accounted for in another fund. Major revenues include contributions and taxes.

Public Education – provides general and special education needs of the State and other related areas such as library services and student loans. Major revenues include contributions and taxes.

Conservation and Environmental Protection – provides for the preservation of the State's wildlife and environment. Major revenues include contributions, taxes and licenses, fees, and permits.

Missouri Road Fund – accounts for revenues from highway users' fees, federal reimbursements for highway projects, and bond proceeds to be used for costs of constructing and maintaining an adequate state highway system. Major revenues are from contributions.

State Lottery – accounts for proceeds from the sale of lottery tickets and all other moneys credited to this fund. A minimum of 45% of the moneys are used for prizes. Major revenues are from sales of lottery tickets.

Unemployment Compensation – accounts for contributions, payments, and federal loans collected under the provisions of the Unemployment Compensation Law to pay benefits. Major revenues include federal and employer contributions.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 1 - Significant Accounting Policies (cont.)**

**C. Basis of Presentation**

The State's financial practices are based upon fund accounting concepts. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and fund balances, and changes therein, that are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The accompanying financial statements are structured into three categories of funds and discretely presented component units:

Primary Government:

Governmental Funds include the General Fund, special revenue funds, debt service funds, capital projects funds, and permanent funds. These funds account for the revenues and expenditures, capital outlay, and certain debt service of the State.

Proprietary Funds include enterprise funds and internal service funds. These funds account for the cost of certain services provided by the State.

Fiduciary Funds include pension (and other employee benefit) trust funds, private-purpose trust funds, and custodial funds. These funds account for assets held by the State in a trustee or custodial capacity for individuals, other governments, and other entities.

Discretely Presented Component Units:

Major

College and Universities account for moneys from student tuition and fees, federal and state grants, debt proceeds, gifts and contributions, state appropriations, investments, and endowments. Assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position are accounted for on the Statement of Net Position. Revenues, expenses, gains, and losses are reported on the Statement of Revenues, Expenses, and Changes in Net Position/Statement of Activities.

Non-Major

Non-Major Component Units account for moneys from bond proceeds, loans, contributions, gifts, grants, and other revenue sources. Assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position are accounted for on the Statement of Net Position. Revenues, expenses, gains, and losses are reported on the Statement of Revenues, Expenses, and Changes in Net Position/Statement of Activities.

**D. Cash and Cash Equivalents**

For reporting purposes, cash and cash equivalents include bank accounts, petty cash, and all investments with an original maturity of 92 days or less, such as certificates of deposit, money market certificates, and repurchase agreements. Cash and cash equivalents on the Proprietary Funds Statement of Cash Flows are also reported under this definition. This definition excludes Fiduciary funds. Cash balances of most state funds are pooled and invested by the State Treasurer (see *Note 3*).

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 1 - Significant Accounting Policies (cont.)**

**E. Investments**

These are long-term investments with an original maturity greater than 92 days, which are expected to be held to maturity and redeemed at face value. The majority of investments are reported in pension (and other employee benefit) trust funds, however, investments are held in all fund types. Repurchase agreements, certificates of deposit, and overnight commercial paper held by the State Treasurer's Office are reported at amortized cost. The Missouri State Public Employees' Deferred Compensation Plan and the Missouri State Public Employees' Deferred Compensation Incentive Plan report their Stable Value Funds at contract value. The Missouri State Employees' Retirement System reports their cash held in investment accounts and repurchase agreements at cost plus accrued interest. All other investments of the State are reported at fair value.

There are multiple funds that have income from investments which are directed to the General Fund. These funds consist of special revenue, enterprise, internal service, private-purpose, and custodial funds.

**F. Interfund Receivables/Payables**

The State makes various transactions between funds or between the primary government and component units to distribute interest earnings, finance operations, provide services, and acquire capital assets. These receivables at June 30 are classified as "due from other funds" or "due from primary government/component units" on the Balance Sheet and Statement of Net Position. Payables are classified as "due to other funds" or "due to primary government/component units" on the Balance Sheet and Statement of Net Position (see *Note 15*). These receivables/payables are due within one year. Any receivables/payables that are due to and due from an enterprise fund are eliminated on the face of the Proprietary Funds Statement of Net Position. If any receivables/payables that remain after this elimination are both in the same activity (Governmental), they are eliminated at the Government-Wide Statement of Net Position. Interfund receivables/payables between the primary government and the component units or the fiduciary funds are reclassified as accounts receivable/payable at the government-wide level. Any remaining interfund receivables/payables are reported as internal balances on the Government-Wide Statement of Net Position.

**G. Advances to/from Other Funds**

Long-term interfund receivables are classified as "advances to other funds" or "advances to primary government/component units" on the Balance Sheet and Statement of Net Position. Long-term interfund payables are classified as "advances from other funds" or "advances from primary government/component units" on the Balance Sheet and Statement of Net Position (see *Note 15*). These receivables/payables are eliminated if both the receivable and payable are in the same activity (Governmental). Advances to/from that are between the primary government and the component units are reclassified as accounts receivable/payable at the government-wide level. Any remaining long-term interfund receivables/payables are reported as internal balances on the Government-Wide Statement of Net Position.

**H. Inventories**

Inventories in the governmental funds consist of expendable supplies held for consumption, the cost of which is recorded as an expenditure at the time of purchase, except for the Missouri Road Fund, which updates inventory perpetually under the consumption method. Inventory balances for governmental funds are shown in the nonspendable fund balance classification. Inventories in the proprietary funds consist of both expendable supplies held for consumption and the cost of goods held for resale, the cost of which is recorded as an expense as they are used. Inventories are valued at cost using various methods such as moving average; weighted average; and first-in, first-out.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 1 - Significant Accounting Policies (cont.)**

**I. Capital Assets**

Capital assets, which include construction in progress, software in progress, infrastructure in progress, land, land improvements, permanent and temporary easements, buildings and improvements, equipment, software, trademarks, and infrastructure assets, are valued at historical cost or estimated historical cost if actual historical cost is not available. The estimate of historical cost was based on current appraised value indexed to the date of acquisition. Donated capital assets are reported at estimated acquisition value at the time received. Assets the State has the right to use per lease or subscription agreements are capitalized at the inception of the lease term and capital assets acquired through financed purchases are capitalized at the date the obligation is established (see *Notes 5, 6, and 11*).

Infrastructure assets (including highways, bridges, streets and sidewalks, drainage systems, lighting systems, communication towers, and similar items) are capitalized. Interest costs incurred during construction of capital assets are not capitalized.

The capitalization threshold for all capital assets is as follows: land improvements – \$15,000, buildings and improvements – \$15,000, software and trademarks – \$5,000, equipment – \$1,000, right-to-use land – \$20,000, right-to-use buildings – \$50,000, right-to-use equipment – \$1,000, right-to-use temporary easements – \$5,000, right-to-use software – \$50,000 and right-to-use infrastructure – \$100,000. No dollar threshold is set for land, easements, or infrastructure.

Capital assets are depreciated/amortized using the straight-line method of depreciation/amortization over the following useful lives: buildings – 40 to 50 years, land improvements and building improvements – 15 to 20 years, temporary easements – term of easement, equipment – 2 to 5 years, software – 3 to 5 years, trademarks – 10 years, infrastructure – 12 to 50 years, right-to-use land – lease term, right-to-use software – shorter of lease term or useful life, right-to-use buildings – shorter of lease term or useful life, right-to-use equipment – shorter of lease term or useful life, right-to-use temporary easement – shorter of lease term or useful life, and right-to-use infrastructure – shorter of the lease term or useful life. Construction in progress, software in progress, infrastructure in progress, land, and permanent easements are not depreciated/amortized.

Most works of art and historical treasures are not capitalized or depreciated/amortized. The State's non-capitalized collections include the historical artifacts at the various state museums and historical sites, monuments, and other art throughout the capitol grounds. Assets that were previously capitalized continue to be reported in the government-wide financial statements.

Component unit capital assets are stated at cost and are depreciated/amortized using the straight-line method of depreciation/amortization over the following useful lives: buildings – 40 years, land improvements and building improvements – 20 years, equipment – 5 to 15 years, software – 3 to 5 years, right-to-use land – lease term, right-to-use buildings – shorter of lease term or useful life, right-to-use equipment – shorter of lease term or useful life, and right-to-use infrastructure – shorter of the lease term or useful life.

**J. Obligations Under Right-To-Use Assets**

Leases and subscriptions where the State of Missouri is the lessee, are recognized based on the present value of future lease/subscription payments over the contract term. A lease/subscription liability and an intangible right-to-use lease/subscription asset are recognized including right-to-use land, buildings, equipment, communication infrastructure, temporary easements, and subscriptions. Lease/subscription right-to-use assets are reported with capital assets, and lease/subscription liabilities are reported as long-term debt in the statement of Net Position (see *Notes 5, 6, and 10*). The right-to-use lease/subscription assets are amortized over the term of the lease/subscription or the underlying asset's useful life, whichever is shorter.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 1 - Significant Accounting Policies (cont.)**

Leases where the State of Missouri is the lessor, a lease receivable and a deferred inflow of resources are recognized based on the present value of lease payments over the contract term (see *Notes 13 and 14*). Types of assets the State leases as a lessor include land and buildings. The deferred inflow of resources is amortized evenly over the life of the lease.

**K. Deferred Outflow of Resources and Deferred Inflow of Resources**

In addition to assets, the Statement of Net Position/Balance Sheet may report a separate line item for deferred outflows of resources. Deferred outflows of resources consist of the decrease of net position by the State that is applicable to a future reporting period and will not be recognized as outflow of resources (expense/expenditure) until then.

In addition to liabilities, the Statement of Net Position/Balance Sheet may report a separate line item for deferred inflows of resources. Deferred inflows of resources consist of the increase of net position by the State that is applicable to a future reporting period and will not be recognized as inflow of resources (revenue) until then.

**L. Unearned Revenues**

Unearned revenues are amounts collected in advance of the year in which earned.

**M. Long-Term Debt**

Long-term liabilities that will be financed from governmental funds are not reported on the fund financial statements. However, the long-term liabilities are reported on the government-wide financial statements. The reconciliation between fund financial statements and government-wide financial statements includes a line item for the long-term liabilities of governmental funds. These long-term liabilities include the following:

1. Due to Other Entities includes outstanding principal on advances from other governments and contractual obligations to other governments. The expenditures are recorded in the appropriate governmental funds when the liability is paid (see *Note 10*).
2. Outstanding principal for general obligation debt. The expenditure for payment of principal and interest for general obligation debt is recorded in the debt service funds when paid (see *Note 11*).
3. Outstanding principal for bonds issued by the Board of Public Buildings, bonds issued by the Missouri Development Finance Board, and the State Road Bonds issued by the Missouri Highways and Transportation Commission. The expenditure for payment of principal and interest for these bonds is recorded in the appropriate governmental and enterprise funds when paid (see *Note 11*).
4. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest rate method in the government-wide financial statements. Bonds payable are reported net of the applicable bond premium and discount.

In the fund financial statements, governmental fund and enterprise fund types recognize bond premiums and discounts during the current period. Premiums and discounts on debt issuances are reported as other financing sources (see *Note 10*).

5. Obligations under right-to-use assets - leases, right-to-use assets - subscription-based information technology arrangements, and financed purchases reported include the present value of net minimum future lease payments, which will be paid from the General Fund, various special revenue funds, proprietary funds, and the Missouri Road Fund (see *Notes 6 and 11*).

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 1 - Significant Accounting Policies (cont.)**

6. Pollution remediation liabilities are measured based on the pollution remediation outlays expected to be incurred to settle those liabilities. These liabilities include all remediation work that the State expects to perform, including work expected to be performed for other responsible parties or potentially responsible parties, whether or not the State is required to do that work. For goods or services used for pollution remediation activities, amounts that are normally expected to be liquidated with expendable available financial resources are recognized as liabilities upon receipt of those goods and services (see *Note 22*).
7. Asset Retirement Obligations are measured based on the best estimate of the current value of outlays expected to be incurred. These liabilities include all legally enforceable amounts associated with the future retirement of a tangible capital asset. Liabilities and expenditures are recognized for goods and services used for asset retirement activities upon receipt of those goods and services (see *Note 23*).
8. Compensated absences include accumulated unpaid vacation and compensatory time accruals and related employer payroll taxes. These amounts are not accrued in the governmental funds, but are recorded as expenditures when paid (see *Note 10*).

Vacation leave is accumulated at a rate of 10 to 14 hours per month depending on the number of years of employment. Accumulated vacation leave cannot exceed twice the number of vacation hours earned annually. Compensatory time is accumulated as earned by an individual employee.

Sick leave is accumulated at a rate of 10 hours per month with no limit to the amount which can be accumulated. Accumulated sick leave is not paid upon employee termination and does not represent a liability of the State. However, unused sick leave may be converted to additional credited service upon retirement (usable only for benefit computation, not eligibility).

9. Claims and contingent liabilities include estimates of the risk of loss related to tort liability, general liability, motor vehicle liability, contractor liability, and injuries to employees. These liabilities are reported when it is probable that a loss has occurred and the amount of loss can be reasonably estimated. These losses include an estimate of claims that have been incurred, but not reported. Expenditures are recorded in the fund from which the liability is paid (see *Notes 21 and 24*).
10. The State provides postemployment health care (OPEB) and life insurance benefits to the majority of employees who either retire from the State or receive long-term disability benefits. These benefits are administered by the Missouri Consolidated Health Care Plan (MCHCP), the Missouri State Employees' Retirement System (MOSERS), the MoDOT/MSHP Medical and Life Insurance Plan (MHPML), and the Conservation Employees' Insurance Plan (CEIP). MCHCP is a cost-sharing multiple-employer defined benefit plan, while MHPML and CEIP are single-employer defined benefit plans. Health care benefits and MOSERS life insurance benefits are funded through both employer and employee contributions. The University of Missouri's OPEB plan is a single-employer defined benefit plan for all qualified employees.

For the purposes of measuring the total/net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position and additions to/deductions from have been recognized on the same basis as they are reported by the plans. Employer contributions are recognized as revenue and reported when due and payable. Benefits are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value (see *Note 8*).

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 1 - Significant Accounting Policies (cont.)**

11. The State has two major retirement systems which cover substantially all State employees and a retirement plan for University of Missouri employees. These systems are the Missouri State Employees' Retirement System (MOSERS) and the Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS). The Missouri State Employees' Plan (MSEP) is a cost-sharing multiple employer defined benefit public employee retirement plan administered by MOSERS. MOSERS also administers the Judicial Plan, a single-employer defined benefit public employee retirement plan. MPERS is a single-employer defined benefit public employee retirement plan. The University of Missouri Retirement, Disability, and Death Benefit Plan is a single-employer defined benefit plan for all qualified employees.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value (see Note 7).

Long-term liabilities of all proprietary, pension (and other employee benefit) trust, and private-purpose trust funds are accounted for in the respective funds.

**N. Net Position and Fund Balance**

The difference between fund assets, deferred outflows, liabilities, and deferred inflows is reported as "Net Position" on the government-wide, proprietary, fiduciary, and component unit fund statements and "Fund Balance" on the governmental fund financial statements.

Net Position is reported in three categories:

Net Investment in Capital Assets – An account used to segregate the portion of net position attributable to capital assets and related debt. It consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds, notes, and other debt that are attributed to acquisition, construction, or improvement of those assets.

Restricted Net Position – An account used to segregate the portion of net position that have constraints on their use, which are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through enabling legislation.

Enabling legislation authorizes the State to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. At June 30, 2023, net position restricted by enabling legislation equaled \$1,051,878,000 for governmental activities.

Unrestricted Net Position – An account used to segregate the portion of net position that does not meet the definition of the two preceding categories.

When both restricted and unrestricted resources are available for use, generally the State uses restricted resources first, then unrestricted resources as they are needed. However, there may be instances in which restricted funds may only be spent in proportion to unrestricted funds spent.

**Governmental Fund Balance Classifications**

The State's fund balances are classified as:

Nonspendable – Amounts that are not expected to be converted to cash or amounts that are legally or contractually required to be maintained intact.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 1 - Significant Accounting Policies (cont.)**

Restricted – Amounts that are restricted for specific purpose due to constraints that are externally imposed by creditors, grantors, contributors, laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed – Amounts that can only be used for specific purposes pursuant to constraints imposed by a formal action of the legislature. Committed amounts cannot be used for other purposes unless the General Assembly passes legislation to remove the restraints.

Assigned – Amounts that are constrained by the legislature's intent to be used for a specific purpose, but do not meet the criteria for restricted or committed. The constraint for assigned fund balance is established by the Revised Statutes of the State of Missouri.

Unassigned – Amounts that do not meet the criteria of any of the classifications listed above.

**Negative Fund Balance**

A negative fund balance is prohibited in all fund balance classifications except Unassigned. When a negative fund balance exists, the shortfall would be covered by the next fund balance classification for that specific purpose.

**O. Interfund Transactions**

During the fiscal year, the State incurs various transactions between funds, including expenditures and transfers of resources to distribute interest earnings, finance operations, provide services, service debt, and acquire capital assets. Interfund transactions consist of these three types:

1. Transactions that would be treated as revenues or expenditures/expenses, if they involved organizations external to the State, are similarly treated when involving other funds of the State. Major transactions that fall into this category include payments to internal service funds from other funds for services rendered.
2. Transactions that reimburse another fund for an expense reduce the expenses of the fund that is being reimbursed and increase the expenses for the fund doing the reimbursement. Therefore, they are not shown on the face of the statements.
3. Operating subsidies and transfers from funds receiving revenues to funds through which the resources are to be expended are classified as transfers (see *Note 16*). These transactions are eliminated on the face of the financial statements if the transfer in and transfer out are either both in governmental funds or both in enterprise funds. Of the remaining transfers, any transfers in and transfers out that are within the governmental activities are eliminated at the Government-Wide Statement of Activities.

**P. Property Taxes**

Presently there is a state property tax of three cents on each hundred dollars assessed valuation on all real estate and personal property. The tax collected is deposited into the Blind Pension Fund, which is a component of social assistance.

Property taxes in Missouri are levied by October 31 of each year on assessed valuation as of January 1 of that year. Property taxes are due and payable by December 31 and penalties on unpaid taxes are imposed after that date. Assessed values are established by each county assessor's office and are calculated as a percent of market value except for agricultural land which is calculated on productive capability. The percentage for real property varies according to use: residential at 19%, commercial at 32%, and agricultural at 12%. Personal property is assessed according to type with the majority at 33 1/3% of market value.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 2 - Reporting Changes and Classifications**

The State of Missouri implemented the following new accounting standards issued by the Governmental Accounting Standards Board (GASB) for the fiscal year ending June 30, 2023:

- GASB Statement No. 91, *Conduit Debt Obligations*, provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The implementation of this statement is reflected in *Note 28 - Conduit Debt* of the financial statements.
- GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, improves financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). The implementation of this statement did not have an impact on the financial statements.
- GASB Statement No. 96, *Subscription Based Information Technology Arrangements*, provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users. The implementation of this statement is reflected in *Note 6 - Obligations under Right-to-Use Assets* of the financial statements.
- GASB Statement No. 99, *Omnibus 2022*, establishes or amends accounting and financial reporting requirements for specific issues related to the requirements for leases, PPP(s), SBITA(s), financial guarantees, and the classification and reporting of derivative instruments. The implementation of this statement did not have an impact on the financial statements.

The State of Missouri reclassified one fund for the fiscal year ending June 30, 2023. The Investor Restitution Fund was reclassified from a general revenue fund to a custodial fund.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 3 - Deposits and Investments**

The State Treasurer's Office maintains a cash and short-term investment pool that is used by substantially all state funds of the primary government. These funds do not include accrued interest. Certain organizational units are authorized to administer assets designated to their organization in a manner similar to the deposit and investment activities of the State as a whole. Summarized on the following page is the portfolio that represents the "Cash and Cash Equivalents," "Investments," "Restricted Assets – Cash and Cash Equivalents," and "Restricted Assets – Investments" as reported at June 30, 2023.

**A. Deposits**

The State minimizes custodial credit risk by restrictions set forth in state law and stipulations in the State Treasurer's Office Investment Policy. Custodial credit risk is risk that, in the event of the failure of a depository financial institution, the State will not be able to recover deposits or will not be able to recover collateralized securities that are in the possession of an outside party. Statutes restrict the State Treasurer's Office to deposit funds in financial institutions that are physically located in Missouri, which are selected based on financial stability and community involvement. The financial institution's loan to deposit ratio must exceed 50% at the time of deposit and deposits must be collateralized at least 100% in excess of FDIC coverage with approved securities. Deposits must have a maturity of five years or less and earn interest at varying rates based on State law.

Primary Government

At June 30, 2023, the bank balance of the primary government's deposits was \$2,113,837,000. Of the bank amount, \$7,941,000 was exposed to custodial credit risk by being uninsured and collateralized with securities held by the pledging financial institutions, \$964,969,000 was held by the U.S. Treasury, and the remainder was not exposed to custodial risk.

Fiduciary

At June 30, 2023, the bank balance of the deposits of the fiduciary funds was \$58,615,000.

Component Units

Information on the component units' deposits is available within their individual financial statements.

**B. Investments**

Statutes authorize the State Treasurer's Office to invest in U.S. Treasury or Agency securities maturing within five years, commercial paper and banker's acceptances maturing within 180 days, or in repurchase agreements maturing within 90 days secured by U.S. Treasury, or Agency securities of any maturity. There have been no violations of these investment restrictions during fiscal year 2023.

The State Treasurer's Office minimizes credit risk, the risk of loss due to the failure of the security issuer or backer, by establishing a pre-approved list of financial institutions and companies that will be used to purchase commercial paper. The State Treasurer's Office also conducts regular credit monitoring, pre-qualifies the financial institutions and brokers/dealers with which the State Treasurer's Office will do business for broker services and repurchase agreements, and diversifies the portfolio to reduce potential losses on individual securities.

Custodial credit risk is the risk that, in the event of failure of the counterparty to a transaction, the State will not be able to recover the value of their investment or collateral securities that are in the possession of an outside party. The State Treasurer's Office minimizes custodial credit risk by requiring that all securities be held in the State's name at the State's custodial bank, US Bank Trust Services or at one of the State Treasurer's Office approved collateral custodians.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

**Note 3 - Deposits and Investments (cont.)**

Primary Government

At June 30, 2023, the reported amount of the primary government's investments was \$16,811,390,000. Of the bank amount, \$4,386,000 was exposed to custodial credit risk by being uninsured and unregistered, with securities held by a counterparty in the State's name.

Fiduciary

At June 30, 2023, the reported amount of the fiduciary funds' investments was \$19,345,961,000.

Component Units

Information on the component units' investments is available within their individual financial statements.

The following table (in thousands of dollars) provides information about the interest rate risks associated with the State's investments. Statutes also authorize investment of funds not held by the State Treasurer's Office. The externally-held internal service funds, the custodial and pension (and other employee benefit) trust funds, and the component units, in accordance with statutory authority, invest primarily in U.S. government securities, repurchase agreements, preferred and common stocks, bonds, real estate, fixed income securities, mutual funds, and investments in limited partnerships. The investments include certain short-term cash equivalents, various long-term items, and restricted assets by maturity, or in certain instances, a weighted average maturity in years. The State Treasurer's Office minimizes the risk of the market value of securities falling due to changes in interest rates by maintaining an effective duration of less than 3.5 years, and holding at least 30% of the portfolio's total market value in securities with a maturity of 12 months or less.

Total Investments	<u>\$ 8,810,452</u>	<u>\$ 14,543,952</u>	<u>\$ 399,103</u>	<u>\$ 2,639,547</u>	<u>\$ 9,764,297</u>	<u>\$ 36,157,351</u>

\*The State Treasurer's Office reports their repurchase agreements, overnight commercial paper and certificates of deposit in the amount of \$2,431,000 at amortized costs. The Missouri State Public Employees Deferred Compensation Plan and the Missouri State Public Employees Deferred Compensation Incentive Plan reports their Stable Value Funds in the amounts of \$574,000 and \$314,000 respectively, at contract value. The Missouri State Employees' Retirement System reports their cash held in investment accounts and repurchase agreements in the amount of \$1,743,694,000 at cost plus accrued interest.

The State minimizes concentration of credit risk, the risk attributed to the magnitude of an investment in a single issuer. State statute prohibits the State Treasurer's Office from investing more than 15% of the total time deposits with any single financial institution. State investment policy limits investment in commercial paper to 10% of the total portfolio per issuer and no more than 15% of the total portfolio may be invested in repurchase agreements with a single counterparty. Addendum A to the investment policy limits the total amount of linked deposits a financial institution may receive to 20% of the statutory cap set forth in Section 30.753.1, RSMo. There are no restrictions in the amount that can be invested in U.S. securities. During fiscal year 2023, the State did not have any instances of noncompliance with these requirements and policies.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 3 - Deposits and Investments (cont.)**

Fair Value Measurement

The State of Missouri categorizes its fair value measurements within the fair value hierarchy established by GASB Statement No. 72, *Fair Value Measurements and Application*. The hierarchy is based on the valuation inputs used to measure the fair value of the asset and give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

- Level 1 – Unadjusted quoted prices for identical instruments in active markets.
- Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs are unobservable.
- Level 3 – Valuations derived from valuation techniques in which significant inputs are unobservable.

Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk.

In instances where inputs used to measure fair value fall into different levels in the fair value hierarchy, fair value measurements in their entirety are categorized based on the lower level input that is significant to the valuation. The State's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

The State Treasurer's Office uses the market approach for the determination of the fair value of investments, except for repurchase agreements, overnight commercial paper and certificates of deposit, which are measured at amortized costs.

Debt, equities, and investment derivatives classified in level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities.

Debt securities and liabilities classified in level 2 have non-proprietary information that was readily available to market participants from multiple independent sources, which are known to be actively involved in the market. Pricing inputs may include market quotations, yields, maturities, call features, and ratings. A portion of the derivative securities classified in level 2 are securities whose values are derived daily from associated traded securities. Other investments listed as level 2 include debt securities where an independent pricing evaluator had direct observable information, including: trading volume, multiple sources of market data and benchmark spreads. FX forwards are included due to the valuation coming from observable forward rates on the underlying currencies. The equity index swap is included because valuation inputs include an observable interest rate and the underlying index.

Investments listed as level 3 include debt securities where an independent pricing evaluator did not have direct observable information for comparable securities. Significant inputs used in the valuation are not available aside from the evaluator providing the price. Direct investments in private equity, real estate, credit, and real assets are included because the valuation techniques utilize discounted cash flows or other non-observable market information.

The following is a description of valuation methodologies used for assets recorded at fair value.

<sup>1</sup>Equity market neutral hedge fund – This value is 100% from MOSERS. This consists of one fund whereby the strategy invests in both long and short in U.S. and global equity securities, with the goal of having little to no net market exposure. This investment is valued at NAV, is redeemable quarterly, and is not subject to lock-up restrictions.

<sup>2</sup>Event driven hedge funds – This value is 100% from MOSERS. Consisting of one fund, this strategy seeks to gain an advantage from pricing inefficiencies that may occur in the onset or aftermath of a corporate action or related event. This investment is valued at NAV, is redeemable semi-annually, and is not subject to lock-up restrictions.

<sup>3</sup>Fund-of-funds – This value is 100% from MOSERS. Consisting of four funds, these funds seek to provide diversification by holding a number of funds within a single fund structure. These investments are valued at the NAV, are redeemable monthly or quarterly, and are subject to liquidation of the underlying funds.

<sup>4</sup>Global asset allocation – This value is 100% from MPERS. Consisting of one fund, this strategy is highly diversified and uses fundamental research to develop systematic rules for trading positions. Due to contractual lock-up restrictions, the value of this fund is eligible for redemption in the next 35 days.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 3 - Deposits and Investments (cont.)**

- <sup>5</sup>Pending liquidated hedge funds – This value is 91.2% from MOSERS and 8.8% from MPERS. MOSERS has eight hedge funds that have been fully redeemed as of June 30, 2023, which are awaiting final distribution of the proceeds, and will be received upon sale of the underlying investments or upon completion of the audit of the firm's annual financial statements. MPERS has a small investment in three hedge funds that are in liquidation and have been closed. MPERS is awaiting the sale of the final assets.
- <sup>6</sup>Merger arbitrage hedge fund – This value is 100% from MOSERS. Consisting of one fund, this strategy invests in the common stock of companies that are involved in publicly announced mergers and seeks to generate attractive returns while dampening volatility. This investment is valued at NAV, is redeemable monthly, and is not subject to lock-up restrictions.
- <sup>7</sup>Multi-strategy hedge fund – This value is 73.1% from MOSERS and 26.9% from MPERS. Consisting of five funds for MOSERS and one fund for MPERS, these funds aim to pursue varying strategies in order to diversify risks and reduce volatility. These investments are valued at NAV, are redeemable monthly or quarterly, but are subject to lock-up restrictions for MOSERS. Due to contractual lock-up restrictions, the value of the fund is eligible for redemption in the next six months for MPERS.
- <sup>8</sup>Opportunistic Debt – This value is 100% from MPERS. Consisting of one fund, this investment uses public, but illiquid, fixed income structuring to achieve higher returns by separating and securitizing the unique credit risk tranches.
- <sup>9</sup>Quantitative hedge funds – This value is 100% from MOSERS. Consisting of three funds, this strategy attempts to achieve uncorrelated returns using advanced statistical methods to select securities across liquid public markets and systematic volatility trading. These investments are valued at NAV, are redeemable monthly or quarterly, and are not subject to lock-up restrictions.
- <sup>10</sup>Structured credit – relative value – This value is 100% from MPERS. As of June 30, 2023, MPERS had one fund that was in liquidation in this strategy.
- <sup>11</sup>Commingled equity funds – This value is 100% from MOSERS. This consist of five equity funds which are considered commingled in nature. Each are valued at the NAV held at the end of the period based upon the fair value of the underlying investments.
- <sup>12</sup>Commingled fixed income funds – This value is 100% from MOSERS. Three fixed income funds are considered commingled in nature. These investments are valued at the NAV held at the end of the period based upon the fair value of the underlying investments.
- <sup>13</sup>Commingled short-term investment fund – This value is 100% from MOSERS. One short-term investment fund is considered commingled in nature. This investment is valued at the NAV held at the end of the period based upon the fair value of the underlying investments.
- <sup>14</sup>MOSERS Investment Portfolio (MIP) fund – This value is 84.8% from the Deferred Compensation Plan and 15.2% from the Deferred Compensation Incentive Plan. Participant transactions (purchases and sales) may occur monthly. The significant investment strategies are designed to achieve long-term total returns, comprised of capital appreciation and income. There are no unfunded commitments. There are generally no restrictions as to the redemption of these investments.
- <sup>15</sup>Missouri target date funds – This value is 81.5% from Deferred Compensation Plan and 18.5% from the Deferred Compensation Incentive Plan. Participant transactions (purchases and sales) may occur daily. The significant investment strategies of the funds are to seek the highest total return over time, consistent with the fund's asset mix. The asset allocations within these target date funds adjust automatically over time. Each fund invests more aggressively in its early years and becomes more conservative as it reaches its time horizon. There are no unfunded commitments. There are generally no restrictions as to the redemption of these investments.

**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 3 - Deposits and Investments (cont.)**

<sup>16</sup>Private equity, real estate and timber funds – This value is 95.8% from MOSERS and 4.2% from MPERS. MOSERS' private equity portfolio consists of 43 funds with exposure to buyout funds, distressed funds, infrastructure, energy, secondary, royalty funds, and special situations. The real estate portfolio, comprised of ten funds, invests mainly in U.S. commercial real estate. The timber portfolio consists of one fund in liquidation which invests in global timberland. The fair values of the majority of these funds has been determined using net assets valued one quarter in arrears plus current quarter cash flows. These funds are not eligible for redemption. Distributions are received as underlying investments when the funds are liquidated, which, on average, can occur over the span of 5 to 10 years. MPERS invests in four core private real estate funds that are commingled in nature. Three are eligible for redemption on a quarterly basis and one on a daily basis.

The State Treasurer's Office requires investments in commercial paper and bankers' acceptances to have the highest letter and numerical ranking (such as A1/P1) as rated by at least two Nationally Recognized Statistical Rating Organizations (NRSROs). The Treasurer does not have any additional policies regarding credit ratings of investments.

The following table (in thousands of dollars) provides information on the credit ratings associated with the State's investments in debt securities.

**Note 3 - Deposits and Investments (cont.)**

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The State Treasurer's Office does not have any deposits or investments in foreign currency and therefore does not have a policy regarding foreign currency risk. The Missouri State Employees' Retirement System and the Missouri Department of Transportation and Highway Patrol Employees' Retirement System do have foreign currency deposits and investments which may be used for hedging purposes. The following table (in thousands of dollars) provides information on deposits and investments held in various foreign currencies, which are stated in U.S. dollars.

**C. Securities Lending Program**

Missouri State Employees' Retirement System:

The Missouri State Employees' Retirement System's (MOSERS) board of trustees' investment policies permit the pension trust funds to participate in a securities lending program. Fixed income, international equity and domestic equity securities of the pension trust funds are loaned to participating brokers who provide collateral in the form of cash, U.S. Treasury or government agency securities, or letters of credit issued by approved banks. Collateral must be provided in the amount of 102% of fair value for domestic loans and 105% of fair value for international loans. MOSERS does not have the authority to pledge or sell collateral securities without borrower default.

MOSERS had no securities lending activity in fiscal year 2023.

Missouri Department of Transportation and Highway Patrol Employees' Retirement System:

In accordance with the investment policies set by the board of trustees, the Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS), lends its securities to broker-dealers and banks pursuant to a form of loan agreement. MPERS custodial bank, Northern Trust, is authorized to lend available securities to approved broker-dealers and banks subject to the receipt of acceptable collateral.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 3 - Deposits and Investments (cont.)**

MPERS may lend securities and receive cash, securities insured or guaranteed by the U.S. government or its agencies, and irrevocable bank letters of credit as collateral. MPERS cannot pledge or sell non-cash collateral unless a borrower defaults. Borrowers are required to deliver collateral for each loan equal to: 1) 102% of the fair value of the loaned securities plus any accrued interest in the case of loaned securities denominated in United States dollars or whose primary trading market is located in the United States, and 2) 105% of the fair value of the loaned securities plus any accrued interest in the case of loaned securities not denominated in United States dollars or whose primary trading market was not located in the United States.

MPERS did not impose any restrictions during the fiscal year on the amount of the loans that the custodial bank made on its behalf. There were no known failures by any borrowers to return loaned securities or pay distributions thereon during the year.

MPERS and borrowers maintained the right to terminate all securities lending transactions on demand. At June 30, 2023, the cash collateral fund had a fair value of \$18,946,000.

At June 30, 2023 and June 30, 2022, MPERS had earned \$196,000 and \$184,000 respectively, on the securities lending program.

Component Units:

Information on the component units securities lending program is available within their individual financial statements.

**D. Derivatives**

Missouri State Employees' Retirement System:

While the Board has no formal policy specific to derivatives, Missouri State Employees' Retirement System (MOSERS), through its external investment managers, holds investments in futures contracts and swap contracts. MOSERS enters into these certain derivative instruments as investments primarily to enhance the performance and reduce the volatility of its portfolio. It enters swaps and futures contracts to gain or hedge exposure to certain markets and to manage interest rate risk. For the year ended June 30, 2023, the change in fair value of the swap contracts resulted in a gain of \$128 million of investment income. The change in fair value in the futures contracts resulted in a loss of \$132 million of investment income. MOSERS does not anticipate additional significant market risk from the derivative arrangements. MOSERS could be exposed to risk if the counterparties to the contracts are unable to meet the terms of the contracts. MOSERS anticipates that the counterparties will be able to satisfy their obligations as credit evaluations and credit limits are monitored by the investment managers.

The following table (in thousands of dollars) summarizes the various contracts in MOSERS portfolio as of June 30, 2023. The investments are reported at fair value and are included on the Statement of Fiduciary Net Position of the pension (and other employee benefit) trust funds.

Futures Contracts:

<u>Notional Amount</u>	<u>Exposure</u>
\$(65,434)	\$3,556

Swap Contracts:

<u>Notional Amount</u>	<u>Counterparty Exposure</u>
\$3,053,973	\$76,614

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 3 - Deposits and Investments (cont.)**

Missouri Department of Transportation and Highway Patrol Employees' Retirement System:

MPERS has an investment policy which holds investments in future contracts, swap contracts, options contracts, and forward foreign currency exchange contracts. Derivative financial instruments involve credit risk and market risk. The notional value related to these derivative instruments are generally not recorded on the financial statements; however, the change in fair value of these instruments is incorporated in performance.

The following table (in thousands of dollars) summarizes the various contracts in MPERS portfolio as of June 30, 2023. The investments are reported at fair value and are included on the Statement of Fiduciary Net Position of the pension (and other employee benefit) trust funds.

Type	Notional/Fair Value	Unrealized Gain (Loss)
Futures Contracts	\$ 691,482	\$ 82,916
Swap Contracts	431,040	26,343
Total	<u>\$ 1,122,522</u>	<u>\$ 109,259</u>

Through the use of derivatives, MPERS is exposed to risk that the counterparties involved in the contracts are unable to meet the term of their obligation. MPERS investment managers seek to control this risk through counterparty credit evaluations and approvals, counterparty credit limits, and exposure monitoring procedures. MPERS anticipates the counterparties will be able to satisfy their obligations under the contracts. The counterparties' credit ratings for swaps are subject to credit risk as shown in the table below (in thousands of dollars).

Quality Rating	Swaps
A+	\$ 362,707
A-	68,333
Total Subject to Credit Risk	<u>\$ 431,040</u>

Component Units:

Information on the component units derivatives is available within their individual financial statements.

**E. Assets Held in Escheat**

The Unclaimed Property Division of the Missouri State Treasurer's Office holds unclaimed stocks, bonds, mutual fund positions, and other securities that have been turned over by their holders on behalf of the securities' owners. The State takes custody of these securities until the owner claims them or if unclaimed, liquidates them after 18 to 24 months. The State holds the securities in order to return them to their owners. The State does not report these securities as investments because they do not meet the Governmental Accounting Standards Board's definition of "investments". This is because the State does not hold the securities for income or profit, nor do the securities have a present service capacity for the State. A total of \$20,818,000 of these unclaimed securities is shown as "Assets Held in Escheat" on the private-purpose trust funds combining statement of fiduciary net position in Unclaimed Property.

**A. Budget Reserve Fund**

The Budget Reserve Fund is established in Article IV, Section 27(a) of the Missouri Constitution. The Commissioner of Administration may transfer amounts from the Budget Reserve Fund to any other fund when necessary to meet the cash requirements of the State. However, the Budget Reserve Fund must be paid back with interest prior to May 16<sup>th</sup> of the fiscal year in which the transfer was made.

Budget stabilization expenditures may occur in a fiscal year in which the Governor reduces the expenditures of the State or any of its agencies below their appropriation or in which there is a budget need due to a natural disaster as proclaimed by the Governor to be an emergency. An appropriation from the Budget Reserve Fund may be granted by a two-thirds vote of the members elected to each House. The maximum amount which may be appropriated at any one time for budget stabilization purposes is one-half the sum of the balance of the Budget Reserve Fund and any amounts appropriated or otherwise owed to the fund, less all amounts owed to the fund for budget stabilization purposes but not yet appropriated for repayment to the fund. One-third of the amount expended or transferred from the Budget Reserve Fund for budget stabilization purposes plus interest shall stand appropriated to the Budget Reserve Fund during each of the next three fiscal years from the fund which received the budget stabilization appropriation. The balance of the Budget Reserve Fund at June 30, 2023, was \$860,799,000.

**STATE OF MISSOURI**

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

**Note 6 - Obligations Under Right-to-Use Assets**

**Lease Agreements for Right-to-Use Assets excluding Software:**

The State has entered into various agreements to lease land, buildings, equipment, infrastructure and temporary easements. GASB Statement No. 87, *Leases*, requires that the State, as a lessee, recognize a lease liability and an intangible right-to-use lease asset (lease asset). The lease liability and lease asset are recognized at the commencement date of the lease based on the estimated present value of lease payments over the lease term.

Lease liability for the internal service and enterprise funds are reported as a long-term obligation in those funds along with the related assets. Leases and the related assets are not reported on the fund financial statements of governmental type funds. However, the leases and related assets of governmental funds are included on the government-wide financial statements and they are shown on the reconciliation between fund financial statements and government-wide statements.

Following is a summary of future minimum payments due for leases (in thousands of dollars):

Fiscal Year Ended June 30	Governmental Activities		Business-Type Activities	
	Principal	Interest	Principal	Interest
2024	\$ 22,453	\$ 3,640	\$ 527	\$ 37
2025	17,154	2,969	371	22

2094-2098	1,972	530	—	—
2099-2103	2,084	166	—	—
Total	<u>\$ 118,406</u>	<u>\$ 42,209</u>	<u>\$ 1,336</u>	<u>\$ 74</u>

Certain lease contracts include variable payments, residual value guarantees or termination penalties that are not known or certain to be exercised at the time of the calculation of the lease liability. These are recognized as expenses in the period they are incurred. For the fiscal year ended, June 30, 2023, there were no such variable payments excluded from the measurement of the lease liability. There were also no termination penalties or residual value guarantee payments expensed for the fiscal year ended, June 30, 2023.

**Subscription Based Information Technology (SBITA) Agreements:**

The State has entered into various agreements to subscription software. GASB Statement No. 96, *Subscription Based Internet Technology Agreements (SBITAs)*, requires that the State, as a subscriber, recognize a subscription liability and an intangible right-to-use subscription asset (right-to-use software). The subscription liability and subscription asset are recognized at the commencement date of the subscription based on the estimated present value of lease payments over the lease term.

Subscription liability for the internal service and enterprise funds are reported as a long-term obligation in those funds along with the related assets. Subscriptions and the related assets are not reported on the fund financial statements of governmental type funds. However, the subscriptions and related assets of governmental funds are included on the government-wide financial statements and they are shown on the reconciliation between fund financial statements and government-wide statements.

**Note 7 - Retirement Systems**

The State has two major retirement systems which cover substantially all State employees. These systems are the Missouri State Employees' Retirement System (MOSERS) and the Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS). MOSERS is comprised of the Missouri State Employees' Plan (MSEP), a cost-sharing multiple-employer, defined benefit public employee retirement plan and the Judicial Plan, a single-employer defined benefit public employee retirement plan. MPERS is a single-employer defined benefit public employees' retirement plan.

**Plan Descriptions**

The Missouri State Employees' Plan (MSEP) is a cost-sharing multiple-employer, defined benefit public employee retirement plan administered by MOSERS. The Plan is administered in accordance with Sections 104.010 and 104.312-104.1215, RSMo.

The MSEP has three benefit structures known as MSEP (closed plan), MSEP 2000, and MSEP 2011. The MSEP covers all full-time employees hired before July 1, 2000, who are not covered under another state-sponsored retirement plan. MSEP 2000 covers all full-time employees hired on or after July 1, 2000 and before January 1, 2011. MSEP 2011 covers all full-time employees first hired on or after January 1, 2011. Members of the closed plan have the option at retirement to choose between the benefit structure of the MSEP or MSEP 2000.

The Judicial Plan is a single-employer, defined benefit public employee retirement plan administered by MOSERS. The Plan is administered in accordance with Sections 476.445 - 476.690, RSMo. The Judicial Plan covers eligible members appointed/elected before January 1, 2011. The Judicial Plan 2011 covers eligible members appointed/elected for the first time on or after January 1, 2011.

MOSERS provides retirement, survivor, and disability benefits to its members. General employees are fully vested after 5 years of creditable service if covered by the MSEP, MSEP 2000, and MSEP 2011 plans. Elected officials are fully vested after 4 years of creditable service and Members of the General Assembly are fully vested after 6 years of creditable service. The base retirement benefits are calculated by multiplying the employee's final average pay by a specific factor multiplied by the years of credited service. The retirement eligibility requirements are as follows for general employees:

**MSEP**

Age 65 with 5 years of service  
Age 60 with 15 years of service  
Age 48 with age and service equaling 80 or more (Rule of 80)  
Employees may retire early at age 55 with at least 10 years of service with reduced benefits.  
The base benefit in the general employee plan is equal to 1.6% multiplied by the final average pay multiplied by years of credited service.

**MSEP 2000**

Age 62 with 5 years of service  
Age 48 with age and service equaling 80 or more (Rule of 80)  
Employees may retire early at age 57 with at least 5 years of service with reduced benefits.  
The base benefit in the general employee plan is equal to 1.7% multiplied by the final average pay multiplied by years of credited service.

**Judicial Plan**

Age 62 with 12 years of service  
Age 60 with 15 years of service  
Age 55 with 20 years of service  
Employees may retire early at age 62 with less than 12 years of service or age 60 with less than 15 years of service with a reduced benefit that is based upon years of service relative to 12 or 15 years.  
The base benefit for members with 12 or more years of service is equivalent to 50% of compensation on the highest court served.

**Judicial Plan 2011**

Age 67 with 12 years of service  
Age 62 with 20 years of service  
Employees may retire early at age 67 with less than 12 years of service with reduced benefits or age 62 with less than 20 years of service with a reduced benefit based on years of service.  
The base benefit for members with 12 or more years of service is equivalent to 50% of compensation on the highest court served.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 7 - Retirement Systems (cont.)**

**MSEP 2011**

Age 67 with 5 years of service

Age 55 with age and service equaling 90  
or more (Rule of 90)

Employees may retire early at age 62 with  
at least 5 years of service with  
reduced benefits.

The base benefit in the general employee  
plan is equal to 1.7% multiplied by the  
final average pay multiplied by years  
of credited service.

For members hired prior to August 28, 1997, cost of living adjustments (COLAs) are provided annually based on 80% of the percentage increase in the average Consumer Price Index (CPI) from one year to the next, with a minimum rate of 4% and a maximum rate of 5%, until the cumulative amount of COLAs equals 65% of the original benefit, thereafter the 4% minimum rate is eliminated. For members hired on or after August 28, 1997, and members who have met their COLA cap receive COLAs annually based on 80% of the percentage increase in the average CPI from one year to the next, up to a maximum rate of 5%. Qualified, inactive-vested members of MSEP and the Judicial Plan may make a one-time election to receive the present value of their future benefit in a lump sum payment. To qualify, a member must have left state employment on or after October 1, 1984 and prior to September 1, 2002, have less than 10 years of service, not be within 5 years of retirement eligibility, meet age requirements, and have a benefit present value of less than \$10,000.

The Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS) is a single-employer, defined benefit public employee retirement plan administered in accordance with Sections 104.010-104.1093, RSMo.

MPERS is considered a single-employer plan because its membership is composed of qualified employees of the Missouri Department of Transportation, uniformed and non-uniformed members of the Missouri State Highway Patrol, and MPERS staff.

MPERS provides retirement, survivor, and disability benefits to its members. The MPERS has three benefit structures known as the Closed Plan, the Year 2000 Plan, and the Year 2000 Plan-2011 Tier. Generally, the Closed Plan covers employees hired before July 1, 2000. The Year 2000 Plan generally covers employees hired on or after July 1, 2000 and before January 1, 2011. The Year 2000 Plan-2011 Tier covers employees hired on or after January 1, 2011. Employees covered by the Closed Plan and the Year 2000 Plan are fully vested after 5 years of creditable service. Employees covered by the 2011 Tier are fully vested after 5 years of creditable service if they were active on or after January 1, 2018.

The retirement eligibility requirements are as follows:

**Closed Plan**

**MoDOT and non-uniformed patrol members:**

Age 65 and active with 4 or more years  
of service

Age 65 with 5 or more years of service

Age 60 with 15 or more years of service

Age 48 with sum of age and service  
equaling 80 or more (Rule of 80)

**Uniformed patrol members:**

Age 55 and active with 4 or more years  
of service

Age 55 with 5 or more years of service

Age 48 with sum of age and service  
equaling 80 or more (Rule of 80)

Mandatory retirement at age 60

All non-uniformed members may retire early, with reduced benefits, at age 55 with at least 10 years of service.

The base benefit in the Closed Plan is equal to 1.6% multiplied by the final average pay multiplied by years of creditable service for non-uniformed members. For members of the uniformed patrol, the base benefit is equal to 1.1333% multiplied by the final average pay multiplied by years of creditable service.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 7 - Retirement Systems (cont.)**

For members employed prior to August 28, 1997, cost of living adjustments (COLAs) are provided annually based on 80% of the increase in the Consumer Price Index for all urban consumers for the United States (CPI-U). The minimum rate is 4% and the maximum rate is 5%, until the cumulative amount of COLAs equals 65% of the original benefit. Thereafter, the 4% minimum rate is eliminated and the annual COLA rate will be equal to 80% of the increase in the CPI-U (annual maximum of 5%). For members employed on or after August 28, 1997, COLAs are provided annually based on 80% of the increase in the CPI-U, up to a maximum rate of 5%.

**Year 2000 Plan**

**MoDOT and non-uniformed patrol members:**

Age 62 with 5 or more years of service

Age 48 with sum of age and service

equaling 80 or more (Rule of 80)

**Uniformed patrol members:**

Age 48 with sum of age and service

equaling 80 or more (Rule of 80)

Mandatory retirement at age 60

All members may retire early with reduced benefits at age 57 with at least 5 years of service.

The base benefit in the Year 2000 Plan is equal to 1.7% multiplied by the final average pay multiplied by years of creditable service. Members retiring under the Rule of 80, and uniform patrol members retiring at the mandatory retirement age (currently 60), receive an additional temporary benefit until age 62. The temporary benefit is equivalent to 0.8% multiplied by final average pay multiplied by years of creditable service. COLAs are provided annually based on 80% of the change in the CPI-U, up to a maximum rate of 5%.

**Year 2000 Plan-2011 Tier**

**MoDOT and non-uniformed patrol members:**

Age 67 with 5 or more years of service

Age 55 and active with sum of age and service

equaling 90 or more (Rule of 90)

**Uniformed patrol members:**

Age 55 and active with 5 or more years  
of service

Mandatory retirement at age 60 with no  
minimum service amount, active only.

Active MoDOT and non-uniformed patrol members may retire early with reduced benefits at age 62 with at least 5 years of service. Terminated and vested uniformed patrol members may retire at age 67 with 5 or more years of service.

The base benefit in the 2011 Tier is equal to 1.7% multiplied by the final average pay multiplied by years of creditable service. Members retiring under the Rule of 90, and uniform patrol members retiring at the mandatory retirement age (currently 60) or at age 55 with 5 years of creditable service, receive an additional temporary benefit until age 62. The temporary benefit is equivalent to 0.8% multiplied by final average pay multiplied by years of creditable service. COLAs are provided annually based on 80% of the change in the CPI-U, up to a maximum rate of 5%.

Single-Employer Plans:

**Employees Covered by Benefit Terms – Single-Employers Only**

As of June 30, 2022 valuation, membership consisted of the following:

	<u>Judicial Plan</u>	<u>MPERS</u>
Retirees, beneficiaries, and the disabled currently receiving benefits	596	9,426
Terminated employees entitled to, but not yet receiving benefits	27	2,247
Active		
Vested	415	4,841
Nonvested	—	2,033
Total Membership	<u>1,038</u>	<u>18,547</u>

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 7 - Retirement Systems (cont.)**

**Contributions**

Per Chapter 104.436, RSMo, contribution requirements of the active employees and the participating employers are established and may be amended by the MOSERS Board. Employees in the MSEP 2011 Plan are required to contribute 4.00% of their annual pay. The State's required contribution rates for the MSEP and the Judicial Plan for the year ended June 30, 2022, were 23.51% and 61.94% of annual payroll, respectively. The contribution rates as a percentage of covered payroll for the MSEP and the Judicial Plan for the year ended June 30, 2022, were 23.51% and 61.94%, respectively. Contributions to the pension plan through the MSEP and the Judicial Plan were \$392,186,000 and \$39,268,000 respectively, for the year ended June 30, 2022.

Per Chapter 104.070, RSMo, contribution requirements of the active employees and the participating employers are established and may be amended by the MPERS Board of Trustees. Beginning January 1, 2011, employee contributions of 4.00% of gross pay are required for those covered by the Year 2000 Plan-2011 Tier. Employer contributions are determined through annual actuarial valuations. Administrative expenses are financed through contributions from participating employers and investment earnings. The state's required contribution rate, as adopted by the MPERS Board of Trustees, for the year ended June 30, 2022, was to be at least 58.00%. The contribution rate as a percentage of covered payroll for the MPERS plan year ended June 30, 2022, was 58.00%. Contributions to the pension plan from the MPERS plan were \$212,711,000.

For the portion of the MSEP Plan relating to the State's component units, the required contribution rate for the year ended June 30, 2022, was 23.51%. The contribution rates as a percentage of covered payroll for the year ended June 30, 2022, was 23.51%. Contributions to the pension plan were \$74,921,000 for the year ended June 30, 2022.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources**

Cost-Sharing Multiple Employer Plan:

At June 30, 2023, a liability was reported for the State's proportionate share of the net pension liability for the MSEP and the MSEP-CU plans based on an actuarial valuation as of June 30, 2022. The State's proportionate share of the net pension liability was based on the State's actual share of contributions to the pension plan relative to the actual contributions of all participating employers for plan year ended June 30, 2022.

The State reported the following proportionate share of the net pension liability and the pension expense for the fiscal year ended June 30, 2023 (in thousands of dollars):

	<u>MSEP</u>	<u>MSEP-CU</u>
Pension Expense	\$ 714,012	\$ 127,000
Proportionate share:		
2023	83.63 %	15.98 %
Net Pension Liability	\$5,988,052	\$1,143,919

Net difference between projected and actual earnings on pension plan investments	318,654	9,493	—	60,874	—	—	192,737	—
Changes in proportion and differences between plan contributions and proportionate share of contributions	14,062	—	—	21,680	20,355	—	—	18,404
Contributions subsequent to the measurement date	490,306	39,071	232,814	87,108	—	—	—	—
<b>Total</b>	<b>\$1,041,38</b>	<b>\$50,341</b>	<b>\$363,060</b>	<b>\$211,376</b>	<b>\$21,958</b>	<b>\$17,267</b>	<b>\$206,433</b>	<b>\$18,710</b>

Amount reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the measurement period of the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (in thousands of dollars):

Fiscal Year Ended June 30	Net Deferred Outflows/Inflows of Resources			
	MSEP	Judicial	MPERS	MSEP-CU
2024	\$ 263,833	\$ (5,230)	\$ (3,237)	\$ 46,653
2025	26,565	(4,497)	(5,155)	13,302
2026	(5,884)	(2,318)	(82,286)	(1,124)
2027	244,603	6,048	14,491	46,727
<b>Totals</b>	<b>\$ 529,117</b>	<b>\$ (5,997)</b>	<b>\$ (76,187)</b>	<b>\$ 105,558</b>

**Actuarial Assumptions**

The total pension liability at June 30, 2023, is based upon the June 30, 2022, actuarial valuation for MOSERS and MPERS using the entry age normal actuarial cost method. Significant actuarial assumptions used in the June 30, 2022, actuarial valuations are the following:

	MSEP and MSEP-CU	Judicial	MPERS
Price Inflation	2.25 %	2.25 %	2.25 %
Salary Increases	2.75 - 10.00%	3.00 %	3.00 - 12.45%
Investment Rate of Return	6.95 %	6.95 %	6.50 %

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

**Note 7 - Retirement Systems (cont.)**

The actuarial assumptions used in the June 30, 2022, valuation were based on the results of an actuarial experience study covering the five-year period ended June 30, 2021, performed in 2022, for MOSERS. Changes in assumptions since the prior year were: subsequent changes in the unfunded actuarial accrued liability due to actuarial gains/losses or assumption changes are now amortized over a closed 25 year period, instead of 30 years; the mortality assumptions are now based on generational tables; the merit component of the salary increase assumption was adjusted to partially reflect observed experience. For the MSEP and Judicial Plan, the pre-retirement mortality rates were based on the Pub-2010 General Members Below Median Employee mortality table; the post-retirement mortality rates for retirees were based on the Pub-2010 General Members Below Median Healthy Retiree mortality table, scaled by 104% for MSEP; the post-retirement mortality rates for beneficiaries were based on the Pub-2010 General Members Median Contingent Survivor mortality table; mortality was projected generationally from 2010 to 2020 using Scale MP-2020 and 75% of Scale MP-2020 for years after 2020, all tables were set back 2 years for males and set forward 1 year for females for MSEP.

Amounts reported in the June 30, 2022, actuarial report are assumptions reflecting adjustments to expected rates of withdrawal, disability, normal and early retirement, mortality, and merit and seniority pay for MPERS. The actuarial assumptions were based on the results of an actuarial experience study for the period July 1, 2012, through June 30, 2017. Mortality rates, for post-retirement mortality, used in evaluating allowances to be paid to non-disabled pensioners were the RP-2014 Healthy Mortality Tables projected to 2022 using projection scale MP-2017. The pre-retirement mortality used were the RP-2014 Employee Mortality Table projected to 2022 using projection scale MP-2017 and multiplied by a factor of 65%. Disabled pension mortality was based on RP-2014 Disabled Retiree Annuitant Mortality Tables projected to 2022 using projection scale MP-2017.

The long-term (30 year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of the real rates of return for the MSEP and Judicial Plan and arithmetic real rates of return for MPERS for each major asset class included in the target allocation are summarized in the table below:

**Target Asset Allocation**

Asset Class	MSEP and MSEP-CU		Judicial		MPERS	
	Target Allocation	Long-Term Expected Real Rate of Return	Target Allocation	Long-Term Expected Real Rate of Return	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	30.0%	5.8%	30.0%	5.8%	40.0%	3.4%
Private Equity	15.0%	7.4%	15.0%	7.4%	10.0%	7.4%
Fixed Income					22.5%	1.4%
Real Assets					10.0%	3.7%
Real Estate					10.0%	2.0%
Hedge Funds	5.0%	2.9%	5.0%	2.9%		
Opportunistic Debt					7.5%	5.6%
Long Treasuries	25.0%	1.6%	25.0%	1.6%		
Core Bonds	10.0%	1.2%	10.0%	1.2%		
Commodities	5.0%	3.6%	5.0%	3.6%		
TIPS	25.0%	0.8%	25.0%	0.8%		
Private Real Assets	5.0%	5.2%	5.0%	5.2%		
Public Real Assets	5.0%	5.8%	5.0%	5.8%

Private Credit	5.0%	7.6%	5.0%	7.6%		
Cash and Cash Equivalents**	(40.0)%	0.0%	(40.0)%	0.0%		
	<u>100.0%</u>		<u>100.0%</u>		<u>100.0%</u>	

\*\*Cash and cash equivalents policy allocation amounts are negative due to use of leverage.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 7 - Retirement Systems (cont.)**

**Discount Rate**

A single discount rate based on the expected rate of return on pension investments of 6.95%, 6.95%, and 6.50% was used to measure the total pension liability for MSEP, Judicial Plan, and MPERS, respectively. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate for MPERS. The projection of cash flows used to determine the discount rate assumed that contributions will be made using actuarial determined rates from participating employers for MOSERS. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate, as well as, what the plan's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	1% Decrease	Current Single Discount Rate Assumption	1% Increase
	5.95%	6.95%	7.95%
MSEP Net Pension Liability	\$7,490,189	\$5,988,052	\$4,733,133
	5.95%	6.95%	7.95%
Judicial Plan Net Pension Liability	\$501,994	\$439,594	\$386,115
	5.50%	6.50%	7.50%
MPERS Net Pension Liability	\$1,868,572	\$1,343,492	\$906,377
	5.95%	6.95%	7.95%
MSEP-CU Net Pension Liability	\$1,430,878	\$1,143,919	\$904,187

**Payables to the Pension Plan**

As of June 30, 2023, the State had payables of \$24,117,000 to MOSERS for the outstanding amount of contributions to the pension plan, relating to a two week lag in payroll.

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separate financial reports issued by MOSERS and MPERS:

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 7 - Retirement Systems (cont.)**

**University of Missouri Retirement System**

**Plan Description**

The University of Missouri Retirement, Disability, and Death Benefit Plan is a single-employer defined benefit plan for all qualified employees. As authorized by Section 172.300, RSMo, the University's Board of Curators administers the Retirement Plan and establishes its terms.

Full-time employees vest in the Retirement Plan after five years of credited service and become eligible for benefits based on age and years of service. A vested employee who retires at age 65 or older is eligible for a lifetime annuity calculated at a certain rate times the credited service years times the compensation base (average consumption for the five highest consecutive salary years). The rate is 2.2% if the employee was hired before October 1, 2012, or 1.0% if the employee was hired after September 30, 2012. Academic members who provide summer teaching and research service receive additional summer service credit. The Board of Curators may periodically approve increases to the benefits paid to existing pensioners. However, vested members who leave the University prior to eligibility for retirement are not eligible for these pension increases. Vested employees who are at least age 55 and have ten years or more of credited service, or age 60 with at least five years of credited service may choose early retirement with a reduced benefit. However, if the employee retires at age 62 and has at least 25 years of credited service, the benefit is not reduced. Up to 30% of the retirement annuity can be taken in a lump sum payment. In addition, the standard annuity can be exchanged for an actuarially-equivalent annuity selected from an array of options with joint and survivor, period certain, and guaranteed annual increase features.

As of June 30, 2023, membership consisted of the following:

Vested members	11,615
Inactive vested members	6,513
Pensioners and beneficiaries	11,746
Total Membership	<u>29,874</u>

The University closed the defined benefit plan to new entrants as of October 1, 2019. Employees starting on or after that date, are enrolled in a defined contribution plan. Vested defined benefit employees that are rehired on or after October 1, 2019, no longer receive creditable service credit within the defined benefit plan.

**Contributions**

The University's contributions to the Retirement Plan are equal to the actuarially determined contribution requirement (ADC). The ADC for those employees hired before October 1, 2012, averaged 14.9% of covered payroll for the year ending June 30, 2023. The ADC for those employees hired after September 30, 2012, averaged 11.4% of covered payroll for the year ended June 30, 2023. Employees are required to contribute 1% of their salary up to \$50,000 in a calendar year and 2% of their salary in excess of \$50,000. An actuarial valuation of the Plan is performed annually and the University's contribution rate is updated on July 1, to reflect the actuarially determined funding requirement from the most recent valuation, as of the preceding October 1. This actuarial valuation reflects the adoption of any Retirement Plan amendments during the previous fiscal year. The University contributed \$132,849,000 during the fiscal year ended June 30, 2023.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 7 - Retirement Systems (cont.)**

Employees hired after September 30, 2012, participate in a single employer, defined contribution plan. Each year the University contributes 2% of each employee's eligible salary to a 401(a) plan. Employees are able to contribute to a 457(b) and 403(b) plan. The University will match up to 3% of the employee's contribution to the 457(b) plan with the University's match funds going into the 401(a) plan. Employees in the defined contribution plans are immediately 100% vested in their contributions. Employees hired or rehired beginning October 1, 2019, will participate in a single employer, defined contribution plan. Employees will be automatically enrolled in the plan to contribute 8% of eligible salary into a 457(b) plan. Each year the University will match up to 8% of each employer's eligible salary to a 401(a) plan. The University's matching contributions vest following three years of consecutive or nonconsecutive service. The defined contribution plan recognized \$47,846,000 of pension expense net of \$6,162,000 of forfeitures for the year ended June 30, 2023.

**Net Pension Liability**

The Retirement Plan's net pension liability was measured as of June 30, 2023. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2021. Roll-forward procedures were used to measure the Retirement Plan's total pension liability as of June 30, 2023. For the year ended June 30, 2023, fiduciary net position as a percentage of the total pension liability amounted to 77.32%.

Changes in net pension liability (in thousands of dollars):

	Total Pension Liability (TPL) (a)	Fiduciary Net Pension (FNP) (b)	Net Pension Liability (NPL) (a) - (b)
Balances at June 30, 2022	\$ 5,341,914	\$ 4,286,149	\$ 1,055,765
Changes for the year:			
Service Cost	57,272	—	57,272
Interest	367,007	—	367,007
Differences between expected and actual experience	78,356	—	78,356
Contributions – Employer	—	132,849	(132,849)
Contributions – Employee	—	13,866	(13,866)
Net Income Investment	—	156,871	(156,871)
Benefit payments, including refunds of employee contributions	(312,471)	(312,471)	—
Net Changes	190,164	(8,885)	199,049
Balances at June 30, 2023	<u>\$ 5,532,078</u>	<u>\$ 4,277,264</u>	<u>\$ 1,254,814</u>

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 7 - Retirement Systems (cont.)**

**Pension Expense**

Annual pension expense consists of service cost and interest on the pension liability less employee contributions and projected earnings on pension plan investments. The difference between actual and expected earnings is recorded as a deferred outflow/inflow of resources and recognized in pension expense over a five year period.

For the year ended June 30, 2023, the Retirement Plan recognized pension expense of \$284,907,000. At June 30, 2023, deferred outflows of resources and deferred inflows of resources related to pensions were reported from the following sources (in thousands of dollars):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 130,984	\$ 4,417
Changes in assumptions	118,600	—
Net difference between projected and actual earnings on pension plan investments	94,870	—
Total	<u>\$ 344,454</u>	<u>\$ 4,417</u>

The University recognizes differences between actual and expected investment performance included in deferred outflows/inflows of resources on a straight-line basis over five years. Differences between expected and actual experience on actuarial assumptions are amortized over the average expected remaining service life of the University's employees. The following table summarizes the future recognition of these items:

Fiscal Year Ended June	Net Deferred Outflows/Inflows of Resources
	Recognition
2024	\$ 127,152
2025	60,138
2026	125,275
2027	27,472
Totals	<u>\$ 340,037</u>

**Actuarial Assumptions**

The October 1, 2022, actuarial valuation utilized the entry age actuarial cost method. The discount rate used to measure the total pension liability was 7.00%. Actuarial assumptions included:

Inflation	2.20 %
Salary Increases	3.5 - 4.1%
Investment Rate of Return	7.00 %

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 7 - Retirement Systems (cont.)**

For purposes of determining actuarially required contributions, the actuarial value of assets was determined using techniques that spread effects of short-term volatility in the market value of investments over a five-year period. Starting with the October 1, 2021, valuation the underfunded actuarial accrued liability is being amortized using a method that separately amortizes the initial unfunded liability as of October 1, 2021 over 20 years, the impact of the assumption changes over 20 years, and future experience gains and losses over 25 years and 15 years, respectively. The mortality rates were based on Pub-2010 Teacher Healthy Annuitant Mortality Table with generational projection using scale MP-2020 for academic and administrative members and Pub-2010 General Healthy Annuitant Mortality Table with generational projection using scale MP-2020 for clerical and service members.

The actuarial assumptions used in the October 1, 2022, valuation were based on the results of the most recent quinquennial study of the University's own experience covering 2016 to 2020.

The annual money-weighted rate of return is calculated as the internal rate of return on pension investments, net of pension plan investment expense. The money-weighted rate of return expresses investment performance, net of pension plan investment expense, adjusted for the changing amounts actually invested. The annual money-weighted rate of return on pension plan investments for the year ended June 30, 2023, was 3.9%. The following table provides long-term expected rates of real return:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Public equity	34.0 %	4.4 %
Private equity	13.0 %	5.1 %
Sovereign bonds	8.0 %	1.0 %
Inflation linked bonds	9.0 %	1.1 %
Private debt	6.0 %	6.9 %
Risk balanced	12.0 %	7.0 %
Commodities	5.0 %	4.5 %
Real estate	13.0 %	6.0 %
	<u>100.0 %</u>	

**Discount Rate**

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that the University contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 7 - Retirement Systems (cont.)**

**Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate, as well as, what the plan's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	1% Decrease	Current Single Discount Rate Assumption	1% Increase
	6.00%	7.00%	8.00%
MU Net Pension Liability	\$1,959,956	\$1,254,814	\$672,695

Separate financial statements are not prepared for the Plan.

Detailed information concerning the Plan is presented in the University's 2023 financial report, which is publicly available. Copies of this report may be requested from:

University of Missouri System

**Note 8 - Other Postemployment Benefits**

In addition to the retirement benefits described in Note 7, the State provides postemployment health care and life insurance benefits, in accordance with State statutes, to the majority of employees who either retire from the State or receive long-term disability benefits. These benefits are administered by the Missouri Consolidated Health Care Plan (MCHCP), the Missouri State Employees' Retirement System (MOSERS), the Missouri Department of Transportation and Highway Patrol Employees' Medical and Life Insurance Plan (MHPML), and the Conservation Employees' Insurance Plan (CEIP). MCHCP is a cost-sharing multiple-employer, defined benefit other postemployment benefits plan, MOSERS is an insured, defined benefit insurance plan, and MHPML and CEIP are single-employer defined benefit public employees' other postemployment benefits plans.

**Plan Descriptions**

Missouri Consolidated Health Care Plan (MCHCP) operates a cost-sharing multiple-employer, defined benefit Other Postemployment Benefits Plan (OPEB), of the State Retiree Welfare Benefit Trust (SRWBT). Employees may participate at retirement, if eligible, to receive a monthly retirement benefit from either the Missouri Employees' Retirement System (MOSERS) or another retirement system whose members are grandfathered for coverage under the MCHCP by law. The terms and conditions governing postemployment benefits, are vested with the MCHCP Board of Trustees within the authority granted under sections 103.003 - 103.178, RSMo. MCHCP provides medical, dental, and vision benefits, and the Strive Employee Life & Family program for the exclusive benefit of current and future retired employees of the state and their dependents who meet eligibility requirements, except those retired members covered by other OPEB plans of the state. Covered categories include active employees, participants and spouses in payment status, participants with a deferred benefit, and disabled participants.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 8 - Other Postemployment Benefits (cont.)**

The Missouri Department of Transportation and Highway Patrol Employees' Medical and Life Insurance Plan (MHPML) is a single-employer, defined benefit OPEB plan administered in accordance with Section 104.270, RSMo. MHPML is not a separate legal entity and is self insured. The plan does not maintain assets in a trust and pays expenses on a pay-as-you-go basis. The plan assets are neither legally protected from creditors nor are they dedicated to providing OPEB benefits. The State has no legal obligation to pay the benefits. MHPML provides healthcare insurance benefits to employees who retired from the Department who participated in the Medical and Life Insurance Plan when they were an active employee and had a minimum of five years creditable service. Coverage categories include retirees, certain disabled employees, spouses, certain dependents and survivors of deceased employees and retirees. At July 1, 2021, the number of participants covered by the plan included 6,148 retirees or beneficiaries currently receiving benefits, 80 retirees entitled to but not yet receiving benefits, and 7,237 active employees.

The Conservation Employees' Benefits Plan (CEIP) is a single-employer defined benefit OPEB plan administered by the Conservation Employees' Benefits Plan Board of Trustees in accordance with Article IV, Section 42 of the Missouri Constitution. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The benefit plan for the Department of Conservation is not irrevocable.

CEIP provides for the continuation of medical insurance benefits for retirees and their dependents. Coverage categories include active employees, retirees and surviving spouses, and spouses of current retirees. At June 30, 2021, 1,326 active employees, 869 retirees and surviving spouses, and 409 spouses of current employees were participating in the plan.

**Contributions**

Contributions are established and may be amended by the MCHCP Board of Trustees with the authority granted under sections 103.003 - 103.178, RSMo. Contributions to MCHCP by the State are not legally or contractually required. For the fiscal year end June 30, 2022, employers contributed 4.34% for the period July 1, 2021 through December 31, 2021 and 4.29% for the period January 15, 2022 through June 30, 2022, of covered payroll. Retiree contribution rates are established based on projected claims experience and funding provided by employer contributions. Contributions to the OPEB plan for MCHCP and MCHCP-CU was \$72,670,000 and \$30,000, respectively for the year ended June 30, 2023.

The contribution requirements for MHPML are recommended by the Medical and Life Insurance Plan's Board of Trustees and are approved by the Missouri Highways and Transportation Commission. The Commission contributes a percentage of medical premiums for retirees. For those who retired on or prior to January 1, 2015, an amount ranging from 40.0% to 57.0% of the premium is contributed, dependent on the level of coverage. Medical premiums, for employees who retire on or after January 1, 2015, are based on total years of service, with the Commission contributing 2.0% per year of service, not to exceed 50.0% of the total premium, with the retiree responsible for the remaining balance of the premiums. Benefit projections for financial reporting purposes are based on the benefits provided under the terms of the substantive plan in effect at the time of each valuation and the historical pattern of cost sharing between employer and the plan members to that point. Contributions to the Plan for the year ended June 30, 2023, was \$23,494,000.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 8 - Other Postemployment Benefits (cont.)**

The contribution requirements for CEIP are established by a trust agreement between the Conservation Commission and the Conservation Employees' Benefits Plan Board of Trustees, which grants the authority to establish and amend benefit terms and financing requirements to the Board of Trustees. The Commission contribution toward retiree medical premium is based on tenure or years of service with the State. At the time of retirement, employees who have 25+ years of service receive a 35% contribution, 20-24 years of service receive a 30% contribution, 15-19 years of service receive a 26.47% contribution, vested status up to 14 years of service receive a 21.57% contribution, and employees who retired prior to January 1, 2013, continue to receive a 35% contribution towards their premium. Benefit projections for financial reporting purposes are based on an established policy of the retiree's paying the premium amount less any direct subsidy paid by the Commission based on years of service and date of retirement. Contributions to the Plan for the year ended June 30, 2023, was \$3,303,000.

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources**

**Cost-Sharing Multiple Employer Plan:**

At June 30, 2023, a liability was reported for the State's proportionate share of the collective net OPEB liability for the MCHCP and the MCHCP-CU plans based on an actuarial valuation as of June 30, 2022. The State's proportionate share of the collective net OPEB liability was calculated by dividing the State's contribution to the SRWBT by the total contributions from all applicable employers during the measurement period. From the previous valuation, the discount rate changed from 4.50% to 5.50%.

The State reported the following proportionate share of the collective net OPEB liability and the OPEB expense for the fiscal year ended June 30, 2023, was as follows (in thousands of dollars):

	<u>MCHCP</u>	<u>MCHCP-CU</u>
OPEB Expense	\$ 48,954	\$ 1
Proportionate share:	99.52 %	0.04 %
Net OPEB Liability	\$1,402,070	\$ 579

**Single-Employer Plans:**

The State's total OPEB liability and related information for the MHPML and CEIP plans for the fiscal year ended June 30, 2023, were as follows (in thousands of dollars):

	<u>MHPML</u>	<u>CEIP</u>
	<u>Total OPEB Liability</u>	<u>Total OPEB Liability</u>
Balances at June 30, 2022	\$ 1,365,143	\$ 122,875
Changes for the year:		
Service Cost	45,697	2,276
Interest	30,222	4,372
Differences between expected and actual experience	(6,050)	—
Changes of assumptions or other inputs	(305,121)	2,252
Benefit payments	(23,494)	(3,303)
Net Changes	(258,746)	5,597
Balances at June 30, 2023	<u>\$ 1,106,397</u>	<u>\$ 128,472</u>

For the year ended June 30, 2023, the MHPML and CEIP recognized OPEB expense of \$1,117,000 and \$326,000, respectively.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

**Note 8 - Other Postemployment Benefits (cont.)**

At June 30, 2023, deferred outflows of resources and deferred inflows of resources related to OPEBs were reported from the following sources (in thousands of dollars):

	Deferred Outflows of Resources				Deferred Inflows of Resources			
	MCHCP	MHPML	CEIP	MCHCP -CU	MCHCP	MHPML	CEIP	MCHCP -CU
Difference between expected and actual experience	\$ 58,631	\$ 174	\$ —	\$ 24	\$ (13,844)	\$ (44,083)	\$ (14,922)	\$ (6)
Changes of assumptions	—	127,474	13,824	—	(493,813)	(297,927)	(20,169)	(204)
Net difference between projected and actual earnings on plan investments	12,763	—	—	5	—	—	—	—
Changes in proportion and differences between employer contributions and proportionate share of contributions	1,170	—	—	57	(2,166)	—	—	(163)
Contributions subsequent to the measurement date	74,293	23,753	—	28	—	—	—	—
Total	<u>\$146,857</u>	<u>\$151,401</u>	<u>\$ 13,824</u>	<u>\$ 114</u>	<u>\$(509,823)</u>	<u>\$(342,010)</u>	<u>\$(35,091)</u>	<u>\$ (373)</u>

Amount reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability for the measurement period of the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows (in thousands of dollars):

Fiscal Year Ended June 30	Net Deferred Outflows/Inflows of Resources			
	MCHCP	MHPML	CEIP	MCHCP-CU
2024	\$ (67,232)	\$ (51,071)	\$ (5,620)	\$ (47)
2025	(67,437)	(39,878)	(6,625)	(48)
2026	(68,216)	(22,284)	(6,052)	(48)
2027	(65,775)	(55,010)	(3,189)	(45)
2028	(65,013)	(46,119)	219	(41)
Thereafter	(103,586)	—	—	(58)
Totals	<u>\$ (437,259)</u>	<u>\$ (214,362)</u>	<u>\$ (21,267)</u>	<u>\$ (287)</u>

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 8 - Other Postemployment Benefits (cont.)**

**Actuarial Assumptions**

The total OPEB liability at June 30, 2023, is based upon the the July 1, 2022, actuarial valuation date for MCHCP and MHPML, and the June 30, 2021 actuarial valuation date for CEIP, using the entry age normal actuarial cost method. Significant actuarial assumptions used in the actuarial valuations are the following:

	MCHCP and MCHCP-CU
Price Inflation	3.00%
Salary Increases	4.00%
Investment Rate of Return	5.50%
Healthcare Cost Trend Rate	Non-Medicare is 6.50% for fiscal year 2023 through 2025; the rate decreases by 0.25% per year to an ultimate rate of 5.00% in fiscal 2031. Medicare is 14.50% in fiscal 2023, 15.00% in fiscal 2024, 11.50% in fiscal 2025, 10.50% in fiscal 2026, then decreasing by 0.75% per year to a rate of 5.25% in fiscal 2033, then 5.00% in fiscal 2034 and after.
	MHPML
Price Inflation	2.00%
Salary Increases	2.50%
Investment Rate of Return	3.54%
Healthcare Cost Trend Rate	6.10% for 2021, decreasing to 4.60% for 2027 and later years.
	CEIP
Price Inflation	2.30%
Salary Increases	4.00%
Investment Rate of Return	3.65%
Healthcare Cost Trend Rate	Pre-65 rate of 5.8% for 2021, gradually decreasing to an ultimate rate of 3.7% for 2073 and beyond. Post-65 trend rate of 5.6% for 2021, gradually decreasing to an ultimate rate of 3.7% for 2073 and beyond.

MCHCP's actuarial assumptions used in the July 1, 2022, valuation for SRWBT involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. The valuation to determine MCHCP's total OPEB liability is required to be performed at least every two years, but is performed annually. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of the valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short term volatility in actuarial liabilities and the actuarial value of assets, consistent with the long term perspective of the calculations. The collective total OPEB liability for June 30, 2022, measurement date was determined by an actuarial valuation as of July 1, 2022. The cost method utilized for the valuation year June 30, 2022, was the entry age normal, level percentage of payroll. Mortality rates for Pre-Retirement were based on Pri-2012 Employee Amount-weighted Mortality Table projected generationally using MP-2021. Mortality rates for Annuitant were based on Pri-2012 Retiree Amount-weighted Mortality Table projected generationally using MP-2021. The last experience study was conducted in 2020.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 8 - Other Postemployment Benefits (cont.)**

MHPML's actuarial assumptions used in the July 1, 2022, valuation were determined using a measurement date of July 1, 2022. The inflation rate was based on the actuary's long-term estimate of inflation as of July 1, 2020. The salary increases were based on projected salaries, which include COLA's. The discount rate was based on Bond Buyer General Obligation 20-Bond Municipal Bond Index. Mortality rates were based on Pub-2010 Public Retirement Plans Safety Employees Mortality Table weighted by Headcount project by MP-2021 for July 1 2022. The actuarial assumptions used in the July 1, 2022, valuation were based on the results of an actuarial experience study for the period July 1, 2020, through June 30, 2021. From the previous valuation, the discount rate changed from 2.16% to 3.54%.

CEIP's actuarial assumptions used in the June 30, 2021, valuation were determined using a measurement date of June 30, 2023. The discount rate was based on the 20-year Bond General Obligation Index. Mortality rates were based on Pub-2010 Mortality for General Employees, Healthy Annuitants and Contingent Survivors, with generational projection per Scale MP-2021. The plan has not had a formal actuarial experience study performed. From the previous valuation, the discount rate changed from 3.54% to 3.65%.

For MCHCP, the long-term expected rate of return on OPEB plan investments was determined as a blend of the plan sponsor's best estimate on the expected return on plan assets and the 20-year high quality municipal bond rate as of the measurement date. The target asset allocation and best estimates of arithmetic real rate of returns for each major asset class are listed below.

Asset Class	MCHCP and MCHCP-CU	
	Target Allocation	Long-Term Expected Real Rate of Return
Large Cap Stocks	19.0%	8.5%
Mid Cap Stocks	6.0%	8.8%
Small Cap Stocks	9.0%	8.8%
International Stocks	5.0%	9.0%
BarCap Aggregate Bonds	59.0%	3.9%
Cash Equivalants	2.0%	2.8%
	100.0%	

**Discount Rate**

A single discount rate based on the expected rate of return on OPEB investments of 5.50%, 3.54%, and 3.65% was used to measure the total OPEB liability for MCHCP, MHPML, and CEIP, respectively. For MCHCP, the projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions will be made at required rates, actuarially determined. For years where the expected benefit payments can be covered by projected trust assets, expected returns are used. For years where payments are not expected to be covered by trust assets, the municipal Bond Buyer 20-Bond General Obligation Index rate is utilized.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 8 - Other Postemployment Benefits (cont.)**

**Sensitivity of the Net OPEB Liability to Changes in the Discount Rate**

Regarding the sensitivity of the net OPEB liability for MCHCP and total OPEB liability for MHPML and CEIP, to changes in the single discount rate, the following presents the State's liability, calculated using a single discount rate, as well as, what the plan's liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	1% Decrease	Current Single Discount Rate Assumption	1% Increase
MCHCP Net OPEB Liability	4.50% \$1,652,738	5.50% \$1,402,070	6.50% \$1,200,773
MHPML Total OPEB Liability	2.54% \$1,316,197	3.54% \$1,106,397	4.54% \$943,293
CEIP Total OPEB Liability	2.65% \$154,608	3.65% \$128,472	4.65% \$108,278
MCHCP-CU Net OPEB Liability	4.50% \$683	5.50% \$579	6.50% \$496

**Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates**

Regarding the sensitivity of the net OPEB liability for MCHCP and the total OPEB liability for MHPML and CEIP, to changes in healthcare cost trend rates, the following presents the plan's liability, calculated using healthcare cost trend rates, as well as, what the plan's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	1% Decrease	Current Health Care Cost Trend Rates	1% Increase
MCHCP Net OPEB Liability	\$1,198,046	\$1,402,070	\$1,655,859

**Note 8 - Other Postemployment Benefits (cont.)**

**OPEB Plan Fiduciary Net Position**

Detailed information about the OPEB plan's fiduciary net position is available in the financial reports issued by MCHCP:

Missouri Consolidated Health Care Plan  
P.O. Box 104355  
Jefferson City, Missouri 65110-4355  
[www.mchcp.org](http://www.mchcp.org)

**Missouri State Insured Defined Benefit Insurance Plan**

The Missouri State Insured Defined Benefit Insurance Plan is administered through The Standard, which is a third party administrator with oversight by Missouri State Employees Retirement System (MOSERS). In the event that the Standard becomes insolvent, the Missouri Guarantee Association will work with the Standard to see what assets are available to handle their liabilities and the MO Guarantee Association would handle the open and unpaid claims up to the maximum outlined in Section 376.717, RSMo.

**Retiree Life Insurance**

Members who retire on or after October 1, 1985, or retirees of the Department of Labor and Industrial Relations (DOLIR) who retire on or after January 1, 1996, are eligible for \$5,000 of state-sponsored basic life insurance coverage if they retire directly from active employment. This group plan is financed on a percentage of payroll and is purchased as a group policy through competitive bids. Premiums are contributed as provided by Section 104.515, RSMo. Retirees of the DOLIR who retire prior to January 1, 1996, are eligible for state-sponsored insured defined benefit coverage in the same amount of coverage they were receiving through the DOLIR. The coverage for this closed group is purchased as a group policy at a current cost of \$2.07 per thousand dollars of coverage, per month as provided by Section 288.225, RSMo. The cost for fiscal year 2023 was \$2,176,000.

**Long-Term Disability Insurance (LTD)**

MOSERS provides LTD coverage for eligible members and generally includes those active members of MOSERS' retirement plans who do not have other disability coverage and are not yet eligible to receive normal (unreduced) retirement benefits. There were 31,232 members covered under the program as of June 30, 2023. This insured defined-benefit coverage is billed on percentage of covered payroll (0.04%). Purchased as group policy through competitive bids, LTD is administered by The Standard Insurance Company. The cost for the year ended June 30, 2023, was \$7,655,000. Premiums are contributed by the State and its component employers as provided for by Section 104.515, RSMo.

**Note 8 - Other Postemployment Benefits (cont.)**

**University of Missouri System**

**Plan Description**

In addition to the retirement benefits described in *Note 7*, the University of Missouri operates a single-employer, defined benefit Other Postemployment Benefits (OPEB) Plan. The assets of the OPEB Trust Fund are irrevocable and legally protected from creditors and dedicated to providing postemployment benefits in accordance with the plan. The OPEB plan provides postemployment medical, dental, and life insurance benefits to employees who retire from the University after attaining age 55 and before reaching age 60 with ten or more years of service, or after attaining age 60 with five or more years of service. As of January 1, 2018, employees must be 60 years old and have 20 years of service at the date of retirement to access the same percentage subsidy as retirees prior to January 1, 2018. Employees with age plus years of service less than 80, but with more than 5 years of service as of January 1, 2018, will receive a subsidy of \$100 per year of service up to a maximum of \$2,500 annually. Employees with less than 5 years of service as of January 1, 2018, will not receive an insurance subsidy or be eligible to participate in the University's plans.

As of June 30, 2023, 8,261 retirees were receiving benefits, and an estimated 6,594 active University employees may become eligible to receive benefits under the plan. Postemployment medical, dental and life insurance benefits are also provided to long-term disability claimants who were vested in the University's Retirement Plan at the date the disability began, provided the onset date of the disability was on or after September 1, 1990. As of June 30, 2023, 115 long-term disability claimants met those eligibility requirements. The terms and conditions governing the postemployment benefits to which employees are entitled are at the sole authority and discretion of the University's Board of Curators. The OPEB plan does not issue a separate financial report.

**Contributions**

Postemployment benefits are funded through both employer and employee contributions. Contribution requirements of employees and the University are established and may be amended by the University's Board of Curators. For employees retiring prior to September 1, 1990, the University contributes 2/3 of the medical benefits premium and 1/2 of the dental plan premium. For employees who retire on or after September 1, 1990, the University contributes towards premiums based on the employee's length of service and age at retirement.

The University makes available two group term life insurance options. Option A coverage is equal to the retiree's salary at the date of retirement, while Option B is equal to two times the amount. For each option, graded decreases in coverage are made when the retiree attains specific age levels. The University pays the full cost of Option A and approximately 91% of Option B coverage. Coverage for group term life insurance ends on January 1 following the retiree's 70th birthday.

For the year ended June 30, 2023, participant contributions were \$16,957,000, or approximately 53.6%, of the total premiums through their required contributions, which vary depending on the plan and coverage selection. In fiscal year 2023, the contribution rate as a percentage of covered payroll was 2.68% and the University contributed \$14,706,000.

The University also makes available two long-term disability options to its employees. Option A coverage is equal to 60% of the employee's salary on the date the disability began, when integrated with benefits from all other sources. Option B coverage is equal to 66-2/3% of the employee's salary, integrated so that benefits from all sources will not exceed 85% of the employee's salary. Both options have a 149-day waiting period and provide benefits until age 65. The University pays the full cost of the Option A premium, while employees enrolled in Option B pay the additional cost over the Optional A premium.

**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 8 - Other Postemployment Benefits (cont.)**

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources**

At June 30, 2023, the net OPEB liability for the University was based on an actuarial valuation as of June 30, 2023, and measured as of that date. For the year ended June 30, 2023, fiduciary net position as a percentage of the net OPEB liability amounted to 22.19%.

Changes in net OPEB liability (in thousands of dollars):

	Total OPEB Liability (TOL)	Fiduciary Net Position (FNP)	Net OPEB Liability (NOL)
Balances at June 30, 2022	\$ 199,702	\$ 39,922	\$ 159,780
Changes for the year:			
Service Cost	2,180	—	2,180
Interest	6,888	—	6,888
Changes of Benefit Terms	(23,906)	—	(23,906)
Differences between expected and actual experience	858	—	858
Changes in assumptions	20,161	—	20,161
Contributions – Employer	—	14,706	(14,706)
Contributions – Employee	—	16,957	(16,957)
Net Investment Income	—	2,509	(2,509)
Benefit payments, including refunds of employee contributions	(14,727)	(31,684)	16,957
Net Changes	(8,546)	2,488	(11,034)
Balances at June 30, 2023	<u>\$ 191,156</u>	<u>\$ 42,410</u>	<u>\$ 148,746</u>

For the year ended June 30, 2023, the University recognized OPEB expense of (\$68,962,000). At June 30, 2023, deferred outflows of resources and deferred inflows of resources related to OPEBs were reported from the following sources (in thousands of dollars):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 10,879	\$ 8,421
Changes in assumptions	15,208	116,523
Net difference between projected and actual earnings on OPEB plan investments	—	2,255
Total	<u>\$ 26,087</u>	<u>\$ 127,199</u>

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 8 - Other Postemployment Benefits (cont.)**

The University recognizes differences between actual and expected investment performance included in deferred outflows/inflows of resources on a straight-line basis over five years. Differences between expected and actual experience on actuarial assumptions are amortized over the average expected remaining service life of the University's employees. The following table summarizes the future recognition of those items (in thousands of dollars):

Fiscal Year Ended June 30	Net Deferred Outflows/Inflows of Resources
	Recognition
2024	\$ (50,797)
2025	(42,538)
2026	(7,637)
2027	(140)
Totals	<u>\$ (101,112)</u>

**Actuarial Assumptions**

The total OPEB liability at June 30, 2023, is based upon the June 30, 2023, actuarial valuation, using the entry age normal, as a level percentage of pay, actuarial cost method. Significant actuarial assumptions used in the actuarial valuations are the following:

Price Inflation	2.20 %
Salary Increases	Varies based on age: 0.3% to 6.0% (including inflation) for academic and administrative; 0.2% to 3.1% (including inflation) for clerical and service.
Investment Rate of Return	3.65 %
Pre-65 Medical and HSP Plans Trend Rate	7.25% for Medical and 6.5% for HSP Plan decreasing by 0.25% per year until an ultimate trend of 4.5% is reached.
Pre-65 Rx trend rate	8.25% decreasing by 0.25% per year until an ultimate trend of 4.5% is reached.
Post-65 Medicare Base and Rx Trend Rate	3.02%, then 6.0% decreasing by 0.25% per year until an ultimate trend of 4.50% is reached.
Post-65 Medicare Buyup and Rx trend rate	11.5%, then 6.0% decreasing by 0.25% per year until an ultimate trend of 4.50% is reached.
Dental trend rates	2.00 %

The University's actuarial assumptions used in the June 30, 2023, valuation involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Benefit projections for financial reporting purposes are based on the benefits provided under the terms of the substantive plan in effect at the time of each valuation and the historical pattern of cost sharing between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. For healthy retiree mortality rates, the Pub-2010 Teacher Employee and Healthy Annuitant Headcount-Weighted Mortality Tables, weighted 95% for males and 103% for females, with generational projection using Scale MP-2020 was used for academic and administrative members. The Pub-2010 General Employee and Healthy Annuitant Headcount-Weighted Mortality Tables, weighted 124% for males and 112% for females, with generational projection using Scale MP-2020 was used for clerical and service members. For disabled retiree mortality rates, the Pub-2010 Non-Safety Disabled Annuitant Headcount-Weighted Mortality Table, weighted 95% for males and females, with generational projection using Scale MP-2020 was used.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 8 - Other Postemployment Benefits (cont.)**

**Discount Rate**

The discount rate used to measure the total OPEB liability was 3.65% for the year ended June 30, 2023. The projection of cash flows used to determine the discount rate assumed that the University would not make additional contributions to the OPEB Trust and would continue to fund the plan on a pay-as-you-go basis. Based on those assumptions, the OPEB Plan's fiduciary net position was not projected to cover a full year of projected future benefit payments. Therefore, all future benefit payments are discounted at the current index rate for 20 year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

**Sensitivity of the Net OPEB Liability to Changes in the Discount Rate**

Regarding the sensitivity of the net OPEB liability for the University, to changes in the single discount rate, the following presents the University's liability, calculated using a single discount rate, as well as, what the plan's liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	<u>1% Decrease</u>	<u>Current Single Discount Rate Assumption</u>	<u>1% Increase</u>
	2.65%	3.65%	4.65%
Net OPEB Liability	\$173,859	\$148,746	\$127,910

**Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates**

Regarding the sensitivity of the net OPEB liability for the University, to changes in healthcare cost trend rates, the following presents the University's liability, calculated using healthcare cost trend rates, as well as, what the plan's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	<u>1% Decrease</u>	<u>Current Health Care Cost Trend Rates</u>	<u>1% Increase</u>
Net OPEB Liability	\$139,461	\$148,746	\$159,505

**Note 9 - Deferred Compensation**

**Missouri State Public Employees' Deferred Compensation Plan:**

In accordance with Internal Revenue Code Section 457, the State offers all employees the opportunity to participate in the Missouri State Public Employees' Deferred Compensation Plan. Under the Plan, employees are permitted to defer a portion of their current salary until future years.

All amounts of compensation deferred under the Plan must be held in a trust, custodial account, or annuity contract for the exclusive benefit of Plan participants and their beneficiaries. Investments are managed by the Plan's trustee under one of several investment options, or a combination thereof. The choice between the investment option(s) available by the Plan is made by the participants.

Copies of the Plan's financial statements may be requested from:

Plan Administrator  
c/o MOSERS  
P.O. Box 209  
907 Wildwood Drive  
Jefferson City, Missouri 65102-0209

**Missouri State Public Employees' Deferred Compensation Plan:**

The Plan was established by the Missouri State Public Employees' Deferred Compensation Commission in July 1995 pursuant to Section 401(a) of the Internal Revenue Code.

Under the Plan provisions, any employee of the State is eligible to participate in the Plan if he/she has been an employee of the State for at least 12 consecutive months preceding any employer contributions to the Plan, and is making continuous monthly deferrals of at least \$25 to the Missouri State Public Employees' Deferred Compensation Plan. The State, subject to appropriation, contributes \$25 or up to a maximum of \$75 per month for each employee that meets these requirements based on employee contribution.

The first employer contributions to the Plan were made in January 1996. The Plan receives contributions from employers as well as rollovers from other qualified plans. During fiscal year 2023, net rollovers and contributions to ICMA-RC were \$24,689,000.

Copies of the Plan's financial statements may be requested from:

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 11 - Debt**

**Bonds:**

All of the State's Bonds are long-term liabilities and are reconciling items from governmental fund financial statements to government-wide financial statements, with the exception of Board of Public Buildings, Series A 2021. On the Government-Wide Statement of Net Position, the long-term liabilities are shown as the amounts due within one year from the date of the statement and the amounts due in more than one year from the date of the statement. Board of Public Buildings, Series A 2021, is paid with enterprise funds and is reported as a long-term obligation in the Proprietary Funds *Statement of Net Position*.

**General Obligation Bonds:**

The Board of Fund Commissioners of the State of Missouri, upon voter approval and subsequent authorization of the General Assembly, issues general obligation bonds that are secured by a pledge of the full faith, credit, and resources of the State. The principal and interest amounts are transferred one year in advance from the General Fund or other funds to the debt service funds from which principal and interest payments are made. There are no general obligation bonds that are currently outstanding.

As of June 30, 2023, \$594,494,240 of the Water Pollution Control Bonds; \$250,000,000 of the Fourth State Building Bonds; and \$45,000,000 of the Stormwater Control Bonds have been issued. The remaining authorization for the Water Pollution Control Bonds is \$130,505,760 and for Stormwater Control Bonds is \$155,000,000.

**Other Bonds:**

The Board of Public Buildings of the State of Missouri, upon the approval of the General Assembly, issues revenue bonds for building projects and commits state agencies to lease space in these buildings. The General Assembly appropriates to the Board, on behalf of the state agencies, amounts sufficient to pay the principal and interest on the bonds, maintain certain required reserves, and to pay the costs of operations. The total amount authorized for the Board equals \$1,545,000,000.

To take advantage of lower interest rates, the Board of Public Buildings has issued bonds to refund various outstanding bond issues. The following indicates the outstanding refunding bonds issued by the Board (in thousands of dollars):

	Date Issued	Amount Issued	Series Refunded	Amount Refunded
Board of Public Buildings:				
Series A 2011-Refunding	09/27/11	\$ 143,020	A 2001	\$ 126,850
			A 2003	12,620
			A 2006	3,175
Series A 2014-Refunding	08/19/14	88,680	A 2006	87,225
Series A 2015-Refunding	04/01/15	20,250	A 2011-Refunding	21,380
Series A 2020-Refunding	03/26/20	38,920	A 2011-Refunding	40,350
Series B 2020-Refunding	08/25/20	172,850	A 2012-Refunding	185,850
			A 2013-Refunding	19,635

The additional principal amount of the refunding bonds does not decrease the amount of the authorization.

As of June 30, 2023, the Board of Public Buildings Bonds had issued \$1,253,800,000 of the bond authorization. The remaining authorization is \$291,200,000.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

**Note 11 - Debt (cont.)**

The Missouri Development Finance Board (MDFB) issued \$92,660,000 of Series 2014 Bonds dated December 10, 2014 and \$97,225,000 of Series 2016 Bonds dated December 15, 2016, to fund the replacement of the Fulton State Hospital. These bonds are special, limited obligations of the Board and do not constitute a pledge of the full faith and credit of the State. However, under a financing agreement, the Office of Administration will request that the Governor's annual budget request to the General Assembly include the State's financing amount for principal and interest each year.

The MDFB – Fulton State Hospital Project Bonds issued and outstanding as of June 30, 2023, were as follows (in thousands of dollars):

	Interest Rates	Payment Dates	Issue Date	Final Maturity Date	Issued	Outstanding
Fulton State Hospital Project Bonds:						
Series 2014	2.125 - 5.0%	4/1; 10/1	12/14	10/1/32	\$ 92,660	\$ 36,940
Series 2016	4.0 - 5.0%	4/1; 10/1	12/16	10/1/31	97,225	27,085
Total Fulton State Hospital Bonds					<u>\$ 189,885</u>	<u>\$ 64,025</u>

As of June 30, 2023, the debt service requirements for principal and interest in future years for the Fulton State Hospital Project Bonds (based on the financing agreement between the State and the Board) were as follows (in thousands of dollars):

Fiscal Year Ended June 30	Principal	Interest	Totals
2024	\$ 6,475	\$ 2,237	\$ 8,712
2025	6,710	2,000	8,710
2026	6,965	1,738	8,703
2027	7,245	1,451	8,696
2028	7,540	1,153	8,693
2029-2033	29,090	2,754	31,844
Totals	<u>\$ 64,025</u>	<u>\$ 11,333</u>	<u>\$ 75,358</u>

The Missouri Development Finance Board (MDFB) issued \$33,800,000 of Series A 2016 Bonds dated March 11, 2016, to fund the State Historical Society project. These bonds are special, limited obligations of the Board and do not constitute a pledge of the full faith and credit of the State. However, under a financing agreement, the Office of Administration will request that the Governor's annual budget request to the General Assembly include the State's financing amount for principal and interest each year.

The MDFB – State Historical Society Project Bonds issued and outstanding as of June 30, 2023, were as follows (in thousands of dollars):

	Interest Rates	Payment Dates	Issue Date	Final Maturity Date	Issued	Outstanding
State Historical Society Project Bonds:						
Series A 2016	2.0 - 5.0%	4/1; 10/1	3/16	10/1/35	<u>\$ 33,800</u>	<u>\$ 24,340</u>

**State Road Bonds:**

The Missouri Highways and Transportation Commission authorized by Article IV, Section 29-34 of the Missouri Constitution and Section 226.133 of the State Highway Act, issues bonds for highway construction and repairs. Under the Missouri Constitution, the principal and interest of the State Road Bonds are payable solely from the revenues of the Missouri Road Fund. State Road Bonds have the following levels of priority: Senior Bonds, First Lien Bonds, Second Lien Bonds, and Third Lien Bonds. Proceeds from State Road Bonds are used for the purpose of constructing and maintaining the State's highways. As of June 30, 2023, the Missouri Highways and Transportation Commission had issued \$4,532,525,000. In addition, Senate Concurrent Resolution 14 authorized \$301,000,000 in Missouri Highways and Transportation Commission bonds to renovate bridges and other important transportation infrastructure. The Third Lien State Road Bonds, Series B 2019 and the Third Lien State Road Bonds, Series A 2021 are payable from the General Revenue Fund.

To take advantage of lower interest rates, the Missouri Highways and Transportation Commission has issued Bonds to refund various outstanding bond issues. The following indicates the outstanding refunding bonds issued by the Commission (in thousands of dollars):

	<u>Date Issued</u>	<u>Amount Issued</u>	<u>Series Refunded</u>	<u>Amount Refunded</u>
Senior Lien State Road Bonds:				
Series A 2014-Refunding	6/3/14	589,015	A 2006	\$ 149,150

**Component Units' Bonds and Direct Placements** - The following bonds are included in the balance sheet of the college and universities and the non-major component units.

Major

College and Universities:

The college and universities of the State issue revenue bonds for various projects on each respective campus. Bonds are payable, both principal and interest, only out of net income and revenues arising from operations of facilities funded by the bonds. As of June 30, 2023, debt service requirements for principal and interest for the college and universities were as follows (in thousands of dollars):

Fiscal Year Ended June 30	Bonds from Direct Placements		Other Bonds		Totals

<sup>(1)</sup>The bond schedule does not include notes payable, therefore, it differs from the bonds and notes payable amount reported in the statements.

Non-Major

Missouri Development Finance Board:

In December 2000, the Board issued \$6,500,000 in St. Louis Convention Center Hotel Series 2000B, taxable infrastructure facilities revenue bonds and \$14,600,000 in St. Louis Convention Center Hotel Series 2000C, tax-exempt infrastructure facilities revenue bonds, respectively for the purpose of paying the costs of acquiring land and constructing a parking garage. These bonds were remarketed in June 2020 as \$4,590,000 2020B and \$4,730,000 2020C bonds, replacing 2000B and 2000C, respectively. Bonds are payable, both principal and interest, out of revenues derived from the operation of the parking garage.

In April 2010, the Board issued \$9,000,000 in Seventh Street Garage Series 2010, tax exempt infrastructure facilities revenue bonds.

Totals <sup>(1)</sup>	<u>\$ 11,884</u>	<u>\$ 4,543</u>	<u>\$ 16,427</u>

<sup>(1)</sup>The bond schedule does not include notes payable, therefore, it differs from the bonds and notes payable amount reported in the statements.

The annual debt service schedule assumes an interest rate of 4.0 percent, representing the average interest rate at June 30, 2023, for the Series 2020B and Series 2020C bonds. For the period May 1, 2015 through maturity, the Seventh Street Garage bonds will carry a fixed rate of interest recalculated every five years. The rate for the period beginning May 2015 and ending April 2020 was 4.25 percent. For the five year period beginning May 2020 and ending May 2025, the rate is a monthly term of LIBOR on the first day of the month not to be less than 3.0 percent. The rate for the period beginning May 2020 is assumed to be 3.0 percent.

**Financed Purchases from Direct Borrowings:**

The State has entered into various agreements for financed purchases from direct borrowings for buildings, equipment, and software. Through contracts with Central Bank, the State has a \$5.9 million obligation outstanding as of June 30, 2023, for governmental activities. These financed purchases are secured with collateral of capital assets in the amount of \$11.7 million. In the event of default, the lease shall be terminated and the resulting property returned to the lessor. If the termination is the result of non-appropriation, the State shall deliver the property to the lessor within 10 business days after the termination of the lease schedule. If the property is not delivered within 10 business days, then the State shall also be responsible for the payment of damages in an amount equal to the amount of the lease payments that would have thereafter come due on the lease schedule had it not been terminated. The State had an unused line of credit in the amount of \$73.5 million at the end of fiscal year 2023.

The State has entered into an agreement for financed purchases from direct borrowings for energy star equipment through a contract with Bank of America. These purchases are secured with capital assets as collateral with a value of \$3.8 million. The State has a \$0.2 million obligation outstanding as of June 30, 2023, for governmental activities. In the event of default, the lease shall be terminated and the resulting property returned to the lessor. If the termination is the result of non-appropriation, the State shall deliver the property to the lessor within 10 business days after the termination of the lease schedule. If the property is not delivered within 10 business days, then the State shall also be responsible for the payment of damages in an amount equal to the amount of the lease payments that would have thereafter come due on the lease schedule had it not been terminated. The State had no available line of credit at the end of fiscal year 2023.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 11 - Debt (cont.)**

Through a contract with IBM, the State has \$5.7 million of financed purchases from direct borrowings outstanding as of June 30, 2023, for governmental activities. These financed purchases are secured with capital assets in the amount of \$15.7 million. The State of Missouri can terminate the agreement with written notice prior to 90 days of each starting anniversary. Upon termination, the State will pay to IBM all amounts due and payable including cross-band allotment offerings, termination and/or financing prepayments and applicable taxes on or before the termination. The State of Missouri may elect to cancel the fixed term license program under the agreement by giving IBM 30 day's written notice and may receive a prorated credit for a prepaid term. The prorated credit may be used to purchase IBM programs prior to the end date or termination of the remaining agreement. The credits are not transferable, cannot be converted to cash, and upon expiration eligible credit will be forfeited. The State had no available line of credit at the end of fiscal year 2023.

The State has entered into an agreement for financed purchases from direct borrowings for Leasehold Revenue Bonds through a contract with Missouri Development Finance Board. The State's obligation under the purchase does not constitute a general obligation or other indebtedness of the State. Ownership transfers to the State at the end of the term. The State has a \$17.1 million obligation outstanding as of June 30, 2023. The payments under the agreement have been structured in the amounts sufficient to pay principal and interest on the Leasehold Revenue Bonds issued by the Board. In November 2005, the Board issued \$28,995,000 of the Leasehold Revenue Bonds Series 2005 for the purpose of purchasing buildings in Florissant, St. Louis, and Jennings. In May 2006, the Board issued \$9,865,000 of Leasehold Revenue Bonds Series for the purpose of purchasing one building in St. Louis. In June 2013, the Board issued \$21,820,000 of Leasehold Refunding Bond Series A 2013 and \$7,450,000 of Leasehold Revenue Refunding Bonds Series B 2013 for the purpose of refunding \$20,805,000 of Leasehold Revenue Bonds Series 2005 and \$7,100,000 of Leasehold Revenue Bonds Series 2006, respectively. The payments are subject to annual appropriation by the State legislature. The State had no available line of credit at the end of fiscal year 2023.

As of June 30, 2023, debt service requirements for principal and interest in future years for direct borrowings were as follows (in thousands of dollars):

Fiscal Year Ended June 30	Financed Purchases from Direct Borrowings					
	Governmental Funds		Internal Service Funds		College and Universities	
	Principal	Interest	Principal	Interest	Principal	Interest

**Note 12 - Defeased Debt**

**A. Current Year Debt Defeasance**

On August 11, 2022, the State defeased the University of Missouri Lafferre Hall Project in the amount of \$6,925,000. This project is part of the Board of Public Buildings Series A 2015 New Money Bonds. The defeasance is an extinguishment of the debt as the Board was legally released from its obligation. Accordingly, the amount defeased is excluded from the Statement of Net Assets.

On August 11, 2022, the State defeased the State Facilities Project and the State Capitol Project in the amount of \$2,050,000. These projects are part of the Board of Public Buildings Series A 2018 Bonds. The defeasance is an extinguishment of the debt as the Board was legally released from its obligation. Accordingly, the amount defeased is excluded from the Statement of Net Assets.

On August 11, 2022, the State defeased the Fulton State Hospital Project in the amounts of \$34,565,000 and \$53,725,000. This project is part of the Missouri Development Finance Board Series 2014 and Series 2016. The defeasance is an extinguishment of the debt as the Board was legally released from its obligation. Accordingly, the amount defeased is excluded from the Statement of Net Assets.

During fiscal year 2023, Truman State University called and defeased the 2015 series of revenue bonds, in the amount of \$8,885,000. As a result, the liability for the bond has been removed from the financial statements and the University saved \$1,900,000 in interest expense.

**B. Cumulative Debt Defeasances**

Various bond issues have been defeased by the advance refunding of bonds. Irrevocable escrow accounts, containing proceeds of the refunding bond issues in the form of cash and U.S. government securities, are used to pay principal, interest, or redemption prices of the defeased bonds as and when due.

For financial reporting purposes, the following debt has been defeased via an advance refunding and, therefore, removed as a liability from the college and universities Statement of Net Position.

College and Universities - As of June 30, 2023, bonds outstanding of \$36,018,000 are defeased.

Receivables, net	<u>\$ 7,568,238</u>	<u>\$ 190,660</u>	<u>\$ 7,758,898</u>

Governmental activities lease receivables are held primarily by Missouri Road fund and business-type activities lease receivables are held by State Parks.

For the fiscal year ended June 30, 2023, the statement of activities includes lease revenues and interest of \$975,000 and \$64,000, respectively for governmental activities and \$20,000 and \$16,000 for business-type activities. There was no additional revenue for variable and other payments not included in the measurement of the lease receivable.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

**Note 14 - Deferred Inflows and Outflows**

Deferred outflows of resources are defined as consumption of net assets by the government that is applicable to a future reporting period. Deferred inflows of resources are defined as acquisition of net assets by the government that is applicable to a future reporting period. Deferred outflows increase net position, similar to assets and deferred inflows decrease net position, similar to liabilities.

The components of deferred outflows of resources and deferred inflows of resources reported in the government-wide financial statements as of June 30, 2023, are as follows (in thousands):

	Primary Government			Component Units
	Governmental Activities	Business-Type Activities	Total	
<b>Deferred Outflows of Resources</b>				
Pension Differences Between Expected and Actual Experience	\$ 88,836	\$ 591	\$ 89,427	\$ 145,560

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

**Note 16 - Interfund Transfers**

All transfers must be legally authorized by the legislature through transfer appropriations. Interfund transfers for the fiscal year ended June 30, 2023, were as follows (in thousands of dollars):

<b>Transfers In:</b>					
	General Fund	Public Education	Conservation and Environmental Protection	Missouri Road Fund	Non-Major Governmental Funds
<b>Transfers Out:</b>					
General Fund	\$ —	\$ 1,009,733	\$ 1,474	\$ 45,249	\$ 277,548
Public Education	38,545	—	—	—	—
Conservation and Environmental Protection	984	—	—	—	—
Non-Major Governmental Funds	12,576	5,000	—	627,794	4,100
State Lottery	—	395,390	—	—	—
Unemployment Compensation	405	—	—	—	3,144
Non-Major Enterprise Funds	30	—	—	—	—
Internal Service Funds	8,397	—	—	—	19
<b>Totals</b>	<b>\$ 60,937</b>	<b>\$ 1,410,123</b>	<b>\$ 1,474</b>	<b>\$ 673,043</b>	<b>\$ 284,811</b>

	State Lottery	Unemployment Compensation	Non-Major Enterprise Funds	Internal Service Funds	Totals
<b>Transfers Out:</b>					
General Fund	\$ —	\$ 8,970	\$ 1,314	\$ 2,600	\$ 1,346,888
Public Education	—	—	—	—	38,545
Conservation and Environmental Protection	—	—	—	—	984
Non-Major Governmental Funds	—	—	—	53	649,523
State Lottery	—	—	—	—	395,390
Unemployment Compensation	—	—	—	—	3,549
Non-Major Enterprise Funds	—	—	—	—	30
Internal Service Funds	13	—	—	20	8,449
<b>Totals</b>	<b>\$ 13</b>	<b>\$ 8,970</b>	<b>\$ 1,314</b>	<b>\$ 2,673</b>	<b>\$ 2,443,358</b>

Principal reasons for interfund transfers include:

- moving general revenue funds to support elementary and secondary education
- moving state lottery funds to support elementary and secondary education
- moving general revenue funds to support social assistance programs reported in non-major governmental funds
- moving funds related to the construction of capital assets

During fiscal year 2023, there were transfers of \$1,000 from internal service funds to the general fund and special revenue funds due to funding source changes relating to leased assets. These are lease liability and capital assets in the internal service funds and excluded from the governmental funds; therefore these transfers are not included in the reconciliation. This is because governmental funds use the modified accrual basis of accounting and therefore do not report lease liability or capital assets on their financial statements. These transfers were eliminated at government wide.

<b>Total Component Units</b>	<b>\$ 7,438,370</b>	<b>\$ (6,341)</b>	<b>\$ 7,432,029</b>

**Breakdown of restatements by type:**

- General Fund, the restatement is due to a decrease of cash and cash equivalents of \$578,000, an increase of accounts receivable of \$129,239,000, an increase in deferred inflows of resources due to unavailable revenues by \$129,240,000 and a decrease of \$15,854,000 in escheat/unclaimed property. In addition, the reclassification of the Investor Restitution Fund from a general fund to a custodial fund decreased cash and cash equivalents by \$20,000, decreased investments by \$35,000, decreased accounts receivable by \$23,530,000, and decreased deferred inflows of resources due to unavailable revenues by \$23,530,000.
- Public Education, had a net restatement of \$0 due to an increase of accounts receivable of \$104,999,000 and an increase in deferred inflows of resources due to unavailable revenues by \$104,999,000.
- Conservation and Environmental Protection, the restatement is due to a decrease in accounts receivable of \$65,000.
- Missouri Road Fund, the restatement is due to an increase of prepaid items of \$1,412,000.
- Non-major special revenue funds, the restatement is due to an increase in accounts receivable by \$336,567,000, a decrease in due from other funds by \$777,000, an increase in due to other funds of \$2,405,000 and an increase in deferred inflows of resources due to unavailable revenues by \$337,233,000.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 17 - Restatements (cont.)**

- Lottery, the restatement is due to an increase in capital assets (net of accumulated depreciation/amortization) of \$882,000 and an increase in lease liability of \$733,000 due to the implementation of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*.
- Unemployment Compensation, the restatement is due to a increase in due from other funds of \$2,405,000 and an decrease in due to other funds of \$777,000.
- Non-major enterprise funds, the restatement is due to a decrease in accounts receivable of \$37,000, an increase in capital assets (net of accumulated depreciation/amortization) of \$17,000, and an increase in lease liability of \$4,000.
- Non-major internal service funds, the restatement is due to an increase in accounts receivable of \$21,000, a decrease of capital assets (net of accumulated depreciation/amortization) of \$505,000 and an increase in deferred inflows for lease receivables of \$118,000.
- Custodial Funds, the restatement is due to a decrease of cash and cash equivalents of \$28,992,000, a decrease of investment of \$11,343,000, an increase of accounts receivable of \$27,099,000 and a decrease of accounts payable of \$27,000. In addition, the reclassification of the Investor Restitution Fund from a general fund to a custodial fund increased cash by \$20,000, increased investments by \$35,000, and increased accounts receivable by \$23,525,000.
- Discretely presented component units - colleges and universities, the restatement is due to a decrease in net receivable of \$4,707,000, a decrease in capital assets (net of accumulated depreciation/amortization) of \$3,084,000, an increase in inventory of \$2,709,000, a decrease in deferred outflows of \$14,000, a decrease in deferred inflows of \$8,000, a decrease in other post employment benefit obligations of \$239,000 and an increase in net position by \$390,000 due to the implementation of GASB Statement No. 96, *Subscription-Based information Technology Arrangements*. In addition, Harris-Stowe college had an increase in net position of \$747,000 due to only receiving a draft ACFR for period ending June 30, 2022. Harris-Stowe no longer includes Harris-Stowe Foundation Inc. as a discretely presented component unit in their financial statement causing a decrease in net position of \$2,629,000.

**Purpose for restatements:**

The items on the schedule were restated as a result of additional information received this year related to prior year corrections.

On the Government-Wide Statement of Activities, net position for the governmental activities were restated by the amounts shown on the restatement schedule for governmental funds and internal service funds. In addition, internal balance increased by \$3,000, capital assets (net of accumulated depreciation/amortization) increased by \$3,354,000, deferred outflows relating to asset retirement obligation increased by \$1,000, lease liability increased by \$2,955,000, asset retirement obligation increased by \$3,000, and net position increased \$547,942,000 due to recognition of revenue previously classified as a deferred inflow of resources in the general fund and special revenue funds causing it to no longer be a reconciling item to the Statement of Net Position. The net amount of \$547,942,000 Net Position increase is comprised of a decrease of \$23,530,000 for the reclassification of a fund (see Note 2) and an increase of \$571,472,000 due to the recognition of receivables previously not reported. Upon further review of the implementation of GASB 34, we determined a misstatement of capital assets (net of accumulated depreciation/amortization) for an increase of \$104,136,000.

On the Government-Wide Statement of Activities, net position for the business-type activities were restated by the amounts shown on the restatement schedule for enterprise funds and by a decrease in internal balance of \$3,000.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 18 - Fund Deficit**

The following funds had a deficit balance:

Enterprise Funds – State Lottery and State Agency for Surplus Property, Internal Service Funds – Natural Resources Cost Allocation, Working Capital Revolving, Economic Development Administrative, and Professional Registration Fees, and Component Unit Funds – Missouri Wine and Grape – At June 30, 2023, these funds had a net position deficit of \$17,466,000, \$685,000, \$25,073,000, \$4,634,000, \$3,795,000, \$12,585,000, and \$990,000 respectively. These funds have deficit balances due to the fiscal year 2015 implementation of GASB 68 and the reporting of net pension liabilities and the fiscal year 2018 implementation of GASB 75 and the reporting of OPEB liabilities. It is expected that these liabilities will be funded over time.

Enterprise Fund – Petroleum Storage Tank Insurance – At June 30, 2023, this fund had a net position deficit of \$47,318,000. The deficit occurred when transport load fees collected were not sufficient to cover the estimated claims liability for clean up of petroleum storage tank leaks. This liability amount is the cumulative result of numerous years of petroleum storage tank leaks. Per Section 319.129, RSMo, this fund will not accept new claim liabilities after December 31, 2030, or upon revocation of federal regulation 40 CFR, whichever occurs first, unless extended by action of the General Assembly. Under Section 319.132, RSMo, the Board of Trustees has authority to increase the transport load fee to a maximum of \$60 per 8,000 gallons. In addition, under Section 319.133, RSMo, the Board can increase annual participation fees to a maximum of \$500 per tank per year. These facts, along with the knowledge that PSTIF's claim reserves are set using very conservative assumptions, assure that adequate revenues will be available to meet its liabilities. Per Section 319.131, RSMo, the liability of the Petroleum Storage Tank Insurance Fund is not the liability of the State. Upon dissolution of this fund, the liability would be liquidated.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

**Note 19 - Tax Abatements**

The State has entered into various agreements to provide tax abatement's through certain programs that provide economic benefit to the State.

\*\* No abatement reported for fiscal year 2023

**Housing**

The Missouri Low Income Housing Tax Credit (MOLIHTC) is authorized by Sections 135.350-135.363, RSMo, and is a ten year tax credit which is available to qualified owners of affordable rental housing. To qualify upon application, a development must 1) rent at least 20% of its units to families earning 50% of the area median family income, 2) rent at least 40% of its units to families earning 60% of the area median family income, each adjusted for family size or 3) rents at least 40% of its units to families whose income does not exceed the income limitation designated for the respective unit, where the average of the income-designated units may not exceed 60% AMGI. The MOLIHTC generates equity investments that are purchased by the private sector for the development of new or rehabilitated rental housing which enables owners to lower rents to affordable levels for low-income families. The investor of the MOLIHTC can redeem the credit by applying it dollar for dollar to the following types of tax liabilities: income tax, corporate franchise tax, insurance premium tax, other financial institutions tax, or express company tax. MOLIHTC properties must comply with tenant eligibility, property maintenance, and fair housing law throughout a 15-year period. The Missouri Housing Development Commission monitors the properties for compliance and reports non-compliance to the Internal Revenue Service and Missouri Department of Revenue. Property owners found to be out of compliance are subject to recapture through the provisions of Section 135.355, RSMo and IRS §42. Redemptions were made on MOLIHTC's authorized/issued in prior years. The MOLIHTC reduced state taxes by \$134,029,000 during fiscal year 2023.

**Note 19 - Tax Abatements (cont.)**

The Neighborhood Preservation Tax Credit is authorized by Sections 135.475-135.487, RSMo, and provides incentives for homeowners in lower income areas who rehabilitate or construct owner-occupied homes in qualifying or eligible areas of the State. Upon application, the eligible property must be in a qualifying area with a median household income of less than 70% of the median household income for the metropolitan statistical area (MSA) or non-MSA; or be located in an eligible area with a median household income of 70-89% of the median household income for the applicable MSA or non-MSA. Recipients are eligible to receive a credit for 15% of eligible costs up to \$25,000 per residence for new residences in eligible areas; 15% of eligible costs up to \$40,000 per residence for new residences in qualifying areas; 25% of eligible costs with a minimum of \$10,000 and not to exceed \$25,000 per residence for substantial rehabilitation in eligible areas; 35% of eligible costs with a minimum of \$5,000 or 50% of purchase price and not to exceed \$70,000 per residence for substantial rehabilitation in qualifying areas; and 25% of eligible costs with a minimum of \$5,000 and not to exceed \$25,000 per residence for non-substantial rehabilitation in qualifying areas. The abatement's can be applied against income tax, corporate franchise tax, bank tax, insurance premium tax, or other financial institutions tax. A taxpayer, other than the owner-occupant who receives a certificate of tax credit, shall have 30 days within the date of the sale to furnish satisfactory proof that the residence was sold at market to the Director of the Department of Economic Development (DED). If the Director determines that the residence was not in good faith intended for long-term owner occupancy, then the Director may revoke any tax credits issued and seek recovery of those credits pursuant to Section 620.017, RSMo. There are no other commitments made as part of the agreement. The Neighborhood Preservation Tax Credit reduced state taxes by \$4,668,000 during fiscal year 2023.

**Business Recruitment**

Missouri Quality Jobs is authorized by Sections 620.1875-620.1890, RSMo and provides tax incentives to qualified companies for facilitating the creation of new jobs or the retention of existing jobs in the State. This program has been replaced by Missouri Works, except for current projects. To qualify, the company must create a minimum number of jobs within the project facility within 2 to 3 years after the approval of the Notice of Intent and must maintain those jobs for the duration of the benefit. The average wage of the new jobs must equal or exceed the average county wage and the company must offer health insurance and pay at least 50% of the premium. The company must also submit an annual report. Companies may retain 100% of withholding tax that would otherwise be paid into the State or receive tax credits based on the percentage of new payroll or a combination of both for the new or retained jobs approved. The credits can be applied against income tax, bank tax, insurance premium tax, or other financial institutions tax. There are no provisions for recapture and no other commitments are made as part of the agreement. Missouri Quality Jobs reduced state taxes by \$5,439,000 during fiscal year 2023.

The Missouri Works - Business Incentives is authorized by Sections 620.2000-620.2020, RSMo and provides tax incentives for qualified companies to create or retain jobs in the State. There are several sub-programs under this program with different qualifications for each. To qualify for the credits, a company must create or retain a minimum number of new jobs at the project facility with average wages of 80%, 90%, 100%, 120%, or 140% of the county average wage, depending upon the sub-program. The company must offer health insurance and pay at least 50% of the premium. The company must meet the requirement for new private capital investments, ranging from \$0 to \$500 million. The company must meet the required number of jobs at the applicable % of the county average wage within 2 years of the Approval of the Notice of Intent and must maintain those minimums for the duration of the benefit. The company must also submit an annual report documenting the jobs created, total payroll, and health insurance requirements. Companies may retain 100% of withholding tax that would otherwise be paid into the State or receive tax credits based on the percentage of new payroll or a combination of both for the new or retained jobs approved. The credits can be applied against income tax, bank tax, insurance premium tax, or other financial institutions tax. Taxes may be recaptured due to misrepresentation, out-of-state relocation, or failure to file an annual report. The agreement requires 100% of the benefits received to be repaid within 60 days for misrepresentation or out-of state location or one year for failure to file an annual report. There are no other commitments made as part of the agreement. Missouri Works - Business Incentives reduced state taxes by \$100,419,000 during fiscal year 2023.

**Note 19 - Tax Abatements (cont.)**

Missouri One Start Community College New Jobs Training and Job Retention Training are authorized by Sections 620.800-620.809, RSMo. New Jobs Training provides assistance to eligible companies to train workers in newly created jobs. This program has an annual appropriation. For funding consideration, the company must create new jobs in the state; the project must include eligible training costs, as well as other eligibility criteria such as types of occupations, wage rates, and turnover rates. Job Retention Training provides training assistance to eligible companies for job retention efforts. To qualify, a project must be for an existing Missouri company making a capital investment of at least 5 times the total project costs, retaining at least 100 eligible jobs at the facility for at least one year, be located in a border community, or be determined to represent substantial risk of relocation. Eligible companies for both programs include manufacturing, research and development, or those engaged in interstate commerce. The company must retain the eligible jobs in the project for at least 5 years and use the funding only toward eligible project costs. These programs are administered locally through community colleges. While the recipient's taxes are not actually reduced, a portion of normal withholding payments (paid to the Department of Revenue) are deferred to pay for eligible project costs. The amount that can be deferred is 2.5% of the payroll for the first 100 jobs in the project and 1.5% of the payroll for the remaining jobs in the project. The company may file withholding claims for the project until the budgeted project funds are disbursed; typically for a period of 3-5 years, with maximum limit of 8 years. There are no other commitments under these programs. Recapture provisions apply in accordance with Section 620.017, RSMo in which the recipient shall repay training funds under these programs if the jobs included in the project are moved out of Missouri or are eliminated within five years of the date the project is approved by DED. The Director of the Division of Workforce Development within DED shall have the authority and discretion to exempt the recipient in whole or in part of such repayment. Missouri One Start Community College New Jobs Training and Job Retention Training reduced state taxes by \$600,000 and \$11,418,000, respectively, during fiscal year 2023.

The Missouri Manufacturing Jobs Act is authorized by Section 620.1910, RSMo and provides incentives in the form of retaining withholding taxes to expand manufacturing facilities for an existing product or the creation of a new product. This program sunset in 2016 and no new applications are being accepted. To qualify, manufacturing companies must have a North American Industry Classification System (NAICS) of 33611, which is an establishment primarily engaged in (1) manufacturing complete automobile and light duty motor vehicles or (2) manufacturing automobile and light duty motor vehicle chassis. The company must manufacture goods at a facility in the state throughout the period benefits are received, and make a capital investment at a facility of at least \$75,000 per retained job for the manufacture of a new product within 2 years of beginning to retain withholding taxes or commit to make a capital investment of at least \$50,000 per retained job at the facility for the modification or expansion of the manufacture of an existing product within 2 years of beginning to retain withholding taxes. Qualified suppliers of an eligible manufacturer must attest to DED that they derive more than 10% of its total annual sales revenue from sales to a qualified manufacturing company, add 5 or more new jobs for a period of 3 years, pay wages for the new jobs equal to or exceeding the county average wage using the NAICS industry classification, but are not less than 60% of the statewide average wage, and the company must offer health insurance and pay at least 50% of the premium. If qualified, the company is allowed to retain 100% of the withholding tax that would otherwise have been paid in to the state for those jobs for 10 years for qualified manufacturers or 3 to 5 years for qualified suppliers. There are no provisions for recapture and no other commitments are made as part of the agreement. The Missouri Manufacturing Jobs Act reduced state taxes by \$10,000,000 during fiscal year 2023.

---

**Note 19 - Tax Abatements (cont.)**

Business Use Incentives for Large-Scale Development (BUILD) is authorized by Sections 100.700-100.850, RSMo. The incentives offered by the BUILD Missouri Program are designed to offset infrastructure and other capital costs of certain large projects by making the cost of investing in Missouri more competitive. The costs are financed through the issuance of Board of Certificates (bonds or notes), where the principal and interest will be repaid by the business. Businesses are then reimbursed for these repayments through the issuance by the Board of Missouri state income tax credits. The businesses may use these credits against taxes, which would otherwise be due, or to obtain a refund if the business has insufficient Missouri income tax liability to offset the credit. A business can apply these credits against income tax, bank tax, insurance premium tax, or other financial institutions tax. To qualify, an eligible industry in manufacturing, processing, assembly, research and development, agricultural processing or services in interstate commerce must invest a minimum of \$15 million; or \$10 million for an office industry in an economic development project; and create a minimum of 100 new jobs at the project facility within 3 years, or a minimum of 500 jobs if the project is an office industry, or a minimum of 200 new jobs if the project is an office industry located within a distressed community as defined in Section 135.530, RSMo. The tax credits become subject to recapture if the company does not expend the minimum investment on or before the first test date established in the program agreement, or create and maintain the minimum number of new jobs on or before the first test date. The first test date is the last day of the closest calendar quarter ending 3 years following bond closing. The tax credits are also subject to recapture if the company eliminates or announces its intention to eliminate all the new jobs at the project within 2 years of the first test date. If subject to recapture, the company shall, within 30 days following written demand from the Board, reimburse the Board in full for the face amount of the tax credits received from the date of execution of the program agreement to the date of such demand. There are no other commitments made as part of the agreement. The BUILD program reduced state taxes by \$8,900,000 during fiscal year 2023.

The Enhanced Enterprise Zone is authorized by Sections 135.950-135.973, RSMo and provides tax credits to new or expanding businesses in enhanced enterprise zones. To qualify, a company must create or maintain at least 2 new jobs and make at least \$100,000 in eligible investments. In addition, a Notice of Intent must be approved by DED, and the business must submit an annual report. Eligibility for the credit is determined by the zone based on creation of sustainable jobs in a targeted industry or demonstrated impact on local industry cluster development. Taxes are reduced by claiming a tax credit against the Missouri income tax liability owed to the state. The tax credits are calculated at 2% of new payroll and 0.5% of new investment. There are no provisions for recapture and no other commitments are made as part of the agreement. The Enhanced Enterprise Zone reduced state taxes by \$756,000 during fiscal year 2023.

The Business Facility Tax Credit is authorized by Sections 135.100-135.150 and Section 135.258, RSMo and provides to facilitate the expansion of new or existing facilities in Missouri. To qualify, a Notice of Intent must be approved by DED; the facility must create at least 2 new jobs and make \$100,000 in eligible investments or pursuant to House Bill 191 (2009), for "headquarters" that commence operations and "headquarters" of certain "employee-owned" businesses that commence or expand operations must create 25 new jobs and make \$1,000,000 in new investment. The company must submit an annual report to DED. Taxes are reduced by claiming a tax credit against the Missouri tax liability owed to the state. The tax credits are calculated as \$75 to \$150 per new job and \$75 to \$150 for each \$100,000 in new investment for up to 10 years. The tax credits for headquarters are calculated as the greater of \$400 per new job plus 4% of new investment or \$500 per new job plus \$500 per each \$100,000 in new investment for up to 10 years. The credit may be applied against income tax, insurance premium tax, or insurance company retaliatory tax. This program has sunset as of January 1, 2005, except headquarters that commence or expand operations on or before January 1, 2031 may be eligible for the program. There are no provisions for recapture and no other commitments are made as part of the agreement. The Business Facility Tax Credit reduced state taxes by \$14,191,000 during fiscal year 2023.

**Note 19 - Tax Abatements (cont.)**

The Amateur Sports Ticket Sales Tax Credit is authorized by Section 67.3000, RSMo and provides an incentive to encourage the location of competitively bid amateur sporting events in Missouri. Upon application, applicants must submit predictions on the anticipated economic benefit to the state. Applicants will be evaluated based upon anticipated and verified economic performance. The program is available to one or more certified sponsors active in the National Association of Sports Commissions, endorsing counties, endorsing municipalities, or a local organizing committee, acting individually or collectively. The program provides tax credits equal to the lesser of: \$5 per admission ticket sold to the event; or 100% of eligible costs incurred by the applicant. The recipient is able to reduce their outstanding tax liability in an amount equal to the value of the tax credit and may be taken against income tax, bank tax, insurance premium tax, and other financial institutions tax. There are no provisions for recapture and no other commitments are made as part of the agreement. The Amateur Sports Ticket Sales Tax Credit reduced state taxes by \$1,012,000 during fiscal year 2023.

The Rebuilding Communities Tax Credit is authorized by Section 135.535, RSMo and provides a tax credit for eligible businesses locating, relocating, or expanding within a distressed community. This program has been replaced by Missouri Works, except for current projects. To qualify, a business must have fewer than 100 full-time employees, 75% of which must be located in the distressed community; be primarily engaged in manufacturing, biomedical, medical devices, scientific research, animal research, computer software design, computer software development or computer programming, which includes Internet, web hosting, and other information technology, wireless, wired or other telecommunications, or a professional firm. A business must make eligible purchases and be located in a distressed community. The business must submit an annual tax credit application documenting eligible expenditures on the project to DED. Once approved, the tax credit is calculated at 40% or 25% of the qualifying expenditures and may be applied against income tax, corporate franchise tax, bank tax, insurance premium tax, or other financial institutions tax. There are no provisions for recapture and no other commitments are made as part of the agreement. The Rebuilding Communities Tax Credit did not reduce state taxes during fiscal year 2023.

The Development Tax Credit is authorized by Sections 32.100-32.125, RSMo and provides incentives to facilitate a business project in order to create new jobs. This program has been replaced by Missouri Works, except for current projects. Tax credits are issued to approved taxpayers that make an eligible donation to a non-profit corporation. The non-profit leases assets to an approved company. The company must create a specified number of jobs within 2 years and be in a distressed or blighted area. In many instances, the taxpayer that makes the donation is also the company that is creating the economic impact. The donor that makes the contribution must submit a tax credit application to DED. Once approved, taxes are reduced by claiming a tax credit against Missouri tax liability owed to the state. The tax credit is calculated at 50% of the eligible donation and may be applied against income tax, corporate franchise tax, bank tax, insurance premium tax, other financial institutions tax, or express company tax. No other commitments are made as part of the agreement. DED may recapture tax credits up to the amount issued if the non-profit fails to complete the project or comply with the agreement. The non-profits only and not the donors are subject to the recapture. The Development Tax Credit did not reduce state taxes during fiscal year 2023.

**Note 19 - Tax Abatements (cont.)**

Chapter 100 Personal Property Tax Exemption is authorized by Section 144.054 (2), RSMo and provides a state and local sales tax exemption on tangible personal property leased by a company from the City or County. To qualify, cities and counties may apply to DED on behalf of eligible companies for which Chapter 100 bond proceeds are used to purchase tangible personal property, which is leased back to the company. DED may apply discretionary benefit exemption if the benefit contained in a formal DED proposal is accepted by the company. Since DED cannot enact the sales tax exemption on the lease without the underlying Municipality Chapter 100 in place, any inclusion in a formal DED proposal will be coordinated with the Municipality and their economic developer. The proposal must have been accepted by the company prior to any project announcements, no approval or issuance of the bonds may have taken place, and the tangible personal property may not have been purchased prior to the acceptance of the proposal. The project must also be competitive, have comprehensive local incentive participation, have above average wages with benefits, be located in an economically distressed or blighted area, have a positive state fiscal impact, and have an indication that the municipality has offered the local Chapter 100 exemptions. The company receives the exemption on sales tax as the facility, construction materials, and certain tangible personal property may be purchased as exempt by the City or County and then leased back to the company. The company will be responsible for the payment of sales tax on purchases exceeding the maximum accepted in the proposal, ineligible purchases, or the revenue stream generated by lease of ineligible personal property. There are no provisions for recapture and no other commitments are made as part of the agreement. The sales tax is applicable to the lease payments made over a period not to exceed 20 years by statute and restricted further by local ordinance. The sales tax exemptions are only applicable if tangible personal property purchases are made within established project time periods, as listed on the certificate. For fiscal year 2023, certificates were provided for the exemption of state sales tax related to lease payments of tangible personal property under a Chapter 100 structure for one project. The fiscal year 2023 project certificates total a cumulative amount of state sales tax not to exceed \$6,632,000 over the term of the lease.

Data Center Sales Tax exemption is authorized by Section 144.810, RSMo and incentivizes the location and expansion of data centers in the state by providing an exemption of the sales and use taxes associated with a variety of activities necessary to build a new facility or expand an existing facility. To qualify, companies must create 5 new jobs and \$5 million in investment for expanding facilities or create 10 new jobs and \$25 million in investment for new facilities within certain time frames. A company is refunded their sales and use taxes for new purchases related to the data center project for the period prior to meeting the threshold for participation and then are exempt for a period of no more than 10 years for expanding facilities or 15 years for a new facility. Taxes may be subject to recapture if the full investment projected is not met or if the jobs created are not maintained, causing the cost/benefit to the State to be negative, or if the company does not meet the minimum thresholds. Taxes will be recaptured up to the amount that creates a positive cost/benefit to the state, or if the company does not meet the minimum thresholds, the full exemptions to date must be repaid. No other commitments are made as part of the agreement. The amount that state taxes were reduced is confidential under Section 32.057, RSMo.

**Redevelopment**

The Historic Preservation Tax Credit is authorized by Sections 253.545-253.561, RSMo and provides an incentive for the redevelopment of commercial and residential historic structures in the state. Upon application, the eligible property must be listed on the National Register of Historic Places, be certified by the Department of Natural Resources (DNR) as contributing to the historical significance of a certified historic district listed on the National Register, or located within a local historic district that has been certified by the U.S. Department of Interior. The costs and expenses associated with the rehabilitation must exceed 50% of the total basis of the property. All approved applicants must commence rehabilitation within 2 years of the date of issuance of the letter of approval from DED. The program provides state tax credits equal to 25% of eligible costs and expenses of the rehabilitation of approved historic structures, which the recipient is able to use to reduce their outstanding tax liability in an amount equal to the value of their tax credit. The credit may be applied against income tax, bank tax, insurance premium tax, or other financial institutions tax. There are no provisions for recapture and no other commitments are made as part of the agreement. The Historic Preservation Tax Credit reduced state taxes by \$97,637,000 during fiscal year 2023.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 19 - Tax Abatements (cont.)**

Brownfield Remediation is authorized by Sections 447.700-447.718, RSMo and provides incentives to businesses or developers to redevelop property contaminated with hazardous waste. To qualify, the property must be abandoned or underutilized for at least 3 years, and contaminated with hazardous substance, the applicant cannot be a responsible party, the project must be accepted into DNR Voluntary Cleanup Program, the project must be endorsed by city or county government, must create at least 10 new jobs or retain 25 jobs, the project must create a positive net state economic benefit, and must demonstrate need for the credits. The recipient is able to reduce their outstanding tax liability in an amount equal to the value of the tax credit. The tax credits may be issued for up to 100% of eligible costs and expenses for remediating the project property. The tax credit may also include up to 100% of the costs of demolition that are not directly part of the remediation activities. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation. DED will issue 75% of the credits upon adequate proof of payment of the costs; the remaining 25% will not be issued until a clean letter has been issued by DNR. The tax credits may be applied against income tax, corporate franchise tax, bank tax, insurance premium tax, or other financial institutions tax. The tax credits may be subject to recapture in the event the owner sells the abandoned or underutilized property within a 5 year period after the receipt of remediation tax credits, grants, loans or loan guarantee. Subject to Sections 447.700-447.718, RSMo, the owner shall repay a portion of the tax credits and grant funds provided based on the percentage of the owner's investment for the project to DED's total financial assistance, upon achieving an annual internal rate of return of 25%. The internal rate of return calculation shall be documented by the owner's capital gains tax calculation. Owner investment is equity and debt for the eligible project. At the end of the project, a purchaser who has performed voluntary remediation action certifies to DNR that the goals of the purchaser's voluntary remediation plan have been attained. DNR verifies the remediation plan goals are achieved and issues a certificate that states that the site has been cleaned up to DNR standards pertaining to the property itself and therefore protects both current and future owners of the property. Brownfield Remediation reduced state taxes by \$7,411,000 during fiscal year 2023.

**Note 20 - Commitments**

**Contracts**

The Department of Conservation had contracts outstanding of \$4,302,000 for land acquisition and construction at June 30, 2023. These contracts are funded through special revenue funds from specific sales tax, fees, and permits.

The Department of Natural Resources had contracts outstanding of \$206,000 for construction at June 30, 2023. These contracts are funded through state Parks earnings and Bond funds.

The Department of Transportation had long-term contracts of \$2,078,863,000 outstanding at June 30, 2023. These contracts are paid from capital projects funds with approximately 61.8% federal reimbursement expected.

The Office of Administration, Division of Facilities Management, Design and Construction, had construction contracts outstanding of \$35,334,000 at June 30, 2023. Approximately 77.3% will be paid from the General Fund, 19.2% from special revenue funds, 2.0% will be paid from the capital projects funds, and 1.5% will be paid from enterprise funds.

On March 10, 1988, the State of Missouri entered into a contract with the United States Army Corps of Engineers confirming an assurance agreement of April 8, 1965. The State obtained rights to a portion of the water supply storage from the Clarence Cannon Dam and Mark Twain Lake Project. The State agreed to pay up to \$11.2 million plus interest for the investment costs allocated to the water supply storage, the amount of such payments to be determined by the portion of the water storage space put in use by the State for that purpose. The contract provided a ten year interest free period running from 1984 to 1994. In fiscal year 1995, the State began making interest payments. The interest payment amount for fiscal year 2023 was \$364,000. Payment of principal and interest must be completed by March 2038.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 20 - Commitments (cont.)**

As of June 30, 2023, the University of Missouri had outstanding commitments for the usage and ongoing support of the University Health System's information technology environment totaling \$106,869,000. The payments are as follows:

2024	\$	14,187,000
2025		14,660,000
2026		14,962,000
2027		15,274,000
2028		15,595,000
2029-2030		32,191,000

Truman State University had approximately \$1,809,000 in outstanding commitments for various construction contracts at June 30, 2023.

Missouri State University had approximately \$100,300,000 in outstanding commitments for various construction contracts at June 30, 2023.

University of Central Missouri had approximately \$6,511,000 in outstanding commitments related to construction contracts at June 30, 2023.

Northwest Missouri State University had approximately \$2,243,000 in outstanding commitments related to construction contracts at June 30, 2023.

**Note 21 - Risk Management, Claims, and Judgements**

The State is exposed to various risks of loss related to tort, general, motor vehicle, and contractor liability and injuries to employees. The State assumes its own liability for risks except for the purchase of surety bond, aircraft, and boiler coverage. The State's Office of Administration (OA), Risk Management Unit, self-insures its workers' compensation program for all state employees, with the exception of the Missouri Department of Transportation (MoDOT) and the State Highway Patrol. Liability insurance is also provided by OA-Risk Management, pursuant to state statute, through the State's Legal Expense Fund, which is a component of the General Fund in this report. This insurance covers all state employees.

The Workers' Compensation and Legal Expense Fund claims liability is based upon actual claims that have been submitted to OA-Risk Management. Incurred but not reported (IBNR) liability is not included since workers' compensation and liability insurance claims are reported timely, and therefore any potential IBNR liability amount would be considered immaterial. The State has not had any insurance settlements exceed the coverage. OA-Risk Management also procures property insurance for approximately 3% of all state buildings, with the remainder uninsured. The buildings are insured through purchased property insurance and through the Property Preservation Fund. Buildings insured through the Property Preservation Fund are backed with bonded debt through the Board of Public Buildings.

The Transportation Self-Insurance Plan covers workers' compensation for employees of MoDOT and the State Highway Patrol and covers vehicle liability and general liability insurance for the employees of MoDOT. The Transportation Self-Insurance Plan is presented as an internal service fund. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Estimated pending self insurance claims represent the expected losses to be realized on known claims pending and include minor non-incremental claims adjustment expenses. Estimated unreported claims represent expected losses or claims incurred but not reported. Amounts are reported based on actuarial calculations. Liabilities for incurred losses related to workers' compensation and general and vehicle liability claims are reported at their discounted value, assuming an investment yield of 2.0%.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

**Note 21 - Risk Management, Claims, and Judgements (cont.)**

The Missouri Consolidated Health Care Plan (MCHCP) provides health care insurance to all state employees, except for MoDOT, the State Highway Patrol, and the Department of Conservation. The Plan for active employees is presented as an internal service fund. Estimated claims payable is based on known medical claims pending as well as an estimate of IBNR claims from data provided by an actuary.

The MoDOT and MSHP Medical and Life Insurance Plan (MHPML) accounts for the medical coverage provided on a self-insured basis and life insurance benefits, for employees of MoDOT and the State Highway Patrol. The Plan is presented as an internal service fund. Estimated claims payable is established from an actuarial report, which is based on data by MoDOT and claims administrators.

The Conservation Employees' Insurance Plan (CEIP) provides health care and life insurance to employees of the Department of Conservation. The Plan is presented as an internal service fund. Estimated claims payable is based on known claims pending as well as an estimate of IBNR claims.

On August 14, 2012, a lawsuit was filed against the Department of Corrections, *Hootselle v. Department of Corrections*, No. 12AC-CC00518. Several corrections officers alleged that the Missouri Department of Corrections failed to compensate them for pre- and post-shift activities, including passing through security checkpoints and retrieving equipment such as keys and radios. They entered a settlement agreement on June 1, 2022. Final judgement was entered on October 11, 2022.

The Petroleum Storage Tank Insurance Fund (PSTIF) has claims liability for the cost of contamination cleanup for participants and other eligible site owners who have submitted notice of a contamination. The PSTIF is presented as a non-major enterprise fund.

The University of Missouri System provides workers' compensation, liability, and medical insurance for its employees. The University funds this through a combination of self-insurance and commercially purchased insurance. The amount of coverage is based upon analysis of historical information and actuarial estimates. Settled claims have not exceeded commercial coverage in any of the past three fiscal years. The claims liability is the present value of the claims, using discount rates ranging between 0.50% and 3.50% based on expected future investment yield assumptions. The University of Missouri System is included with college and universities as a major component unit of the State.

Missouri State University is exposed to various risks of loss. These include loss related to torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; and employee health, dental, and accidental benefits. Commercial insurance coverage is purchased for claims arising from such matters other than those related to general liability, workers' compensation, natural disasters, and employee health benefits. Settled claims have not exceeded the commercial coverage in any of the three preceding years. Additional coverage is provided through the State Self-Insurance Program, through the Risk Management Unit of the Office of Administration. The State of Missouri self-insures the workers' compensation benefits for all state employees, including University employees.

Southeast Missouri State University is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, business interruption, errors and omissions, employee injuries and illnesses; natural disasters and employee health and accident benefits. The University purchases commercial insurance and receives coverage through the State of Missouri for these risks of loss. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

**Risk Management Pool:**

During fiscal year 2023, the State of Missouri participated in the property program of the Midwestern Higher Education Compact (MHEC) as defined in Section 173.700, RSMo. This program was formed to expand coverage, reduce costs, and stabilize property insurance rates over extended time periods at higher education institutions in all member states. The program offers loss limit coverage tailored to individual institutions as well as self-insured retention by institution. The MHEC Risk Management Oversight Committee directs the major operations of the program overseeing the development of program policies, premium allocations, new program memberships, and selection of program administrators and insurance underwriters. The MHEC property program concluded on July 1, 2023. The program will no longer be accepting new submissions but will continue to handle claims that occurred prior to the program conclusion.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 22 - Pollution Remediation and Landfill Closure and Postclosure**

The State has an obligation to address current or potential detrimental effects of existing pollution by participating in pollution remediation activities.

The Missouri Department of Natural Resources (DNR) was compelled to assess and oversee the cleanup of contaminated sites subject to federal law under the Resource Conservation and Recovery Act (RCRA), also known as the Superfund Law, administered by the U.S. Environmental Protection Agency (EPA). Under this law, the State is required to pay or ensure payment of 10% of the costs of remediation action and 100% of the costs of operations and maintenance at sites where the party responsible for the contamination is unknown, uncooperative, or insolvent. Similarly, Section 260.391.7, RSMo, states that the public should bear a portion of the cost to pay for the State's share of Superfund cleanup to be appropriated from general revenue. At the end of fiscal year 2023, the State was participating in the cleanup of fifteen Superfund sites. Total pollution remediation obligation for these sites totaled approximately \$49.1 million. The basis for these costs are State Superfund contracts that list the estimated cost of cleanup, or actual costs if cleanup is complete, less any payments that have been made to the EPA. Estimated costs will change as actual costs become available. The Hazardous Waste Fund is a component of Conservation and Environmental Protection.

The Missouri Department of Transportation (MoDOT) is in remediation activities related to buildings and grounds caused by contamination and a fuel leak. The current pollution remediation obligation for these sites total approximately \$5.0 thousand. The potential for additional pollution remediation exists, however, any future remediation obligations are not yet estimable.

The Missouri National Guard has been named as a potentially responsible party in the Pools Prairie Superfund site in Newton County, Missouri. The site is listed on the National Priorities List (NPL) and is governed by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). At this time, the Missouri National Guard's portion of the costs for the cleanup cannot be determined.

Changes in the balances of pollution remediation liability (in thousands of dollars) during the current fiscal year are as follows:

Governmental Activities	Type of Pollution Remediation	Fiscal Year Remediation Liability 6/30/2022	Current Year Assessments and Estimated Changes	Payments	Fiscal Year Remediation Liability 6/30/2023	Due Within One Year
DNR	Superfund Sites	\$ 50,257	\$ 150	\$ (1,339)	\$ 49,068	\$ 2,612
MoDOT	Buildings and Grounds Remediation	4	1	—	5	1
Total Governmental Activities		<u>\$ 50,261</u>	<u>\$ 151</u>	<u>\$ (1,339)</u>	<u>\$ 49,073</u>	<u>\$ 2,613</u>

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 22 - Pollution Remediation and Landfill Closure and Postclosure (cont.)**

Each landfill owner/operator is required to obtain a financial assurance instrument, which is held by the State as security in the case of a default or forfeiture. Financial assurance instruments can include financial guarantee or performance bonds, letters of credit, insurance policies, corporate guarantees, contracts of obligations, trust funds, and escrow accounts. At June 30, 2023, the DNR, Solid Waste Program tracked the value of the secured financial assurance instruments held by the State to be \$392.4 million. This amount is disclosed, but not reported in the financial statements, because the State does not perform the investment function and does not have significant administrative involvement. While the State maintains possession of the financial assurance instruments, it does not meet criteria to be reported in a fiduciary fund.

As of June 30, 2023, Missouri Department of Natural Resources (DNR) had eleven active Municipal Solid Waste Landfills (MSWLFs), no disposal transfer stations, and there was none in bankruptcy and no defaults. The owners/operators failed to properly close or maintain post-closure care for these facilities; therefore, the State took possession of the forfeited financial assurance instruments to initiate the closure or post-closure activities as required by Section 260.228, RSMo. The State will monitor and pay post-closure care costs of these facilities for the next 30 years in accordance with the DNR Solid Waste Management Law and Regulations. At June 30, 2023, it is expected that \$1.6 million will be paid over the remaining monitoring periods. This is the amount of the assigned fund balance that has been designated on the General Fund balance sheet for forfeited assets. The percentage of landfill capacity used to date is 54.09 percent. The estimated remaining landfill life is 37.19 years.

During fiscal year 2023, the University of Missouri System submitted a formal plan with the Nuclear Regulatory Commission (NRC) for the decommissioning of a University owned building. The estimated costs of the remediation and deconstruction of the building is recorded as a liability of \$11.7 million. The NRC has two years to review and approve the plan. Once approved, the University plans to begin the remediation and deconstruction in fiscal year 2025.

The University of Missouri System has been working with the voluntary Cleanup Program of the Missouri Department of Natural Resources (DNR) to characterize subsurface contamination on a University owned property. The University has received the results of the two-year sampling process in fiscal year 2016. The University is awaiting a determination from DNR and the Nuclear Regulatory Commission (NRC) on decommissioning the site. The University does not believe that the documents from the 2016 sampling support the decision to add the site to the University's NRC license due to an overestimated quantity of isotopes managed at the site. The University made a formal request to remove the site from the NRC license. If DNR and the NRC find the dose assessment to be unacceptable, then the University will be required to fully decommission the site, including a sampling plan. The cost of a sampling plan to characterize the chemical contamination is estimated at \$1.0 million. The University has not commenced any actions requiring the recognition of a liability for this property.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 23 - Asset Retirement Obligations**

The State has a legally enforceable obligation to perform future asset retirement obligations (ARO) related to its tangible capital assets.

The Missouri Department of Natural Resources (DNR) has a total ARO of \$1,717,000 for gas chromatographs, radiation detectors, petroleum above ground storage tanks, and permitted sewage treatment plants. Gas chromatographs and radiation detectors are considered radioactive sources and will not be accepted by the State's Surplus Property Program, thus requiring a cost for disposition. These ARO's are measured at the current cost of returning the items to the vendor. Gas chromatographs have remaining useful lives of 0 to 6 years and radiation detectors have remaining useful lives of 0 to 5 years. The ARO for petroleum above ground storage tanks is measured using the best estimate for taking the tanks out of service, which consists of emptying the tanks, removing the secondary containment, and proper disposal. Remaining useful lives of the tanks are 0 to 12 years. Aboveground storage tanks are regulated under the Missouri Code of State Regulations 2 CSR 90-30.050.16. The ARO for permitted sewage treatment plants is measured using the best estimate for closure of the facilities, which includes submitting a closure plan to DNR addressing wastewater and sludge removal, dewatering activities, removal of treatment structures, and removal of solid waste or leaving in place as a clean fill. Remaining useful lives of the plants are 0 to 43 years. Permitted sewage treatment plants are regulated by the Missouri Code of State Regulations 10 CSR 20-6-011.12 and the Federal Clean Water Act. The ARO for these items would be funded by state appropriations.

The Missouri Department of Transportation (MoDOT) has an ARO of \$53,000 to properly dispose of all nuclear gauges used to measure physical properties of materials during its construction projects. The ARO is measured using the current cost of returning the items to the vendor. The assets have an anticipated useful life of 15 years. Disposal of the nuclear gauges is required by the Nuclear Regulatory Commission - NUREG 1556 Volume 1 Rev 2. The ARO will be funded by state appropriations.

The Department of Public Safety (DPS), Office of the Adjutant General, has an ARO of \$30,000 to take two underground storage tanks out of service. The ARO is measured using the current cost for closure and the assets have estimated remaining useful lives of 21 years. Underground storage tanks are regulated under the Missouri Code of State Regulations 10 CSR 26. The ARO will be funded by state appropriations.

The University of Missouri (MU) has an ARO based on its ownership of two nuclear research reactors, which are regulated by the U.S Nuclear Regulatory Commission (NRC). The NRC requires the University to submit decommissioning funding plans every three years to retain the right to operate the reactors. The decommissioning funding plans update and adjust changes in costs to remediate and the extent of the estimated future contamination. The cost to decommission the reactors is based on a formula as set forth by the NRC as part of the licensing of the facilities. The ARO as of the end of fiscal year 2023 was \$62,433,000. The remaining useful lives of the reactors was 19 years.

The balances of the asset retirement obligations (in the thousands of dollars) during the current fiscal year are as follows:

<u>Governmental Activities</u>	<u>ARO Liability at June 30, 2023</u>
DNR	\$ 1,715
MoDOT	53
DPS	30
Total Governmental Activities	<u>\$ 1,798</u>
 <u>Business-Type Activities</u>	
DNR	<u>\$ 2</u>
 <u>Component Units</u>	
MU	<u>\$ 62,433</u>

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 24 - Contingencies**

**Contingent Claims Liabilities**

Contingent claims liabilities are reported when it is probable a loss has occurred and the amount can be reasonably estimated. These losses include estimates of claims which have been incurred but not reported, including the effects of specific, incremental claim adjustment expenditures/expenses, salvage, subrogation, and other allocated or unallocated claim adjustment expenditures/expenses. Liabilities of governmental funds are reported as a reconciling item to the Government-Wide Statement of Net Position. Expenditures are recognized as payments are made.

As of June 30, 2023, the amount of contingent liabilities was \$65.3 million. Changes in reported liability since June 30, 2022, resulted from the following (in thousands of dollars):

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	Balance Fiscal Year End
2022-2023	\$ 70,023	\$ 18,727	\$ (23,500)	\$ 65,250
2021-2022	41,742	39,818	(11,537)	70,023
2020-2021	27,830	19,385	(5,473)	41,742

Section 287.220.8, RSMo, requires an actuarial study of the Second Injury Fund be made every year to determine solvency of the fund. Figures presented below for current year claims and changes in estimates are based on the 2022 actuarial study. As at June 30, 2023, the amount of liabilities for Second Injury Fund was \$2.4 billion. Changes in reported liability since June 30, 2022, resulted from the following (in thousands of dollars):

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	Balance Fiscal Year End
2022-2023	\$ 2,315,842	\$ 92,166	\$ (57,522)	\$ 2,350,486
2021-2022	2,243,668	140,945	(68,771)	2,315,842
2020-2021	2,174,003	140,206	(70,541)	2,243,668

The State receives federal grants which are subject to review and audit by federal grantor agencies. This could result in requests for reimbursements by the grantor agency for expenditures disallowed under grant agreements. The State believes such disallowances, if any, would be immaterial in the next fiscal year.

**Tort Claim Lawsuits:**

The Attorney General, on behalf of other state agencies, is involved in litigation for tort claims including wrongful death, motor vehicle accidents, medical malpractice, assault and battery, and deliberate indifference, as well as employment discrimination claims not included in the 2023 liability amount. It is reasonably possible an adverse court decision may incur an estimated loss of \$18.8 million.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 24 - Contingencies (cont.)**

Department of Labor and Industrial Relations:

Louise Jones, et al. v. Missouri Labor and Industrial Relations Commission, No. 23AC-CC04623 (Cole County Circuit Court). Plaintiffs filed a putative class action July 28, 2023, seeking a declaratory judgment that the Missouri Labor and Industrial Relations Commission payments on 2022 tort victims' compensation fund awards are unlawful in that they are based on incorrect numbers in violation of the express statutory framework for calculating payments. Plaintiffs seek payment of the entire tort victim's compensation fund, which exceeds \$274 million. An evaluation of the likelihood of a favorable or unfavorable outcome and an estimate of the amount or range of potential loss cannot be made at this time. The ultimate resolution of the case cannot be predicted with any degree of certainty.

HHS Technology Group Holdings, LLC v. State of Missouri v. EngagePoint, Inc., No.16AC-CC00335 (Cole County Circuit Court). Plaintiff EngagePoint filed this lawsuit on August 11, 2016, alleging breach of its contract to serve as the prime contractor for the State's Medicaid Eligibility Determination and Enrollment System (MEDES). The State terminated EngagePoint in May 2015 after EngagePoint failed to complete contractually required work. EngagePoint claims over \$37 million in damages stemming from unpaid change order requests. The State has asserted a counterclaim for over \$80 million based on the difference between the price bid by EngagePoint and the actual cost of completing MEDES using a replacement contractor. Trial was completed in July 2022, and a jury awarded EngagePoint \$23 million, along with prejudgment and post-judgment interest of 9% per annum. The Office of Attorney General is vigorously defending this matter. An evaluation of the likelihood of a favorable or unfavorable outcome and an estimate of the amount or range of potential loss cannot be made at this time. The ultimate resolution of the case cannot be predicted with any degree of certainty.

Department of Health and Senior Services:

The Nurse Student Loan Program provides forgivable student loans to eligible Missouri undergraduate, graduate, post-graduate, and doctoral nursing students in exchange for service in underserved communities and facilities in the state. Current annual award levels, based on statute, are a one-time amount of \$2,500 for LPN students and \$5,000 for professional nursing students. Loans are repaid either through service in an underserved area, or via cash repayment at 9.5% simple interest. For repayment via service, participants provide one year of professional service for each school year a loan is received, up to a maximum of 5 years. The number of loans awarded per year varies based upon available funding, number of previous students anticipating continued funding, and number of eligible new applicants.

The Health Professional Student Loan Program is a competitive state program that awards forgivable loans to students pursuing health care training leading to Missouri licensure. Eligible disciplines are primary care physicians, primary care dentists, and dental hygienists. The amount of funding provided depends upon the student's chosen discipline and educational status. Repayment of loans can be completed either through obtaining employment to earn forgiveness or through cash repayment at 9.5% simple interest. Forgiveness is based upon the number of loans received and is earned at a rate of one year of professional service for each loan received, up to a maximum of 5 years. Qualifying employment is considered as full-time, direct patient care at a facility located in an area of need also referred to as a Health Professional Shortage Area.

The purpose of the Missouri Health Professional State Loan Repayment Program (SLRP) is to improve access to primary care by assisting rural and underserved communities with recruitment and retention of primary care providers. SLRP offers eligible healthcare providers an opportunity to receive up to \$50,000 in financial assistance towards the repayment of their qualifying educational loans in exchange for a minimum two-year commitment to provide healthcare services at an ambulatory public, nonprofit or private nonprofit primary care practice site located in a federally designated Health Professional Shortage Area.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 24 - Contingencies (cont.)**

The Missouri Nurse Loan Repayment Program offers Registered Nurses and Advanced Practice Registered Nurses an opportunity to receive financial assistance towards the repayment of their qualifying educational loans in exchange for a minimum two-year commitment to provide healthcare services in an area of defined need in the State of Missouri.

For all types of loan programs, in the event of a default, i.e. the loanee does not complete the service agreement, the loan status changes to repayment. In the event the loanee does not repay according to the terms of their agreement, the Department of Health and Senior Services will work with the Attorney General's Office to try to collect the outstanding receivables. The current total amount of loans outstanding is \$5.6 million; the total amount in repayment is \$2.0 million. There is no correlation between who will or will not repay their debt once a default has occurred since it is subject to each individual case and the legal remedies pursued. Therefore, the amount of loss cannot be reasonably estimated.

**Tobacco Master Settlement Agreement:**

Under the 1998 Tobacco Master Settlement Agreement ("MSA"), Missouri receives annual settlement payments in perpetuity from Participating Manufacturers ("PMs") of tobacco products. Each year on or about April 15th, Missouri receives an annual payment typically between \$120 and \$140 million. Annual MSA payments are subject to a downward adjustment if the PMs lose more than 2% of their pre-MSA market share to Non-Participating Manufacturers ("NPMs"). Individual states may avoid their share of this "NPM Adjustment" by enacting and diligently enforcing model legislation, which imposes certain escrow obligations on NPMs.

The tobacco manufacturers contest Missouri's enforcement of the model legislation for 2004 and subsequent years, each of which is subject to binding arbitration. Arbitration regarding diligent enforcement for 2004 is ongoing. The presentation of evidence was completed and the arbitrators found Missouri not diligent. Thus, Missouri is subject to a downward adjustment on the annual payment, but the matter is still subject to review. The ultimate resolution of the 2004 proceeding, the timing of any review of the panel's decision, and the outcome of any subsequent arbitration proceedings cannot be predicted with any degree of certainty.

**Contingent Gains**

Contingencies that might result in gains are not reported on the statements since they are not realizable.

**Natural Resource Settlements:**

The Department of Natural Resources works jointly with the United States Fish and Wildlife Service and United States Forest Service to recover damages from parties responsible for causing injuries to natural resources. Funds from these settlements are typically held in the federal treasury in a joint account administered by the United States Department of Interior. Expenditures of these funds may only be by mutual agreement of the Missouri Trustee Council (the Department of Natural Resources, the United States Fish and Wildlife Service and, at times, United States Forest Service) and such funds may only be used to restore, replace, or acquire natural resources similar to those that were injured. As of June 30, 2023, the balance of Missouri-related joint settlement funds in the Department of Interior restoration fund is approximately \$46.8 million.

**Opioid Settlements:**

The State of Missouri is receiving and will continue to receive money from companies who manufactured, sold, distributed, or marketed opioids. Receivables, revenues, and/or deferred revenues have been recognized accordingly within the statements. However, one settlement was filed on February 1, 2024 and final judgment was entered on February 6, 2024 with Publicis Health, LLC and therefore was not recognized.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 25 - Nonexchange Financial Guarantees**

The following nonexchange financial guarantees are extended by the Missouri Agricultural and Small Business Development Authority (MASBDA) and the Missouri Department of Agriculture (MDA). The exchange financial guarantees are not recognized as a liability, which indicates that the State will most likely not be required to make a payment related to the nonexchange financial guarantees. As of June 30, 2023, the State extends the following financial guarantees:

Programs	Maximum Guarantee Period	Total Number of Loans Outstanding	Total Dollar Amount of Loans Outstanding (in thousands)	Total Dollar Amount Guaranteed by the State (in thousands)
Crop and Livestock Loan Guarantee Program	2 Years	13	43	21

**Missouri Value-Added Loan Guarantee Program**

The Missouri Value-Added Loan Guarantee Program, authorized in Sections 348.400-348.415, RSMo, provides up to a 50% first-loss guarantee on loans, of \$250,000 or less, made by lenders for the purpose of agricultural business development. The loan guarantee is for a duration of up to 10 years. The program is intended to create new economic activity by creating or retaining jobs. Loans guaranteed by the value-added loan guarantee program can be used to finance agricultural property, which includes land, buildings, structures, improvements, and equipment used for the purpose of processing, manufacturing, marketing, exporting, or adding value to an agricultural product. Loans may also be guaranteed to buy stock in a new generation processing entity that processes an agricultural product. In the event of a default, the MASBDA will work with the Attorney General's Office or the loan recipient's bank to try to collect. As of June 30, 2023, there are four loan defaults under this program. The outstanding balance on judgments for amounts owed to the State totals \$52,000 and there are no outstanding Missouri Value-Added Loan guarantees.

**Single-Purpose Animal Facilities Loan Guarantee Program**

The Single-Purpose Animal Facilities Loan Guarantee Program, authorized in Sections 348.185-348.225, RSMo, is designed to provide banks and other lenders with a 50% first-loss guarantee on loans of up to \$250,000 for up to 10 years. Independent livestock producers may use the loans to finance, refinance or restructure breeding or feeder livestock, earthworms, land, buildings, facilities, equipment, machinery and animal waste systems for producing poultry, swine, beef and dairy cattle, or other livestock. In the event of a default, the MASBDA will work with the Attorney General's Office or the loan recipient's bank to try to collect. There were no loan defaults under this program in fiscal year 2023, and there were no outstanding Single-Purpose Animal Facilities Loan Guarantees.

**Crop and Livestock Loan Guarantee Program**

The Crop and Livestock Loan Guarantee Program, authorized in Section 261.027(3), RSMo, is a 50% guarantee on a loan made to a 4-H and Future Farmers of America (FFA) member who borrows money to purchase livestock, input, etc., for their Supervised Agriculture Education (SAE) project. Loans eligible for the program are limited to the purchase of livestock, feed, seed, fertilizer, and other miscellaneous out-of-pocket expenses directly related to the project. In the event of a default, the MDA will work with the Attorney General's Office or the loan recipient's bank to try to collect. As of June 30, 2023, there are four loan defaults under this program. The outstanding balance on judgments for amounts owed to the State totals \$1,500.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

**Note 26 - Joint Ventures**

The Regional Convention and Sports Complex Authority was created by state law for the purpose of financing, constructing, operating, and maintaining a multipurpose convention and sports facility to be located in the City of St. Louis. The Authority operates under a board of commissioners of whom five are appointed by the Governor of the State, three by the County Executive of St. Louis County, and three by the Mayor of the City of St. Louis. The Authority is granted all rights and powers necessary to plan, finance, construct, equip, and maintain the facility.

The Authority is considered a joint venture of the State, County, and City because it constituted a contractual agreement for public benefit in which the State, County, and City retained an ongoing financial responsibility for the Convention and Sports Facility Project Bonds.

Pursuant to a financing agreement entered into in August 1991, which terminated in August 2021, the Authority leased the facility to the sponsors who subleased the facility back to the Authority. The payments made by the State, County, and City under the financing agreement were sufficient to pay the principal and interest on the bonds. There is no outstanding obligation remaining on the bonds. However, there is a commitment to provide annual preservation payments through fiscal year 2025.

Summary financial information for the Authority as of and for the fiscal year ended December 31, 2022, is presented below (in thousands of dollars):

Total Assets	<u>\$ 206,292</u>
Total Liabilities	\$ 4,322
Total Net Position	<u>201,970</u>
Total Liabilities and Net Position	<u>\$ 206,292</u>
Total Revenues	\$ 74,406
Total Expenses	<u>11,629</u>
Net Increase in Net Position	<u>\$ 62,777</u>

Copies of the Authority's financial statements may be requested from:

St. Louis Regional Convention  
and Sports Complex Authority  
901 North Broadway  
St. Louis, Missouri 63101

**Note 27 - Endowments**

Donor-restricted endowments for Missouri reside primarily within the higher education institutions, which are reported as a major component unit of the State. For the college and universities, except the University of Missouri, the net appreciation/depreciation of the endowments is (\$1,090,000). Of this amount, \$604,000 is reported as restricted non-expendable, (\$1,711,000) is reported as restricted expendable, and \$17,000 is reported as unrestricted net position. The University of Missouri reported a net appreciation/depreciation of restricted non-expendable net position in the amount of \$102,311,000 which consisted of both realized and unrealized gains and losses on investment. For detailed information on the college and universities, please see the individual financial statements. The Revised Statutes of Missouri authorize the acceptance of donations at State agencies or public institutions. The governing boards of these institutions and the donor agreements determine whether net appreciation can be spent and the acceptable spending rate as detailed in Section 402.134, RSMo. These policies are entity specific and vary with each institution.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2023**

---

**Note 28 - Conduit Debt**

As of June 30, 2023, the Missouri Development Finance Board issued \$1,687,968,000 in Private Activity Bonds and \$3,060,534,000 in Public Purpose and Refunding Revenue Bonds. The outstanding balances on these bonds and notes as of June 30, 2023, were approximately \$338,658,000 and \$824,610,000, respectively. The Missouri Development Finance Board and the State have no liability for repayment of these revenue bonds and funding notes aside from reserve fund deposits and, accordingly, these bonds and notes have not been recorded as a liability on the financial statements for the Missouri Development Finance Board. The debtor pays all debt service requirements. Security for the bondholders consists of insurance, letters of credit, annual appropriation pledges, and certain funds held through trustees under the various indentures. The Missouri Development Finance Board has agreed to fund a secondary reserve account in the amount of \$326,000 for a portion of the debt issued, however, it is not expected to need to be accessed for debt payment on the bonds.

As of June 30, 2023, the State Environmental Improvement and Energy Resources Authority (EIERA), a component unit of the State of Missouri, had an outstanding balance of approximately \$543,280,000 in Tax Exempt Revenue Bonds. Of this outstanding amount, \$235,470,000 is for Water Pollution Control and Drinking Water Revenue Bonds issued on behalf of the Department of Natural Resources. The State of Missouri has no liability for repayment of these revenue bonds beyond the resources provided by related loan programs. The bonds are limited obligations of EIERA.

**Note 29 - Subsequent Events**

Bonds

On December 14, 2023, the Missouri Highways and Transportation Commission (MHTC) issued \$381.6 million of State Appropriations Mega Projects State Road Bonds, Series A 2023. The bonds bear interest of 5.0%, due in semi-annual installments beginning May 1, 2024. The bonds were issued for the purpose of paying the costs of planning, designing, constructing, reconstructing, rehabilitating and significant repair of Interstate 70 on the State Highway System to provide three lanes of traffic in both directions from Blue Springs to Wentzville and paying the costs related to the issuance of the Series A 2023 bonds.

I-70 Project

During the 2023 legislative season, the Governor and Missouri General Assembly passed and signed Truly Agreed and Finally Passed House Bill 4 and House Bill 5. House Bill 4 authorized the Office of Administration (OA) and the Missouri Highways and Transportation Commission (Commission) to execute a financing agreement that the State will pledge sufficient General Revenue funds to be the first recourse for payment of the debt service on Commission bonds issued to finance the planning, designing, constructing, reconstructing, rehabilitating and significant repair of Interstate 70 in the State Highway System to provide three lanes of traffic in both directions from Blue Springs to Wentzville. House Bill 5 authorized OA to transfer \$1.4 billion of General Revenue into the OA I-70 Project Fund. These funds will be transferred into the State Road Fund I-70 Project Fund as the Commission awards contracts.

On January 24, 2024, the governor announced that Missouri secured a \$92.8 million Infrastructure for Rebuilding America (INFRA) grant to improve Interstate-70. The INFRA grant will be used for specific Improve I-70 projects to enhance the efforts of adding an additional lane to I-70.

Infrastructure and Investment Jobs Act

On June 26, 2023, the Department of Commerce's National Telecommunications and Information Administration (NTIA) announced Missouri will receive more than \$1.7 billion through the Broadband Equity, Access, and Deployment (BEAD) program, part of the federal Infrastructure, Investment, and Jobs Act (IIJA). Missouri's BEAD program allocation ranks as the third highest among all states, the District of Columbia, and five territories.

**Note 29 - Subsequent Events (cont.)**

Universities

On June 30, 2023, the University of Missouri System entered into a reorganization agreement with The University of Missouri – Columbia Medical Alliance, CRMC Health Care, Inc. and Capital Region Medical Center (CRMC) to change the membership of CRMC effective July 1, 2023.

On October 4, 2023, the University of Central Missouri issued \$30.4 million of bonds payable. The bonds bear interest payable semiannually at 5.0% and are secured by the net revenues available for debt service of the housing system of the University. Principal maturity begins October 1, 2024, and continues until October 1, 2034. Proceeds from the issuance of these bonds were used to advance refund the Series 2013C-2 bonds maturing October 1, 2024.

**STATE OF MISSOURI**  
**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**  
**BUDGETARY REPORTING**  
**June 30, 2023**

---

**Budgetary Presentation:**

A Budgetary Comparison Schedule is presented as Required Supplementary Information for the State's General Fund and Major Special Revenue Funds. Revenues and expenditures are reported on a budgetary basis where actual revenues are recognized when cash is received, and actual expenditures are recognized for cash disbursements. The accounting principles applied for reporting on a budgetary basis differ from those used to present the financial statements in accordance with GAAP. A reconciliation of the two for the fiscal year ended June 30, 2023, has been presented at the bottom of the Budgetary Comparison Schedule.

The budgetary expenditures are included in the current year's Appropriation Activity Report, which demonstrates legal compliance with the current year's budget. This report can be viewed at <https://acct.oa.mo.gov/reports/annual-reports/appropriation-activity-reports>. The original budget expenditures and transfers are for what was originally appropriated for each fund. The final budget expenditures and transfers takes into account any increases and decreases to appropriations during the fiscal year less the Governor's amounts reverted (withheld) for each fund less any reappropriations to the next fiscal year.

Once a year, the Office of Administration-Division of Budget and Planning receives budgeted revenues from state agencies for each of their funds as well as a revised revenue estimate in the spring for the State's General Revenue Fund. The revised revenue estimate is used in the final budget column for the General Fund and is very comparable to actual revenue resulting in a small negative variance on this Schedule.

In accordance with State statute, all state funds must have an appropriation before amounts can be expended or transferred to another state fund; therefore, variances between budgeted and actual expenditures and transfers out on the budgetary schedule will always be positive.

For budget purposes, interfund activity is not eliminated. A summary of interfund eliminations at June 30, 2023, is shown below (in thousands):

	Final Budget Transfer		Actual Transfer	
	In	Out	In	Out
GENERAL FUND	\$ 8,637,117	\$ (8,637,117)	\$ 5,941,546	\$ (5,941,546)
SPECIAL REVENUE FUNDS				
Public Education	412,288	(412,288)	390,896	(390,896)
TOTAL	<u>\$ 9,049,405</u>	<u>\$ (9,049,405)</u>	<u>\$ 6,332,442</u>	<u>\$ (6,332,442)</u>

**Budgetary Control:**

Budgetary control is maintained at the departmental level; each Department of the Missouri government formulates a budget to be submitted for approval by the General Assembly prior to the beginning of the fiscal year. These budgets are prepared essentially on the cash basis. The legislature reviews, revises, and legally adopts these budgets. The Governor then has the authority to approve or veto each budget, subject to legislative override.

Budgeted expenditures cannot exceed estimated revenues and other sources of funding, including beginning fund balances. In the event that actual revenues are insufficient to cover budgeted expenditures, the Governor must order budget reductions or call a special session of the legislature to address the issue.

Unexpended appropriations lapse at the end of each appropriation year, unless reappropriated to the following appropriation year.

\*Based on a measurement date of the preceding fiscal year and actuarial valuation as of the July 1, 2022.

Note: This schedule is ultimately required to show information for ten years. However, until a full ten-year trend is compiled, only the years that information is available will be reported.

**Notes to the Schedules:**

Neither MHPML or CEIP have assets that are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

**Changes of benefit terms.** For MU: The following plan changes were made effective January 1, 2023: Retiree health plan: in-network deductibles were increased and out-of-network out-of-pocket maximums were increased. Healthy savings plan: in-network deductibles and out-of-pocket maximums were increased and network coinsurance was decreased.

**Changes of assumptions.**

For MCHCP: The discount rate changed from 4.50% to 5.50%, in the July 1, 2022 valuation.

For CEIP: The discount rate changed from 3.54% to 3.65% in the June 30, 2021 valuation.

MHPML: The discount rate changed from 2.16% to 3.54% in the July 1, 2022 valuation.

For MU: Claims and trends for all plans were revised to reflect future expectations. Also, the discount rate used for the valuations was changed from 3.54% to 3.65% in the June 30, 2023 valuation.

***Supplementary Information** includes the Budgetary Comparison Schedule and Reconciliation for the Major Capital Projects Fund (Missouri Road Fund), as well as the Combining and Individual Fund Statements for the General Fund and all Non-Major Funds.*

## *The Combining and Individual Fund Statements*

### **Major Funds**

**General Fund** - Accounts for all current financial resources not required by law or administrative action to be accounted for in another fund.

### **Non-Major Funds**

This includes all non-major governmental and enterprise funds, as well as the non-major component units. It also includes all internal service and fiduciary funds because the "major fund" classification, created under GASB Statement 34, does not apply to these funds.

A budgetary comparison statement is provided for all non-major governmental funds.

*The **Special Revenue Funds** account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The State has numerous individual Special Revenue Funds. Therefore, the funds have been combined into specific functional areas.*

### **Non-Major Special Revenue Funds:**

**Professional Registration** - Provides for the control and regulation of various professions. Each profession has its own fund to account for its operation.

**Judicial Protection and Assistance** - Provides for protection of public employees by the Attorney General's Office, conviction of criminal offenders by prosecuting attorneys and assistance to victims of criminal offenses.

**Agriculture and State Fair** - Provides for inspections of products, market development, and awards for competition at the State Fair.

**Social Assistance** - Provides financial, health, and other services to qualifying individuals.

**Transportation and Law Enforcement** - Provides transportation services, road construction and maintenance, and the enforcement of vehicle laws and traffic safety.

**Unemployment and Workers' Compensation** - Provides for the administration of these laws and benefits to workers who qualify for workers' compensation.

**Reimbursements and Other** - Provides various reimbursements of costs to other governments and various regulatory commissions not included in other functional areas.

*The **Permanent Funds** account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the government's programs.*

**Permanent Funds:**

**Arrow Rock State Historic Site Endowment** - Accounts for moneys transferred from the State Parks Earnings Fund, as well as other moneys or property received by grant, gift, donation, or bequest specified for the enhancement of the Arrow Rock State Historic Site.

**Confederate Memorial Park** - Accounts for the income from investments acquired by gifts, donations, and bequests to be used for the maintenance of the Confederate Memorial Park.

**State Public School** - Accounts for all moneys, bonds, lands, and other properties belonging to or donated to the State for public school use in establishing and maintaining free public schools.

**Smith Memorial Endowment Trust** - Accounts for moneys bequeathed for the use and benefit of the Crippled Children's Service.

*The **Enterprise Funds** account for operations that are financed and operated in a manner similar to private business enterprises.*

## **Non-Major Enterprise Funds:**

**State Fair Fees** - Accounts for the fairground admission fees used to improve the grounds and to pay the operating costs of the State Fair.

**State Parks** - Accounts for park concessions and contributions which are used to acquire and operate state parks.

**Natural Resources Revolving Services** - Accounts for moneys received from the delivery of services and the sale or resale of maps, plats, reports, studies, records, and other publications and documents.

**Historic Preservation Revolving** - Accounts for gifts, grants, and contributions used to acquire, preserve, restore, maintain, or operate any historical properties.

**Petroleum Storage Tank Insurance** - Accounts for moneys collected from transport load fees and participating owners of petroleum storage tanks for cleanup of contamination caused by releases from petroleum storage tanks.

**State Agency for Surplus Property** - Accounts for the surplus property operation.

**Department of Revenue Information** - Accounts for fees received by the Department of Revenue for publications and used to pay the costs of providing this information.

**Inmate Canteen** - Accounts for sales of the canteen or commissary which is used to improve offender recreational, religious, or education services.

*The **Internal Service Funds** account for the financing of goods or services provided by one department or agency to other departments or agencies of the State on a cost-reimbursement basis.*

## **Internal Service Funds:**

**Natural Resources Cost Allocation** - Accounts for the administrative costs of the Department of Natural Resources.

**Mental Health Interagency Payments** - Accounts for moneys received through interagency agreements for services provided by other agencies.

**State Facility Maintenance and Operation** - Accounts for moneys collected from tenants for rent to cover the costs of operations in state-owned office buildings and institutions, charges to tenants in leased space to cover costs of real estate administrative services, and charges to capital improvement projects to cover the costs of project management services.

**Office of Administration Revolving** - Accounts for the following operations: printing services, flight operations, vehicle management, garage services, data processing and telecommunication services, building and grounds, insurance services, postage, and personnel administration.

**Working Capital Revolving** - Accounts for the operation of correctional industry programs and correctional farm programs.

**General Government Revolving** - Accounts for various service operations of the House of Representatives, Supreme Court, Adjutant General, Senate, Treasurer, and Department of Corrections.

**Social Services Administrative Trust** - Accounts for moneys transferred or paid to the Department of Social Services from any governmental entity or the public for goods and services provided.

**Economic Development Administrative** - Accounts for moneys collected for goods and services provided to other divisions and used to pay the cost of providing such services.

**Professional Registration Fees** - Accounts for moneys received from the professional boards for administrative services.

**Conservation Employees' Insurance Plan** - Accounts for health insurance coverage on a self-insured basis and life insurance coverage by a third party provider for Department of Conservation employees.

**Transportation Self-Insurance Plan** - Accounts for highway and highway patrol moneys used to pay workers' compensation claims. Moneys are also used to pay auto claims against the Department of Transportation.

**Missouri State Employees' Insurance Plan** - Accounts for long-term disability and death benefits provided on a self-insured basis for state employees.

**Missouri Consolidated Health Care Plan** - Accounts for medical care benefits provided on a self-insured basis for active state employees.

**MoDOT and MSHP Medical and Life Insurance Plan** - Accounts for the medical coverage provided on a self-insured basis and death benefits provided on an insured basis to Department of Transportation employees and members of the Missouri State Highway Patrol.

*The **Fiduciary Funds** account for assets held by the State in a trustee or custodial capacity.*

## **Pension (and Other Employee Benefit) Trust Funds:**

### **Missouri State Employees' Retirement System:**

**Missouri State Employees' Plan** - Accounts for retirement, survivor, and disability benefits paid to employees of the State who are not covered under another state-sponsored retirement plan.

**Judicial Plan** - Accounts for retirement, survivor, and disability benefits to judges in the State of Missouri.

**Missouri Department of Transportation and Highway Patrol Employees' Retirement System** - Accounts for retirement, survivor, and disability benefits paid to Department of Transportation employees and members of the Missouri State Highway Patrol.

**Missouri Consolidated Health Care Plan State Retiree Welfare Benefit Trust** - Accounts for health and welfare benefits paid for the exclusive benefit of current and future retired employees of the State who are not covered under another state-sponsored other post-employment benefit plan.

**Missouri State Public Employees' Deferred Compensation Incentive (IRC 401a) Plan** - Accounts for retirement benefits paid to employees of the State.

**Missouri State Public Employees' Deferred Compensation (IRC 457) Plan** - Accounts for deposits from State employees, which are invested for the benefit of the employees until properly authorized to distribute.

## **Private-Purpose Trust Funds:**

**Alternative Care Trust** - Accounts for all moneys received and spent by the Division of Family Services on behalf of children in their custody.

**Unclaimed Property** - Accounts for moneys unpaid or unclaimed within one year after final settlement of any executor or administrator, assignee, sheriff or receiver and all unclaimed deposits, dividends, and interest of banks unable to locate the owners.

## **Custodial Funds:**

**Program** - Accounts for the receipt of various taxes, refundable deposits, and other moneys to be held until the State has the right or obligation to distribute them to various entities or individuals.

**Institution** - Accounts for deposits to various institutional accounts and other receipts held by the State until there is proper authorization to disburse them directly to others.

*The **Component Units** account for all transactions relating to legally separate entities which, for reporting purposes, are a part of the State.*

### **Non-Major Component Units:**

**Missouri Development Finance Board** - Accounts for moneys from bond proceeds, gifts, and grants to make loans for industrial development.

**Missouri Agricultural and Small Business Development Authority** - Accounts for moneys from bond proceeds, gifts, and grants to make loans for property acquisitions/renovations and pollution control facilities.

**Missouri Transportation Finance Corporation** - Accounts for moneys from federal, state or local sources, and from bond proceeds to be used for projects approved by the Missouri Highways and Transportation Commission.

**Missouri Wine and Grape Board** - Accounts for moneys derived from the privilege of selling wine to be used for marketing development in developing programs for growing, selling, and marketing of grape products grown in Missouri.

**State Environmental Improvement Energy Resources Authority** - Accounts for moneys derived from the issuance of revenue bonds and notes to finance, acquire, construct and equip projects for the purpose of reducing, preventing or controlling pollution and to provide for the development of energy resources of the State of Missouri.

*The **Statistical Section** presentations include Financial Trends, Revenue Capacity, Debt Capacity, Demographic and Economic Information, and Operating Information trends. The statistical data presented is intended to provide report users with a broader understanding of the environment in which the State operates.*

STATE OF MISSOURI  
STATISTICAL SECTION  
June 30, 2023

---

**Index and Overview**

This part of the State's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the State's overall financial health.

**Financial Trends**

*These schedules contain trend information to help the reader understand how the State's financial performance and fiscal health have changed over time.*

Net Position by Component .....	223
Changes in Net Position .....	224
Fund Balances - Governmental Funds .....	226
Changes in Fund Balances - Governmental Funds .....	227

**Revenue Capacity**

*These schedules contain information to help the reader understand the State's capacity to raise revenues and the sources of those revenues.*

Revenue Base - Taxable Sales by Industry .....	229
Revenue Base - Personal Income by Industry .....	230
Personal Income Tax Revenue .....	231
Personal Income Tax Rates .....	232
Revenue Payers by Industry .....	233
Personal Income Tax Filers/Liability .....	234

**Debt Capacity**

*These schedules present information to help the reader understand and assess the State's levels of outstanding debt and the State's ability to issue additional debt in the future.*

Ratios of Outstanding Debt .....	235
Pledged Revenue Coverage .....	237

**Demographic and Economic Information**

*These schedules contain demographic and economic indicators to help the reader understand the environment within which the State's financial activities take place.*

Demographic Indicators .....	238
Economic Indicators .....	239
Principal Employers .....	240

**Operating Information**

*These schedules contain operating data to help the reader understand how the information in the State's financial report relates to the services it provides and the activities it performs.*

State Employees by Function .....	241
Operating Indicators by Function .....	242
Capital Asset Statistics by Function .....	244

**Sources:** *Unless otherwise noted, the information in these schedules is derived from the State of Missouri Annual Comprehensive Financial Report for the years shown.*

N/A = not available

<sup>1</sup> Revenues for Missouri Road Fund consist of a portion of the taxes and fees received by the State from the motor fuel tax, sales tax on motor vehicles, use tax on motor vehicles, revenue derived from motorists for their usage of the highways of the State, federal grants, and bond proceeds.

<sup>2</sup> Operating Expenses do not include depreciation/amortization.

<sup>3</sup> Coverage equals net available revenue divided by debt service.
